EVENT REPORT:

In the pursuit of gaining deeper insights into the Medical Laboratory Technology and the remarkable strides made in healthcare, a group of aspiring healthcare professionals embarked on a Lab visit to “The Microbe”. The purpose of this visit was to gain insight into the functioning of the department, observe the various laboratory techniques and equipment, and understand the role of Medical Laboratory Technologists (MLTs) in healthcare.

The Medical Laboratory Technology Department is an integral part of the healthcare system, responsible for conducting a wide range of diagnostic tests that aid in the diagnosis, treatment, and monitoring of various medical conditions. The department is equipped with state-of-the-art facilities and houses a team of highly skilled and knowledgeable MLTs.

The session was highly interactive, allowing students to pose questions and seek clarifications on various aspects. The Students were very happy on such an enlightening experience.
