Bachelor of Law LLB(H) – 3-year program

LLB(H) Program (3 Year) will enable student to learn & develop specific skillsets pertaining to the field of law optimizing their ability to do various different jobs.

The **1st year** will acclimatize the students to the field of law and impart **knowledge skillset** to students pertaining to the field of law. The **2nd year** develops in the students the **analytical and critical skills**. The **3rd year** finally prepares the students with **leadership and professional enhancement**.

School of Law has imbibed a unique curriculum mapped with the National Education Policy 2020, UGC's Choice Based Credit System (CBCS) and NAAC's recommendations.

The foundation of this undergraduate curriculum has a major concentration (**60 - 70%**) towards the realization of the core subject's learning in the form of **Core Courses (CC)**, the very purpose for which the student seeks admission in the field of Law.

This aspect once having been firmly secured, the prominence of learning and understanding of the allied disciplines would not only directly or indirectly complement the student's knowledge and understanding on the core law courses but would also widen his/her horizons towards their application in a broader context. For this purpose, the curriculum has **Discipline Specific Elective (DSE)** Courses, which are envisaged to be school-specific courses and contributes **13.1%** of the total percentage of courses in the program includes courses like Cyber law, Intellectual property Rights, Competition law, Interpretation of Statutes, Corporate Governance and CSR, International Trade Law, etc. which will acculturate in-depth knowledge of different areas of law.

In order to re-enforce the element of trans-disciplinarily (the USP of Sushant University), the **Generic Elective-I (GE I)** courses related to social sciences, liberal arts and humanities are proposed to be instilled. In the program curriculum it is referred to as **Trans Disciplinary Certification Courses (TDCC)** which are open to students of other schools of the university. 4 such courses form a part of the program structure of 3 Years of LLB(H) Program.

To give value addition in the program, the program structure will feature 2 courses namely offered by Harvard Business School/Edx in the form of **Generic Electives II (GE II)**.

Dissertation/ projects/ Internships also form an integral part of the program structure and comprise of 30% weightage of the total Program which is in line with the latest guidelines issued by UGC.

Skill Enhancement Courses (SEC) which though may not be integral part of the core discipline, but is instrumental in adding immense value and will help in further broadening the outlook and viewpoint of students. Subjects like Arbitration, Mediation and Conciliation, Professional Ethics and Accounting Systems, Drafting, Pleading and Conveyancing form part of the skill enhancement courses. These courses are instrumental in imparting the required skills to a budding lawyer.

The scope of **Ability Enhancement Compulsory Course (ABCC)** are oriented towards the final placements of students, as has been ordained, though were already in practice at the Sushant University in the form of **Soft Skills** (taught as a credit subject across all the schools of the University) has been further broadened in the form of the addition of Environmental Science. Course on English communication forms an integral part of the law program curriculum.

Sushant University, in its profound belief of ‘giving back to the society’ have courses based on **Service learning and Community service**. These are envisaged to be a part of learning across all schools of the Sushant university. The same is a part of the Law Program structure in the form of a course on **“General Proficiency”**. This course is going to encourage the students to contribute to the community in some form, be a part of such seminars/webinars/workshops which aim to bring a change in the society.

NOTE: THE LAST/5TH MODULE OF EACH COURSE OF ALL PROGRAMMES NEEDS TO HAVE A SEGMENT/SECTION RELATED TO ETHICAL ASPECT/ PRACTICE SPECIFIC TO THAT COURSE AND REFLECT IN THE COURSE SYLLABUS.
