On March 25th March, 2023, Sambandh Health Foundation hosted a community mental health symposium in Gurgaon. The symposium aimed to raise awareness about mental health issues and provide information about available resources for those in need. The Event was held at local community centre and was attended by over 100 people. The audience consisted of mental health professionals, community members, and individual with lived experiences of mental health challenges.

The symposium began with an opening address from the founder of Sambandh Health Foundation, who highlighted the importance of addressing mental health in community. The keynote speaker was a renowned psychiatrist who spoke about the prevalence of mental health issues and the need for better access to mental health services.

After the keynote address, there were several panel discussions featuring mental health professionals from various fields, including psychologist, social workers, and counselors. The panelists discussed a range of topics, including the stigma surrounding mental health, and the need for culturally sensitive mental health services. In addition to panel discussions, there were also interactive workshops and activities for attendees.

The symposium concluded with a closing address from the founder of Sambandh Health Foundation, who emphasized the importance of continued advocacy for mental health awareness and increased access to services.

Overall, the community mental health symposium organized by Sambandh Health foundation was a successful event that provided valuable information and resources to attendees.
