# Sushant University

Sushant University seeks to transform higher education in India creating a world class and innovative teaching, learning and research environment. Sushant University established under the Haryana State Private Universities Act 2006. Located in the heart of Gurugram, India's largest hub of National and International Fortune 500 Companies. We have seven Schools offering programme in Architecture, Design, Law, Management, Hospitality, Health Sciences and Engineering.

Sushant University is known for its academic superiority, ethical governance and intellectual knowledge. Its fine blend of cutting-edge curriculum, skill-building pedagogy and uncompromising learner-centricity make it a highly sought after university. A state of art infrastructure provides the environment for nurturing talent and for empowering the students with knowledge building in class and over all development via extracurricular activities on campus. A symbiotic relationship is encouraged between the industry and the university through a mutual exchange of practical and theoretical aspects of running businesses and to give students an industry edge.

## Chancellor Message

**J.S. Mishra IAS (R)**  
Chancellor, Sushant University

Sushant University provides ample opportunities to students to participate in activities and programs that allows them to pursue their interests while enhancing their decision-making capability and leadership potential. To realize the goals of Sushant University, we are making all efforts to attract the best available leadership, strong in-house faculty, outstanding infrastructure and have forged global alliances with leading schools in the world to give students a global edge. As you will soon discover, a university is much more than just a place to acquire knowledge. At Sushant University, we take pride in being an institution that is open to new ideas and innovative thinking.

## Vice Chancellor Message

**Prof. Rakesh Ranjan**  
Vice Chancellor

The teaching & research undertaken by faculty at Sushant University not only contributes to the creation of new knowledge & the understanding of technology to face future challenges in the world. As a reputed company in the world of Business, I am sure you look for students who have the talent and capabilities to add value to your organization. I assure you that our students have gone through rigorous training in acquiring management and technical skills which will be of great relevance to your organization. The students that you will be considering for possible job opportunities in your company are grounded in reality, they have a dream for themselves, and above all they are hardworking. I would like to invite you to come and experience how Sushant University trains its students for the corporate world by giving them an opportunity to be considered for jobs in your company.

## Pro VC & Registrar Message

**Dr. Sanjeev Sharma**  
Pro VC & Registrar

Sushant University has always been a proponent of holistic development of its students and that is why we ensure that our students are well groomed in arenas other than academia, this includes skills like soft skills, behavioural skills and attitude. SU Alumni is proof that the strong foundation laid by the University has helped them prove their mettle and reach positions of excellence in their careers. We are extremely proud to present our group of talented, vibrant and zealous students raring to become successful managers. We assure you that our students are well equipped with professional as well as personal skills to excel in whichever sector they may choose to go forth in and we strongly believe that they will effectively play an important role in the organization that recruits them.

# Corporate Resource Center (CRC)

Sushant University, Corporate Resource Center (CRC) is dedicated to collaborating with the corporate, various industrial associations, with an objective to help the students understand the organizations and their requirements as well as prepare the students not only for their first job but also for a lifetime. Reputed Corporate are approaching Sushant University to recruit students. Our students are highly valued and appreciated by India's best corporate.

## Objective

Corporate Resource Center is an integral part of the University. It follows a Student Centric Approach to meet the expectations of the corporate world. The CRC functions throughout the year towards expanding the institutes corporate reach and increase placement opportunities for the students.

## Vision

- Equipping the students with relevant and conceptualized professional skill sets, mind-set.
- Guide students to choose right career.
- To meet expectations of the corporate world.
- To assist the corporates in recruiting the most suitable students, and in an effort to develop a successful recruiting relationship.
- CRC endeavours to substantiate the career dreams of students by equating them to industrial parameters and in the process to provide holistic individuals to the corporate sector and the society.

## Mission

Being an internationally acclaimed University, Sushant University is recognized for excellence in teaching, research and outreach; provide the highest quality education to students, nurture their talent, promote intellectual growth and shape their personal development; remain dedicated and steadfast in the pursuit of truth aligned with the requirements of the corporate world.

To create a transformative educational experience for students focused on deep disciplinary knowledge; problem solving; leadership, communication and ethics.

## Scope of Work

CRC to be the industry academia interface of SU, Final Placement of the students (Domestic & International), Summer Internship of the Students, Arranging Live Projects, Arranging Industry Visits, Conducting Guest Lectures, Industry Collaborations & Counselling of the students.

## Placement Process

## Director CRC Message

**Mr. Rajesh Kumar**  
**Director & Head CRC**

Mr. Rajesh Kumar has over 25+years of experience in the training and placement field with prestigious institutions as well as private sector corporates. Sushant University aims to evolve as a synergy between industry expectations & the potential of students. Our thoughtfully designed course modules are focussed towards meeting industry requirements & the multi disciplinary approach ensures all round development of personality, personal skills to enhance the employability index of students. At Sushant University, Corporate Resource Centre (CRC) is dedicated to partnering with the corporate, various industrial associations, with an objective to help the students understand the organizations and their requirements as well as prepare the students not only for their First job but also for a lifetime. Reputed organizations are approaching Sushant to recruit students. Our students are highly valued and appreciated by India's best corporate. Due to the highly specialized industry integrated curriculum, our students are well equipped to face the competitive environment. Hence more and more companies are showing faith in our students. We believe in preparing our students for a wide spectrum of opportunities through innovative pedagogy & adept learning methodologies & aim to give our students a distinctive edge by helping them realize their potential & transforming young budding managers into complete professionals. Business leaders with vision, entrepreneurial skills & an inspiration to lead are the traits that the corporate sector looks for in the manager of tomorrow.

## Industry Partners

# Industrial Visits

Industrial visit has its own importance in a career of a student who is pursuing a professional degree. Objective of industrial visit is to provide students an insight regarding internal working of companies. The theoretical knowledge is not enough for making a good professional career. With an aim to go beyond academics, industrial visit provides student a practical perspective on the world of work. It provides students with an opportunity to learn practically through interaction, working methods and employment practices. Industrial visits are arranged for the students with an objective of providing students functional opportunity in different sectors like IT, manufacturing and services, finance and marketing.

## Distinguished Speakers

**Mr. Akhilesh Mishra**  
**Ambassador of India to Maldives**

H.E. Mr. Akhilesh Mishra, Ambassador of India to Maldives visited Sushant University Gurugram, Haryana delivered a lecture on "India Maldives relations in view of changing Geo-politics of Asia" as part of the Platform Lecture Series. He explained the socioeconomic and political ramifications of India Maldives relations. He indicated that India and Maldives have a history of having very strong ties and that further strengthening the relationship with Maldives was of great strategic importance for India.

**Hon'ble Justice Mohan Peiris**  
**Former Chief Justice of Sri Lanka**

Hon'ble Justice Mohan Peiris, was appointed as the 44th Chief Justice of Sri Lanka. His Lordship was the Attorney General of Sri Lanka from 2008 to 2011 and became the Senior Legal Advisor to the Cabinet of Ministers in 2011. With great amount of knowledge and experience behind him, hon'ble justice Mohan Peiris shared his thoughts about the Rule of Law in a democracy.

**Mr. Pavan Choudary**  
**Author & MD, Vygon India**

Mr. Pavan Choudary, renowned author and Managing Director of Vygon India shared his pearls of wisdom on the topic "Wisdom: Source of Wealth and Power". From his rich repository of knowledge, he delineated the philosophies of Confucius, Buddha and shared some of his own experiences and stories, which made the session highly interactive and interesting.

**Dr. Gerhard Van Rensburg**  
**Leadership Coach**

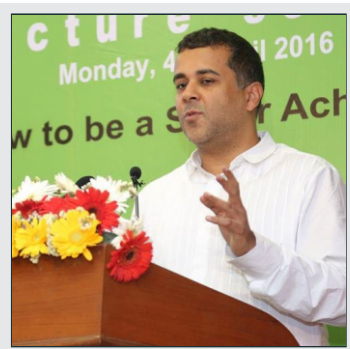

Under the aegis of Platform Lecture Series, Dr. Gerhard Van Rensburg, renowned Thought Leader and Leadership Coach, enlightened the audience with his scholarly insights on the leadership theories and practices. He delivered his power packed discourse with an emphasis on holistic leadership, highlighted the need to amalgamate eastern and western leadership theories. He delineated his famous 32 leadership principles, leading from self and leading others.

**Ms. Ritu Beri**  
**Indian Fashion Designer**

Sushant University had the pleasure of hosting India's first lady of fashion, Ms. Ritu Beri under the aegis of Platform Lecture Series of the Institution. She spoke on her passion for fashion and had a very interactive session with the students and faculty members. She advised the young students to be open to life and be passionate about whatever they do.

**Mr. Chetan Bhagat**  
**Indian Author**

Under the aegis of Platform Lecture Series, the very popular author, Mr. Chetan Bhagat visited Sushant University Gurgaon and interacted with students. He spoke on "How to be a Super Achiever" His session was not only inspiring but he also kept the audience in good spirits. He spoke of the importance of having long-effort goals and the need to under promise but over-deliver. He advised the young students to have patience to achieve their passion.

# Corporate Testimonials

## Corporate Testimonial

"We would like to thank you for all of your help for man-power sourcing. You are extremely helpful and made our experience at Sushant University an enjoyable one. We were thoroughly impressed with Sushant University's students & the skills, abilities, and knowledge they possess. We look forward to continuing our recruitment efforts with the Sushant University."

**Mr. Vipin Sharma**  
Deputy General Manager- HR  
Panacea Biotec Ltd

## Corporate Testimonial

"As a Corporate Employer who visits institutions and universities across the nation, I find Sushant University Corporate Resource Centre responsive towards fulfilling the employer's needs by creatively orienting and preparing students for both internship and full time job opportunities"

**Mr. Sumit Bhasin**  
Vice President-HR  
EYE Q Super Speciality EYE Hospitals

## Corporate Testimonial

I have met students of Sushant University during their internships, projects and networking events. They are well versed in communication skills, have practical exposure and are team players. It is obvious that students are given direction and good life and work skills and ethics along with academic competence. Congrats to you and CRC Team!

**Dr. Jogendra Singh**  
President-Finance  
Hero Enterprise

## Corporate Testimonial

"I wanted to compliment you on the quality of your students that I have the pleasure of meeting at Sushant University during my various interactions and networking events. They are dressed professionally, speak well, ask good questions, and have done their research well. Looking at the knowledge, involvement and energy level they possess it is obvious that they are given great mentorship and direction and equally you focus to hand hold and educate them well both about life skills as well as academia. Kudos to you and your Training & Placement Team!"

**Mr. Ashutosh Sinha**  
Head-HR  
Tuyasmart India

## Corporate Testimonial

"When entering the workforce, I feel that Sushant University students are excelling in communication skills. I think they have very strong teamwork skills. Being in the engineering & technological field, I think they've had some amazing internships that are beneficial in our company."

**Mr. Bikram K Nayak**  
Head - Human Resource  
Larsen and Toubro

## Corporate Testimonial

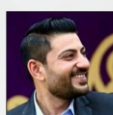

"The area that Sushant University students are most prepared for when entering the workforce is being real-world ready. They're able to adapt to a work environment, or not really being on a University campus anymore, and they have a realistic expectation of how to behave and how to conduct themselves."

**Mr. Deepak Jain**  
Assistant General Manager - HRD  
Hero Group

## Corporate Testimonial

"Students of Sushant University are well groomed and ready to take the real life challenges of corporate world. They're able to adapt to a work environment, technologies and a corporate culture where they can flourish their expectations."

**Mr. Ketan Arora**  
HR Lead - Talent Acquisition  
HCL Technologies

## Corporate Testimonial

"I think what sets Sushant University students apart from their peers is the experiences that they've had. A lot of times they've had great internships, and we also look for the leadership that they bring and the club involvement."

**Ms. Ekta Singh**  
Chief Human Resource Officer (CHRO)  
AGS Health

## Corporate Testimonial

"We have been recruiting from Sushant University, Gurugram about three years now. I have no hesitation in saying that the students of this institute match with the very best in India. This is clearly seen in the numbers we interview and those who are finally selected. Their caliber is also amply demonstrated by the high quality of delivery by those who have been with us for some time now. My compliments to the CRCteam running the University and the best wishes for its continued success".

**Mr. Anadi N. Sinha**  
President - HRM & Corporate Affairs  
UNO Minda Group

## Corporate Testimonial

"Sushant University is a modern new-age university that meets all the needs of modern business education. The quality of the students it attracts is superb. The management team at the university is passionate and has a great vision. I wish Sushant University all success and hope it will continue to contribute strongly to our nation's progress and ignite the youth for New India."

**Mr. Pankaj Dubey**  
Co-Founder, MD & CEO  
Power Global & DSPIN Consulting

## Corporate Testimonial

"Benefits greatly by recruiting Sushant University's students into a variety of career opportunities within our private brands. In fact, Sushant University is one of four top recruiting university in NCR region. Sushant University students are well prepared for the transition from college to career and adapt quickly to the collaborative business culture of top corporate houses. Dr. Ankita will sure Sushant University, will meet with every success in its praiseworthy endeavors"

**Dr. Ankita Singh**  
Senior Vice President & Global Head  
- HR, IT, Travel & Admin  
CignexDatamatics

## Corporate Testimonial

"It gives me great pleasure to say with pride to be the part of Sushant University under Corporate Connect Program which was launched by University to enhance skill of students. The entire faculty and department leaves no stone unturned to shape student's future. I personally feel during student connect session that the relationship between faculties and students is very cordial. I found Sushant University is helping students grow better professionally & personally. I would like to thank entire Sushant family for doing a great job in cultivating student's future."

**Mr. Ashok Kumar Sangwan**  
National Head - Cost of Delivery  
Wipro Ltd

## Corporate Testimonial

"We take extreme pleasure in getting associated with the Sushant University for recruiting and engaging with your students especially in the graduate cadre. So far, the experience has been very heartening with the quality of the education, knowledge transfers and incubating the industrial experience to your students. We feel this will help them to get a real reflection of how real problems are solved through academic intelligence. We look forward for the engagement, specially involving your students in Live projects, making them understand the concept of sales and branding when it comes to the real VUCA world. The current pandemic has taught us a lot, on how to handle real life and unexpected situation in Business and I believe and would like to continue believing that Sushant University will encapsulate this global learning and problem solving capability". Wish you all the best !!!

**Mr. Siddharth Das**  
President & Co-Founder  
Stratemis HR Technologies (Quattro HR Services)

## Corporate Testimonial

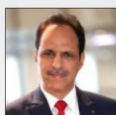

"Sushant University Gurugram prepares its students for the corporate culture and instills in them the highest degree professionalism. We have found that Sushant University students view important many of the same values we do, in particular, commitment to complying with ethical standards, community service, and service excellence. We are a proud employer of the intellectual and diverse population of Sushant University students".

**Mr. Naresh Aggarwal**  
Vice President - Projects  
Signature Sattva Group

## Corporate Testimonial

"The thing that sets Sushant University students apart from their peers is that they are a very polished group of students as they enter into the career fairs. They present themselves very well and they are able to utilize their professional experience to cater themselves to what employers are looking for."

**Mr. Anil Bhasin**  
Ex. President  
Havells India

## Corporate Testimonial

The students of Sushant university possess right blend of academic and social knowledge. They are curious, well groomed and enthusiastic that is needed in fresh talent by corporates. During my interactions, I found them to be open-minded and inquisitive. The courses are well structured with focus on new and evolving areas enabling them to be industry ready. I wish the students good luck.

**Mr. Deepal Jain**  
Principal Consultant  
Ericsson Global

# Alumni Speaks

## What are the 5 qualities an employer needs?

The top skills required by an employer are Oral and written communications skills and it's very important how you communicate with others. The Teamwork and collaboration, Critical thinking and problem solving, Professionalism and strong work ethic, Leadership. These all skills are very important skills on which each and every person should work on for the better job opportunities. Keep learning and prepare along the lines and you are sure to come out with flying colors.

**GAURAV WADHWA**  
BBA (2009-12)

As a Senior Analyst

## What are the strong and weak points candidates should work on to achieve their goals?

The strong points to achieve goals you should be motivated towards your goals. Make short-term goals which are realistic and achievable in nature. Work hard and learn new Technical/Job specific skills. There are some weak points as well on which candidate should work on the way you have business communication skills, Inability to delegate, Taking feedback/criticism constructively.

**JAYANTIKA SARWAL**  
B. Tech CSE (2010-14)

As a Product Manager 2

## What traits/skills/qualities does the organization seek in interns and full-time hires?

It depends if they are hiring freshers or experienced professionals. For fresher's/interns, they focus more on Aptitude, Problem solving, Verbal ability and Computer fundamentals like Data Structures, Algorithms. For experienced candidates, the focus is more on the technology they are applying for and on agile methodologies as IT industry is mostly focused on Agile.

**LAKSHYA KAPOOR**  
B. Tech IT (2008-12)

As a Lead Business Analyst

## What do employers look for in new graduates from the colleges?

Companies look for candidates who have qualities like ability to work in teams, problem solving skills, analytical mindset, good communication skills and a learning attitude apart from the technical skill set needed for the job. Having learner's attitude is the key.

**NEERAV JAIN**  
B. Tech ECE (2010-14)

As a Lead Data Analyst

## What do you think are the three essential skills for a career in marketing?

Communication is the one of the important skill the way you express and convey your product details to client in a clear and engaging manner will add an edge to your marketing skills. Need to be aware of new trends in the market so that you can offer all the available options for the customer engagement. Analysis helps the marketers to see pre and post result, current trend going on, what went wrong and how it can be improved, helps in giving a clear visualization of the product.

**ANUCHAN MISHRA**  
BBA (2012-15)

As an Assistant Manager - MH Lead

## What exposure Undergrad must have to be ready for Industries (institution vs students) ?

Apart from syllabus, undergrad programs must include sessions on developing Logical/reasoning capabilities and good communication skills. 50% of the candidates lacking in expressing themselves which eventually make their way to success narrower. Practice regular on-line/offline drives carrying Logical/Aptitude tests & Group Discussions will help you in improving your skills.

**ANKUR AGRAWAL**  
B. Tech ECE (2010-14)

As a Solutions Architect

## Why is a Computer Science Engineer important for the industry?

As now-a-days, everything is being computerized. From online food ordering to online banking, we are surrounded with software's. Here comes the role of computer science engineers. Computer science engineers are very smart enough to work with apps, websites and software. Computer science engineers are highly paid engineers in industry, and they also know how to create innovative solutions to fix both hardware and software issues.

**ANKITA PANDEY**  
B. Tech CSE (2010-14)

As a Technology Education Analyst

## What would you consider to be your greatest success in using your skills to solve any problem in life?

Think Big Think Positive. Having a positive mindset will lead you with so many good paths in life, believe in yourself and let life take decisions where you don't feel in control. Don't overburden yourself with the facts of what's going to happen. Life is beautiful with lots of ups and downs. I always believe in the theory of positive mindset, when you see things with a different perspective than others, you're already on the path of success.

**AKSHITA BHARDWAJ**  
B. Tech CSE (2016-20)

As a Business Analyst

### How would you advice other students to plan their future?

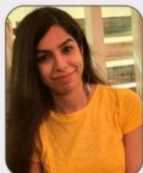

Think about a goal for yourself, your dreams, your passion. While you plan for it, be realistic! Start exploring yourself and be proud of what you are good at. Trust your instincts and work hard on it. Be self-motivated and continue to track your progress each day! 'Nobody else can discover you until you do'. So recognize your skills, make them your strengths and make the world sit up and take notice.

**POOJA DUDEJA**

BCA (2012-15)

As a Senior Financial Planning Analyst

### What is the biggest challenge you have faced in this position?

To be determined to perform duty honestly till the time job is not done and that time could go upto 5 am of the next day. Our job is not like any other 9-5 misconception of government jobs. We do cater people of this country and we make sure they get to eat. We do our job to provide farmers remunerative prices, to make food grains available at reasonable prices, particularly to vulnerable section of the society, to maintain buffer stocks as measure of Food Security.

**PRASHANT KUMAR**

B. Tech ECE (2010-14)

Food Corporation of India  
As a Assistant Grade III (Depot)

### What Do Students Need to Self-Learn to be Competitive?

The key to self-learning lies in the elementary practice of believing in yourself and pursuing they are passionate about. A successful self-learner should be able to integrate knowledge from different sources and self-educate throughout life in order to be competitive in an increasingly globalized world.

**ROHAN MAMTANI**

B. Tech ECE (2009-13)

As a Senior Associate

### Do you value creativity or efficiency more and why?

Although both creativity and efficiency are very important, I believe that being creative and focusing on our capabilities and developing new ideas is more crucial to achieving maximum output. Doing so will allow us to maximize our capabilities and develop new ways of working which will eventually improve our efficacy.

**SUMAN SOURABH**

B.Tech - EEE (2010-14)

As a Executive Officer

### What is the importance of summer internship in MBA?

Summer internships are a crucial part of every MBA programme. The 6 weeks of internship are gives an insight to the managerial roles and helps set expectations in future. Candidates gain a much-needed exposure to the industrial and corporate world. Gaining Real-Life Experience & Engage with Professionals.

**Arpit Aggarwal**

BBA Finance (2017-20)

As a Jr. Executive (Cash Application)

### Give your views on Cyber Security as a Career?

There is a high demand for cyber security professionals in the market globally. Having a college degree is the right way of starting a career in cybersecurity, but it is not the only way. You should learn new more skills and certification courses as possible for budding career in cyber security like Risk assessment and management, Cryptography, Data protection and privacy, Security operations center, Penetration testing, Network security, Identity and access management, Cloud security, Internet of Things (IoT), etc

**RITIKA SHARMA**

B. Tech CSE (2008-12)

**Deloitte.**

As a Lead Solution Advisor-  
Cyber Strategy, Defense and Response

### Why internship is important for Engineering students?

A good internship can be the differentiating factor for an accelerated career growth due to getting the exposure & experience in building real-world applications while there's still time to explore deeper into every nook and polish your skill set

**NITISH GOEL**

B. Tech CSE (2012-16)

As a Software Developer

### Why a Marketing Degree is a Smart Degree?

Marketing is a highly competitive and rewarding field. Businesses across every industry rely on marketing professionals to generate awareness of their brand and increase sales of their products and services. If you're a strategic and creative problem-solver, then a career in marketing could be right for you. Here are three reasons why you should consider pursuing a degree in marketing: Marketing is a diverse career choice, Your skills are always in demand & The future of marketing is digital.

# Entrepreneurship Cell (E-Cell)

The Entrepreneurship Cell (E-Cell), SU endeavors to inculcate entrepreneurial spirit in the young minds, and aims at providing a platform where potential is tapped and opportunities are grabbed to assist, nourish and develop an aspiring idea into a business talent. The top priority of the Cell is to get these minds “thinking”.

The E-Cell at SU has been constantly providing a helping hand in encouraging and motivating all the budding entrepreneurs out there as Startups have been the hyped up success story of the past decade. It is an established platform which strives to mould many vibrant and enthusiastic students into successful entrepreneurs. Its success lies in the identification of ideas and implementing them.

E-Cell at SU aims at unearthing potential entrepreneurs who would love to create an impact to the society by instigating a change. Besides kindling the latent entrepreneurship skills in young minds, we also provide them with ample opportunities to fine tune themselves, so that they could make a change for the betterment of our society. We aim at inspiring minds to come up with innovative ideas to solve the existing problems in our society.

# HR Conclave & Networking

Making a transition from campus to corporate life proves to be a major stumbling block for many new hires. There are unspoken nuances and social norms that many graduates are completely unaware of and adjusting to a professional environment can be extremely challenging as also traumatic to a few. It has been observed that people who are equipped with the basic knowledge of the survival skills needed in a working setup tend to do much better. Employability requires three key ingredients of competency - knowledge, skills and attitude. HR Conclave - Campus to corporate events has been created with an objective of empowering students of colleges with tools for improving their personal and professional excellence, leading to improved employability and professional effectiveness.

It sets them up for success. An effective HR Conclave - Campus to Corporate program, will boost the fresher's contribution and performance in the organization and will facilitate career growth and professional success. Participants learn to apply key management skills including communication, on-the-job training, recognition and feedback. Applying these key skills will allow an enterprise to rely upon a competent work unit that possesses strong management skills. Participants also learn tips to become more efficient through time management, setting priorities and communication methods to enhance overall productivity.

**Corporate Resource Center**  
invite you to a Virtual

# Our Recruiters

# Students Testimonials

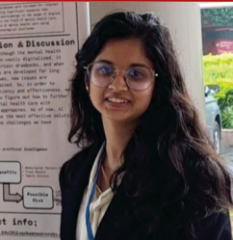

Bhavya Marwaha  
B.Optom

Sushant University gave me this immense opportunity to develop my career in Optometry. The Optometry department and faculties here leaves no stone unturned to shape one's future which boosted my confidence and is paving way for a rewarding career. It develops our technical as well as practical knowledge towards and helps us grow in a competent professional.

Anshika Sharma  
B.Pharm

I am doing B.Pharmacy in Sushant University. The atmosphere at the campus is very friendly & welcoming for students. It regularly organizes workshops, seminars, industrial visits which really helps us to relate with the practical scenario in industry. The University has excellent infrastructure and provides quality education to students.

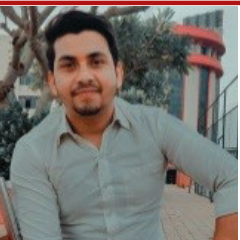

Rupal Pandey  
B.Sc. Psychology

Being a student of sushant University is a matter of pride to me and I consider it as one of the best decisions I have taken towards my prosperous career. Hands on training and practical exposure along with fabulous faculty support has developed my keen interest for my subject - Psychology.

Lalit Yadav  
B.Sc. CVT

Sushant University has been a truly invaluable learning experience. The extra support provided by the faculty & mentors in face-to-face as well as during the pandemic was overwhelming. Clinical trainings along with hands on experience provided by faculty and mentors makes Sushant a learning paradise for allied health science students.

Nishant  
B.Sc. MRIT

It gives me great pleasure to say with pride that I am studying my under-graduate course B.Sc MRIT in the school of health sciences at Sushant University. This opportunity helped me to excel in my area of interest. The University is well equipped with facilities that brings about the best in students. The years spent here were splendid and has helped me to grow better professionally and personally.

Haziyl Rynjah  
M.Optom

It's a pleasure to be a student and a part of Sushant University .The environment here is good for studies and the teachers are very helpful and friendly. "I choose Master of optometry to explore and learn more about the optometry field .To become a helpful optometrist in the society and in the medical field"

# Campus to Corporate - PDP Session

**Event Type:** Placement preparation, Group Discussion & Mock sessions were conducted by CRC + CSS on regular basis. Below, are some benefits of pre-placement training sessions during the recruitment season.

1. Personality Development
2. Soft skills and Aptitude Training
3. Group Discussions
4. Resume and Cover Letter Writing
5. Personal Interview

**Outcome:** GD & PI Mock Sessions - These sessions have given students a pathway to prepare themselves with confidence and zeal for the upcoming campus placement seasons and crack the campus placements in quick time with full confidence and prepared them to face the competition in coming days. During the year 2024 such session has been conducted with majority of schools participating in the placement season.

# International Exposures & Collaborations

The collaboration with Domus Academy, Milano involves student exchange for one semester, summer workshops and Design Trips, where students from both the institutes participate and also get an opportunity for internships. It also facilitates fast track admission to the Masters level programme at Domus Academy with scholarships.

The Design School at Arizona State University: Our prestigious collaboration with the Arizona State University gives students the global exposure to Design Education. They get opportunity in attending various guest lectures, expert talks, building a nurturing environment with worldwide engagement. It also opens opportunities for student exchange programs, collaborative research and higher studies.

King Mongkut's of Technology Thonburi: The collaboration with KMUTT Thailand involves student exchange for one semester or one year, where students from both the institutes participate and also get an opportunity for internships.

Arts University Bournemouth, UK: With this unique, ground-breaking association between the two institutions, all students enrolling onto the B. Des courses at School of Design have the opportunity to attend the programme as a part of their coursework.

ImaginXP: An ed-tech company that was founded in 2013 with the aim of enabling future skills in the User Experience ecosystem in India, ImaginXP has been at the forefront of UX training and education. The collaboration between School of Design SU and ImaginXP will provide students with an industry-driven curriculum, international affiliations, industry internships as well as employment pipeline in the UX industry.
