Presentation of Memento to team members

Description (min 250 to max 800 words)*

In the world of architecture, photography serves as a powerful medium to document and convey the essence of structures. For architecture students, learning to capture the subtle details and grand narratives of buildings is crucial in their education. A specialized photography workshop focusing on capturing lesser-known monuments can provide students with the skills and insights they need to explore the rich tapestry of architectural heritage that often goes unnoticed.

Workshop Overview

This workshop is designed for architecture students with a keen interest in photography and a desire to discover and document lesser-known monuments. Over the course of a weekend, students will learn the fundamentals of architectural photography, explore the stories behind hidden architectural gems, and develop a deeper appreciation for the cultural and historical contexts of these structures.

Objectives

The primary objectives of the workshop are to:

1. Equip students with the technical skills required for architectural photography, including composition, lighting, and post-processing.
2. Encourage exploration and discovery of lesser-known monuments, fostering an appreciation for diverse architectural styles and histories.
3. Inspire students to tell compelling stories through their photographs, emphasizing the unique character and significance of each monument. Students will be introduced to the essential tools and techniques needed to capture stunning images of buildings. Key topics will include:
 - **Camera Settings:** Understanding ISO, aperture, and shutter speed to achieve the desired exposure and depth of field.
 - **Composition:** Learning how to frame shots effectively, considering elements such as lines, symmetry, and perspective to create visually engaging photographs.
 - **Lighting:** Exploring the impact of natural and artificial light on

architectural photography and techniques for managing different lighting conditions.

- **Post-Processing:** Introduction to software tools like Adobe Lightroom and Photoshop for editing and enhancing images. This hands-on experience will allow students to apply the techniques learned on the first day and practice capturing the unique features of each monument. The field exploration will encourage students to:
- **Discover New Perspectives:** Look beyond the obvious angles and seek out unconventional views that highlight the monument's distinct characteristics.
- **Tell a Story:** Capture images that convey the history and cultural significance of each structure, considering how architectural elements reflect the monument's purpose and context.
- **Engage with the Environment:** Pay attention to the surroundings and how they interact with the monument, using elements like foliage; sky, and urban landscape to enrich their compositions.

69 192

Students will receive personalized feedback from instructors and peers, helping them identify strengths and areas for improvement in their work. The day will conclude with a mini-exhibition, where students will present their best images and share the stories behind them.

Conclusion

This photography workshop offers architecture students a unique opportunity to enhance their skills and broaden their understanding of architectural heritage. By focusing on lesser-known monuments, students will not only develop their technical abilities but also cultivate an appreciation for the diversity and depth of architecture that lies beyond the well-trodden paths. Through the lens of a camera, students will learn to see architecture in new ways, capturing the essence of structures that might otherwise remain overlooked.

SU/SAA/2021/06/02

To,

The Director,

INDIA LOST & FOUND

Subject: Invitation for event on “Introducing Photography with AMIT PASRICHA 2021”.

Dear Sir/Ma'am,

I hope this message finds you well. As per our conversation, we are delighted to extend an invitation to the event on “**Introducing Photography with AMIT PASRICHA 2021**”. for our students at Sushant University, Gurgaon. The details of the event are as follows:

- **Date: 10 June 2021**
- **Time: 10:00 A.M - 2:00 P.M.**
- **Venue: E-509**

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavours. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Best regards,

Ms Sehba Saleem

School of Art and Architecture

Sushant University

SU/SAA/2021/06/10

To,

The Director,

INDIA LOST & FOUND

Subject: Thank You for event on “Introducing Photography with AMIT PASRICHA 2021”.

I wanted to take a moment to sincerely thank you for your insightful and engaging **event on “Introducing Photography with AMIT PASRICHA 2021” as part of our ongoing collaboration with India Lost & Found on 10 June 2021.** Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Best regards,

Ms Sehba Saleem

NOTICE

Dear Students,

We are pleased to inform you that the Department of Planning & Development, School of Art and Architecture, Sushant University, is organizing an event on “**Introducing Photography with AMIT PASRICHA 2021**”. This workshop will provide an excellent opportunity to gain insights from distinguished professionals on public safety and enhance your knowledge. The details of the event are as follows:

- **Date: 10 June 2021**
- **Time: 10:00 A.M - 2:00 P.M.**
- **Venue: E-509**

We strongly encourage all students to attend this session, as it will be highly beneficial for your academic and professional growth. Attendance is mandatory for all the students of School of Art and Architecture.

For any queries or further information, please contact the undersigned.

Looking forward to your participation.

Description (min 250 to max 800 words)*	<p>Brief Write up: Department of Computer Science and Engineering, School of Engineering and Technology, Sushant University in association with industry partner upGrad organized a webinar on “Leveraging the Power of Data Science”. The webinar was held on June 26th, 2021 from 12:00 noon IST. The duration of the webinar was 1.5 hrs. The webinar was attended by approximately 43 participants which included students of class 11th, 12th, and undergraduate students. The speaker of the session was Mr. Imaad Mohammad Khan, who is currently working as Data Scientist @Vahan Inc. Mr Khan explained all the basics concepts of data science and how artificial intelligence, machine learning is connected to each other. He picked up live examples to make concepts easier for our audience. As the session proceeded, he explained the job prospects of a data scientist. He also shared the average salary package of data scientist in India as well as abroad.</p>

Dear Dr. Alpana Jijja,

I am pleased to inform you that the Leveraging the Power of Data Science webinar, conducted in collaboration between upGrad and Sushant University on 26th June 2021, was a great success.

The session, led by Mr. Imaad Khan, provided students with a thorough understanding of the key concepts in Data Science, as well as the practical applications of Artificial Intelligence and Machine Learning. Mr. Khan's use of live examples, along with his insights into the job prospects and salary expectations of Data Scientists, was highly appreciated by the participants.

Thank you for your efforts in coordinating this event, and we look forward to future opportunities for collaboration.

Warm regards,

1 July 2021 at 09:16

Dear Dr. Garima,

I want to extend my thanks for hosting the "How IoT and 5G Opened New Job Opportunities in Engineering" webinar on 30th June 2021. It was an insightful and engaging session, and I hope the students found the discussion on the uses and potential of IoT and 5G technologies helpful. I believe the session provided them with a clear understanding of the career opportunities in 5G and how these technologies are impacting society and business.

Looking forward to more collaborations between Uni Converge Tech and Sushant University in the future.

Successful Completion of Webinar2 messages

Mr. Anshul Pandey anshul.pandey@euinac.com 2 July 2021 at 09:30
To: Prof. Nisha nisha@sushantuniversity.edu.in
Date: Fri, 2 July 2021 at 9:30 AM
Subject: Re: Successful Completion of Webinar on Cybersecurity – The Emerging Technology

Dear Prof. Nisha,

Thank you for organizing the Cybersecurity – The Emerging Technology webinar on 1st July 2021. It was an incredible session, and I was glad to see the participation from both national and international attendees. The students showed great enthusiasm for the topic, and it was a pleasure to discuss the growing importance of cybersecurity in today's world.

I believe this session was a significant step forward in the collaboration between Euinac and Sushant University, and I look forward to future opportunities to share insights and knowledge.

Warm regards,
Anshul Pandey
CEO, Euinac

Dear Prof. Nisha,

Thank you for inviting Euinac to collaborate on the Cybersecurity – The Emerging Technology webinar scheduled for 1st July 2021. As per our telephonic conversation, I am excited to confirm that I will be leading the session, and I look forward to engaging with the students about the current trends and future potential of cybersecurity.

If there are any particular topics you'd like me to focus on, please feel free to share, and I will ensure they are covered during the webinar.

Looking forward to it.

Dear Dr. Neha Gupta,

I would like to thank you and Sushant University for organizing the "Future Prospects of Renewable Energy in India" webinar on 2nd July 2021. It was a pleasure to share insights into the evolving world of renewable energy, and I hope the participants gained valuable knowledge regarding the possibilities this sector holds for the future.

The engagement and interest shown by the attendees were truly inspiring, and I believe that webinars like these help foster greater awareness of renewable energy and its crucial role in India's future.

Looking forward to more such collaborations in the future.

Description (min 250 to max 800 words)*

Brief Write up: Department of Mechanical Engineering, School of Engineering & Technology, Sushant University had organized a webinar on "Digital Manufacturing: Future of Mechanical Engineering" in collaboration with the knowledge partner "**Siemens**". Two representative from the **Siemens Digital Industries Software** had explain the future requirement of Mechanical engineering and various aspects of it. The webinar is planned for the B. Tech aspirant and we discussed about the potential of industry 4.0 and those who wants to explore the designing portion of Mechanical Engineering. The webinar contains three major software of Mechanical Engineering offered by the Siemens in collaboration of Sushant University. This software's are "**NX, Unigraphics, Factory CAD, Tecnomatix**".

Subject: Re: Successful Completion of Webinar on Digital Manufacturing: Future of Mechanical Engineering

Dear Prof. Amit Singh Tomar,

I wanted to extend my thanks for organizing the Digital Manufacturing: Future of Mechanical Engineering webinar on 6th July 2021. It was an informative session, and we appreciated the enthusiastic participation from the B.Tech aspirants.

Pradeep and I were delighted to discuss Industry 4.0 and the future potential of Mechanical Engineering. Sharing insights on NX, Unigraphics, Factory CAD, and Tecnomatix was a great way to showcase how Siemens' software is shaping the future of digital manufacturing.

We look forward to more opportunities for collaboration with Sushant University.

Dear Prof. Rajan Bansal,

I would like to express my gratitude for the opportunity to participate in the Career Counselling Session held on 16th February 2021. Both Pradeep and I thoroughly enjoyed discussing the future of Digital Manufacturing and how Siemens' Product Lifecycle Management Software aligns with Industry 4.0.

The session provided a valuable platform to share career insights and showcase the importance of our collaboration with Sushant University in shaping the skills of future engineers. We hope the students found the session informative and inspiring.

Looking forward to more such collaborative efforts.

Description (min 250 to max 800 words)*

Today, on 13/07/2022, a free eye test camp was organized under the aegis of Sushant University with the joint effort of the School of Health Sciences and Maruti Kunj at the Club in which more than 80 beneficiaries reached. After getting the proper solution to your eye related problems, consultation and glasses number.

Dr. Himanshu Tripathi (Dean, School of Health Sciences) informed that at present there is a shortage of paramedics as per the demand. To fill this gap, Sushant University has conducted courses like Pharmacy, Ophthalmology, Cardiology, Lab Technician, Medical Radiology and Psychology etc. Students can make a golden future by studying from diploma to PhD in these courses. Dr. Alka Gupta (Principal, Pharmacy Department), who played a key role in organizing the camp, offered a special thank RWA Maruti Kunj for the successful organization of the camp and assured similar social and health related events in future.

Dear Dr. Alpana Jijja,

Thank you for the opportunity to participate in the Path to a Full Stack Developer Career webinar on 21st July 2021. It was an insightful session, and I truly enjoyed interacting with the students. The engagement and curiosity they displayed were fantastic, and I hope the content I shared provided a clear understanding of the Full Stack development career path.

It was a pleasure collaborating with Sushant University, and I look forward to more such interactions in the future.

Warm regards,
Himanshu Batra

Dear Dr. Garima Bakshi,

Thank you for organizing the "5G as Career Choice" webinar on 2nd August 2021. It was a great platform to engage with students and share insights into IoT and 5G technologies. I believe the session provided valuable perspectives on the economic and political impact of 5G, as well as its potential as a career option.

Looking forward to future collaborations.

Description (min 250 to max 800 words)*

On Tuesday, August 10, 2021, the Vatel Hotel and Tourism Business School organized the International Hospitality Leaders' Conclave, in which CEO's, General Managers and vice Presidents of hospitality related organisations participated and deliberated primarily upon the way the systems and procedures in the various service establishments, owing to the current situation of the pandemic, have modified their ways of operations and have adopted for good a few of the changes brought in by the environment.

The purpose of organizing this conclave, since it had participation from people from different parts of the world, was to understand the way in which hoteliers from different parts of the world were coming to terms with the pandemic and the way in which they were handling it. It so came up that the measures generally employed by us here in India were almost similar to theirs

	<p>and, despite the culture of people the world over being different, the customer behavior was also quite similar.</p> <p>After the welcome address by Dr. Garima Parkash, Dean Vatel Hotel and Tourism Business School, Mr. Laurent Guiraud spoke about the details of the Vatel Programme and gave a walk-through of the different parts of the Sushant University.</p> <p>The inaugural address was delivered by Dr. D.N.S. Kumar, Vice Chancellor, Sushant University, in which he welcomed the participants and expressed his happiness about the number of international speakers who had made it convenient to join the conclave from the different parts of the world.</p>

Eye Screening Camp

Description (min 250 to max 800 words)*

Today, on 13/08/2021, a free eye test camp was organized under the aegis of Sushant University with the joint effort of the School of Health Sciences and Maruti Kunj at the Club in which more than 80 beneficiaries reached. After getting the proper solution to your eye related problems, consultation and glasses number.

Dr. Himanshu Tripathi (Dean, School of Health Sciences) informed that at present there is a shortage of paramedics as per the demand. To fill this gap, Sushant University has conducted courses like Pharmacy, Ophthalmology, Cardiology, Lab Technician, Medical Radiology and Psychology etc. Students can make a golden future by studying from diploma to PhD in these courses. Dr. Alka Gupta (Principal, Pharmacy Department), who played a key role in organizing the camp, offered a special thank RWA Maruti Kunj for the successful organization of the camp and assured similar social and health related events in future.

To,
The Managing Director
Healing Touch,
Gurugram.

Subject: Request to organize an Eye Screening Camp in Gurugram

Dear Sir/Madam,

I hope this message finds you well. I am writing to propose the organization of an Eye Screening Camp in our community. Given the rising concerns about eye health and vision-related issues, I believe this initiative would be incredibly beneficial.

The proposed camp could offer:

Comprehensive eye exams

Vision screenings

Education on eye health and preventive care

I suggest scheduling the camp for next month, and we can collaborate on finding a suitable location and inviting qualified healthcare professionals to conduct the screenings.

I believe this initiative will make a significant impact in promoting eye health and awareness in our community. Please let me know your thoughts on this proposal, as well as any requirements or suggestions you may have.

Thank you for considering this important initiative. I look forward to your response.

Warm regards,

Rahul Saini

Dear Mr. Rahul,

Thank you for your proposal to organize an Eye Screening Camp in our community. I appreciate your initiative in addressing the important issue of eye health.

I fully support this initiative and believe it will have a positive impact on the community. I would suggest we meet to discuss the details, including potential dates, locations, and the involvement of qualified eye care professionals.

Please let me know your availability for a meeting in the coming days. I look forward to collaborating with you on this valuable initiative.

Best regards,

Jay Sing Bajaj

To,
Managing Director
Healing Touch,
Gurugram.

Dear Sir,

I wanted to take a moment to express my sincere gratitude for your efforts in organizing the recent Eye Screening Camp.

The camp was a resounding success, providing essential eye care services to our community. The professionalism and expertise of the healthcare professionals involved made a significant difference, and the feedback from participants has been overwhelmingly positive.

Your dedication to promoting eye health and ensuring access to vital screenings is truly commendable. Thank you for your hard work and collaboration in making this initiative possible.

I look forward to the opportunity to work together on future health initiatives.

Warm regards,

Rahul Saini

Dear Dr. Sherry Verma,

I am pleased to inform you that the Data Science Learnathon: From the Classroom to Halls of Ivy webinar, conducted in collaboration between upGrad and Sushant University on 14th August 2021, was a tremendous success. The session, led by Mr. Imaad Mohammad Khan, provided students with comprehensive insights into Data Science and how this field is opening doors to elite institutions and careers. Mr. Khan's engaging presentation and practical examples resonated well with the audience, keeping them actively involved throughout.

We extend our gratitude to Sushant University for facilitating this collaboration, and we look forward to more such events in the future.

Warm regards,
Chetan

Subject: Invitation to Collaborate on Data Science Learnathon Webinar

Dear Chetan,

I hope this email finds you well.

I am writing to invite upGrad to collaborate with Sushant University on a webinar titled "Data Science Learnathon: From the Classroom to Halls of Ivy," scheduled for 14th August 2021 at 12:00 PM IST. This session will target students interested in pursuing careers and education in Data Science.

We would appreciate it if upGrad could provide an expert speaker to lead the session and discuss how Data Science can open doors to top-tier institutions and career paths. The students are particularly interested in hearing about practical applications and industry experiences.

Please confirm your availability and provide the details of the speaker at your earliest convenience.

Warm regards,
Sherry Verma

Description (min 250 to max 800 words)*

Today, on 24th August 2021, a free eye test camp was organized under the aegis of Sushant University with the joint effort of the School of Health Sciences and Emaar Gurgaon Greens (Sector 102) at the Club House of Emaar Gurgaon Greens in which more than 100 beneficiaries reached. After getting the proper solution to your eye related problems, consultation and glasses number.

Dr. Himanshu Tripathi (Dean, School of Health Sciences) informed that at present there is a shortage of paramedics as per the demand. To fill this gap, Sushant University has conducted courses like Pharmacy, Ophthalmology, Cardiology, Lab Technician, Medical Radiology and Psychology etc. Students can make a golden future by studying from diploma to PhD in these courses. Dr. Alka Gupta (Principal, Pharmacy Department), who played a key role in organizing the camp, offered a special thank you to Mr. Sandeep Phogat ji of Gurgaon Greens for the successful organization of the camp and assured similar social and health related events in future.

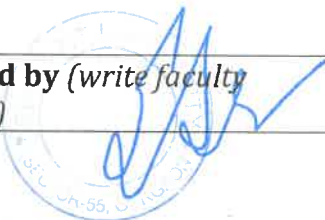

The camp concluded by presenting a memento to Mr. Phogat ji by Saurabh Saraswat (Professor, Department of Pharmacy). Naresh and other residents were present.

Subject: Request to organize an Eye Screening Camp in Gurugram

Dear Sir/Madam,

I hope this message finds you well. I am writing to propose the organization of an Eye Screening Camp in our community. Given the rising concerns about eye health and vision-related issues, I believe this initiative would be incredibly beneficial.

The proposed camp could offer:

Comprehensive eye exams

Vision screenings

Education on eye health and preventive care

I suggest scheduling the camp for next month, and we can collaborate on finding a suitable location and inviting qualified healthcare professionals to conduct the screenings.

I believe this initiative will make a significant impact in promoting eye health and awareness in our community. Please let me know your thoughts on this proposal, as well as any requirements or suggestions you may have.

Thank you for considering this important initiative. I look forward to your response.

Dear Mr. Rahul,

Thank you for your proposal to organize an Eye Screening Camp in our community. I appreciate your initiative in addressing the important issue of eye health.

I fully support this initiative and believe it will have a positive impact on the community. I would suggest we meet to discuss the details, including potential dates, locations, and the involvement of qualified eye care professionals.

Please let me know your availability for a meeting in the coming days. I look forward to collaborating with you on this valuable initiative.

Dear Sir,

I wanted to take a moment to express my sincere gratitude for your efforts in organizing the recent Eye Screening Camp.

The camp was a resounding success, providing essential eye care services to our community. The professionalism and expertise of the healthcare professionals involved made a significant difference, and the feedback from participants has been overwhelmingly positive.

Your dedication to promoting eye health and ensuring access to vital screenings is truly commendable. Thank you for your hard work and collaboration in making this initiative possible.

I look forward to the opportunity to work together on future health initiatives.

To
The HOD,
Department of Pharmacy,
LaVerna University,

Dear Sir,

I thank you from the bottom of my heart for arranging the virtual tour of the Mankind Pharma on 25th Aug. 2021. It was very well organized and hassle-free. The students and faculties enjoyed the tour and learnt a lot about different units including manufacture, R&D, QA, QC and Packaging etc.
Your kind efforts served the purpose in the best possible way, and it was a huge success.

I look forward to our next interaction in near future.

Thank you once again,

Yours sincerely,

(Geotag) Photograph-1*	Fig 2 International expert giving lecture
(Geotag) Photograph-2	Fig 3 Group Photo of the team
Description (min 250 to max 800 words)*	On August 27, 2021, Westminster and the School of Art and Architecture at Sushant University collaborated to host a profoundly impactful guest lecture in observance of Black History Year. This event aimed to illuminate the historical and

contemporary significance of Black history and culture, emphasizing the imperative of understanding and honoring the contributions of Black individuals and communities across various domains.

The lecture featured distinguished speakers who are renowned for their work in promoting Black history and culture. These experts shared insights that spanned historical narratives, cultural developments, and the ongoing struggle for racial justice and equality. The audience, comprising students, faculty, and guests, was offered a comprehensive perspective on Black history that highlighted both its rich heritage and the enduring challenges faced by Black communities.

One of the key speakers, Dr. Angela Davis, a prominent scholar and civil rights activist, delivered a compelling talk that traced the roots of Black history from the transatlantic slave trade to the present day. Dr. Davis emphasized the resilience and ingenuity of Black individuals who, despite facing systemic oppression, have made significant contributions to arts, sciences, politics, and social movements. Her narrative underscored the importance of recognizing and celebrating these contributions to foster a more inclusive and equitable society.

In addition to Dr. Davis, the event featured a panel discussion with several notable academics and practitioners from diverse fields. This panel explored the intersections of Black history with art and architecture, shedding light on how Black artists and architects have influenced these disciplines. The discussion was enriched by the presence of Professor David Adjaye, an acclaimed architect known for his innovative designs and commitment to social justice. Professor Adjaye spoke about the importance of incorporating Black historical narratives into architectural practice and education, advocating for a more inclusive approach that acknowledges the contributions of Black architects and designers.

The lecture also included a presentation by Dr. Lisa Anderson, a historian specializing in African American history. Dr. Anderson's presentation focused on the cultural renaissance that emerged from the Harlem Renaissance in the early 20th century. She highlighted the ways in which Black

	<p>artists, writers, and musicians used their creative talents to challenge racial stereotypes and promote a sense of pride and identity within the Black community. Her talk served as a powerful reminder of the transformative power of art and culture in the fight for social justice.</p> <p>Throughout the event, there was a strong emphasis on the relevance of Black history to contemporary issues. The speakers addressed the ongoing struggles against racial discrimination and inequality, drawing connections between historical events and current social movements such as Black Lives Matter. This linkage underscored the importance of historical awareness in understanding and addressing present-day injustices.</p> <p>The guest lecture concluded with a question-and-answer session, providing the audience an opportunity to engage directly with the speakers. This interactive segment fostered a deeper understanding of the topics discussed and encouraged a vibrant exchange of ideas and perspectives.</p> <p>Overall, the Guest Lecture on Black History Year organized by Westminster and the School of Art and Architecture at Sushant University was a resounding success. It not only educated and inspired attendees but also reinforced the importance of integrating Black history and culture into academic discourse and public consciousness. The event served as a crucial step towards fostering a more inclusive and informed society, committed to recognizing and celebrating the diverse contributions of all its members.</p>

Dear Dr. Rajat Kumar

Director

Juris Law Office

Subject: Thank You for Your Guest Lecture on AI and Law

I wanted to take a moment to sincerely thank you for your insightful and engaging guest lecture on AI and Law on 28th August 2021. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Thanks and Regards,

Dr. Deepak Miglani
Assistant Professor,
School of Law,
Sushant University

To,

Dr. Rajat Kumar

Juris Law Office

Subject: Invitation to Speak on " AI and Law".

Dear Sir,

I hope this message finds you well. As per our telephonic conversation, we are delighted to extend an invitation to you to be a guest speaker at our upcoming workshop on "AI and Law" for our students at Sushant University, Gurgaon. The details of the event are as follows:

Date: 28 August 2021

Time: 11am-12pm

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavors. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Thanks and Regards,

Dr. Deepak Miglani
Assistant Professor,
School of Law,
Sushant University

Subject: Request to organize a webinar on GAZE INTERACTION

Dear Sir/Madam,

I hope this message finds you well. I am writing to propose the organization of a webinar focused on the emerging field of gaze interaction. Given the growing interest and advancements in this area, I believe that hosting a webinar would provide valuable insights and foster discussions among researchers, industry professionals, and enthusiasts.

We could invite leading experts from academia and industry who specialize in gaze interaction. Their participation would greatly enhance the quality of discussions.

Please let me know if you would be open to discussing this further. I am looking forward to your positive response.

Warm regards,

Rahul Saini

Dear Dr. Alpana Jijja,

I hope this message finds you well.

I wanted to thank you for the opportunity to participate in the Full Stack Development – A Career Perspective webinar held on 4th September 2021. It was a highly interactive session, and I truly enjoyed engaging with the students. Their interest in exploring Full Stack development as a career path was evident from the insightful questions they posed.

I believe the practical examples and career-oriented discussion provided them with a clearer vision of what to expect in the field. Please feel free to reach out if you'd like to share feedback or any follow-up materials with the attendees.

Looking forward to future opportunities for collaboration.

Description (min 250 to max 800 words)*

Today, on 04/09/2021, a free eye test camp was organized under the aegis of Sushant University with the joint effort of the School of Health Sciences and SARE Homes at the Club in which more than 80 beneficiaries reached. After getting the proper solution to your eye related problems, consultation and glasses number.

Dr. Himanshu Tripathi (Dean, School of Health Sciences) informed that at present there is a shortage of paramedics as per the demand. To fill this gap, Sushant University has conducted courses like Pharmacy, Ophthalmology, Cardiology, Lab Technician, Medical Radiology and Psychology etc. Students can make a golden future by studying from diploma to PhD in these courses. Dr. Alka Gupta (Principal, Pharmacy Department), who played a key role in organizing the camp, offered a special thank you to Dr. Nadeem of SARE Homes for the successful organization of the camp and assured similar social and health related events in future.

The camp concluded by presenting a memento to Mr. Phogat ji by Saurabh Saraswat (Professor, Department of Pharmacy). Naresh and other residents were present.

Subject: Request to organize an Eye Screening Camp in Gurugram

Dear Sir/Madam,

I hope this message finds you well. I am writing to propose the organization of an Eye Screening Camp in our community. Given the rising concerns about eye health and vision-related issues, I believe this initiative would be incredibly beneficial.

The proposed camp could offer:

Comprehensive eye exams

Vision screenings

Education on eye health and preventive care

I suggest scheduling the camp for next month, and we can collaborate on finding a suitable location and inviting qualified healthcare professionals to conduct the screenings.

I believe this initiative will make a significant impact in promoting eye health and awareness in our community. Please let me know your thoughts on this proposal, as well as any requirements or suggestions you may have.

Thank you for considering this important initiative. I look forward to your response.

Dear Dr. Hemchander Kumar

Juris Law Office

Subject: Thank You for Your Guest Lecture on Consumer Protection Laws

I wanted to take a moment to sincerely thank you for your insightful and engaging guest lecture on Consumer Protection Laws on 7th September 2021. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Thanks and Regards,

Dr. Sulakshana Banerjee
Assistant Professor,
School of Law,
Sushant University

To,

Professor
Dr. Hemchander Kumar

Eye Check up Camp

Description (min 250 to max 800 words)*

DEAN
School Of Health Sciences
Sushant University
Sector-35
Gurgaon, Haryana

Today, on 8 September, 2021, a free eye test camp was organized under the aegis of Sushant University with the joint effort of the School of Health Sciences and SARE Homes at the Club in which more than 80 beneficiaries reached. After getting the proper solution to your eye related problems, consultation and glasses number.

Dr. Himanshu Tripathi (Dean, School of Health Sciences) informed that at present there is a shortage of paramedics as per the demand. To fill this gap, Sushant University has conducted courses like Pharmacy, Ophthalmology, Cardiology, Lab

Technician, Medical Radiology and Psychology etc. Students can make a golden future by studying from diploma to PhD in these courses. Dr. Alka Gupta (Principal, Pharmacy Department), who played a key role in organizing the camp, offered a special thank you to Dr. Nadeem of SARE Homes for the successful organization of the camp and assured similar social and health related events in future.

The camp concluded by presenting a memento to Mr. Phogat ji by Saurabh Saraswat (Professor, Department of Pharmacy). Naresh and other residents were present.

Subject: Request to organize an Eye Screening Camp in Gurugram

Dear Sir/Madam,

I hope this message finds you well. I am writing to propose the organization of an Eye Screening Camp in our community. Given the rising concerns about eye health and vision-related issues, I believe this initiative would be incredibly beneficial.

The proposed camp could offer:

Comprehensive eye exams

Vision screenings

Education on eye health and preventive care

I suggest scheduling the camp for next month, and we can collaborate on finding a suitable location and inviting qualified healthcare professionals to conduct the screenings.

I believe this initiative will make a significant impact in promoting eye health and awareness in our community. Please let me know your thoughts on this proposal, as well as any requirements or suggestions you may have.

Thank you for considering this important initiative. I look forward to your response.

Subject: Request to organize a Workshop for Eye Health

Dear Sir/Madam,

Dear Mr. Kuldeep Kumar,

I hope this message finds you well. I am writing to propose the organization of a workshop focused on eye health. Given the increasing prevalence of vision-related issues in our community, we believe this initiative would be highly beneficial.

Objectives of the Workshop:

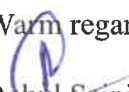

1. **Eye Examinations:** Provide free eye check-ups and screenings for community members.
2. **Education:** Raise awareness about common eye conditions and the importance of regular eye care.
3. **Resource Distribution:** Offer educational materials and information on local eye care services.

We would like to propose a date on 08th September 2021 at our campus. We are open to adjust these details based on availability and logistical considerations.

Your support in organizing this workshop would be greatly appreciated, and we believe it will make a significant impact on the community's overall health.

Thank you for considering this request. I look forward to your positive response.

Description (min 250 to max 800 words)*

In a bid to foster experiential learning and practical application of theoretical concepts, the School of Business joined forces with the International Skill Development Corporation (ISDC) to organize an immersive role-play event. Scheduled for September 15, 2021, starting from 11:00 am onwards, this collaborative initiative aimed to provide students with a hands-on opportunity to apply their knowledge and skills in a simulated business environment.

The role-play event served as a dynamic platform for students to step into the shoes of business professionals and engage in real-world scenarios, challenges, and decision-making processes. Through role-play simulations, participants were tasked with tackling complex business problems, negotiating deals, resolving conflicts, and demonstrating leadership qualities, all within a

controlled and supportive learning environment.

The collaboration between the School of Business and ISDC brought together complementary expertise and resources, ensuring a comprehensive and enriching experience for participants. Leveraging ISDC's extensive network of industry practitioners and subject matter experts, the role-play scenarios were carefully crafted to reflect the realities of the business world and provide participants with a taste of the challenges and opportunities they may encounter in their future careers.

The event kicked off at 11:00 am and extended onwards, allowing participants ample time to immerse themselves in the role-play simulations and engage in meaningful interactions with their peers and facilitators. Divided into teams, participants collaborated, strategized, and executed their plans, honing their communication, problem-solving, and decision-making skills in the process.

Moreover, the role-play event served as a catalyst for networking and collaboration, fostering connections and partnerships among students, faculty, and industry professionals. Through collaborative problem-solving and shared learning experiences, participants had the opportunity to expand their professional networks, gain valuable insights, and forge meaningful relationships that could potentially lead to future collaborations and opportunities.

One of the key highlights of the role-play event was its emphasis on experiential learning and reflection. Following each simulation, participants engaged in debriefing sessions where they analyzed their performance, identified areas for improvement, and gleaned valuable lessons that they could apply in future endeavors. This reflective component added depth and richness to the learning experience, encouraging participants to continuously strive for growth and development.

In conclusion, the role-play event organized by the School of Business in collaboration with ISDC on September 15, 2021, was a resounding success, epitomizing the power of experiential learning and collaborative engagement. Through

✓

School Of Business
Sushant University
Sec-1 Gurugram Haryana

its immersive simulations, hands-on activities, and emphasis on reflection, the event provided participants with a transformative learning experience that will undoubtedly shape their personal and professional growth. As we navigate an increasingly complex and dynamic business landscape, initiatives like these play a vital role in preparing the next generation of leaders and innovators to succeed in the global marketplace.

Subject: Request to celebrate World Heart Day celebration with student centric activities

Dear Sir/Madam,

I hope this message finds you well. With World Heart Day approaching on September 29th, I would like to propose organizing a series of student-centric activities to celebrate this important day and raise awareness about heart health.

Objectives:

1. To educate students about the importance of heart health.
2. To encourage healthy lifestyle choices among the youth.
3. To foster a sense of community and teamwork through collaborative activities.

I propose we hold these activities on September 29th 2021, and I would appreciate your support and guidance in making this celebration impactful.

Thank you for considering this request. I look forward to your positive response.

Thank you for your proposal to organize student-centric activities for World Heart Day on September 29th. I appreciate your initiative to raise awareness about heart health among our students.

I am pleased to confirm our support for this celebration. The activities you suggested, including workshops, health screenings, and physical activities, align perfectly with our goal of promoting healthy lifestyle choices.

Please let me know if you need assistance with planning or resources, and we can arrange a meeting to discuss the details further.

Thank you once again for your dedication to this important cause. I look forward to working together to make this event a success.

Legal Awareness Camp

Description (min 250 to max 800 words)*

Sushant Legal Aid Clinic organized a legal awareness camp at Patli Hazipur Village on 5th October 2021 in association with District Legal Services Authority (DLSA), Haryana.

With the motto of awareness-raising and to inform and educate people about their rights the camp was set up. The basic laws

	<p>related to everyday issues and awareness about legal rights and free legal aid were also discussed. The camp was supported by the panel Advocates of District Legal Services Authority, along with the SLAC team of Faculty Members Ms. Anushka Chaudhary and Ms. Ayesha Mukherjee with student members Dhaarna Sehgal, Taniya, Lavanya, Ritik, Vaibhav, Vrinda, Devansh Rinki and Anurag.</p>

<p>Description (min 250 to max 800 words)*</p>	<p>Ongoing Session</p> <p>Geographical information system (GIS) plays an important role in enhancing skill of understanding the information available on the earth surface. All types of information be it topographical or human related data sets, indicates an evident role in strengthening the knowledge base and understanding of any subject. Especially with the change in the paradigm of usability of spatial data set through application of GIS in all arenas of education as it bridges the gap between theoretical and practical knowledge.</p> <p>With this intent, the School of planning and Development proposes a faculty development programme named “Ecosystem of geographical information system for education”.</p> <p>A two-day Faculty Development Workshop on Geographical Information Systems (GIS) was held, aimed at equipping architecture professors. The workshop provided an interactive platform for educators to explore the integration of GIS technology in architectural education and practice.</p> <p>The workshop commenced with a welcome address who highlighted the importance of GIS in contemporary architectural education. The first session introduced participants to the fundamentals of GIS, covering key concepts such as spatial data, layers, and mapping techniques. Attendees engaged in hands-on activities using popular GIS software, gaining practical experience in data visualization and analysis.</p> <p>In the afternoon, a discussion featured industry experts who shared insights on the diverse applications of GIS in architecture. Topics included urban planning, site analysis, and</p>

	<p>environmental impact assessments. Participants learned how GIS can enhance decision-making processes by providing comprehensive spatial data and analytical tools. Workshops on geospatial modeling and 3D visualization enabled participants to explore complex spatial relationships and create detailed architectural models. The sessions emphasized the importance of incorporating GIS projects into coursework to foster critical thinking and technical skills among students. Further, a session was on developing GIS-based assignments and projects, encouraging professors to design innovative curriculum modules that align with industry standards. The day concluded with a collaborative brainstorming session, where participants shared ideas and strategies for incorporating GIS into their teaching practices. The workshop successfully empowered architecture professors with the knowledge and tools to leverage GIS in their academic and professional endeavors, fostering a new generation of architects adept at utilizing spatial technology in their work.</p>

Obesity: A Silent Killer Online Session

(Geotag) Photograph-2

Online Session on Obesity

Description (min 250 to max 800 words)*

Overweight and Obesity is the second leading cause of death worldwide. Obesity is a direct result of inactivity and poor food choices. There is not a single miracle pill that can control weight easily. With this view, Department of Pharmacy, SHS virtually organized a Health Awareness Programme: Obesity - A Silent Killer on 11th Oct. 2021 at 03:00 PM at D-421 Auditorium to deliver excellence in healthcare system.

The guest speakers Mr. Arvind Kumar (Marketing Manager, Brawn Pharmaceutical Labs) & Mrs. Neetu Sharma (Fitness Trainer and Yoga Therapist) were welcomed by Dr. Alka Gupta. She also addressed the students in relevance to the topic.

Mr. Arvind Kumar shared his views on highlighting the WHO statistics, risks and management of obesity. He also touched the pharmaceutical aspects of obesity in

facts behind obesity. She also explained Yoga and Asana helpful in maintaining the body weight and BMI. The difference between overweight and obesity was precisely concluded by her.

At the end, on behalf of SHS, Mr. Saurabh Saraswat expressed vote of thanks to the eminent speakers.

The event was attended by 112 students of School of Health Science along with the faculties of Department of Pharmacy, Optometry, Psychology, Radiology, CVT and MLT.

Subject: Request to organize awareness on Obesity

Dear Sir/Madam,

I hope this message finds you well. I am writing to propose organizing an awareness program focused on obesity, which has become a significant health concern in our community.

Objectives of the Program:

Education: To provide information about the causes, risks, and health implications of obesity.

Prevention Strategies: To discuss effective strategies for maintaining a healthy weight through nutrition and physical activity.

Resources: To offer resources for individuals seeking support in managing their weight.

We suggest holding the program on 11th Oct. 2021, but we are open to adjustments based on availability.

Your support in organizing this awareness program would be greatly appreciated, as it will have a positive impact on the community's health.

Thank you for considering this request. I look forward to your positive response.

Warm regards,

Rahul Saini

Dear Sir,

Thank you for your request to organize an awareness program on obesity. I appreciate your initiative to address such an important health issue within our community. I am pleased to confirm our support for this program on the mentioned date. The objectives and proposed activities you outlined align well with our mission to promote health education. We will work together to finalize the date, venue, and additional details to ensure the program's success.

Thank you once again for your commitment to this cause. I look forward to collaborating with you on this important initiative.

Guest Lecture on Digital Marketing

Date: October 14, 2021

Organizer: School of Business, Sushant University

Introduction:

The School of Business at Sushant University hosted an insightful Guest Lecture on Digital Marketing on October 14, 2021. The lecture aimed to provide students with valuable insights into the rapidly evolving field of digital marketing and its significance in today's business landscape.

Guest Speaker:

The guest speaker for the event was a seasoned professional with extensive experience in the field of digital marketing. is recognized for their contributions to the industry, having worked with leading organizations and successfully implemented digital marketing strategies.

Dean
School of Business
Sushant University
Sector 55, Gurugram, Haryana

[Handwritten Signature]

SUSHANT UNIVERSITY
SECTOR-55, GURUGRAM, HARYANA

Key Highlights:

Overview of Digital Marketing Landscape:

[Guest Speaker's Name] provided an in-depth overview of the current digital marketing landscape, covering trends, challenges, and opportunities. The presentation included insights into the growing importance of digital channels in reaching target audiences.

Case Studies and Real-World Examples:

The guest speaker supplemented theoretical concepts with real-world case studies and examples. This practical approach helped students connect theoretical knowledge with practical applications, showcasing the effectiveness of various digital marketing strategies.

Emerging Technologies in Digital Marketing:

The lecture delved into emerging technologies shaping the digital marketing landscape, such as artificial intelligence, augmented reality, and data analytics. Students gained a forward-looking perspective on the industry's future and the skills required to stay competitive.

Interactive Q&A Session:

The session included an interactive Q&A segment, allowing students to engage directly with the guest speaker. This provided a platform for clarification of concepts, further exploration of specific topics, and a valuable exchange of ideas.

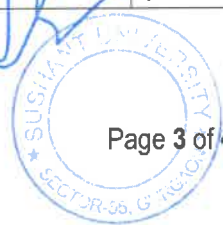

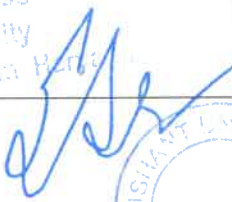

Feedback and Impact:

Feedback from students was overwhelmingly positive, with many expressing appreciation for the practical insights shared by the guest speaker. The lecture sparked interest and curiosity among students about potential career paths in digital marketing and its relevance across industries.

Conclusion:

The Guest Lecture on Digital Marketing organized by the School of Business at Sushant University was a resounding success. It not only enriched students' understanding of digital marketing concepts but also connected them with industry expertise. The event exemplified the School's commitment to providing students with exposure to contemporary business trends and fostering a bridge between academic learning and industry practices. The positive response from attendees highlights the effectiveness of such initiatives in preparing students for the dynamic and competitive world of digital marketing.

Visit to Earth Saviour Foundation

Brief Description (min 250 to max 800 words)*

Department of Psychology from School of Health Sciences of Sushant University successfully organized an Experiential Learning Tour to Earth Savivors Foundation on 27th November 2021 To provide students an experience to communicate and build rapport with individuals with mental disability, to understand the environmental behavior relationship of individuals who are underprivileged and its impact., to understand the mental state of deprived females and motivate them to do better in life. The students were able to comprehend the roles and responsibilities of Health care professionals in providing and looking after differently-abled people.

The Earth Saviour Foundation is an internationally recognized NGO situated in Gurugram, India. It was founded in 2008 by Sh. Ravi Kalra. The foundation is dedicated to serving less privileged people and making every possible effort to protect the environment.

Description (min 250 to max 800 words)*

The School of Business, in collaboration with Imagine XP, organized an engaging activity on Management Games for management students. The session aimed to provide students with a hands-on learning experience that simulates real-world business scenarios. By partnering with Imagine XP, a leading consulting firm specializing in experiential learning, the School of Business sought to enhance students' practical skills and strategic thinking abilities in a dynamic and interactive environment.

The Management Games activity commenced with an introduction to the importance of experiential learning in management education. Facilitators from Imagine XP emphasized how management games offer a valuable opportunity for students to apply theoretical concepts, develop teamwork and leadership skills, and gain insights into decision-

Dea
School
Sushant
Sec: Gurugram Haryana

making processes. The session highlighted the relevance of gamification in fostering active learning and enhancing student engagement.

The main highlight of the activity was the series of game-based learning activities designed and facilitated by Imagine XP. These activities were carefully crafted to simulate various aspects of business management, including strategic planning, resource allocation, problem-solving, and leadership development. Students were divided into teams and tasked with managing virtual companies, competing in simulated markets, and making critical decisions to achieve business objectives.

One of the key components of the Management Games session was the use of business simulation software to create realistic scenarios. Students were immersed in virtual environments where they had to navigate challenges such as market fluctuations, competitive pressures, and operational constraints. Throughout the session, students engaged in collaborative teamwork to solve business challenges and achieve performance goals. By working together in teams, students learned to leverage their collective strengths, communicate effectively, and make consensus-based decisions. The interactive nature of the games fostered a spirit of camaraderie and camaraderie among participants, enhancing their interpersonal skills and building a sense of community within the classroom.

As students navigated through the management games, Imagine XP facilitators provided real-time feedback and guidance to help students reflect on their actions and outcomes. Feedback sessions encouraged students to analyze their decision-making processes, identify areas for improvement, and apply lessons learned to future scenarios. The emphasis on reflection and continuous improvement reinforced the value of learning from experience and adapting strategies in dynamic environments.

The management games session was a highly enriching and impactful learning experience for students. Through engaging gameplay, teamwork exercises, and simulation activities, students gained practical insights into business management and strategic decision-making. The session exemplified the School of Business's commitment to providing students with experiential learning opportunities that prepare them for success in their future careers as innovative and adaptive leaders in the field of management.

10 December 2021 at 09:00

Dear Prof. Nisha,

I wanted to extend my appreciation for organizing the Cyber Security workshop on 9th December 2021. It was an engaging session, and I was glad to see the enthusiasm of the first-year B.Tech students as they explored the critical aspects of cybersecurity.

It was great to provide hands-on training and introduce them to the tools and techniques that will help them protect systems, networks, and data from cyber-attacks. I hope the students found the workshop both informative and inspiring.

Looking forward to more collaborative efforts in the future.

Warm regards,
Anshul Pandey
CEO, Euinac

Dear Prof. Nisha,

Thank you for inviting Euinac to lead the Cyber Security workshop for first-year B.Tech students on 9th December 2021. I am excited to engage with the students and provide them with hands-on training on the fundamentals of cybersecurity, focusing on how to protect systems, networks, and data from cyber-attacks.

If there are any particular tools or topics you'd like me to emphasize, please let me know, and I will ensure they are covered during the workshop.

Subject: Invitation to Lead Cyber Security Workshop for First-Year B.Tech Students

Dear Anshul,

I hope this message finds you well.

I am writing to invite Euinac to collaborate with Sushant University on an upcoming workshop titled "Cyber Security," scheduled for 9th December 2021. This session will be targeted at first-year B.Tech students and will focus on providing them with hands-on training and essential knowledge on how to protect systems, networks, and data from cyber-attacks.

We would be honored to have you lead the session as the expert speaker. Please confirm your availability and participation at your earliest convenience.

Warm regards,

Nisha

Online Session on Pharmaceutical Governance

Description (min 250 to max 800 words)*

Department of Pharmacy organized a webinar on Pharmaceutical Governance in India on 4th February 2022 at 11am in the morning. The guest speaker of the event was Ms. Gunjan Verma currently working as Managing Partner and Director at Asia Actual LLC. She has 20+ professional experience of working with some of the prestigious pharmaceutical organizations like-Baxter, Reckitt Benckiser, Win Medicare and Zimmer Biomet. Her key area of interest is

	<p>Regulatory Affairs and Commercial Quality Assurance for Medical Devices, In-vitro Diagnostic Devices, Pharmaceuticals, Blood Products, Combination Products, Cosmetics and Consumer goods. The speaker explained in a very simple language about the functioning and working of CDSCO organization and she shared information about the medicines used in the treatment of cancer as 4th Feb is considered as a World Cancer Day. The convener of the event was Dr. Alka Gupta (Principal, Department of Pharmacy) and the event was coordinated by Ms. Navneet Vinayak (Assistant Professor, Department of Pharmacy).</p>

Subject: Request to organize an online session on Pharmaceutical Governance in India

Dear Sir/Madam,

I hope this message finds you well. I am writing to request your support in organizing an online session focused on Pharmaceutical Governance in India. Given the significant impact of governance on the pharmaceutical sector, this session would provide essential insights for industry professionals and students.

I propose scheduling this session for next month, and I would be glad to assist in coordinating expert speakers and promoting the event.

I believe that this initiative will enhance understanding of pharmaceutical governance and its implications for the industry. Please let me know your thoughts on this proposal and any further suggestions you may have.

Thank you for considering this important initiative. I look forward to your positive response.

Warm regards,

Rahul Saini

Dear Mr. Rahul,

I am pleased to confirm the organization of the online session on Pharmaceutical Governance in India scheduled for February 4th. I appreciate your support and collaboration in bringing this important topic to our audience.

The session will cover essential aspects of pharmaceutical governance, including regulatory frameworks, the roles of key regulatory bodies, and best practices for compliance. I believe this will provide valuable insights for all participants.

Please let me know if there are any specific details or arrangements you would like to discuss further. I look forward to working together to ensure the success of this session.

Thank you once again for your commitment to this initiative.

Best regards,

Dear Sir,

I hope this message finds you well. I wanted to extend my heartfelt thanks for organizing the recent online session on Pharmaceutical Governance in India, dated 04/02/2022

The event was incredibly informative and well-received, providing participants with valuable insights into the complexities of pharmaceutical regulations. Your efforts in coordinating speakers and facilitating discussions were instrumental in making the session a success.

The feedback from attendees has been overwhelmingly positive, highlighting the relevance and importance of the topics covered. Thank you for your dedication and hard work in bringing this initiative to fruition.

I look forward to collaborating on more initiatives in the future.

Warm regards,

Rahul Saini

Legal Awareness Camp in Village Silani

(Geotag) Photograph-2

Description (min 250 to max 800 words)*

Sushant Univeristy Legal Aid Clinic successfully conducted Legal Awareness camp in Silani Village, Sohna on 15.02.2022. DLSA advocate Mr Jainul Basser and faculty coordinators Dr Deepak and Prof Ayesha addressed the gathering. Villagers highlighted their local problems related to health, hygiene and property related disputes. They were appraised about availability of free legal aid services in Sushant Legal Aid Services. Our student volunteers for the event were Ridhi, Himanshi, Chetan Singh, Soumen Roy, Rohit Bhati.

Subject: Thank You for Your Guest Lecture on Legal Awareness Camp in Village Silani

I wanted to take a moment to sincerely thank you for your insightful and engaging guest lecture on Legal Awareness Camp in Village Silani on 15th February 2022. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Thanks and Regards,

Dr. Deepak

Subject: Invitation to Speak on " Legal Awareness Camp in Village Silani"

Dear Sir,

I hope this message finds you well. As per our telephonic conversation, we are delighted to extend an invitation to you to be a guest speaker at our upcoming workshop on "Legal Awareness Camp in Village Silani" for our students at Ansal University, Gurgaon. The details of the event are as follows:

Date: 15th February 2022

Time: 11am-03pm

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavors. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Thanks and Regards,

Dr. Deepak
Assistant Professor,
School of Law,

NOTICE

Subject: Guest Lecture under Collaboration with DLSA

Dear Students,

We are pleased to inform you that the School of Law, Sushant University, is organizing a Guest Lecture as part of our ongoing collaboration with DLSA. This lecture will provide an excellent opportunity to gain insights from distinguished professionals in the legal field and enhance your knowledge.

Details of the Lecture:

- Topic: Legal Awareness Camp in Village Silani
- Speaker: Mr Jainul Bassar
- Date: 15th February 2022
- Time: 11 A.M. to 3 P.M.
- Venue: Village Silani

We strongly encourage all students to attend this session, as it will be highly beneficial for your academic and professional growth. Attendance is mandatory for all the students of School of Law.

For any queries or further information, please contact the undersigned.

Looking forward to your participation.

Best regards,

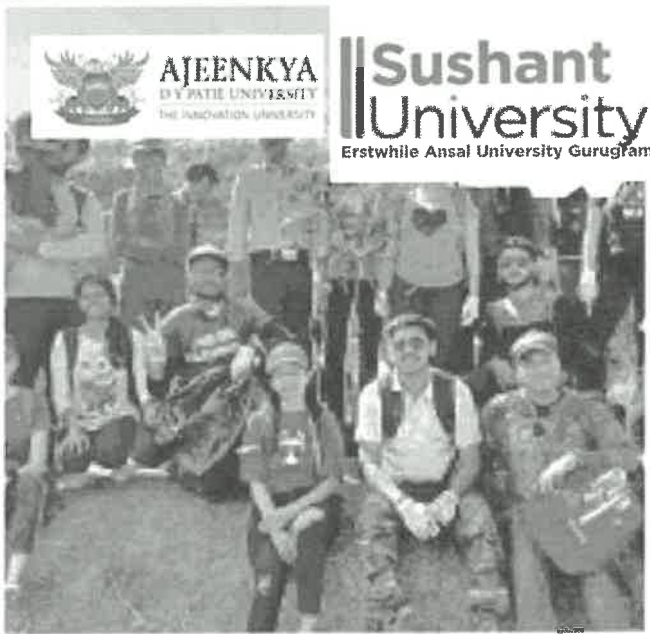

Ms. Ayesha Mukherjee

<p>(Geotag) Photograph-2</p>	
<p>Description (min 250 to max 800 words)*</p>	<p>Joint Biodiversity Exploration Report DY Patil Ajinkya University, Pune and Sushant University, Gurugram Expedition Date: February 17, 2022</p> <p>Executive Summary</p> <p>On February 17, 2022, a collaborative team of researchers from DY Patil Ajinkya University, Pune and Sushant University, Gurugram, conducted a one-day joint exploration of biodiversity in a selected area of the Western Ghats region of Maharashtra. This report outlines the key findings, methodologies, and implications of this brief but intensive research endeavor.</p> <p>Introduction</p> <p>The Western Ghats, a UNESCO World Heritage site, is renowned for its rich biodiversity and is considered one of the world's eight "hottest hotspots" of biological diversity. This joint expedition aimed to conduct a rapid assessment of the region's flora and fauna, observe potential impacts of human activities on local ecosystems, and lay groundwork for future, more comprehensive studies.</p> <p>Objectives</p> <ol style="list-style-type: none"> 1. Conduct a rapid survey of plant and animal species in the selected study area 2. Make preliminary assessments of local ecosystem health 3. Identify potential areas for future, more in-depth research 4. Propose initial conservation strategies based on the day's observations

Methodology

Given the time constraints, the research team employed a focused approach to data collection:

1. **Transect sampling:** Researchers established 2 linear transects, each 500m long, to survey plant and animal species.
2. **Camera trapping:** 5 motion-sensitive cameras were placed to capture images of wildlife.
3. **Water sampling:** Samples from 2 local water bodies were collected for later analysis.
4. **Drone survey:** A single drone flight was conducted to get an aerial view of the study area.
5. **Local guide interview:** Researchers engaged with a local guide to gather preliminary traditional ecological knowledge.

Key Findings

Flora

The expedition documented 37 plant species, including:

- 8 species of trees
- 12 species of shrubs
- 14 species of herbs
- 3 species of climbers

Notable observations include:

- An orchid species (genus *Dendrobium*) that requires further study for precise identification
- One plant species that is rare in the region

Fauna

The team recorded sightings or signs of 24 animal species, including:

- 5 species of mammals
- 14 species of birds
- 3 species of reptiles
- 2 species of amphibians

Significant observations:

- Signs of the vulnerable Indian Giant Squirrel (*Ratufa indica*)
- Sighting of the Malabar Trogon (*Harpactes fasciatus*), indicating good forest health

Ecosystem Health

The research team made preliminary observations on ecosystem health:

1. Some signs of habitat fragmentation at the edges of the study area
2. Presence of the invasive plant *Lantana camara* in disturbed areas
3. One instance of illegal tree cutting observed

Conservation Strategies

Based on the day's observations, the research team proposes the following initial conservation strategies:

1. Further study to assess the extent of habitat fragmentation
2. Development of a management plan for invasive species control
3. Engagement with local communities for sustainable forest resource use
4. Enhanced monitoring to prevent illegal activities

Implications and Future Research

This one-day joint expedition has provided a snapshot of the area's biodiversity and laid the groundwork for future, more comprehensive studies. The observations underscore the need for continued research and conservation efforts in the Western Ghats.

Proposed future research directions include:

1. Extended surveys to fully document the area's biodiversity
2. Detailed study of the potentially rare orchid species observed
3. Long-term monitoring of the Indian Giant Squirrel population
4. Comprehensive assessment of human impacts on the local ecosystem

Conclusion

The collaborative effort between DY Patil Ajinkya University, Pune and Sushant University, Gurugram has yielded valuable initial insights into the biodiversity of this part of the Western Ghats. While limited in scope, this expedition provides a foundation for future research and conservation efforts.

The success of this joint venture demonstrates the potential of inter-university collaboration in addressing complex environmental challenges. It is recommended that this partnership continue with more extensive, long-term research projects in the region.

Acknowledgments

The research team extends its gratitude to the Forest Department of Maharashtra, the local guide for their cooperation, and both universities for their support and resources. This expedition was made possible by internal funding from both universities.

Dear Sir,

I thank you from the bottom of my heart for inviting our students at your institute at our request. Your event and workshop on "Swachh Bharat Abhiyan" was useful for our students and faculty.

The event served the purpose in the best possible way, and it was a huge success.

I thanks to your enlightening words that inspired so many people out there.

I look forward to our next interaction soon.

Wishing you all the best for your future endeavours,

Yours sincerely,

Dean

Sir,

Ajeenkya DYpatil University, Pune

It is my privilege to accept your invitation to deliver an expert lecture.

The event will be “Swatch bharaT Abhiyan” and several activities will be organised to relate cleanliness with sustainability and climate crises.

I will deliver this event on 17th November 2022 at our institute. We will take care of the student accommodation as per the provision of the MOU.

Please consider this email as my consent.

With best regards,

Dear Sir,

Greeting from The school of design, Sushant University

I would like to request for your kind permission to accept our school of design students for a visit to Ajeenkya DYpatil university for attending the cleaning drive of swatch bharaT abhiyan event. This visit will be organized as per our existing MOU between the two premier institutes.

I would like to know the date of the event as per your convenience. The month of november 2022 will be suitable for us.

Please consider this letter as a humble invitation.

With Best Regards,

Dean

(Geotag) Photograph-1*	Fig 2 Work on the Ghat
(Geotag) Photograph-2	Fig 3 Ghat renovation

Description (min 250 to max 800 words)*

he workshop was conducted by INTACH Centre for Training and Capacity Building (ICTCB) in collaboration with the Architectural Heritage division at INTACH.

An expert on timber, Mr. Benny Kuriakose from Chennai was the guest speaker and he presented various cases of timber conservation and timber defects. The programme saw participation from enthusiasts from different parts of the country like Delhi, Gujarat and Kerala.

There was practical training in carpentry on site under the guidance of local artisans and the timber experts.

Day 1: Introduction and Overview

The workshop begins with an introduction to the significance of timber in historic buildings, particularly in the context of Varanasi's architectural heritage.

Presentations on the history, properties, and traditional use of timber in construction, focusing on its role in the cultural and architectural identity of Varanasi.

Field visit to Balaji Ghat to observe examples of timber structures in historic buildings and assess their conservation needs.

Discussions on the challenges and opportunities associated with conserving timber in heritage buildings, considering issues such as decay, insect infestation, and environmental factors.

Day 2: Conservation Techniques and Case Studies

Detailed sessions on timber conservation techniques, including documentation, assessment, repair, and maintenance strategies.

Case studies highlighting successful timber conservation projects from around the world, with a focus on best practices, innovative solutions, and adaptive reuse of timber elements.

	<p>Practical demonstrations of timber preservation methods, such as surface treatments, consolidation, and structural reinforcement techniques.</p> <p>Group discussions and brainstorming sessions to explore potential conservation approaches for timber elements at Balaji Ghat and other heritage sites in Varanasi.</p> <p>Day 3: Hands-on Training and Stakeholder Engagement</p> <p>Hands-on training sessions where participants learn practical skills related to timber conservation, including wood identification, cleaning, and treatment methods.</p> <p>Collaborative exercises to develop conservation plans and prioritize interventions for timber structures at Balaji Ghat, considering technical, cultural, and community perspectives.</p> <p>Engagement with local stakeholders, including craftsmen, conservationists, and community members, to discuss the importance of preserving timber heritage and encourage collective action towards conservation efforts.</p> <p>Closing ceremony and presentation of certificates to workshop participants, with reflections on key learnings, challenges, and opportunities for future collaboration in timber conservation initiatives in Varanasi.</p> <p>Overall, the three-day workshop at Balaji Ghat, Varanasi, provides a comprehensive platform for knowledge exchange, skill-building, and stakeholder engagement in the conservation of timber in historic buildings, contributing to the preservation and sustainability of the city's rich architectural heritage.</p>

SU/SAA/2022/02/02

To,

The Director,

INTACH -Indian national trust for art and cultural heritage

Subject: Invitation for workshop By INTACH Centre For Training And Capacity Building (ICTCB) Restoration of Balaji Ghat – Varanasi.

Dear Sir/Ma'am,

I hope this message finds you well. As per our conversation, we are delighted to extend an invitation for **workshop by INTACH Centre For Training And Capacity Building (ICTCB) Restoration of Balaji Ghat – Varanasi** for our students at Sushant University, Gurgaon. The details of the event are as follows:

- **Date: 18-20 Feb 2022**
- **Time: 9:00 A.M - 5:00 P.M.**
- **Venue: Balaji Ghat – Varanasi**

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavours. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Best regards,

Ms Sehba Saleem

Department of Planning and Development,

School of Art and Architecture

Sushant University

Date: 16 Feb 2022

NOTICE

Dear Students,

We are pleased to inform you that the Department of Planning & Development, School of Art and Architecture , Sushant University, is organizing an **workshop by INTACH Centre For Training And Capacity Building (ICTCB) Restoration of Balaji Ghat – Varanasi**. This event will provide an excellent opportunity to gain insights from distinguished professionals on public safety and enhance your knowledge. The details of the event are as follows:

- **Date: 18-20 Feb 2022**
- **Time: 9:00 A.M - 5:00 P.M.**
- **Venue: Balaji Ghat – Varanasi**

We strongly encourage all students to attend this session, as it will be highly beneficial for your academic and professional growth. Attendance is mandatory for all the students of School of Art and Architecture.

For any queries or further information, please contact the undersigned.

Looking forward to your participation.

For Dean SAA Office
School of Art and Architecture

SU/SAA/2022/02/20

To,

The Director,

INTACH -Indian national trust for art and cultural heritage

Subject: Thank You for workshop by INTACH Centre For Training And Capacity Building (ICTCB) Restoration of Balaji Ghat – Varanasi.

I wanted to take a moment to sincerely thank you for your insightful and engaging **workshop by INTACH Centre For Training And Capacity Building (ICTCB) Restoration of Balaji Ghat – Varanasi** as part of our ongoing collaboration with INTACH on **18-20 Feb 2022**. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Best regards,

Ms Sehba Saleem

Fig 1:- How to do a review of literature

Photograph-1*

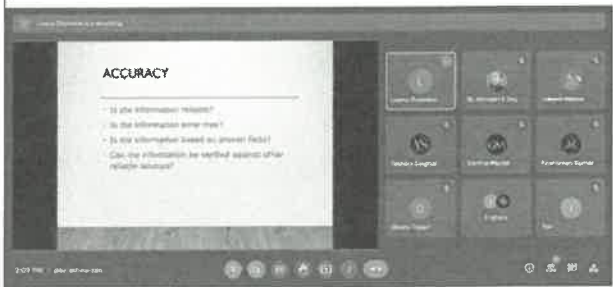

Fig 2:- Screenshot of the online session via Google Meet

Photograph-2

Fig 3:- Image showing the Attendees and the Session Coordinator

Description (min 250 to max 800 words)*

On 9th March 2022, workshop on How to do review of literature was held by School of Planning and development through online mode. It was organised and conducted by Leena Thombre (Assistant professor- SPD). The audience consisted of students and faculties.

Goal/ Purpose of the Event: To enhance literature review skills in thesis students and researchscholars.

Concept Note and Collaterals: Scholars benefit from literature reviews in thesis and research articles for a variety of reasons. The authors review relevant literature to identify a research gap or knowledge deficit that their present study can fill. Literature review generates new insights about how a particular topic is currently and has been previously understood by the existing literature. It provides justification for

the new study, research, or grant.

But how do writers summarise the discussion and then contribute to it? This session introduces researchers to the conventional structure of a literature review in thesis, taking into consideration variances in communicative aims and disciplinary distinctions.

Summary of the proceeding:

- The workshop was conducted as lecture and interactive session which was mainly focused on addressing the right methods to review a literature for research purposes. It was largely attended by students of Thesis batch. Following topics covered during the workshop:
- Resource evaluation
- Writing techniques
- Paraphrasing
- Referencing

Workshop Outline

Introduction to Literature Reviews

Definition and purpose

Types of literature reviews: narrative, systematic, meta-analysis, and scoping reviews

Role in the research process

Planning the Review

Defining the research question or hypothesis

Setting the scope and limitations

Identifying key concepts and keywords

Searching for Literature

Sources of literature: academic journals, books, conference proceedings, and grey literature

Using databases: PubMed, Google Scholar, JSTOR, etc.

Advanced search techniques: Boolean operators, filters, and citation tracking

Evaluating and Selecting Sources

	<p>Criteria for selecting relevant studies Assessing the quality and credibility of sources Managing sources with reference management tools (e.g., EndNote, Mendeley, Zotero) Organizing the Review</p> <p>Developing a structure for the review Thematic vs. chronological organization Creating an outline Synthesizing Information</p> <p>Summarizing key findings Identifying trends, patterns, and gaps Critically analyzing and comparing studies Writing the Review</p> <p>Crafting an introduction: setting the context and stating the purpose Body of the review: presenting synthesized information</p> <p>Conclusion: summarizing key insights and suggesting future research directions Ensuring coherence and flow Citing Sources</p> <p>Understanding different citation styles (APA, MLA, Chicago, etc.) Avoiding plagiarism Using citation management software effectively Interactive Sessions and Activities The workshop includes interactive sessions where participants will engage in hands-on activities:</p> <p>Search Strategy Exercise: Participants will practice developing search strategies and using databases to find relevant literature. Critical Appraisal Workshop: Small group discussions on evaluating and selecting sources based on quality and relevance. Synthesis Activity: Exercises on summarizing and synthesizing information from multiple sources. Writing Lab: Guided writing sessions to help participants start drafting their literature reviews with feedback from peers and instructors. Conclusion By the end of the workshop, participants will have a clear understanding of how to conduct a literature review, from planning and searching for literature to organizing, synthesizing, and writing the review. They will be equipped with practical skills</p>
--	--

	<p>and strategies that can be applied to their research projects, ensuring their literature reviews are thorough, critical, and well-structured.</p> <p>This workshop not only aims to enhance the technical skills required for literature reviews but also to foster a deeper appreciation for the critical role they play in advancing academic research. Participants will leave with increased confidence in their ability to undertake comprehensive literature reviews, contributing to the rigor and quality of their research endeavors.</p>

Description (min 250 to max 800 words)*

Introduction

Geographical Information Systems (GIS) have revolutionized the way we analyze and visualize spatial data. A GIS workshop provides an in-depth exploration of this technology, offering participants practical skills and theoretical knowledge to harness the power of spatial analysis for various applications. This brief outlines the key components and benefits of a GIS workshop, illustrating how it equips individuals and organizations with essential GIS skills.

Objectives of the Workshop

Understanding GIS Fundamentals:

The workshop typically begins with an introduction to GIS concepts and terminology. Participants learn about the core components of GIS, including hardware, software, data, and people. This foundational knowledge is crucial for understanding how GIS functions and its applications in real-world scenarios.

Data Management and Analysis:

A significant focus of the workshop is on managing spatial data. Participants are trained in data acquisition, storage, and manipulation, including the use of geographic databases. They also learn how to perform spatial analysis, such as overlay analysis, buffering, and network analysis, to extract valuable insights from geographic data.

Mapping and Visualization:

Effective visualization is a key strength of GIS. The workshop covers techniques for creating and customizing maps, including the use of symbology, labels, and annotations. Participants learn how to design visually appealing and informative maps that communicate spatial information clearly.

Practical Application:

Participants engage in hands-on exercises to apply GIS techniques to real-world problems. This includes working with case studies and datasets relevant to their field of interest, whether it be urban planning, environmental management, transportation, or public health. These practical applications help reinforce learning and demonstrate the value of GIS in various contexts.

Software Proficiency:

The workshop introduces participants to popular GIS software platforms, such as ArcGIS, QGIS, or other relevant tools. Training covers the functionalities of these platforms, including data import/export, spatial analysis tools, and map creation features. Proficiency in these tools is essential for effectively utilizing GIS technology.

Integrating GIS with Other Technologies:

Advanced workshops may explore how GIS integrates with other technologies, such as remote sensing, GPS, and data analytics tools. This integration enhances the capabilities of GIS and allows for more comprehensive spatial analysis and decision-making.

Benefits of Attending a GIS Workshop

Enhanced Skills and Knowledge:

Participants gain a solid understanding of GIS principles and practical skills that can be applied to their specific professional or academic interests. The workshop provides valuable training in both basic and advanced GIS techniques.

	<p>Improved Decision-Making: GIS enables better decision-making by providing spatial insights and data-driven analysis. Participants learn how to leverage GIS to make informed decisions in areas such as urban planning, resource management, and emergency response.</p> <p>Career Advancement: Proficiency in GIS is a highly sought-after skill in many fields, including geography, environmental science, engineering, and public administration. Completing a GIS workshop enhances participants' resumes and opens up new career opportunities.</p> <p>Networking Opportunities: Workshops often bring together professionals, researchers, and enthusiasts with similar interests. This environment fosters networking and collaboration, allowing participants to share experiences, discuss challenges, and explore potential partnerships.</p> <p>Hands-On Experience: Practical exercises and real-world applications during the workshop ensure that participants can apply their knowledge immediately. This hands-on experience is crucial for building confidence and competence in using GIS tools and techniques.</p> <p>Problem-Solving Skills: Working through case studies and practical problems helps participants develop critical thinking and problem-solving skills. They learn to approach spatial issues systematically and creatively using GIS.</p> <p>Conclusion A Workshop on Geographical Information Systems (GIS) offers comprehensive training in the principles, tools, and applications of GIS technology. By covering foundational concepts, practical applications, and software proficiency, the workshop equips participants with the skills necessary to leverage GIS for effective spatial analysis and decision-making. Attendees benefit from enhanced knowledge, improved career prospects, and the ability to address complex spatial challenges in their professional fields.</p>

Description (min 250 to max 800 words)*

Title: Unveiling Insights Through Collaboration: A Case Study Session by the School of Business in Partnership with ISDC

In a strategic alliance aimed at promoting experiential learning and fostering industry-relevant skills, the School of Business partnered with the International Skill Development Corporation (ISDC) to organize a dynamic Case Study Session. Set to take place on March 23, 2022, starting from 2:00 PM onwards, this collaborative initiative seeks to provide students with a platform to analyze real-world business scenarios, engage in critical thinking, and develop practical solutions.

Dean
School of Business
Sushant University
Sector 55 Gurugram Haryana

The Case Study Session serves as a cornerstone of applied learning, offering participants a hands-on opportunity to grapple with the complexities and uncertainties of the business world. By immersing themselves in real-life case studies spanning various industries and functional areas, students are challenged to apply their academic knowledge, analytical skills, and creativity to devise strategic recommendations and actionable insights.

The collaboration between the School of Business and ISDC underscores a commitment to bridging the gap between theory and practice, academia and industry. Leveraging ISDC's extensive expertise in skill development and industry insights, the case studies selected for the session are curated to reflect contemporary challenges and trends, ensuring relevance and applicability to today's business landscape.

Commencing at 2:00 PM, the Case Study Session unfolds as an interactive and collaborative learning experience. Participants are organized into teams and presented with a series of case studies, each accompanied by a set of questions and prompts designed to stimulate discussion and analysis. Guided by facilitators from both the School of Business and ISDC, students delve into the intricacies of each case, exploring different perspectives, weighing alternative solutions, and synthesizing their findings into comprehensive recommendations.

Furthermore, the Case Study Session serves as a catalyst for peer-to-peer learning and knowledge exchange. Through group discussions, brainstorming sessions, and collaborative problem-solving activities, participants have the opportunity to leverage the diverse expertise and perspectives within their teams, enriching their understanding and expanding their horizons.

The event extends beyond mere academic exploration, fostering networking opportunities and industry connections. With representatives from ISDC and invited industry experts present, participants gain invaluable insights into the practical realities of various sectors and disciplines. Moreover, the interactive nature of the session facilitates meaningful engagement and

Dean 
School of Business
Sushant University

Secy. Gurugram Haryana

dialogue, paving the way for potential collaborations and career opportunities.

As the session draws to a close, participants are encouraged to reflect on their learning journey and extract key takeaways from the case studies analyzed. Facilitators provide guidance on synthesizing their insights into actionable recommendations, empowering students to translate theory into practice and make meaningful contributions in their future careers.

In conclusion, the Case Study Session organized by the School of Business in collaboration with ISDC on March 23, 2022, embodies a commitment to excellence, innovation, and collaboration in education. Through its immersive learning experiences, industry-relevant insights, and collaborative engagement, the session equips participants with the skills, knowledge, and confidence to navigate the complexities of the modern business world. As we continue to embrace the opportunities and challenges of a rapidly evolving global marketplace, initiatives like these play a pivotal role in shaping the next generation of business leaders and change-makers.

<p>Description (min 250 to max 800 words) *</p>	<p>At the School of Art and Architecture (SAA), we share goals of innovation in learning through a focus on a socially relevant education in Planning and Architecture. This also allows us to position ourselves internationally. We aim to contribute with architects who are sensitive, articulate and confident with a strong ethical awareness of their positive role in culture and society. Upgrading research skills in the country and developing intensive faculty training programmes helps us extend our pedagogic output whilst infrastructure has been upgraded with state-of-the-art studios and workshops. Expanding the library with an online database of books, references, national & international periodicals and journals are some critical steps for the way ahead that the school has heavily invested in.</p> <p>Key Points:</p> <ul style="list-style-type: none"> • The Degree Show 2022 showcased the best of the final year deliverables of all the degree programmes at School of Art and Architecture. • On display were the awarded Theses and Dissertations of the undergraduate and postgraduate programmes. • This was attended by our eminent Alumni and Architects and was an important interface between the students and the industry providing Sushant students an excellent networking opportunity.

To,

The Director,

Jugal Kishore Chowdhary Charitable and Educational Trust

Subject: Invitation for exhibition of SAA Degree Show 2022.

Dear Sir/Ma'am,

I hope this message finds you well. As per our conversation, we are delighted to extend an invitation for **exhibition of SAA Degree Show 2022** for our students at Sushant University, Gurgaon. The details of the event are as follows:

- **Date: 6 Apr 2022**
- **Time: 10:00 A.M - 05:00 P.M.**
- **Venue: E Block**

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavours. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Best regards,

Ms Sehba Saleem

To,

The Director,

Jugal Kishore Chowdhary Charitable and Educational Trust

Subject: Thank You for exhibition of SAA Degree Show 2022.

I wanted to take a moment to sincerely thank you for your insightful and engaging **exhibition of SAA Degree Show 2022** as part of our ongoing collaboration with **JKCCET** on **6 Apr 2022**. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Best regards,

Ms Sehba Saleem

Description (min 250 to max 800 words)*

On April 25, 2022, a distinguished guest lecture on "A Comparative Perspective on Corporate Sustainability Due Diligence" was jointly organized by Westminster and the School of Art and Architecture at Sushant University. This

insightful event brought together students, faculty, and industry professionals to explore the multifaceted dimensions of corporate sustainability and due diligence from a global viewpoint.

The lecture was aimed at fostering a deeper understanding of how different regions and sectors approach the increasingly critical area of corporate sustainability. The keynote speaker, an esteemed expert in the field, delved into the comparative analysis of corporate sustainability practices across various jurisdictions. The discussion highlighted the evolving regulatory landscapes, best practices, and the strategic importance of integrating sustainability into corporate governance frameworks.

One of the primary focal points of the lecture was the examination of regulatory requirements and frameworks governing corporate sustainability due diligence in different parts of the world. The speaker emphasized the significance of the European Union's Corporate Sustainability Reporting Directive (CSRD) and the United Nations Guiding Principles on Business and Human Rights (UNGPs). These frameworks were contrasted with regulatory approaches in other regions, including North America and Asia, showcasing how varying legal and cultural contexts influence corporate sustainability strategies.

The lecture underscored the role of due diligence in identifying, preventing, and mitigating adverse impacts on the environment and society. Through real-world case studies, the speaker illustrated how companies that proactively engage in sustainability due diligence can not only comply with regulatory requirements but also gain a competitive edge. The examples spanned various industries, from manufacturing to technology, providing a comprehensive overview of the practical applications of sustainability principles.

A significant portion of the discussion was dedicated to the challenges and opportunities associated with implementing effective corporate sustainability due diligence. The speaker highlighted common obstacles such as resource constraints, lack of standardized reporting frameworks, and the complexity of supply chain

	<p>management. However, the lecture also presented innovative solutions and emerging trends that can help overcome these challenges. These included the adoption of advanced technologies for data collection and analysis, collaboration with stakeholders, and the integration of sustainability goals into corporate strategy and culture.</p> <p>The interactive Q&A session that followed the lecture allowed participants to engage directly with the speaker, fostering a dynamic exchange of ideas and perspectives. Students and faculty from the School of Art and Architecture, as well as attendees from Westminster, raised pertinent questions about the future of corporate sustainability, the role of architecture and design in promoting sustainable practices, and the impact of global events such as climate change on corporate governance.</p> <p>In conclusion, the guest lecture on "A Comparative Perspective on Corporate Sustainability Due Diligence" provided a rich and nuanced understanding of the complexities and imperatives of corporate sustainability in today's globalized world. By bringing together insights from different regions and sectors, the event highlighted the importance of a holistic and integrated approach to sustainability due diligence. The collaboration between Westminster and the School of Art and Architecture at Sushant University exemplified the power of interdisciplinary dialogue in addressing some of the most pressing challenges of our time.</p>

- An industrial visit to a Modern Diagnostic & Research Centre was organized for B.SC.MLT VIth semester students on 30th May. It was a great informative session. Main objective of this visit was to learn about latest techniques used in molecular diagnostic lab and advances amid Covid-19 era.
- The technologists demonstrated different techniques like PCR, real time PCR, Reverse transcriptase PCR, electrophoresis along with their result

analysis which is totally computer based interpretation. Students also learned about working serological based advanced techniques like ELISA. Though not planned but students also got a chance to observe work in Histopathology department. Students were able to clear a lot of their doubts which they had from their theory classes with live demonstration.

- This visit was very interesting and valuable session for them and positive feedback was received from each student.

Brief Description (min 250 to max 800 words)*

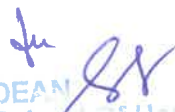

for JH

DEAN
School of Health Sciences
Sushant University
Sector-33
Gurgaon, Haryana

The experiential learning trip proved to be an invaluable educational experience for our psychology students, offering them a unique opportunity to observe and interact with children facing various developmental challenges, including Autism Spectrum Disorder, Down's syndrome, and Intellectual Disabilities. Through carefully coordinated activities and engaging interactions, students not only witnessed the diverse behavioral and emotional responses of these children but also applied their theoretical knowledge of psychology in a real-world context.

	<p>They observed the recreational room used for physical therapy and another room for hobbies. This hands-on experience enhanced their observational skills, deepened their understanding of child psychology, and fostered a profound sense of empathy and cultural sensitivity. Moreover, our students generously gave donations to support the children's needs, demonstrating their commitment to social responsibility.</p>
