**SCHOOL OF LAW**

## Message from the Dean's Desk

Students choose a specific law school for many reasons. One of the important reasons which requires your serious consideration is as to what kind of person you will be as a result of your legal education. School of Law (SOL), provides you with an unusual opportunity. First, we are an outstanding law school having won several awards of excellence in the recent past. Our curriculum is designed to ensure that you will have the substantive knowledge, skills and values essential to practice law in the twenty-first century. We are extremely proud that we train lawyers who practice in all areas of the profession in private firms and public agencies. We teach our students through moot court, seminars, workshops, and court visits to have the skills to succeed in whatever branch of their profession they select.

The first prerequisite for a School to develop is outstanding teaching which is of primary concern at SOL. We provide a mix of gifted full-time faculty and outstanding adjunct faculty from among the best judges, senior police officers, lawyers, etc. Our law faculty is accessible to students to discuss course material, legal issues, career goals or personal matters. Our goal is to prepare you to overcome the challenges that you will face-- To improve the lives of the clients you represent.----To make our school stronger.---To help our society find solutions that are effective and fair,--smart and compassionate--principled yet practical.--To excel. We are in the corporate hub and the heart of Gurugram. We are eager to greet you and show you what kind of impact you can make with our School of Law degree.

## Focus on holistic development of students

School of Law considers curricular, co-curricular and extra-curricular activities to be essential in all round development of the law students. Each of these Committees function under the leadership and supervision of a Faculty Convener. SOL keeps camaraderie and bonhomie alive by hosting events like Annual Sports Meet and celebration of various cultures across India. Every year wide spectrum of sports ranging from Football, Volleyball, Cricket, Athletics, Kho-Kho, Basketball and some fun games witness participation from students across all the batches and schools.
