Message from the SHS Desk

Dr. Sanjeev K. Sharma

Pro-Vice Chancellor
Registrar & Dean, SHS
Sushant University

We welcome you to Sushant University where we emphasize on skill based training and an overall development of personality which goes a long way in shaping their careers. The need of the hour in these times is multitasking and our curriculum adapted from Ministry of Health and Family Welfare with clinical training aims to achieve the same.

We also have good collaboration with corporate hospitals, diagnostic centre and industry for excellence in training and placement. Our world class facilities including smart classes and well equipped labs are the USP of the School . The students passing out will have a well heeled personality with a mindset to be outstanding in their domains and be job ready.

Why Join Sushant University?

- Centrally located in the heart of Gurugram near metro station
- Industry oriented courses with the modern edge
- State of art laboratories, Computer labs, Central instrumentation facility
- Library with National / International books and journals & Digital library providing ebook access through DELNET, INFLIBNET etc
- Interdisciplinary and Transdisciplinary courses to provide industrial knowledge
- Latest teaching methodologies as smart classes, tutorials, case studies, audiovisuals
- Collaborations with TCS/LX platform
- Football ground, Tennis court and Basket Ball court for students to encourage spirit of sportsmanship
- Hostel facility for the outstation students
- Cafeteria providing healthy and hygienic food

Students Testimonials

Sushant University gave me this immense opportunity to develop my career in Optometry. The Optometry department and faculties here leaves no stone unturned to shape one's future which boosted my confidence and is paving way for a rewarding career. It develops our technical as well as practical knowledge towards and helps us grow in a competent professional.

Bhavya Marwaha
B.Optom (Batch 2020-24)

Anshika Sharma
B.Pharm(Batch 2019-23)

I am doing B.Pharmacy in Sushant University. The atmosphere at the campus is very friendly & welcoming for students. It regularly organizes workshops, seminars, industrial visits which really helps us to relate with the practical scenario in industry. The University has excellent infrastructure and provides quality education to students.

Being a student of sushant University is a matter of pride to me and I consider it as one of the best decisions I have taken towards my prosperous career. Hands on training and practical exposure along with fabulous faculty support has developed my keen interest for my subject - Psychology.

Rupal Pandey
B.Sc. Psychology, (Batch 2020-2023)

Lalit Yadav
B.Sc. CVT(Batch 2019-23)

Sushant University has been a truly invaluable learning experience. The extra support provided by the faculty & mentors in face-to-face as well as during the pandemic was overwhelming. Clinical trainings along with hands on experience provided by faculty and mentors makes Sushant a learning paradise for allied health science students.

It gives me great pleasure to say with pride that I am studying my under-graduate course B.Sc MRIT in the school of health sciences at Sushant University. This opportunity helped me to excel in my area of interest. The University is well equipped with facilities that brings about the best in students. The years spent here were splendid and has helped me to grow better professionally and personally.

Nishant
B.Sc. MRIT(2019-23)

Haziyl Rynjah
M.Optom (Batch 2022-24)

It's a pleasure to be a student and a part of Sushant University. The environment here is good for studies and the teachers are very helpful and friendly. "I choose Master of optometry to explore and learn more about the optometry field. To become a helpful optometrist in the society and in the medical field"
