

Students Testimonials

Sushant University gave me this immense opportunity to develop my career in Optometry. The Optometry department and faculties here leaves no stone unturned to shape one's future which boosted my confidence and is paving way for a rewarding career. It develops our technical as well as practical knowledge towards and helps us grow in a competent professional.

I am doing B.Pharmacy in Sushant University. The atmosphere at the campus is very friendly & welcoming for students. It regularly organizes workshops, seminars, industrial visits which really helps us to relate with the practical scenario in industry. The University has excellent infrastructure and provides quality education to students.

Being a student of sushant University is a matter of pride to me and I consider it as one of the best decisions I have taken towards my prosperous career. Hands on training and practical exposure along with fabulous faculty support has developed my keen interest for my subject - Psychology.

B.Sc. CVT(Batch 2019-23)

Sushant University has been a truly invaluable learning experience. The extra support provided by the faculty & mentors in face-to-face as well as during the pandemic was overwhelming. Clinical trainings along with hands on experience provided by faculty and mentors makes Sushant a learning paradise for allied health science students.

It gives me great pleasure to say with pride that I am studying my under-graduate course B.Sc MRIT in the school of health sciences at Sushant University. This opportunity helped me to excel in my area of interest. The University is well equipped with facilities that brings about the best in students. The years spent here were splendid and has helped me to grow better professionally and personally.
