To whom it may concern

This is to certify that Ms. Nidhi Dandona worked in my office as a trainee from December 1998 to March 1999, and then as Assistant Architect from September 2000 to date. During this period she worked on the following projects:

01. Auditorium, Library, Administration & Stadium building at Central Institute of Buddhist Studies, Leh, Ladakh.
02. Indira Gandhi National Museum of Man, Bhopal.
03. Restoration of Satkhanda, Husainabad, Lucknow.
04. House for Mrs. Prem Arjan Singh, New Delhi.
05. House for Mrs. Vimala Bery, New Delhi.
06. Kilachand Music School, The Doon School, Dehra Dun. &
07. Yamuna Sports Complex, New Delhi

Work on these projects required Ms. Dandona to develop design details and prepare working drawings. She was also required to co-ordinate architectural and engineering drawings, and for some projects over-see work under construction. This she did with fair amount of intelligence and responsibility. Her overall performance in the office has been admirable.

Ms. Dandona is a hard working and conscientious young architect. Aware of her shortcomings she make every efforts to over come them. She has potential to become an asset in any good office.

VERTEX INC

12th August 2014

To Whom So Ever It May Concern

It takes a lot of responsibility when one has to write a recommendation or experience letter to a colleague who has been an integral part of not just the journey but the history of a studio, right from its conception. And that integral and important part of Vertex Inc's conception is Ar. Aruna Bhardwaj.

We formed our design studio Vertex Design in the year 2000, together. And then the sister concern Vertex Inc came into form a few years later in the year 2002, which I now continue to head as a founding architect of the same. So technically she is the co-founder at both the identities. Aruna has been my professional companion at both these studios till the year 2014 and then she joined Sushant School of Architecture from 31st July 2014.

The studio flourished under her able leadership and guidance to the ever-changing teams that come and move on from time to time. She has been a strong backbone at structuring the studio and channeling the young minds in the studio. Some of them are successful designers now and keep coming back to paying their respects to her for her insightful career advices that has changed their professional lives. I am sure this trend has continued successfully in her academic endeavors as well as a teacher to many young students.

Her key strength is identifying the client requirements and introducing design ideas with great sensibility pertaining to the economics of the project, the laws of the land use and the surrounding context. Her quick wit with the clients, strong ability to defend a good idea and hunger for better design and spatial experiences led to numerous design developments with finer details at every stage of construction. She is innovative, extremely committed, decisive and has the ability to form teams, lead them through the design, supervision and execution process.

She was involved with conceptualization, design, supervision and end to end execution of various projects that ranged from hospitality, organized retail, commercial & residential design. Vertex Design and Vertex Inc has to their credit association with companies such as Standard Chartered Bank, IDBI Bank and Vodafone besides working on one off design intensive projects such as Delhi Art Gallery, Rajasthali plus Khadi showrooms: MSMSII Museum at City Palace & Jaigarh Gallery, Jaipur were some of the key contemporary adaptive reuse projects that were handled by her.

I wish her success in all her future endeavors.

Re: Anjali Dabas, Researcher on the Qatar Unified Imaging Project

To whom it may concern

Anjali Dabas, daughter of Ashok Chaudhary, worked as a Researcher during 2012–15 for the Qatar Unified Imaging Project (QUIP), funded by the Qatar Foundation. QUIP is a global scholarly project that seeks to identify and digitise all archival and museum collections around the world pertaining to Qatar and the Gulf states. Once these collections have been digitised, they will be uploaded to a digital archive at the National Museum of Qatar. I am a Co-Investigator on this project, together with a team of other Co-Investigators in Qatar and the USA. My role in this project was to ensure that all relevant archival and museum collections in India are identified and catalogued. The work was vast, so I assembled a team of researchers in New Delhi, Mumbai, and Kozhikode to help me accomplish this.

Ms Anjali's work for the project entailed identifying, cataloguing and collecting records in the National Archive of India, New Delhi, pertaining to Qatar and the Gulf. She worked for the Project for 3 years and 2 months from 1 February 2012 to 31 March, 2015.

Ms Anjali was hired by the project because of her research expertise: She is a PhD scholar of International Politics at Jawaharlal Nehru University in New Delhi. The quality of her work is absolutely superb. I highly recommend her to you.

If you have any questions about Ms Anjali Dabas and her work for QUIP, please feel free to contact me at the email address above.

Yours truly,

Dear Ms. Chawla,

We thank you for your interest in joining EMPI. Based on the assessment of your qualifications and experience, Management is pleased to consider your appointment favourably and offer you the position of 'Lecturer' in the scale of Rs. 8000-275-13500.

While as core member of the academic team, your main duties and responsibilities will be guided in accordance with the enclosed AICTE role description (Enclosure I); EMPI offers you opportunities to demonstrate initiatives and take up fresh areas / ideas for action, as identified from time to time. Over all responsibilities, include activities and events starting with selection of good applicants followed through their good education and positive personality grooming leading to top of the line placements. This requires forging links with other organizations and involvement in activities related to Academics, Training & Development, Research and the like on the one hand and relating your work with Industry and the related profession on the other hand. We would also like to see you simultaneously working for other inter-institutional activities as per needs.

EMPI employment rules require the fresh employees to display capability and initiatives in innovative and proactive discharge of duties and responsibilities during the probation period which is one year. Successful completion of the same enables you to continue and progress in the position offered. However, in the event of a decision to extend your probation in order to give you more time to settle down in the job, the decision will be conveyed to you in writing. Your services will be regulated as per the current prevalent rules of EMPI

The position requires your staying in the Campus for which you are provided with subsidized accommodation on sharing basis as per rules. This is subject to change with the type of accommodation and rising Consumer Price Index (CPI). As regards furniture and furnishings, normally occupants prefer to furnish the accommodation on their own. Should you, however, like EMPI to provide any of the available items, you would be required to pay rental at the prescribed rates. Mess, Electricity and Water charges would be considered separately. Cleaning, Gardening, Security (other than the general campus security) and upkeep of the house are organized by the occupant.

A copy of the existing 'Principal Terms & Conditions of Employment in EMPI' (Enclosure II) and 'Undertaking' (Enclosure III) is enclosed for your reference.

Your presently allocated reporting relationship requires you to report to the Professor In-charge, Col. Narinder Singh Rana.

We look forward to a long lasting mutually enriching relationship.

With best wishes,

Mr. Navin Piplani worked in my studio from 1996 to 2000 as an architect. He worked on many projects including the Memorial for Mr. Rajiv Gandhi, former Prime Minister of India, an indigenous medicine hospital and a hybrid architecture building for a Non Governmental Organization in Delhi. His tasks included the entire range of responsibilities of an architect, from conception to detailing and construction supervision. JULY

Mr. Navin Piplani was extremely diligent and devoted to the tasks at hand. He on his own accord, he took initiative on any problem faced in the office and is an excellent team worker. He has an amiable nature, is a good communicator and would make an excellent teaching and research professional.

I would most warmly recommend Mr. Navin Piplani for the Fellowship. Your institution would most certainly benefit from his contribution. I wish him the very best.

LETTER OF RECOMMENDATION
Aditi Padhi

I am pleased to place on record that Ms. Aditi Padhi had been working as Deputy Manager/Architecture from July 2009 to August 2011, about two years in DIMTS, New Delhi, India. She has been closely associated with me on regular basis for the works in the Engineering Division in DIMTS.

Aditi has been coordinating and assisting in various Projects being undertaken during her tenure for Architectural activities. She has also proven her expertise in prompt application of the Architectural software Auto-CAD, Revit Adobe Suite, SKETCH-UP and MS Office. Other software include, 3D Max, Arc GIS, Micro-station and MS Project for delivering designs, construction documents and presentations required for effective planning as and when required.

I found Aditi to be extremely diligent & cooperative at work. She puts in her sincere and best endeavors for accomplishment of the assigned targets even under challenging short time notices.

Her performance has been of outstanding professional competence; and at the same time, she has departed herself with utmost dignity and grace. Her positive work target oriented approach and expeditious application of fundamentals has immensely helped in solving complicated activities.

In view of her immense potential, multifaceted and analytical approach to profession, I trust her to be well suited for pursuing Ph.D. In fact a Ph.D from a reputed institute would definitely amplify her skills through research in this field enabling her to contribute effectively in global development. It is a matter of record that presently India has tremendous potential for construction and architectural development and Aditi can contribute in better and effective manner by obtaining the Ph.D in this field.

I wish her great success and trust that she would do extremely well in the ensuing years of her career.

Aditi Radhi

To whom it may concern

I, as Head of the Engineering Group, know Aditi since March 2009 when she joined Delhi Integrated Multimodal Transit System Pvt. Ltd. (DIMTS) as Deputy Manager (Architecture). She worked in our team till August 2011 i.e. for over two years.

While working in our engineering team, I often relied on Aditi to put together creative presentations, for which she described and outlined the artistic approach to the project, researching illustrations and photographic reference materials. Her creativity, resourcefulness, and ability to see a project through really made these presentations distinctive and successful.

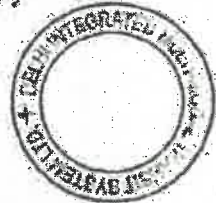

Some projects she has worked under me are:

- o DIMTS office at IT Park Shastri Park and at 6th floor Kashmere Gate- New Delhi, India
- o SOP documentation and DIMTS Engg. Brochure-
- o Development of Depot Infrastructure at Millennium Park, Sunhari Pullah, Kushak Nallah and at Kanjhawala- New Delhi, India
- o DIMTS Operation and Control Centre at ISBT Kashmere Gate - Delhi, India
- o Motor Licensing Offices at various locations in Delhi and Visitor Access Control Office for Transport Department HQ- New Delhi, India

During this time, she was an effective communicator, often serving as my liaison to scattered members of the crew. She also coordinated projects involving numerous people, and her ability to work collaboratively while guiding the project quickly and effectively was outstanding. For example, when we suddenly needed to re-conceive several drawings, Aditi quickly found a way to redo the work quickly and reach it on site, making sure everyone was up-to-date on the changes that were relevant to them.

Aditi's sensitivity, diligence, energy and sense of humor along with adoptability to change made working with her a joy. I highly recommend her as a welcome addition to the program and on successful completion. I am confident that she will contribute a lot to the profession and to the projects specifically assigned to her as an individual and/or as a team leader/member.
