REPORT:

Thanksgiving Thursday

Department of Cardiovascular technology from School of Health Sciences of Sushant University successfully organised an event as a part of Cardiovascular Disease Awareness Week. Shedding light on cardiovascular diseases is essential in today's generation of heart diseases being one of the global causes of death and awareness is the way forward to change. On the auspicious Day , 15th February 2024 We conducted a guest lecture on the topic 'MISSION SAVE HEART'. Dr.Ravi Kasliwal, Chairman-Division of clinical and preventive cardiology of Medanta heart institute, delivered a comprehensive presentation that shed light on the mission's objectives and strategies for promoting heart health. His extensive knowledge and experience in the field captivated the audience, providing valuable insights into preventive measures and advancements in cardiovascular care. Dr. Kasliwal emphasized

the significance of adopting preventive strategies to reduce the risk of cardiovascular diseases. It was also attended by Vice chancellor Dr. Rakesh Ranjan, Pro Vice chancellor and Dean Dr. Sanjeev Kumar Sharma, an Associate Dean Dr. Jyoti Sinha and Head of department Dr. Elina Dewanji Sen. It was conducted from 2:00 to 4:00 pm at Auditorium D-421.

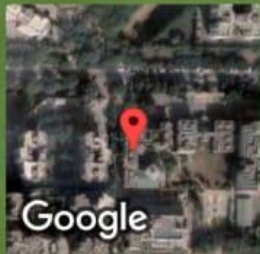

The interactive session allowed attendees to engage with Dr. Kasliwal, asking questions and seeking clarification on various aspects of cardiovascular health and prize for winners of working model competition was given by Dr. Ravi Kasliwal. The event was successfully conducted and all students learnt a lot from the insightful guest lecture.

Such interactive lecture not only enhance academic learning but also inspire students to aspire for excellence in their respective fields.
