Dear Students,

As a compulsory part of the curriculum, all students are required to undergo a Summer Internship with an organization for a period of 8-10 weeks. Companies shortlist the students on the basis of information supplied by them in their CV's. Interview schedules are decided by CRC in consultation with the Company.

If a student does not appear for the interview he/she will be debarred from the Summer Internship. Only in very exceptional circumstances, with the permission of Prof. Latika/CRC, a student shall be permitted to withdraw from the selection procedure of attending the interview if shortlisted by the organization at any stage.

Those who are trying the internship on their own, have to submit your company details/offer letter latest by 12th April' 2019 EOD. Failing the same they will be debarred from the SIP.

Note:- Request all the faculty members please coordinate for the same.

TO WHOMSOEVER IT MAY CONCERN

This letter is to certify that Mr. Dhruv Sharma, has successfully completed his internship with Vetlands Nutrition, Bhopal, India, from June 05, 2021 to September 20, 2021.

It is my immense pleasure to support Mr. Sharma's candidature to your University for Master's program. Dhruv has been a wonderful resource to the organization and his passion for work is highly impeccable.

In his tenure of 4 months, he had produced extraordinary work in his team. He was brilliant in his technical and presentation skills. Dhruv's ability to analyse real-time data and suggesting strategic interventions was commendable and helped Vetlands Nutrition to reach the right audience.

He was always confident and keen to learn new things and was self-driven. He was very open to feedback and eager to improve himself by working well with other team members. He also actively participated in organizing fun activities and festive celebrations at office.

I would like to conclude by wishing Dhruv all the very best in his academic pursuits.

This is to certify that Ms. Oorja Ganga Singh has successfully completed 2 months of full-time Internship at our organization, IPV Advisors. Her internship tenure was from 11th July 2022 to 11th September 2022.

During her tenure, we found her hardworking and sincere. She has consistently displayed her abilities as a fast learner, who is able to execute her assignments with minimal guidance and very diligently worked on improving & building upon an investment forecasting model including coming with recommendations to build the solution robustly. She also worked on the due diligence analysis for a Legal-tech startup and emerged as a good team player. She very effectively delivered on projects that were assigned to her during the 2 months of the internship period.

We, at IPV, believe that Oorja will be an asset to any organization she joins. She can carry out tasks with a focused approach to goals and has consistently showcased a notable level of maturity.

We wish her all the best for the future.

Dear Yash,

Congratulations!

With reference to earlier discussion and subsequent interviews, we are pleased to offer you the **Internship in User Interface**.

1. Role

You would be required to perform duties as directed to you from time to time by the management. You will be responsible for providing logistical support to the delivery team. You may also be required to perform tasks, which are not directly associated with your job title. Further, your role and responsibilities may be reviewed by the company from time to time.

2. Date of Commencement:

Your effective date of joining is **16th August 2022, 10:00 am**.

3. Stipend:

This is a paid internship at a monthly stipend of INR 12,000/-. The internship is for a period of 3 months extendable to 6 months, post which, depending on the performance & vacancy, you may be offered a full-time position at Cog Culture. Interns not completing the requisite period will not be issued any certificate.

4. Place of Work and Training:

Your initial place of work will be **7th Floor, Awfis Ambience Mall, National Highway - 8, Gurugram, 122002**.

However, the Company has the right to transfer you from one location to another or from one function to another of the Company or to its affiliates / group companies. The decision of the Company in this regard will be final and binding. Furthermore, you may be required to work at the Client's site and/or attend any training directed by the Company at any location(s).

5. Hours of Work:

The Office functions six days a week from Monday to Friday, the timings being 10:00 am to 7:00 pm and first, third and fifth Saturdays from 10 am to 5 pm. However, 2nd & 4th Saturdays of the month are off days. You may be required to work any additional hours, as necessary for the effective performance of your role. If you are required to contribute to any works, inputs in addition to works assigned to you, you will not be paid extra for the same.

You shall need to **submit your acceptance mail by Sunday, 7th August 2022**.

You will be required to abide by all the rules and regulations of the Company from time to time. All rules and regulations are effective from the date of joining.

We welcome you to our young team and look forward to your contribution to the growth of your & the organization.

LETTER OF RECOMMENDATION

To Whom It May Concern,

I am writing this letter of recommendation for **Mr. Hardik Sharma**, who served as a Web Development Intern at TechEco Solutions Pvt. Ltd. for a duration of three months. During his tenure with our company, I had the privilege of working closely with him, and I am pleased to provide my wholehearted endorsement.

Hardik Sharma joined our team in June 2023 as part of our internship program. From the very beginning, it was evident that he possessed a strong foundation, as well as a keen enthusiasm for staying up-to-date with the latest industry trends and technologies. He brought fresh ideas, a thirst for knowledge, and a commendable work ethic to our development team.

One of Hardik Sharma's most notable qualities is his ability to quickly grasp new concepts and apply them effectively. He demonstrated this aptitude when tasked with creating our brand website, where he not only met but exceeded our expectations. Hardik Sharma showcased excellent problem-solving skills and attention to detail throughout this project, resulting in a seamless and innovative solution that garnered positive feedback from both our team and our clients.

He was not only technically proficient but also a valuable team player. Hardik Sharma was proactive in seeking feedback and collaborating with team members, contributing to a positive work environment. He consistently displayed a strong sense of responsibility and a commitment to meeting deadlines.

In addition to Hardik Sharma's technical prowess, he also exhibited exceptional communication skills. He was adept at explaining complex technical concepts to non-technical team members and clients, ensuring everyone was on the same page. Hardik Sharma's ability to communicate effectively and work cohesively with the team greatly benefited our projects and overall productivity.

Furthermore, Hardik Sharma exhibited a genuine passion for Web Development and a dedication to continuous learning. He took the initiative to attend and organize workshops, webinars, and conferences related to Web development, and he frequently shared valuable insights with the team.

In conclusion, I have no doubt that Hardik Sharma would be a valuable asset to any organization. He possesses the technical skills, dedication, and interpersonal abilities that make him an outstanding Web developer and a highly recommended candidate. I am confident that he will continue to excel in his future endeavors.

Please feel free to contact me at techiecos@gmail.com or +91 9971732962 if you require any further information or have additional questions about Hardik Sharma. I wholeheartedly endorse him for any Web development role and believe he has a bright future ahead.

Sincerely,

Aditya Singh Badhwar

has successfully completed the online, non-credit Specialization

Machine Learning

Congratulations on completing all three courses of the Machine Learning Specialization! You studied modern machine learning concepts, including supervised learning (linear regression, logistic regression, neural networks, decision trees), unsupervised learning (clustering, anomaly detection), recommender systems, and reinforcement learning. You learned some of the best practices for building machine learning models. You've also gained practical skills to apply machine learning techniques to challenging real-world problems. Now #BreakIntoAI and start building your career in machine learning!

has successfully completed the online, non-credit Professional Certificate

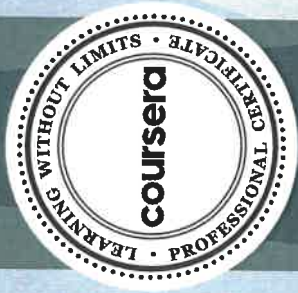

Google Cybersecurity

Those who earn the Google Cybersecurity Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for entry-level roles in cybersecurity. They are competent in beginner-level Python, Linux, SQL, Security Information and Event Management (SIEM) tools, and Intrusion Detection Systems (IDS). They know how to identify common cybersecurity risks, threats, and vulnerabilities, as well as the techniques to mitigate.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Hi Yash Yadav,

Welcome to Introduction to Web Development! This course will get you started with the basic knowledge and skills required to become a web developer. You will learn about the day-to-day responsibilities of web developers and get a general understanding of the core and underlying technologies that power the internet. You'll be introduced to core technologies like HTML and CSS, and get opportunities to practice using them with exercises and tailored labs.

You will also discover the unique world of front-end web development and build your very first web page using HTML and CSS. You'll discover the power and versatility of React, a JavaScript library developed by Meta engineers. By the end of this course you will be able to demonstrate your knowledge and skills in web development by editing a biographical page that you will create using the Bootstrap framework.

Dear Nishant Shama and Team,

I am delighted to extend my heartfelt appreciation to you and your team for the exceptional work done in developing our website. Your dedication, expertise, and commitment have truly exceeded our expectations.

This Certificate of Appreciation is awarded in recognition of your outstanding contribution to the successful creation and deployment of our website. Your team's efforts have not only brought our vision to life but have also enhanced the functionality and user experience, making it a valuable asset for our organization.

The following achievements highlight the excellence of your work:

1. **"Website Development:"**

- The website you and your team have created is a testament to your technical prowess. The design is visually appealing, and the functionality is seamless, providing our users with an engaging and user-friendly experience.

2. **"Feature Implementation:"**

- I am particularly impressed with the incorporation of all the required features. Your team has demonstrated a keen understanding of our needs, and the final product reflects a comprehensive and well-executed solution.

3. **"Website Go-Live:"**

- Successfully launching the website was a significant milestone, and your team's meticulous planning and execution ensured a smooth transition to the live environment. The website's performance has been commendable since its launch.

4. **"SEO Process:"**

- The attention to detail in the SEO process has not gone unnoticed. Your efforts to optimize the website for search engines have contributed to its visibility, driving increased traffic and, subsequently, achieving our organizational goals.

5. **"Overall Service:"**

- Your team's commitment to delivering the project on time and with such high quality has left a lasting impression. The level of professionalism, responsiveness, and collaborative spirit demonstrated throughout the development process has been exemplary.

We are truly grateful for the outstanding work you have done, and we look forward to continuing our successful partnership. Please accept this Certificate of Appreciation as a token of our gratitude for your dedication and hard work.

Thank you once again for your exceptional service.

Best Regards,

1. Start with the first course. There are 3 courses and a Capstone Project in this Specialization. The first course is Supervised Machine Learning: Regression and Classification . It's available to start today.
2. Set a schedule and mark your calendar. There's a lot of material to learn, and our most successful learners tell us they're diligent about setting a schedule and sticking to it. In most Specializations you should plan to complete one course each 4-6 weeks.
3. Find a study group. Learners are much more likely to successfully complete a course if they enroll with friends, or connect with other learners in the course forums.

Best of luck as you get started. We'll see you in Machine Learning!

Welcome to the Professional Certificate!

You've just joined Google IT Automation with Python. Congratulations—you've taken a huge step by committing to mastering a skill. We're excited for you!

Before you dive in, we have a few tips to help you succeed:

1. Start with the first course. There are 5 courses in this Certificate. The first course is **Crash Course on Python**. It's available to start today.
2. Set a schedule and mark your calendar. There's a lot of material to learn, and our most successful learners tell us they're diligent about setting a schedule and sticking to it. In most Certificates you should plan to complete one course each 4-6 weeks.
3. Find a study group. Learners are much more likely to successfully complete a course if they enroll with friends, or connect with other learners in the course forums.

Best of luck as you get started. We'll see you in the Google IT Automation with Python!
