Mr. Amit Pasricha(Founder India Lost and Found) Giving Lecture on Photography and Documentation of Built Heritage

(Geotag) Photograph-2

Group Photograph with All the participants who attended the workshop

Description (min 250 to max 800 words)*

The Aim of the workshop is to draw attention of the youth to our heritage using the medium of observations through Mobile Photography. How to draw max juice from your Mobile Phone Camera. Teach fundamentals of form, light and composition, with particular focus on architectural photography Collaborative network leveraging social media platforms and #hashtags to connect participants from across workshops to come together and share their experience around photography, monument visited, collaborate on projects and so on.

Lead - Amit Pasricha Workshop Coordinator &
Digital Support - Somya Malik Heritage Expert -
Intach Regional Chapter Workshop Assistant -
Proneet De Kashyap Documentation - Rajan Gajurel

Key Points:

- India as one of the world's largest, oldest, richest civilizations is known for its abundance of built heritage.
- While ASI protects 3650 monuments, 35,000 to 7,00,000 structures lie unprotected. Delhi alone has over 1000 unprotected monuments.
- Dialogue on heritage is limited and the youth is particularly disengaged on this subject.
- Photography is a powerful tool of connecting with the outside world, of discovery and of sharing a vision.
- Photography, like any other language, is the skill of communicating your thoughts, beliefs, passions with the world.
- The Mobile Phone Camera with its convenience and inbuilt connectivity to social media platforms is the photographic tool of today and the future.

SU/SAA/2022/05/20

To,

The Director,

INDIA LOST & FOUND

Subject: Invitation for A Workshop on Photographing the Lesser Known Monuments of India with AMIT PASRICHA 2022.

Dear Sir/Ma'am,

I hope this message finds you well. As per our conversation, we are delighted to extend an invitation for a **Workshop on Photographing the Lesser Known Monuments of India with AMIT PASRICHA 2022** for our students at Sushant University, Gurgaon. The details of the event are as follows:

- **Date: 02 June 2022**
- **Time: 10:00 A.M - 2:00 P.M.**
- **Venue: E-509**

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavours. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Best regards,

Ms Sehba Saleem

School of Art and Architecture

Sushant University

SU/SAA/2022/06/04

To,

The Director,

INDIA LOST & FOUND

Subject: Thank You for Workshop on Photographing the Lesser Known Monuments of India with AMIT PASRICHA 2022

I wanted to take a moment to sincerely thank you for your insightful and engaging **Workshop on Photographing the Lesser Known Monuments of India with AMIT PASRICHA 2022** as part of our ongoing collaboration with **India Lost & Found** on **02 June 2022**. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Best regards,

Ms Sehba Saleem

NOTICE

Dear Students,

We are pleased to inform you that the Department of Planning & Development, School of Art and Architecture , Sushant University, is organizing a **Workshop on Photographing the Lesser Known Monuments of India with AMIT PASRICHA 2022**. This workshop will provide an excellent opportunity to gain insights from distinguished professionals on public safety and enhance your knowledge. The details of the event are as follows:

- **Date: 02 June 2022**
- **Time: 10:00 A.M - 2:00 P.M.**
- **Venue: E-509**

We strongly encourage all students to attend this session, as it will be highly beneficial for your academic and professional growth. Attendance is mandatory for all the students of School of Art and Architecture.

For any queries or further information, please contact the undersigned.

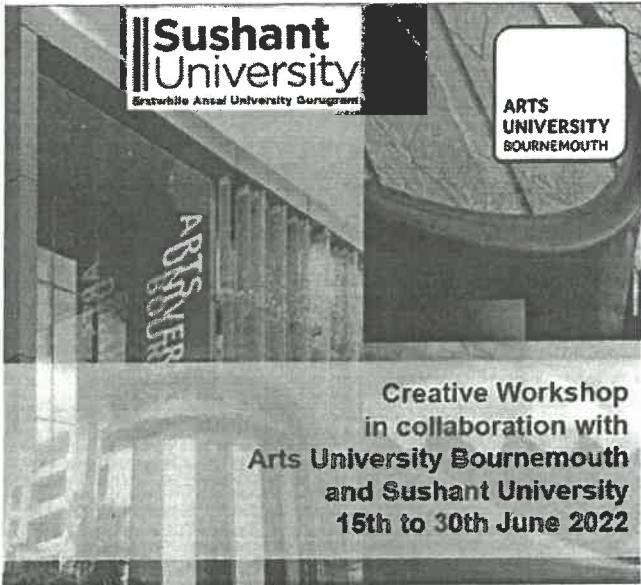

Looking forward to your participation.

Description (min 250 to max 800 words)*

In an endeavor to broaden their creative horizons and gain international exposure, students from the School of Design at Sushant University embarked on an enriching two-week excursion to Arts University Bournemouth (AUB) in the United Kingdom. This creativity exploration workshop was meticulously designed to immerse the students in various creative processes and expose them to a wide array of tools, techniques, and methodologies used in contemporary design and art practices. The workshop was not only a learning experience but also a unique opportunity for the students to interact and collaborate with the experienced and highly esteemed faculty of AUB.

The core focus of this workshop was to enhance the students' understanding of creativity and its application in design. Creativity is a fundamental aspect of any design discipline, and this workshop aimed to push the boundaries of the students' creative thinking. Through a series of hands-on activities, guided sessions, and collaborative projects, the students were encouraged to explore new ways of thinking and approaching design problems. They were introduced to a variety of creative processes that helped them generate innovative ideas and solutions.

One of the key highlights of the workshop was the exploration of printmaking techniques. Printmaking is an age-old art form that involves

creating artworks by printing, typically on paper. The students had the opportunity to work with both traditional and contemporary printmaking tools and equipment. They learned about different printmaking techniques such as etching, lithography, screen printing, and woodcut. Under the guidance of AUB's skilled printmaking instructors, the students experimented with these techniques, creating their own prints and gaining a deep appreciation for the craftsmanship involved in printmaking. This hands-on experience allowed them to understand the intricacies of the process and how it can be applied in modern design contexts.

Another significant aspect of the workshop was focused on idea generation. Generating original and innovative ideas is a critical skill for any designer. The students participated in various brainstorming sessions, creative exercises, and collaborative projects designed to stimulate their imaginations and encourage out-of-the-box thinking. They were introduced to different ideation techniques such as mind mapping, sketching, and concept development. These activities not only helped them generate a plethora of ideas but also taught them how to refine and develop those ideas into viable design solutions. The collaborative nature of these exercises also emphasized the importance of teamwork and how diverse perspectives can lead to richer and more innovative outcomes.

Life drawing sessions were another integral part of the workshop. Life drawing, the practice of drawing from a live model, is an essential skill for any artist and designer. It helps in understanding human anatomy, proportions, and movement, which are crucial for creating realistic and expressive representations in design. The students attended multiple life drawing classes where they had the opportunity to draw from live models under the expert guidance of AUB faculty. These sessions helped them improve their observational skills, understand the human form better, and express it more accurately and creatively in their work. The emphasis was not just on capturing the likeness of the model but also on interpreting and expressing the essence of the human form through their drawings.

Throughout the two weeks, the students also had access to AUB's state-of-the-art facilities and resources. They explored various manual and digital tools and equipment that are essential for modern design practices. This exposure to

advanced technology and cutting-edge equipment enabled them to experiment with new techniques and approaches, enhancing their technical skills and broadening their creative toolkit.

The interaction with AUB's faculty was another invaluable aspect of the workshop. The faculty at AUB are renowned for their expertise and experience in various fields of design and art. The students had the opportunity to learn from these experts through lectures, demonstrations, and one-on-one mentoring sessions. The faculty provided insightful feedback on the students' work, helping them refine their ideas and improve their techniques. This interaction also exposed the students to different teaching styles and philosophies, enriching their educational experience.

In conclusion, the two-week creativity exploration workshop at Arts University Bournemouth was a transformative experience for the students from the School of Design at Sushant University. It not only expanded their creative horizons but also equipped them with valuable skills and knowledge that will benefit their future careers. The workshop emphasized the importance of creativity, printmaking, idea generation, and life drawing in the field of design, providing the students with a comprehensive and immersive learning experience. The collaboration with AUB faculty and the exposure to advanced tools and techniques significantly enhanced their understanding of contemporary design practices, making this excursion a pivotal moment in their educational journey.

Subject: Gratitude for Accepting workshop request

Dear Sir,

I'm writing on behalf of the Institute of School of Design to express our heartfelt gratitude for Arts University Bournemouth accepting our internship request. We're thrilled about our students gaining practical experience at your esteemed organization, confident this collaboration will benefit both parties. We eagerly await the partnership's details and look forward to a successful collaboration.

Thank you for nurturing the future workforce.

Yours sincerely

Cc: Zuzana Kaletova <zkaletova@aub.ac.uk>

Dear Jeyanthi,

It's very nice to hear from you.

I understand you wish to revert to the original course proposal (as attached), which is entirely acceptable.

As discussed and to confirm:

Course dates 6 – 20 June 2019

30 students (2nd semester)

Itinerary

Sunday 5 June

Arrival

Flight arrival times tbc

Airport transfer London-Bournemouth

Student ambassador shall meet group at airport and escort to Halls of Residence

Evening tour of Bournemouth if time allows

Monday 6 June

Courtesy Halls-Campus bus transfer (escorted, each day)

Official 'Welcome' breakfast

Course commences

Design Challenge Workshop Pt.1

Tuesday 7 June

Design Challenge Workshop Pt.2

Wednesday 8 June

Design using Adobe Creative Suite

Thursday 9 June

Screenprinting

Friday 10 June

Photography

On location – Jurassic Coast (Dorset)

Saturday 11 June

London – Cultural excursion

Depart Halls at 07.00

Sunday 12 June

Free day to explore local area

Monday 13 June

Costume

Tuesday 14 June

Interior Architecture

Wednesday 15 June

Storyboarding for Film

Thursday 16 June

Film Making

Friday 17 June

Course completion and exhibition

Saturday 18 June

Activities to be confirmed

Sunday 19 June

Activities to be confirmed

Monday 20 June

Return Halls-Airport transfer

Flight departure times tbc

Course includes

London Airport transfer (escorted by student ambassador to and from Bournemouth)

Halls of Residence- Madeira Road accommodation <https://aub.ac.uk/apply/accommodation/halls-residence/>

Complimentary daily campus bus service

Welcome meal

Full access to all specialist university resources and state of the art facilities

Specialist AUB teaching staff, with close industry links

All course materials and specialist resources

60 taught hours

Course trips, where recommended as part of course study

Breakfast & lunch package, on campus (Monday- Friday)

A dedicated course ambassador, providing local evening tour of Bournemouth

A weekend excursion

A graduation/certificate event to celebrate successful course completion

Additional support

Complimentary place for an accompanying staff member to conduct CPD opportunities, including accommodation

Supporting letters for Short Term Study Visa application purposes

Fees

£1,650 p/p

Total payable £49,500 GBP

If the above information and course details are acceptable, I shall instruct AUB Finance to invoice Sushant School of Design for the above total, or I can issue invoices to each student separately, please advise?

Once payment is received, my colleague Zuzana Kaletova shall issue you/your students with supporting letters for UK visa application purposes.

I trust the course itinerary and chosen electives are acceptable, however, should you require any changes please advise as soon as possible.

Best wishes,

Pete

Dear Peter,

Many thanks for this.

However, we shall revert to your earlier proposal. We have a group of 30 students of the 2nd semester who would like to attend the Summer Short Course.

I hope we can speak soon and move forward on this.

Thank you

Warm Regards

Dear Jeyanthi,

In response to your feedback and request, I have developed a programme specifically for your senior students who I believe will appreciate a more demanding and challenging series of electives.

As per the attached proposal, you will see that I have provided a programme that builds upon existing knowledge and understanding with measured outcomes.

In relation to the existing course proposal, which is focussed on multi-disciplinary electives, we are possibly looking at two very different options of study.

Whilst the new course option is relatively straight forward to deliver, it would be beneficial to mutually agree a minimum number of students to make this off-shoot programme viable.

I look forward to understanding your thoughts.

In relation to hosting students for Winter Short Courses, this sounds very exciting. I shall be passing on your suggestions to a number of academic course leaders I believe may wish to explore this opportunity further.

Let's speak again soon.

Best wishes,

Pete

Dear Peter

WRT our discussion on a mixed batch of students, many of our senior students from the 6th and 8th semesters have shown an interest in attending the Summer course at AUB. I wonder if you could share details of the more advanced Workshops, especially those which deal with new media and technologies?

We would also like to explore the possibility of hosting a group of AUB students in the 2 week Winter Short Courses held at our Schools in December. I'd like your views on this, is it a good time for your students to travel out, what would be their skill levels and aptitudes? We look forward to a reciprocal bespoke workshop.

Let's speak soon. A Whatsapp call works for me.

Thank you

Dear Jeyanthi,

Thank you for the course content suggestions, I have amended course details as attached to reflect these changes, I trust this meets with your expectations and approval.

Please note, I have included a day for students to transpose their storyboarding workshop into completed short films, as this would complete the exercise nicely for your students.

I recommend Photography to take place on-location by the beautiful Jurassic Coast (Dorset), offering a variety of stunning locations in which to capture beautiful scenery whilst learning how to shoot accurately and creatively.

(Note, cameras are provided for students, however, they are welcome to bring their own photographic equipment is desired)

Course dates, may I suggest the course commences on either 13th or 20th July 2020 (with the students group arriving on the Sunday before course starts), please confirm which dates are suitable?

Course fees for 25 students, I can offer this course at £1,650 p/p, please let me know if this is acceptable?

In support to the attached proposal, the Sushant School of Design bespoke course will include:

- London Airport transfer (escorted by student ambassador to and from Bournemouth)
- Halls of Residence - Madeira Road accommodation <https://aub.ac.uk/apply/accommodation/halls-residence/>
- Complimentary daily campus bus service
- Welcome meal
- Full access to all specialist university resources and state of the art facilities
- Specialist AUB teaching staff, with close industry links
- All course materials and specialist resources
- Course trips, where recommended as part of course study
- Breakfast & lunch package, on campus (Monday – Friday)
- A dedicated course ambassador, providing local evening tour of Bournemouth
- Weekend excursion to London
- A graduation/certificate event to celebrate successful course completion

Additional support measures:

- Complimentary place for an accompanying staff member, including accommodation
- For students requiring a Short Term Study Visa we would provide supporting letters for application purposes

I look forward to understanding your thoughts, in the meantime please do not hesitate contacting me should you require any further information.

Expert speakers delivered comprehensive lectures on sustainable building practices, emphasizing the principles of energy efficiency, use of eco-friendly materials, and designing for thermal comfort. Interactive workshops allowed participants to engage in hands-on activities, applying theoretical concepts to real-world scenarios. Case studies of successful sustainable housing projects were presented, illustrating practical applications and benefits. Throughout the event, participants actively engaged in discussions, sharing insights and experiences. The program concluded with a feedback session, where attendees highlighted the valuable knowledge gained and suggested areas for future focus, expressing enthusiasm for</p>

implementing sustainable practices in their professional endeavors

Residential training, also known as immersive or on-site training, refers to programs where participants live at the training venue for the duration of the course. This approach is widely adopted in various sectors such as corporate training, education, military, and specialized skill development programs. The primary goal of residential training is to provide an environment conducive to intensive learning, free from the distractions of daily life.

Key Features of Residential Training

Immersive Learning Environment:

Residential training offers an immersive environment where participants are separated from their usual routines and distractions. This setting allows for concentrated focus on the training material, promoting deeper understanding and retention of knowledge. Participants are fully engaged with the training content throughout the day, enhancing the learning experience.

Comprehensive Curriculum:

The curriculum in residential training is often designed to be extensive and intensive, covering a wide range of topics in a condensed timeframe. This allows participants to delve deeply into the subject matter, gaining a thorough understanding in a relatively short period. The intensive nature of the training helps in building a strong foundation and accelerating the learning process.

Networking and Collaboration:

Living and learning together fosters a sense of community among participants. This environment encourages networking, collaboration, and the sharing of ideas. Participants often work on group projects, engage in discussions, and form professional relationships that can be beneficial long after the training ends. The shared experience can also lead to lasting personal connections and a strong support network.

Hands-On Experience:

Many residential training programs incorporate practical, hands-on activities that allow participants to apply what they have learned in real-world scenarios. This experiential learning approach helps in reinforcing theoretical

knowledge and developing practical skills. Workshops, simulations, and interactive sessions are common components of residential training.

Expert Facilitation:

Residential training programs are usually facilitated by experienced trainers and subject matter experts. These professionals bring a wealth of knowledge and practical insights to the training, enhancing the learning experience. Their presence on-site allows for immediate feedback and personalized instruction, addressing individual learning needs.

Holistic Development:

Beyond professional skills, residential training often includes elements aimed at personal development. Activities such as team-building exercises, leadership workshops, and wellness sessions are integrated into the program to promote overall growth. This holistic approach ensures that participants not only gain technical knowledge but also develop essential soft skills and a balanced outlook.

Benefits of Residential Training

Enhanced Learning Outcomes: The immersive and intensive nature of residential training leads to better retention and understanding of the material.

Focused Environment: Being away from everyday distractions allows participants to concentrate fully on the training.

Stronger Bonds: The shared experience fosters camaraderie and teamwork among participants.

Personalized Attention: Direct interaction with trainers allows for tailored feedback and guidance.

Comprehensive Skill Development: Combines technical training with personal and professional growth activities.

Challenges of Residential Training

Cost: Residential training can be expensive due to accommodation, meals, and facility costs.

Time Commitment: Participants need to be away from their regular responsibilities for the duration of the program.

Accessibility: Not all participants may have the flexibility to attend an on-site training program.

Conclusion

Residential training is a powerful tool for deep, immersive learning and personal development. Its unique environment, comprehensive curriculum, and focus on practical experience make it an

	effective method for skill enhancement and professional growth. Despite its challenges, the benefits it offers often outweigh the drawbacks, making it a valuable investment for individuals and organizations committed to excellence in education and training.

To,

The Director,

Centre for Science Environment (CSE)

Subject: Invitation for Seminar on “Residential training: Guiding self-built housing towards sustainability and thermal comfort”.

Dear Sir/Ma’am,

I hope this message finds you well. As per our conversation, we are delighted to extend an invitation to you to be a **Seminar on “Residential training: Guiding self-built housing towards sustainability and thermal comfort”**.. for our students at Sushant University, Gurgaon. The details of the event are as follows:

- **Date: 11-15 July. 2022**
- **Time: 9:00 A.M**
- **Venue: A-101 and CSE Center, Rajasthan**

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavours. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Best regards,

Ms Riya Kapoor

Eye Screening Camp

Description (min 250 to max 800 words)*

Today, on 16/07/2022, The Eye Screening Camp was conducted to promote eye health awareness and provide free eye examinations to the community. The initiative aimed to identify vision problems early and facilitate referrals for further treatment.

The Eye Screening Camp successfully met its objectives by providing essential eye care services and raising awareness about eye health in the community. Continued efforts are recommended to organize similar events in the future to reach more individuals and address ongoing eye care needs.

SHS extend gratitude to partners, staff and volunteers for their invaluable support in making this event a success. Special thanks to the healthcare professionals who dedicated their time

Subject: Request to organize a workshop on Basic Life Support

Dear Sir/Madam,

I hope this message finds you well. I am writing to propose the organization of a workshop on Basic Life Support (BLS) at Sushant University. Given the critical importance of BLS skills in emergency situations, I believe this workshop would greatly benefit our community by equipping participants with essential life saving techniques.

The proposed workshop would cover key topics, including:

- Recognition of cardiac arrest
- CPR techniques for adults, children, and infants.

I suggest we schedule the workshop for 15th-16th July and anticipate an audience of approximately 50. We can invite a certified instructor with experience in teaching BLS to ensure that participants receive the most accurate and practical training.

I am confident that this initiative will empower individuals to respond effectively in emergencies and ultimately save lives. Please let me know a convenient time for us to discuss this further or if there are any additional requirements you might have.

Thank you for considering this important initiative. I look forward to your positive response.

Best regards,

Rahul Saini

Dear Mr. Rahul,

Thank you for your proposal to organize a workshop on Basic Life Support (BLS). I appreciate your initiative in bringing this important training to our community.

I fully support the idea and agree on the significance of equipping individuals with lifesaving skills. I suggest we schedule a meeting to discuss the details, such as potential dates, location, and instructor options, to ensure we can provide a comprehensive and effective workshop.

Please let me know your availability for a meeting in the coming days. I look forward to collaborating on this valuable initiative.

Dear Sir,

I wanted to take a moment to express my heartfelt gratitude for your efforts in organizing the recent workshop on Basic Life Support.

The workshop was incredibly informative and engaging, providing participants with vital skills that can make a real difference in emergency situations. Your attention to detail and dedication to ensuring everything ran smoothly did not go unnoticed.

I also appreciate the expertise of the instructors and the interactive format, which encouraged everyone to participate and ask questions. The feedback from attendees has been overwhelmingly positive, highlighting the practical knowledge they gained.

Thank you once again for your commitment to improving our community's preparedness. I look forward to collaborating on future initiatives.

Warm regards,

Description (min 250 to max 800 words)*

Dean
School of Business
Sushant University
Sector 55, Gurugram Haryana

The School of Business, in collaboration with Upgrad, hosted a dynamic session on Case Study Analysis aimed at management students. Held on 11.08.22, the session provided students with a unique opportunity to bridge theoretical knowledge with real-world applications by delving into practical case studies. The collaboration with Upgrad, a leading consulting firm renowned for its expertise in strategic analysis, added depth and relevance to the learning experience.

The Case Study Analysis session began with an introduction to the importance of case studies in management education. Facilitators from Upgrad emphasized how case studies offer a rich learning environment for students to apply theoretical concepts, develop analytical skills, and make informed decisions in complex business scenarios. The session highlighted the relevance of case study analysis in preparing students for future leadership roles in various industries.

The main highlight of the session was the presentation of a compelling case study by Upgrad. The case study, drawn from a real-world business scenario, presented a strategic dilemma faced by a multinational corporation operating in a competitive market environment. Through a detailed analysis of the company's internal and external factors, students were challenged to identify key issues, evaluate strategic options, and recommend actionable solutions.

Following the case study presentation, students engaged in an interactive discussion facilitated by Upgrad consultants. The discussion encouraged students to critically analyze the case study, apply relevant management theories, and collaborate with peers to explore different perspectives and solutions. Through lively debates and brainstorming sessions, students gained valuable insights into decision-making processes and strategic management principles.

In the next phase of the session, students were divided into groups to work collaboratively on analyzing the case study. Each group was tasked with conducting a thorough analysis, identifying strengths and weaknesses, opportunities and threats, and formulating strategic recommendations. Guided by Upgrad facilitators, students applied analytical tools such as SWOT analysis, Porter's Five Forces, and PESTLE analysis to assess the business environment and develop actionable insights.

After analyzing the case study, each group presented their findings and recommendations to the larger audience. Presentations were followed by constructive feedback and discussions, allowing students to refine their analytical skills, communication abilities, and presentation techniques. The interactive format encouraged

Dean
School of Business
Sushant University
Sector 14, Gurgaon, Haryana

peer learning and knowledge sharing, fostering a collaborative learning environment conducive to growth and development.

In conclusion, the Case Study Analysis session conducted by the School of Business in collaboration with Upgard was a resounding success. Through engaging presentations, interactive discussions, and hands-on group work, students gained valuable insights into strategic analysis and decision-making in the business world. The session exemplified the School of Business's commitment to providing students with experiential learning opportunities that prepare them for success in their future careers as leaders and innovators in the field of management.

Subject: Gratitude for Accepting Invitation

Dear Sir,

I'm writing on behalf of the Institute of School of Business to express our heartfelt gratitude to UPGRAD for accepting our invitation. We're thrilled about our students gaining Theoretical as well as practical experience with this interactive session, and we are confident that this collaboration will benefit both parties in developing the career path of students.

Thank you for nurturing the future workforce.

Yours sincerely

Dear Dr. Alpana Jijja,

I am pleased to inform you that the session titled "Future of CSE: Applications, Challenges & Future Trends," conducted as part of the Orientation Day on 23rd August 2022, was a great success.

Both Palash Gaur and I were delighted to engage with the students and provide them with insights into the various opportunities available after completing their degrees. The students were highly responsive and eager to learn how they could prepare themselves for the evolving demands of the industry.

Thank you for facilitating this event, and we look forward to future collaborations.

1 August 2022 at 09:30

Dear Chetan,

I hope this message finds you well.

I am writing to invite upGrad to collaborate with Sushant University on an upcoming session titled "Future of CSE: Applications, Challenges & Future Trends." This session is scheduled for 23rd August 2022 from 10:00 AM to 1:00 PM as part of the Orientation Day event.

We would appreciate it if upGrad could provide expert speakers to discuss career opportunities and future trends in Computer Science and Engineering. The session will focus on preparing students for the challenges and opportunities they will face after graduation.

Please confirm your availability and the names of the expert speakers at your earliest convenience.

Sector 35
Gurugram, Haryana

On the afternoon of day Mr. Saurabh Saraswat, Mr. Ashish Sharma and Ms. Deepti Chauhan, Faculties from Department of Pharmacy, SHS, SU visited the well-known testing, calibration, research, and innovation company **Farelabs Pvt. Ltd.** It is an accredited body as per ISO/IEC 17025:2017 by the National Accreditation Board for Testing & Calibration Laboratories (NABL) for both testing and calibration.

Dr. Neelam, Head, Oil Technology, Herbal and Ayush Section, received the team of visiting faculties and led the visit in Testing Facilities and Calibration Facilities. The Testing facilities include testing of Food & Agricultural Products, Chemicals, Fuels & Biofuels, Pharma & Ayush, Paper, Pulp & Plastics, Cosmetics & Personal Care, Environment & Pollution & many more. On the other hand Calibration Facilities comprise of

	Thermal Metrology, Mechanical Metrology, Electrotechnical Metrology and Fluid Flow Division.
Outcome*	Upon discussion on the agenda of student visits and trainings, Mr. D. Mathur, Managing Director, said, "Apart from routine work and assignment Farelabs offer six month training on payment basis to interns who are willing to learn the sensitive analytical technics, Ph.D. project work or any other analytical investigation related to research work. Furthermore, Farelabs seeks a broad mutually beneficial MoU with Sushant University for which our team will meet Dr. Rahul Sharma, Director, SHS, SU in coming week." On behalf of School of Health Sciences, the faculties expressed the gratitude to Mr. D. Mathur, MD (Farelabs), Dr. Neelam, Head (Oils, Herbals and Ayush) and Ms. Sanya, Head (Human Resources).

Report: Industrial Visit to Farelabs Pvt. Ltd. Gurugram

Saurabh Saraswat <saurabhsaraswat@sushantuniversity.edu.in>

Tue, Sep 13, 2022 at 3:46 PM

To: Dean SHS <deanshs@sushantuniversity.edu.in>, Principal Pharmacy <principalpharmacy@sushantuniversity.edu.in>

Cc: Dean SHS Office <deanshsoffice@sushantuniversity.edu.in>, Ashish Sharma <ashishsharma@sushantuniversity.edu.in>, Deepti Chauhan <deeptichauhan@sushantuniversity.edu.in>

Respected Sir/Ma'am,

For providing the wonderful opportunity to visit Farelabs Pvt. Ltd., situated in Gurugram, Haraya, a well-known testing, calibration, research and innovation company, I express my sincere thanks.

It was an awesome experience to see the scientists, engineers and managers working on sensitive analytical instruments.

The conclusion of visit is as follows:

- i) Farelabs offers internships to students for a period of not less than 6 months.
- ii) Fee for internship shall be charged from the candidate.
- iii) Bulk visit of students shall not be possible due to various risk factors.
- iv) Farelabs seeks a broad MoU with SU for which their team may visit soon to meet the Director, SHS, SU.
- v) Farelabs shall give us an opportunity to carry Ph.D. Project, Analytical Investigation in Research Work etc.

Kindly find the attached report of visit for your reference.

Thanks & Regards,
Saurabh Saraswat

To,

The Director,

INSTITUTE OF INDIAN INTERIOR DESIGNERS INDIA

Subject: Invitation for Skill Enhancement programme on Packaging Design.

Dear Sir/Ma'am,

I hope this message finds you well. As per our conversation, we are delighted to extend an invitation for **Skill Enhancement programme on Packaging Design** for our students at Sushant University, Gurgaon. The details of the event are as follows:

- **Date: 11-15 Sept 2022**
- **Time: 10:00 A.M - 04:00 P.M.**
- **Venue: E-309**

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavours. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Best regards,

Ms Sehba Saleem

Department of Planning and Development,

School of Art and Architecture

Sushant University

SU/SAA/2022/09/15

To,

The Director,

INSTITUTE OF INDIAN INTERIOR DESIGNERS INDIA

Subject: Thank You for workshop on Oritecture.

I wanted to take a moment to sincerely thank you for your insightful and engaging **Skill Enhancement programme on Packaging Design** as part of our ongoing collaboration with **IID** on **11-15 Sept 2022**. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Best regards,

Ms Sehba Saleem

WORLD HEART DAY CELEBRATION at Sushant University Campus

Description (min 250 to max 800 words)*

Department of Cardiovascular technology from School of Health Sciences of Sushant University successfully organised an event on “World Heart Day” by Miss.Kanika Bhardwaj. She is currently an assistant professor in Sushant University.

The event was celebrated in two days, which were 29th September 2021.

On the 29th of September there was a poster making competition between all the departments of Health sciences and was successful as a total of 10 groups participated and enjoyed the event. The judges for that competition were Mr.Usman Khan, and Ms.Kanika Bhardwaj.

The event started at 9 O’clock and continued till 5pm.

This day the event was divided into two parts – ‘The Zumba’ whose participants were all the faculties of Health sciences and ‘The main event’ which was celebrated in the Auditorium.

The guests of the event were Vice Chancellor, Registrar, Dean SHS and Principal of Pharmacy.

The main event started with 'Lamp Lightening' followed by Saraswati Vandana, informative skits, dances, singing and many more.

There were a lot of competitions on that day like push-up challenges, dance competitions and many more, several students from all the schools participated for the same.

Business aimed to facilitate collaboration in the realms of education, research, and professional development. The primary goal was to capitalize on the strengths of both institutions, thereby improving the overall learning experience and fostering the exchange of knowledge.

A notable seminar conducted under this MoU was a series of collaborative learning by I Business School and Sushant University.

The seminar on "Latest Trends and Strategies in Management Practices" was held on 11.10.22. The event aimed to provide students with valuable insights into the latest trends, strategies, and best practices in the ever-evolving field of management. With the rapid advancements in technology and the proliferation of online platforms, businesses and marketers face constant challenges in staying relevant and competitive. The seminar sought to address these challenges by bringing together industry experts, professionals, entrepreneurs, and students to share knowledge and discuss innovative approaches to digital marketing.

The seminar concluded with a Q&A session, allowing students to clarify their doubts and seek further insights from the speaker. More than sixty students from BBA, B.Com (H) and MBA have attended the seminar. Overall, the seminar proved to be enlightening and empowering, equipping students with essential knowledge and skills to embark on their journey towards digital marketing.

Visit to Sambandh Foundation

Brief Description (min 250 to max 800 words)*

Department of Psychology from School of Health Sciences of Sushant University successfully organized an Experiential Learning Tour to Sambandh Health Foundation on 12th October 2022. Sambandh Health Foundation offers recovery programs for people living with severe mental illness and their family and caregivers. It is in collaboration with the Haryana Government and is free of cost. Sambandh focuses on the recovery model of coping with mental disorders and highlights the importance of choice in running their foundation. Their Community Integration Centre (CIC) remains open from 9:30am onwards to 3:30 where members can come in and engage in their choice of activity. They also offer Outreach Programs to reach out to people who are in a situation of isolation and need to be met at their home to begin with, alongside family self-help groups, awareness programs, community mental health programs and group homes. Their ultimate goal is to help these mentally ill individuals to find employment, meaningful engagement and lead a fuller life in the world.

DEAN
 School Of Health Sciences
 Sushant University
 Sector- 55
 Gururam, Haryana

<p>Outcome*</p>	<p>The students and faculty members of the Psychology department had a fully open look into the lives of mentally ill people and how they can recover and integrate into the society. The students were also given a chance to interact directly with such mentally ill individuals who are members at Sambandh. The students were given a detailed presentation on the policies and philosophy of the foundation along with an entire tour of the premises.</p>

Subject: Request to organize an educational visit to Sambandh Foundation, Gurugram

Dear Sir/Madam,

I hope this message finds you well. I am writing to request the organization of an educational visit to Sambandh Foundation in Gurugram for our students of Psychology. The Sambandh Foundation is known for its impactful work in finding solutions for individuals with mental illness and their families/caregivers, and we believe that a visit would provide our group with valuable insights and learning experiences.

We would like to propose the visit on 12th Oct. 2022, but we are open to adjusting based on the foundation's availability.

Your support in facilitating this educational visit would be greatly appreciated, as it will significantly enhance our understanding of community service and development.

Thank you for considering this request. I look forward to your positive response.

Warm regards,

Rahul Saini

Dear Mr. Rahul,

Thank you for your request to organize an educational visit to Sambandh Foundation in Gurugram. We appreciate your initiative to provide such valuable learning opportunities for your students.

I am pleased to confirm our support for this visit on mentioned date. Please make the necessary arrangements. The objectives you outlined align well with our mission to promote community engagement and social responsibility.

Thank you once again for your commitment to fostering educational experiences. I look forward to collaborating with you on this visit.

Dear Sir,

I want to extend my sincere gratitude for organizing the educational visit to Sambandh Foundation.

The experience was incredibly enriching for our [students/participants/group]. Learning about the foundation's impactful work and engaging with your team provided valuable insights into community development and social responsibility. The discussions were inspiring and have motivated our participants to think more critically about their roles in community service.

Thank you once again for your hospitality and for facilitating such a meaningful experience.

NOTICE

Subject: Celebration of World Bread Day and Chef Day

Dear Students,

We are thrilled to announce the celebration of World Bread Day and Chef Day at Vatel Hotel & Tourism Business School. This event will highlight the art of bread-making and honor the culinary profession.

Details of the Event:

- **Date:** October 14, 2022
- **Time:** 9:00 AM – 3:30 PM
- **Location:** Vatel Hotel & Tourism Business School

Join us for a day filled with activities, demonstrations, and delicious bread tastings. We encourage all students to participate and celebrate the significance of bread in our culture and cuisine.

We look forward to seeing you there!

Best regards,

Chandana Paul

Description (min 250 to max 800 words)*

The Vatel Hotel & Tourism Business School, celebrated the Word Bread Day this year on Friday, October 14, 2022. Special, renowned breads from France, Italy, USA, the Mediterranean, Germany, Denmark and the United Kingdom were prepared.

Sushant University
Sector-55, Gurugram

Hectic activity was on at the bakery for a whole week where incessant efforts were made to prepare Brioches, Fougasses, Doughnuts, pretzels, rye bread, Chelsea buns, milk dinner rolls and, of course, the famous and classic French Baguette. "All of us worked as a team and conducted a lot of research and finalized 5 breads from each country, thereby aggregating to a variety of 35 breads which were put up on a display at the Vatel Lounge" says Dr. (Chef) Saurav Chhabra. Such activities, in which one is given to deeply study the intricacies of the recipe, add, mix or whisk the ingredients in their exact proportions, and then, in order to attain a perfect, colour, texture, aroma and taste, one has to be extremely precise with regard to the amount of time the dough is to be baked in the oven. Both for the senior and fresh batches of students, the process of bread making was so exciting that a few students decided to make this as their core subject of specialization and even aspired to

Anand<anand@roseatehotels.com>

Dear Chef Anand,

I hope this email finds you well.

We are writing to extend an invitation to you, for the World Bread Day organized by **Vatel Hotel & Tourism Business School**. Your presence in this event will be a great motivation for the students.

We would be honoured to have your valuable insights. Together, your collective experience would offer an exceptional learning opportunity for our students.

Event Details:

- **Date:** October 14, 2022
- **Time:** 12:00 noon
- **Mode:** Offline

Please confirm your availability; we look forward to welcoming you to this exciting conversation.

Warm regards,

Ms. Chandana paul

Dear Chef Anand,

On behalf of **Vatel Hotel & Tourism Business School**, I would like to express our sincere gratitude for accepting our invitation and participating in the World Bread Day.

Your contributions to the discussion were invaluable, and we appreciate the efforts taken by you to conduct the guest lecture for our students

We look forward to future collaborations and continuing to strengthen our relationship with **the Roseate hotels and resorts**.

Thank you once again for your support and involvement.

Warm regards,

Ms. Chandana paul

Description (min 250 to max 800 words)*

16th October 2022, Thursday at 11:00 a.m. the School of Law at Sushant University organized an online "Guest Lecture on Environment Law" in collaboration with "Women Entrepreneurs Foundation" which has the largest network of female business owners, professionals in India. The guest lecture was delivered by Hema Chaudhary. The online "Guest Lecture on Environment Law" proved to be a valuable and intellectually stimulating event. The collaboration between the School of Law, Sushant University, and Women Entrepreneurs Foundation facilitated a broader and more diverse discussion on the subject.

To,

Hema Chaudhary
Secretary Women Entrepreneurs Foundation

Subject: Invitation to Speak on " Environment Law

Dear Mam,

I hope this message finds you well. As per our telephonic conversation, we are delighted to extend an invitation to you to be a guest speaker at our upcoming workshop on "Environment Law" for our students at Sushant University, Gurgaon. The details of the event are as follows:

Date: 16th October, 2022

Time: 11am-12pm

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavors. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Thanks and Regards,

Dr. Anjali Sehrawat
Assistant Professor,
School of Law,
Ansal University

Dear Hema Chaudhary
Secretary Women Entrepreneurs Foundation

Subject: Thank You for Your Guest Lecture on Environment Law

I wanted to take a moment to sincerely thank you for your insightful and engaging guest lecture on Environment Law on 16th October 2022. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Thanks and Regards,

Dr. Anjali Sehrawat
Assistant Professor,
School of Law,
Sushant University

NOTICE

Subject: Guest Lecture under Collaboration with Women Entrepreneurs Foundation

Dear Students,

We are pleased to inform you that the School of Law, Sushant University, is organizing a Guest Lecture as part of our ongoing collaboration with Women Entrepreneurs Foundation. This lecture will provide an excellent opportunity to gain insights from distinguished professionals in the legal field and enhance your knowledge.

Details of the Lecture:

- Topic: Guest Lecture on Environment Law
- Speaker: Rekha Ahlawat
- Date: 16th October, 2022
- Time: 11:00 a.m
- Venue: Online

We strongly encourage all students to attend this session, as it will be highly beneficial for your academic and professional growth. Attendance is mandatory for all the students of School of Law.

For any queries or further information, please contact the undersigned.

Looking forward to your participation.

Best regards,

Dr. Anjali Sehrawat
Assistant Professor

(Geotag) Photograph-1*	Fig 2 Pavilion Design
(Geotag) Photograph-2	Fig 3 Campus living
Description (min 250 to max 800 words)*	This project was a joint venture for RVS Chennai and Sushant University where the first year students then designed and built a parametric

pavilion. This Design was conceived from a rigorous mapping session of different sites in Chennai like the Vandalur Zoo, Mylapore, Ambattur Market, Somasundar ground cricket match, OLA & UBER rides, Besant Nagar, Railway Station. Through this mapping exercise, a pavilion design was evolved by the students in Design studio.

The students were involved in the fabrication process of this pavilion and mock installation. The pavilion was shipped and assembled on site in the nature campus by the students.

Designing and constructing a parametric pavilion involves a fusion of architectural creativity, computational design techniques, and precise engineering. A parametric pavilion is characterized by its use of parametric design principles, which allow for the creation of complex, adaptive forms driven by mathematical algorithms and parameters. Here's a detailed description of the process involved in designing and building such a pavilion:

Conceptualization and Ideation: The process begins with conceptualizing the purpose and function of the pavilion. Is it meant to serve as a temporary event space, an art installation, or a functional structure in a public space? Understanding the context and requirements helps in shaping the design direction.

Parametric Design Exploration: Parametric design software such as Grasshopper for Rhinoceros or Autodesk's Dynamo is employed to explore various design possibilities. Designers define parameters such as form, scale, density, and spatial organization, which are then manipulated algorithmically to generate a range of design iterations.

Form Finding and Optimization: Through iterative processes, designers refine the form of the pavilion, balancing aesthetic considerations with structural feasibility and functional requirements. Computational simulations and analysis tools help in optimizing the design for structural stability, material efficiency, and environmental performance.

Material Selection and Fabrication Techniques: Once the design is finalized, the choice of materials and fabrication techniques is crucial. Lightweight and durable materials such as steel, aluminum, timber, or fabric membranes are often preferred for their structural properties and ease of fabrication.

Digital Fabrication and Assembly: Parametric design facilitates the translation of digital models into fabrication-ready data. Techniques such as laser cutting, CNC milling, 3D printing, and robotic fabrication are utilized to precisely manufacture components of the pavilion. Each component is labeled and assembled according to a predefined assembly sequence.

Structural Integrity and Stability: Engineering analysis ensures that the pavilion meets structural requirements and safety standards. Finite element analysis (FEA) and load testing help in evaluating the structural integrity of the design, identifying potential stress points, and making necessary modifications.

Installation and Site Integration: The pavilion is transported to its intended site and assembled according to the preplanned construction sequence. Site-specific considerations such as topography, climate, and surrounding context are taken into account during installation to ensure seamless integration with the environment.

User Experience and Interaction: The parametric pavilion is not merely a static structure but an interactive and experiential space. Consideration is given to user experience, circulation patterns, lighting, and spatial qualities to create an engaging environment that invites exploration and interaction.

Maintenance and Longevity: Proper maintenance strategies are implemented to ensure the longevity and durability of the pavilion. Regular inspections, repairs, and upkeep help in preserving its structural integrity and aesthetic appeal over time.

In conclusion, designing and building a parametric pavilion is a collaborative and multidisciplinary endeavor that combines innovative design thinking, advanced computational techniques, and skilled craftsmanship to create dynamic and

	visually striking architectural interventions in the built environment.

TRAINING MANAGER <trainingmanager@IHG.com>
To: **Saif Anjum** <saifanjum@sushantuniversity.edu.in>

Dear Mr. Anjum,

Thank you for your invitation to conduct the Campus Placement Drive at Vatel Hotel & Tourism Business School for InterContinental Hotels Group (IHG). I am pleased to accept the invitation and confirm my participation.

Event Details:

- **Date:** 9th November 2022
- **Time:** 9:00 am – 3:00 am
- **Venue:** Vatel Epicure

I look forward to engaging with your students, sharing insights about the Management Trainee Program at IHG, and conducting interviews for potential hiring opportunities.

Thank you once again for this opportunity. I look forward to a successful placement drive.

Warm regards,

Sanjana

Learning & Development Manager
InterContinental Hotels Group (IHG)

Dear Ms. Sanjana Bhalla,

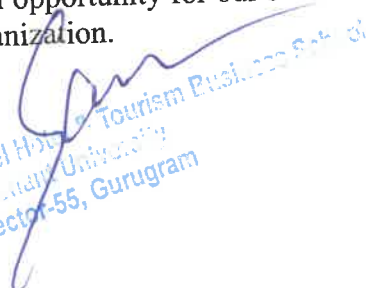

I hope this message finds you well.

We are pleased to invite you to conduct a **Campus Placement Drive at Vatel Hotel & Tourism Business School for InterContinental Hotels Group (IHG)**. This is a wonderful opportunity for our students to connect with IHG and explore the available positions within your esteemed organization.

Event Details:

- **Date:** 9th November 2022
- **Time:** 9:00 am – 3:00 am
- **Venue:** Vatel Epicure

Vatel Hotel & Tourism Business School
Sushant University
Sector-55, Gurugram

We believe that your expertise in Learning and Development will provide our students with invaluable insights into the Management Trainee Program and the culture at IHG. We would be grateful if you could share information about the program, the skills required, and the application process.

Please let us know your availability for this event, and if there are any specific materials or arrangements you would like us to prepare in advance.

Thank you for considering our invitation. We look forward to welcoming you to our campus and facilitating a successful placement drive.

Warm regards,

<https://mail.google.com/mail/u/0/?ik=663340b280&view=pt&search=all&permthid=thread-f%3A1728519999542574917&simpl=msg-f%3A172851...>

Dear Ms. Sanjana,

I hope this message finds you well.

I would like to extend my heartfelt thanks for your participation in the Campus Placement Drive at Vatel Hotel & Tourism Business School for the InterContinental Hotels Group (IHG). Your presence and the insights you shared about the Management Trainee Program were invaluable to our students.

The opportunity for our students to engage with you and participate in the interviews greatly enriched their experience and provided them with a deeper understanding of the hospitality industry. We appreciate the time and effort you and your team dedicated to making this event a success.

We hope to continue this collaboration in the future and look forward to welcoming you back to our campus.

Thank you once again for your support.

Warm regards,

Warm regards,

Saif Anjum

Date: 7th Nov 2022

NOTICE

Subject: Campus Placement Drive for Management Trainee Program by IHG

We are pleased to announce that **InterContinental Hotels Group (IHG)** will be conducting a **Campus Placement Drive** for their **Management Trainee Program**. This is a fantastic opportunity for students to kick start their careers in the hospitality industry with one of the world's leading hotel companies.

Event Details:

- **Date:** November 9, 2022
- **Time:** 9:00 am – 3:00 am
- **Venue:** Vatel Epicure

The Management Trainee Program offers comprehensive training and development, equipping participants with the skills and knowledge needed to excel in various operational roles within the hospitality sector.

Important Points:

- Attendance is mandatory.
- Please prepare your resumes and come dressed in formal attire.

This is an excellent opportunity for students to engage directly with industry professionals, learn about career pathways at IHG, and explore potential job placements.

We encourage all students to participate in this event!

For any queries, please contact Mr. Saif Anjum , Placement In- Charge, Assistant Professor, VHTBS

Description (min 250 to max 800 words)*

Introduction

The increasing frequency and severity of climate-related events such as extreme heat, flooding, and storms underscore the urgent need for climate resilience in the built environment. Planning and designing for climate resilience involves creating structures and urban spaces that can withstand, adapt to, and recover from climate impacts. The Centre for Science and Environment (CSE) has been instrumental in advancing strategies and practices for climate-resilient built environments, focusing on sustainable, adaptive, and innovative solutions.

Key Principles for Climate-Resilient Built Environments

Climate-Responsive Design:

Designing buildings that respond to local climate conditions is fundamental for resilience. This includes incorporating passive design strategies to reduce reliance on mechanical systems. Techniques such as proper orientation, natural ventilation, shading, and thermal mass can help maintain comfortable indoor conditions while reducing energy consumption. CSE advocates for integrating these strategies to enhance energy efficiency and minimize the environmental footprint of buildings.

Flood and Storm Resilience:

In areas prone to flooding and storms, building designs must address these risks. This involves elevating structures above flood levels, using flood-resistant materials, and incorporating robust drainage systems to manage stormwater. CSE emphasizes the importance of adaptive infrastructure, such as permeable pavements and green roofs, to mitigate flood risks and manage runoff effectively.

Heat Mitigation:

Urban areas often experience higher temperatures due to the urban heat island effect. To combat this, CSE recommends designing buildings and landscapes with materials and features that reflect rather than absorb heat. This includes using reflective or light-colored roofing materials, increasing green cover through urban forests and parks, and incorporating cooling systems like evaporative cooling. These measures help to reduce the heat island effect and improve overall urban comfort.

Energy Efficiency and Renewable Energy:

Enhancing energy efficiency is crucial for climate resilience. Buildings should be designed with energy-efficient systems, including high-performance insulation, windows, and HVAC systems. CSE supports the integration of renewable energy sources, such as solar panels and wind turbines, to reduce dependency on non-renewable energy and decrease greenhouse gas emissions. This approach not only enhances resilience but also supports long-term sustainability.

Sustainable Materials and Construction Practices:

The choice of materials and construction practices significantly impacts a building's resilience. CSE promotes the use of sustainable, locally sourced materials that have lower environmental impacts and better durability. Additionally, adopting construction practices that reduce waste and energy consumption aligns with climate resilience goals. Recycled and low-carbon materials, as well as innovative construction techniques, contribute to more resilient and sustainable buildings.

Integration of Green Infrastructure:

Incorporating green infrastructure into building design offers multiple benefits, including improved stormwater management, reduced heat island effect, and enhanced biodiversity. Green roofs, vertical gardens, and urban trees play a vital role in creating resilient urban environments. CSE highlights the importance of integrating these elements into both new developments and retrofits to enhance ecological balance and urban resilience.

Community Engagement and Local Context:

Climate-resilient design must consider the needs and inputs of local communities. Engaging with residents and stakeholders ensures that designs address local vulnerabilities and preferences. CSE emphasizes the need for participatory planning processes that involve communities in resilience-building efforts, ensuring that solutions are relevant and effective.

Case Study: CSE's Contributions

The Centre for Science and Environment (CSE) has made significant contributions to climate-resilient built environments through research, advocacy, and practical solutions. CSE's initiatives include:

Urban Heat Island Studies: CSE conducts research on mitigating the urban heat island effect and provides guidelines for integrating heat-resilient design features.

Flood Resilience Projects: The organization promotes best practices for flood-resistant construction and urban planning.

Green Building Standards: CSE advocates for the adoption of green building standards and practices that enhance energy efficiency and environmental performance.

Conclusion

	<p>Planning and designing for a climate-resilient built environment is essential for adapting to and mitigating the impacts of climate change. The principles advocated by CSE—climate-responsive design, flood and storm resilience, heat mitigation, energy efficiency, sustainable materials, green infrastructure, and community engagement—offer a comprehensive framework for creating robust and adaptive urban spaces. By integrating these strategies, cities can build resilience, enhance sustainability, and ensure a better quality of life for their inhabitants.</p>

Legal Awareness on Issues relating to Sexual Harassment

(Geotag) Photograph-2

Description (min 250 to max 800 words)*

On 11 December, 2022, Navjyoti India Foundation invited Dr.Komal Sandhu for addressing the gathering of women in village Hariyana near Sohna on the topic of Sexual Harassment and other related issues. Dr.Komal represented Sushant University Legal Aid Clinic and shared the experiences and instances gather through various legal aid camps organized by Sushant University Legal Aid Clinic. It was a very interactive session where women also came up with the problems faced by them in day-to-day life. Dr. Komal motivated the village women to stand by their girl child and to educate them about the issues related to Sexual Harassment. During the session many other issues were also discussed like sanitation, education, domestic violence etc

Subject: Thank You for Your Guest Lecture on Legal Awareness on Issues relating to Sexual Harassment

I wanted to take a moment to sincerely thank you for your insightful and engaging guest lecture on Legal Awareness on Issues relating to Sexual Harassment on 11th December 2022. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Thanks and Regards,

Dr. Komal Sandhu
Assistant Professor,
School of Law,
Sushant University

Subject: Invitation to Speak on " Legal Awareness on Issues relating to Sexual Harassment"

Dear Sir,

I hope this message finds you well. As per our telephonic conversation, we are delighted to extend an invitation to you to be a guest speaker at our upcoming workshop on "Legal Awareness on Issues relating to Sexual Harassment" for our students at Sushant University, Gurgaon. The details of the event are as follows:

Date: 11th December 2022

Time: 11am-03pm

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavors. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Thanks and Regards,

Dr. Komal Sandhu
Assistant Professor,
School of Law,
Sushant University

Date: 2 Dec. 2022

NOTICE

Subject: Guest Lecture under Collaboration with DLSA

Dear Students,

We are pleased to inform you that the School of Law, Sushant University, is organizing a Guest Lecture as part of our ongoing collaboration with DLSA. This lecture will provide an excellent opportunity to gain insights from distinguished professionals in the legal field and enhance your knowledge.

Details of the Lecture:

- Topic: Legal Awareness Camp on Issues relating to Sexual Harassment in village Hariyana
- Speaker: Ms. Shreya
- Date: 11th December 2022
- Time: 11 A.M. to 3 P.M.
- Venue: Village Hariyana

We strongly encourage all students to attend this session, as it will be highly beneficial for your academic and professional growth. Attendance is mandatory for all the students of School of Law.

For any queries or further information, please contact the undersigned.

Looking forward to your participation.

Best regards,

Dr. Komal Sandhu
Assistant Professor

Online Workshop

Description (min 250 to max 800 words)*

Department of Computer Science and Engineering of Sushant University has conducted a two-day workshop on the real-world applications in the Block-chain Technology and Internet of things on Dec 15-16, 2022. The workshop was organized in association with SAM Global University, Bhopal. This workshop was aimed to impart knowledge about the real-time applications of Block-chain Technology and IOT among students. The workshop focused on theoretical and hands-on experience in IOT and Blockchain Technology to interface the things for different applications. This was a two day event having a session of two hours on each day. On first day i.e. Dec15,2022, the session was on "Introduction to Blockchain technology and it's applications". It was delivered

Dear Sir,
 Greetings!

It is our pleasure to inform you that the SET department of "Sushant University" is planning to organize a two days online workshop in December third week. Each day's session will be of two hours. We are planning to conduct a Day 1 session on "AIML" and Day 2 session will be on "Cyber Security".

We want an association with your esteemed organization to conduct these two days workshop. We will be glad to serve you with the resources (Speakers) and will require an audience (students) from your university.

We ensure that you will find this workshop extremely beneficial for students. We welcome your intelligent suggestions regarding this matter. Hoping for your feedback with regard to this request.

INTERNATIONAL CONFERENCE

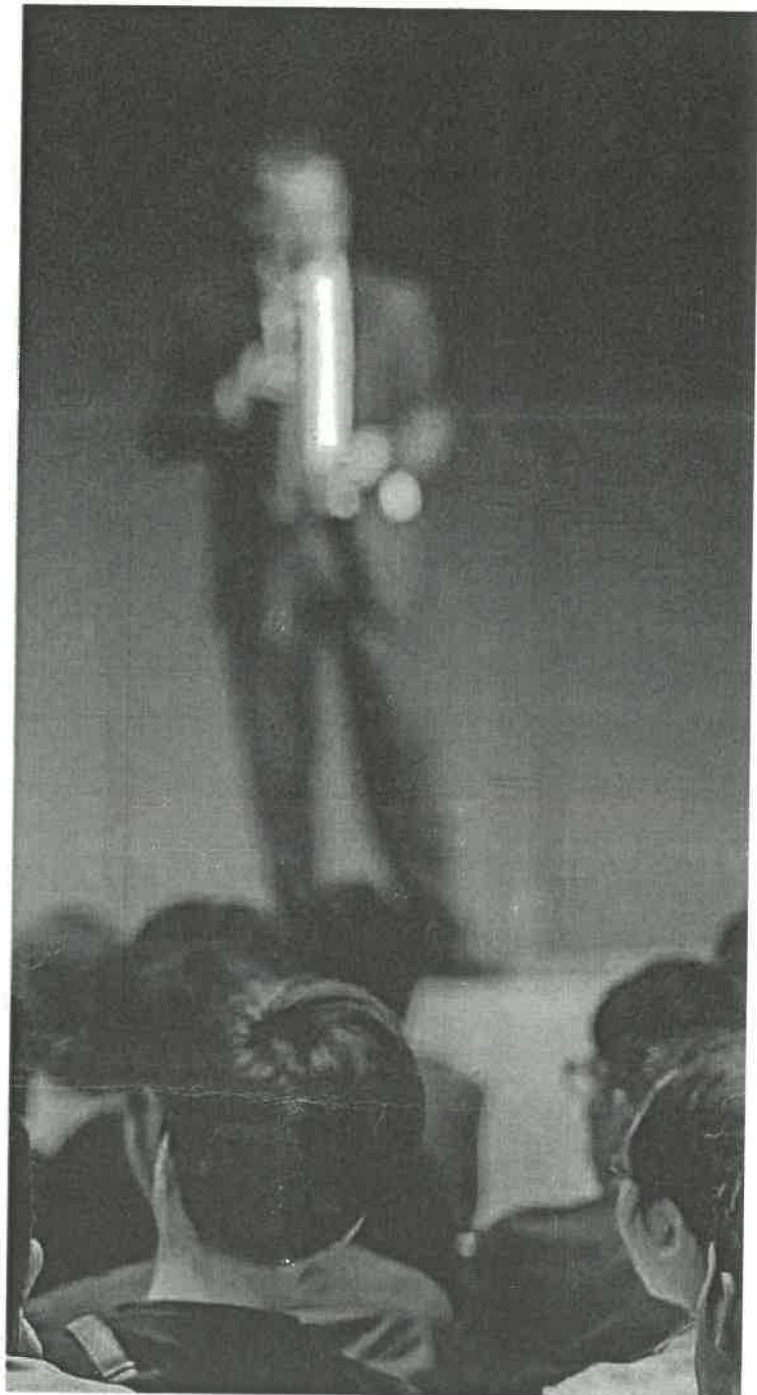

On Ongoing Research
in Management & IT

The central conference theme is "Ongoing Research in Management Studies and Information Technology". Through this theme, ASM INCON 2023 intends to capture a comprehensive outlook featuring various pragmatic areas from management and information technology. Over the 3 days of conference, representatives from academia and corporate will be presenting in-depth research papers to a jury comprising eminent personalities from academia and corporate.

This is a golden opportunity to learn from like-minded people, and industry peers & seniors. Participants will come face to face with new research techniques, best practices and methodologies while unearthing new insights from some of the sharpest minds from the industry and academic world.

Our previous International Conferences have been proven to be enormously beneficial for researchers in academic circles due to the immense value captured in 3 days, but also for a golden opportunity offered to participants to interact with leaders from Academia, Corporate and Government sectors.

In addition to this, our conferences have been serving as a vital tool for the decision-makers in the fields of academia, corporate houses, government undertakings and non-government undertakings, to come together and solicit solutions to the problems they're confronting.

RULES AND GUIDELINES FOR RESEARCH PAPER PRESENTATION FOR PARTICIPATION

Submit your papers to: incon@asmedu.org

- The subject line should include areas such as Finance, Marketing etc.
- Single column format, Font: size 12, Times New Roman, 1.5 spacing, only MS-Word format
- Rich Text and PDF formats will not be considered for submission
- Use Harvard referencing styles for references and citations
- Maximum length of papers: 10 pages including references. All graphs, tables & diagrams should be in bpm formats inserted in the MS-Word Document
- The first page should contain the author's details (Title of Paper, Name of Authors, Contact Details i.e. Email ID and Contact Numbers, Affiliations to the industry or institution & Name of the Country)
- Abstract should not be more than 200 words and should have 3 to 4 keywords
- Provide a list of references used in papers
- Maximum three authors per paper
- Submission to INCON can be case studies, scholarly articles, working papers, research papers policy review analysis etc.
- Research scholars can submit papers related to their area of research
- Important: Submit full paper with Abstract, only Abstract will not be considered for review
- Papers will be accepted after review by appropriate authorities and acceptance will be communicated to authors via contact details

ABOUT ASM

Established in 1983, the Audyogik Shikshan Mandal (ASM) Group of Institutes has completed 39 years in the field of education. Through this period, ASM has persistently provided the corporate world with well prepared professionals. This history of excellence has been validated by the fact that ASM has consistently been ranked amongst the top B-Schools in India.

The faculty of ASM comprises of the best in industry and academia The faculty members for the course are a rich blend of academicians, industry practitioners teaching faculty and mentors from industry. ASM has excellent industry-institute interaction for more than 3 decades and tie-ups with leading organisations for cutting edge certifications for enhanced skills leading to employability.

ASM boasts of a strong alumni base of 72000+ graduates in leading corporates, who are very closely associated with the institute for placements & industry interfacing

72000+

AWARDS & ACCOLADES

Reception of prestigious awards and honors is an adduce to the fact that ASM is one of the most coveted educational institute

- "Best Education Brand" by The Economic Times 2018-19
- "Leading Higher Education Group" by Business Excellence Research Group (BERG), Singapore
- "Academia & Industry collaborations for Interactive Curriculum to Drive Employability"- National Execution Award 2018 ASSOCHAM India
- "Digital Learning Award 2018" at HE&HR Conclave, from Govt. of Telangana
- "Best Innovative Institute" by WIEF'19
- "Business School of the Year" by Higher ED Award'19

ACADEMIC PARTNERS

ABOUT SAVITRIBAI PHULE PUNE UNIVERSITY, INDIA

Savitribai Phule Pune University (formerly Pune University), established in 1949, is one of the premier universities in India. Rated as a 5-star university, it is the largest in the region and is ranked amongst the top universities in the world. Famously known as the "Oxford of the East", it is finest and one of the most popular educational centers in the country, attracting students from the world over. Spread across 411 areas, it houses 46 academic departments and comprises 307 recognized research institutes and 612 affiliated institutions offering graduate and undergraduate courses.

ABOUT CITY UNIVERSITY OF SEATTLE, USA

Established in 1973, the City University of Seattle is one of the top-ranked universities in the USA. During its rich history, the university has attained a network of more than 55,000 alumni from around the world, who has become a leader in global business. The City University of Seattle offers a multitude of programs at various locations throughout the state of Washington, Australia, Canada, China, Czech Republic, Mexico, Slovakia, Switzerland, and Vietnam, with a total of 9,000 studying at its 27 campuses across diverse countries.

ABOUT CETYS UNIVERSITY, MEXICO

CETYS is an educational institution of excellence, situated in the state of Baja California, Mexico. CETYS University seeks to establish just what it states in the mission, "To contribute in the development of persons with the necessary moral and intellectual capacity to participate significantly in the economic, social & cultural improvement of the country".

ABOUT CEGR (CENTRE FOR EDUCATION GROWTH & RESEARCH)

With over 5000 aligned academicians, corporate and researchers, the CEGR National Council comprises 30 Chancellors and Vice Chancellors from various regions of India, Bureaucrats from AICTE, the Association of Indian Universities and leading industrialists. CEGR is only education think tank to organize 56 successful events in 14 states on a single day under its flagship social initiative i.e. Indian Education Festival. Indian Education Festival benefited more than 12,500 persons on a single day. The 4 unique innovation include (i) Research-Based Book in India for Academic Leaders i.e. Higher Education Leadership and Management, (ii) Research-Based Book in India for skills gap i.e. Corporate Employability Skills (iii) Research Methodology for Faculty and (iv) First research-based book in India for Faculty Career Orientation i.e. Higher Education Faculty Career Orientation and Advancement.

ABOUT ASMA (ADOPTION OF SOCIAL MEDIA IN ACADEMIA), INDIA

A unique research initiative by FMA Digital, ASM has emerged as one of the pioneers, helping educational institutes and universities harness the power of digital and social media for growth. ASMA has received lot of appreciation from academic leaders, influencers from higher education, industry bodies and associations such as AICTE, AIU, EPSI, AIMS, & India Education Network. Over 5000 academic stakeholders from 200+ universities have engaged with ASMA through initiatives like Annual India Trend Study, Portal, Business and Research conferences, MDPs, Research Publications etc.

ABOUT INTERNATIONAL SOCIETY FOR ORGANIZATION DEVELOPMENT AND CHANGE (ISODC), USA

The International Society for Organization Development and Change (ISODC) is the leading international OD association. Our members are OD consultants, professors, students, corporations, non-profits, NGOs, and anyone interested in building a strong OD network around the globe.

The ISODC provides training and development through annual conferences, webinars, and the esteemed peer-reviewed Organizational Development Journal.

ISODC members receive the monthly newsletter, discounted event registrations, and free access to our organizational development, organizational change management, organizational effectiveness, and leadership development webinars.

ABOUT UNIVERSITY OF L'AQUILA, ITALY

Established in 1952 and located in L'Aquila, administrative centre of the Abruzzo Region, our University is a public teaching and research institution offering a full range of academic programmes including biotechnologies, sciences, economics, engineering, education, humanities, medicine, psychology, and sport sciences. With 7 departments, the University of L'Aquila offers its over 19,000 enrolled students 69 degree courses (divided between first and second level degrees), 9 research doctorate programmes, specialisation schools, specializing-master courses and vocational courses. Many members of its distinguished faculty of about 600 professors and researchers have received international recognition and are considered leaders in their fields of research.

ABOUT PACIFIC UNIVERSITY

The Pacific University has made a mark on the educational map of India with mammoth of ultra modern campus sprawling over more than 100 acres of lush greenery. Over the last 25 years, the Pacific Society has continued to make rapid strides in the field of higher & technical education. It has established more than twenty one institutions providing higher education in the diverse fields including Research Programmes (Ph.D.) in all relevant disciplines. The University has been making pioneering endeavors in developing frugal corporation on the campus, developing intellectual property practices, enriching family business management, promoting industry cluster studies and simulating thoughts on re-engineering the global financial architecture etc.

ABOUT ARYA INSTITUTE OF ENGINEERING & TECHNOLOGY

Arya Institute of Engineering & Technology (Main Campus), Jaipur is a Pioneer Institution in the field of Technical Education since 2005, which is providing UG & PG_ Engineering & Management Courses in various disciplines. Institute always believes in absorbing latest technologies through its R&D labs and then passing on these technologies to the students in the form of extra academic learning through COE, Incubation Centers, Startup Labs. Institute is NAAC & NBA Accredited and Ranked A from its Parent University (Rajasthan Technical University)

The contributions of Our President Dr. Arvind Agarwal is recognized by FORBES, he has also been bestowed with Visionary Edupreneur of India by Shri Pranab Mukherjee, Ex-President of India. Institution has been awarded as Top Private Institute in North India by Shri Venkaiah Naidu, Hon'ble Vice President of India.

ABOUT GL BAJAJ INSTITUTE OF MANAGEMENT & RESEARCH

GL Bajaj Institute of Management & Research is a leading Business School of North India offering 2 years Post Graduate Diploma in Management (PGDM) approved by AICTE, Ministry of HRD Govt. of India. With rapid growth over the past 15 years, the Institute has become one of the most preferred Institutions for students from northern and eastern India. The Institute is a flagship institution of the GL Bajaj Group. With 10 campuses in NCR and Mathura, the GL Bajaj Group provides quality education to thousands of students and budding professionals in the fields of Management, Technology, Education, Medical Science, Engineering, Pharmacy, and Library Science.

ABOUT WORLD UNIVERSITY OF DESIGN

World University of Design is India's first and only university dedicated to education in the creative domain. The university is established by the Haryana Private Universities Act, 2006 with the right to confer degrees under Section 2(f) and 22(i) of the UGC Act. All degrees of WUD are UGC approved. As India is poised for growth in almost all the fields, design is being looked upon as the key aspect in making India competitive. World University of Design (WUD) is responding to this need through its cutting edge, trans-disciplinary programs in the creative domains of Fashion, Design, Communication, Art, Architecture, Media, Management, Business & Performing Arts

ABOUT SUSHANT UNIVERSITY

Sushant University was established in 2012 under the Haryana Private Universities Act 2006. The University has seven schools offering programmes in Architecture, Design, Law, Management, Hospitality, Engineering and Health Sciences. Sushant University has been awarded the National Education Excellence award "Best Private University in Northern India" along with "CSR Excellence in Education" award. SU has many collaborations, both Indian and foreign, like with the University of Warwick, Vatel International, Upgrad, ImaginXP, etc. These collaborations cover curriculum development and delivery, student and faculty exchanges, joint research conferences and seminars abroad.

Description (min 250 to max 800 words)*

Cities are vulnerable to the effects of climate change on infrastructure, human lives, human health, environmental quality, and so on. According to one research, almost 80% of India's population is extremely vulnerable to catastrophic weather occurrences. The impact of climate change extends from an increase in severe weather occurrences, such as heavy rainfall, which causes flooding, to higher temperatures, which cause heat discomfort. These extreme weather events are expected to grow more often, and the urban environment must prepare for their impact.

Introduction

As urbanization accelerates, cities around the world face increasing challenges posed by climate change.

Extreme weather events, rising sea levels, and shifting

climate patterns threaten the sustainability and livability of urban areas. To address these challenges, the concept of climate-resilient cities has emerged, emphasizing the need for integrated planning and designing approaches to enhance urban resilience. This brief explores the principles and strategies involved in creating climate-resilient cities, drawing on insights from the Centre for Science and Environment (CSE).

Understanding Climate Resilience

Climate resilience refers to the ability of urban systems to withstand, adapt to, and recover from climate-related stresses and shocks. This involves proactive measures to mitigate risks, reduce vulnerabilities, and enhance the capacity of cities to cope with climate impacts. The integrated planning and designing approach encompasses multiple dimensions, including infrastructure, social systems, governance, and environmental management.

Key Principles of Climate Resilient Cities

Holistic Urban Planning:

Effective climate resilience requires a holistic approach to urban planning that integrates climate considerations into all aspects of city development. This involves land use planning, zoning regulations, and building codes that promote sustainable and adaptive infrastructure. Green spaces, water management systems, and renewable energy sources should be incorporated into urban designs to enhance resilience.

Adaptive Infrastructure:

Infrastructure in climate-resilient cities must be designed to withstand extreme weather events and changing climate conditions. This includes constructing

flood-resistant buildings, implementing robust drainage systems, and using climate-adaptive materials. Infrastructure projects should also consider long-term climate projections to ensure their sustainability and effectiveness over time.

Ecosystem-Based Approaches:

Nature-based solutions play a crucial role in enhancing urban resilience. Integrating green infrastructure, such as parks, wetlands, and urban forests, can help mitigate the impacts of climate change by reducing urban heat islands, managing stormwater, and improving air quality. Ecosystem-based approaches also provide co-benefits, such as recreational spaces and biodiversity conservation.

Community Engagement and Inclusivity:

Building climate resilience requires active participation and engagement of local communities. Inclusive planning processes that involve citizens, especially vulnerable populations, ensure that resilience strategies are equitable and address the specific needs of different groups. Community-based initiatives, such as local disaster preparedness programs, can enhance social cohesion and resilience.

Effective Governance and Policy Frameworks:

Strong governance structures and supportive policy frameworks are essential for implementing climate resilience strategies. This includes establishing clear roles and responsibilities for different stakeholders, promoting inter-agency coordination, and securing funding for resilience projects. Policies should also incentivize private sector participation and innovation in resilience building efforts.

Monitoring and Evaluation:

Continuous monitoring and evaluation of resilience measures are critical to assess their effectiveness and adapt strategies as needed. Data-driven approaches, using advanced technologies like remote sensing and geographic information systems (GIS), can provide valuable insights into climate risks and inform decision-making processes.

Case Study: Centre for Science and Environment (CSE)

The Centre for Science and Environment (CSE), based in India, has been at the forefront of advocating for climate-resilient urban planning. CSE's initiatives focus on integrating scientific research, policy advocacy, and community engagement to promote sustainable urban development. Their work includes:

Urban Water Management: CSE promotes decentralized water management practices, such as rainwater harvesting and wastewater recycling, to enhance water security in cities.

Green Building Practices: CSE advocates for energy-efficient and climate-adaptive building designs, incorporating passive cooling techniques and renewable energy solutions.

Community-Based Initiatives: CSE supports local communities in developing resilience plans and disaster preparedness strategies, ensuring that marginalized groups are included in resilience-building efforts.

Conclusion

Creating climate-resilient cities is imperative for sustainable urban development in the face of climate change. An integrated planning and designing

	<p>approach, as advocated by CSE, involves holistic urban planning, adaptive infrastructure, ecosystem-based solutions, community engagement, effective governance, and continuous monitoring. By adopting these principles, cities can enhance their resilience, ensuring a sustainable and livable future for all inhabitants.</p>

Blood Disorder Event

Description (min 250 to max 800 words)*

The CVT and MLT department recently organized a health talk on Friday 3rd February 2023, on

the topic of blood disorders. The speaker for the event was Dr. Rahul Bhargava, a renowned medical professional with extensive knowledge and experience in the field of hematology.

During the talk, Dr. Bhargava provided valuable insights on various types of blood disorders, including anemia, thalassemia, and leukemia. He emphasized the importance of early diagnosis and treatment of these conditions and also spoke about the latest advancements in medical technology and their potential to improve patient outcomes.

Dr. Bhargava also stressed the significance of lifestyle changes and regular medical check-ups to maintain good health and reduce the risk of developing blood disorders. He also engaged with the audience and answered their queries on the topic, providing them with practical tips and recommendations on how to maintain good health and prevent blood disorders. The talk was well-received by the attendees and provided them with a better understanding of the subject matter. Overall, the health talk organized by the CVT and MLT department was a successful

event and provided a platform for the attendees to learn and gain knowledge on an important topic.

Subject: Request to organize awareness on Obesity

Dear Sir/Madam,

I hope this message finds you well. I am writing to propose conducting an expert talk focused on blood disorders and raising awareness about their impact on health with the objectives:

1. To provide comprehensive information about various blood disorders, their causes, symptoms, and treatments.
2. To highlight the importance of early diagnosis and management for affected individuals.

We suggest scheduling the talk on 3rd Feb. 2023 at SU Campus, but we are flexible and open to adjustments based on availability.

Your support in organizing this event would be greatly appreciated, as it will significantly contribute to the community's understanding of blood disorders.

Thank you for considering this request. I look forward to your positive response.

Warm regards,

Rahul Saini

Dear Sir,

Thank you for your request to conduct an expert talk on blood disorders and awareness. I appreciate your initiative in addressing this crucial topic.

I am pleased to confirm our support for this event. The objectives you outlined are essential for enhancing our community's understanding of blood disorders, and I believe that an expert-led session will be incredibly beneficial.

We will arrange the efficient speaker to deliver his/her expertise on mentioned date and time.

Thank you once again for your commitment to raising awareness about blood disorders.

Best regards,

Kuldeep Kumar

Dear Sir,

I want to extend my heartfelt thanks for arranging the expert talk on blood disorders and awareness.

The event was incredibly informative and well-received by all attendees. The insights shared by the expert significantly enhanced our understanding of blood disorders, and the interactive Q&A session allowed for meaningful engagement. The feedback we received has been overwhelmingly positive, highlighting the importance of such educational initiatives in our community.

Thank you once again for your efforts in making this event a success. I look forward to future collaborations that continue to promote health awareness and education.

Warm regards,

Rahul Saini

Subject: Request to organize an online session on Regulatory Aspects of Medicines

Dear Sir/Madam,

I hope this message finds you well. I am writing to propose the organization of an online session focused on the Regulatory Aspects of Medicines. As the pharmaceutical landscape continues to evolve, understanding regulatory frameworks is crucial for professionals in our field.

The session could cover important topics such as:

- Overview of regulatory authorities and their roles
- Key regulations governing drug approval and monitoring
- Compliance requirements for pharmaceutical companies
- Recent changes and developments in medicine regulation

I suggest scheduling this session for next month, and I would be happy to assist in identifying expert speakers and promoting the event.

I believe this initiative will greatly enhance understanding of regulatory issues and their impact on the pharmaceutical industry. Please let me know your thoughts on this proposal and any additional suggestions you may have.

Thank you for considering this important initiative. I look forward to your response.

Description (min 250 to max 800 words)*

On Tuesday, February 14, 2023, the Vatel Hotel & Tourism Business School, Sushant University Gurgaon organised a talk by experts from the Department of Yog, Maharishi Mahesh Yogi Vedic Vishwavidyalaya, MP and the Department of Commerce, Government of India, which was attended by the students as well as the faculty members of the college. The title of the event was called A SOUND MIND IN A SOUND BODY.

In view of the current busy professional life, pressure of work, tensions and the running around of people in general, even by the students and young adolescents to meet deadlines in almost all spheres of life, it was felt that they were being too much harried, stressed and hassled and were on the lookout for a stable and a healthy life which could lead them to achieving a balance between their minds and their bodies. It is said that body shapes the mind and the mind shapes the body.

Appreciation Letter for teaching the DFGE Course

Dear Prof. Robbin Dwivedi,

I would like to express our appreciation for your involvement in delivering the 'Designing for Greater Efficiency' (DFGE) Course - An IFC EDGE Course to design resource-efficient architecture. I also want to congratulate you and your faculty team on successfully training a cohort of 46 students in the DFGE Course during the Academic Year 2023-2024 at your institution.

Your active participation and training of students in the DFGE course are well acknowledged. It is encouraging to note that you and your institution are committed to teaching the DFGE course to your students with a keen intent to raise their level of climate literacy and motivate them to learn how to design resource-efficient architecture.

I would like to recognize your and your institution's support of the green building movement of IFC by offering the Designing for Greater Efficiency (DFGE) program to your students.

We at IFC, look forward to more engagements and student cohorts from your institution in the future building an informed community trained in the Designing for Greater Efficiency (DFGE) course equipped for climate-responsive and resource-efficient building design.

Regards,

Aatif Sayyed
South Asia Lead - Green Buildings

To,

The Director,

INTERNATIONAL FINANCE CORPORATION (IFC)

Subject: Invitation for Training on climate responsive and resource-efficient building design.

Dear Sir/Ma'am,

I hope this message finds you well. As per our conversation, we are delighted to extend an invitation for **Training on climate responsive and resource-efficient building design** for our students at Sushant University, Gurgaon. The details of the event are as follows:

- **Date: 18 Feb 2023**
- **Time: 9:00 A.M - 5:00 P.M.**
- **Venue: IFC office**

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavours. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Best regards,

Ms Sehba Saleem

Department of Planning and Development,

School of Art and Architecture

Sushant University

SU/SAA/2023/02/18

To,

The Director,

INTERNATIONAL FINANCE CORPORATION (IFC)

Subject: Thank You for Training on climate responsive and resource-efficient building design.

I wanted to take a moment to sincerely thank you for your insightful and engaging **Training on climate responsive and resource-efficient building design** as part of our ongoing collaboration with **International Finance Corporation (IFC)** on **18 Feb 2023**. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Best regards,

Ms Sehba Saleem

Description (min 250 to max 800 words)*

The Memorandum of Understanding (MoU) between Imagine XP and Sushant University School of Business aimed to facilitate collaboration in the realms of education, research, and professional development. The primary goal was to capitalize on the strengths of both institutions, thereby improving the overall learning experience and fostering the exchange of knowledge.

A notable event conducted under this MoU was a series of collaborative classes by Imagine XP and Sushant University. These sessions were strategically designed to augment skill sets, offer valuable industry insights, and equip students with the necessary preparation for upcoming

career opportunities.

The partnership between Imagine XP and Sushant University School of Business, as established by the MoU, has proven to be a successful endeavor, evident in the positive outcomes derived from the jointly conducted classes. We anticipate further success in sustaining this productive collaboration and are enthusiastic about exploring new avenues for mutual cooperation in the future.

Description (min 250 to max 800 words)*

Department of Planning & Development -SAA has organized a campus visit & students exhibition for the Students & Faculty members of Yuvakshetra Institute of Management Studies, Ezhakkad, Palakkad on 22nd February, 2023 (11:00 am onwards) at D-421. This event is organized with an aim to familiarize the students about the urban planning courses & profession.

DoPD-SAA also invited the students pursuing B.Arch & B.E (Civil) to get the overview of planning programmes & professions.

With the Finance Minister's announcement of significant investment in the planning profession's capacity building and ongoing work on smart cities, a career in urban planning has emerged as a viable alternative for India's youth. This is tremendously exciting! It marks the potential growth of this extremely important field within India, suggesting incredible job opportunities for our students, both current and prospective.

Our Planning Department, located in the heart of Gurgaon, offers ITPI-accredited planning courses at both bachelor's as well as master's level. We have been integrating new, cutting-edge elements to our curriculum, including crucial entrepreneurial skills over the last several years. Most notably, our partnership with Government & private organisations dealing in planning industry to include entrepreneurship in the curriculum has made our students' learning much more interdisciplinary and contemporary.

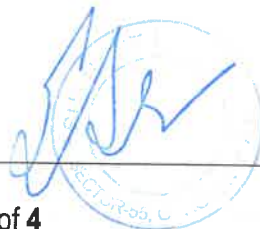

One of the strong reasons for our students to adapt to changing education system was due to the motto of university of providing an experiential learning eco system and promote hands on learning through community engagement initiative and participatory design solutions.

Our department has signed MoUs with the notable organizations, such as Centre for Science and Environment (CSE), IGBC to collaborate on research and development strategies that are both sustainable and equitable. The goal is to identify answers for economic development whilst also protecting the environment, and to provide solutions that people, and communities may apply themselves.

The mission is to convey knowledge and skills while also instilling values and principles towards becoming socially, culturally, economically responsive planners.

This opportunity of Student's visit & workshop with Yuvakshetra Institute of Management Studies, Ezhakkad, Palakkad wherein, the students presented their studio work related to Comprehensive Mobility Plan (CMP), Regional Plan, and City Development Plan (CDP), will allow them to engage with professionals, receive feedback, and gain insights into practical implementation strategies. This visit is an integral part of our academic curriculum and provides students with valuable real-world exposure.

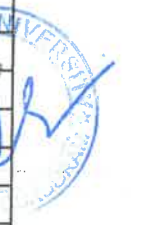

Program schedule (22.03.2023):

Sl. No.	Time	Programs
	11:00 AM	Introductory Speech of DEAN- SAA
	11:15 AM	Welcome speech of Hon'ble, VC, SU.

Online Guest Lecture

Description (min 250 to max 800 words)*

DEAN
School of Health Sciences
Sushant University
Sector-55
Gurugram, Haryana

Department of Pharmacy, SHS, Sushant University organized an online guest lecture in collaboration with Modern Group of Institutions, Indore, MP with objective to enhance the knowledge of Pharmaceutical Management among pharma aspirants.

The session started at 12:00 PM via Google Meet. Mr. Saurabh Saraswat took the introductory note about the eminent speaker Dr. Sapna Malviya, Professor and Head, Modern Institute of Pharmaceutical Sciences. In welcome address, Dr. Jyoti Sinha, Principal, highlighted the importance of topic and assured to arrange many more such events in which students

can think beyond the contemporary pharma fields.
Dr. Sapna briefed about principles of Pharmaceutical Management along with key concepts. She also guided the students about career options in the field of Pharma Management. More than 100 participants grabbed the opportunity to explore the field of Pharmaceutical Management during the event.

Fri, Feb 10, 2023 at 1:11 PM

Dear Sir/Ma'am,

Greetings of the day!

This is in regard to our telephonic conversation we had about conducting a guest lecture/expert talk as a collaborative activity. Department of Pharmacy, School of Health Sciences, Sushant University seek to conduct an online session in collaboration with your esteemed organization as follows-

Topic: Insights of Pharmaceutical Management

Date: 25/02/2023

Time: 12:00 PM

Duration: 45-60 min.

Mode: Online

Platform: Google Meet

Open for: Pharmacy students of Modern Institute of Pharmaceutical Sciences & School of Health Sciences, Sushant University

Kindly share the details (Name, Designation & Photo) of the speaker (from your esteemed organization) so that the flyer can be designed and circulated.

Later on (in March 2023), School of Health Sciences, Sushant University will arrange an online session on any of (as per your choice) Optometry (eg. Eye Health & Hygiene), Cardiovascular Technology (eg. Basic Life Support), Psychology (eg. IQ/EQ), Radiology (eg. Radiation Hazards) and Pharmacy

It will be our pleasure to implement your confirmation/suggestions regarding date or topic.

Thanks a lot.

Looking for your kind collaboration,

Saurabh Saraswat
Department of Pharmacy, SHS
Sushant University, Gurugram
Mob. 9412883959, 8383848090
Email: saurabhsaraswat@sushantuniversity.edu.in

Head of Institute-Dr. Sapna Malviya <hod@moderninstitutes.net>
To: Saurabh Saraswat <saurabhsaraswat@sushantuniversity.edu.in>

Fri, Feb 10, 2023 at 2:36 PM

Dear Sir,

Greetings of the day!

Thank you for your email.

Topic: Insights into Pharmaceutical Management: Steps to Success

Date: 25/02/2023

Time: 12:00 PM

Duration: 45-60 min.

Mode: Online

Platform: Google Meet

Details of Speaker

Dr. Sapna Malviya
Professor & Head of Institute
Modern Institute of Pharmaceutical Sciences
ZED Consultant
Innovation Ambassador, IIC, MHRD
MP State President, Women Forum, SPSR

Please feel to speak if desired.

Students of Sushant University visiting KMUTT

(Geotag) Photograph-2

Description (min 250 to max 800 words)*

The School of Design at Sushant University organized an enriching cultural exchange program for its students in collaboration with King Mongkut's University of Technology Thonburi (KMUTT) in Thailand. This unique program provided a platform for students to immerse themselves in the rich cultural heritage of both India and Thailand, with a specific focus on designing craft products aimed at the tourism market. Spanning over several weeks, this exchange program was a blend of cultural exploration, collaborative research, and creative ideation, providing students with a holistic learning experience that transcended traditional classroom boundaries.

The program began with an official welcome ceremony at KMUTT, where the students from both universities were introduced to each other and briefed about the objectives and structure of the exchange. The initial days were dedicated to cultural immersion activities designed to familiarize the students with the diverse traditions, customs, and artistic expressions of Thailand. This included visits to historical landmarks, museums, and cultural centers, as well as participation in traditional Thai art and craft workshops. The students had the opportunity to witness firsthand the intricate craftsmanship involved in creating traditional Thai handicrafts, such as silk weaving, pottery, and wood carving.

In parallel, the students shared aspects of Indian culture with their Thai counterparts. They organized presentations and workshops showcasing various Indian art forms, such as block printing, miniature painting, and traditional embroidery. This reciprocal exchange of cultural knowledge laid the groundwork for a deeper understanding and appreciation of each other's cultural heritage, setting the stage for the collaborative design projects that followed.

To facilitate effective collaboration, the students were divided into several interdisciplinary teams, each comprising a mix of Indian and Thai students. These teams were tasked with researching and ideating craft souvenirs that could appeal to the tourism market, drawing inspiration from the cultural elements of both countries. The objective was to create innovative and marketable products that embodied the essence of Indian and Thai cultures, thereby enhancing the cultural tourism experience for visitors.

The research phase involved extensive fieldwork and interactions with local artisans, craftsmen, and cultural experts. The students visited various craft villages and artisan workshops to gather insights into traditional techniques, materials, and design motifs. They conducted interviews and surveys to understand the preferences and expectations of tourists regarding cultural souvenirs. This hands-on approach allowed them to gain a deeper understanding of the local craft ecosystem and the challenges faced by artisans in preserving and promoting their heritage.

With a wealth of research data at their disposal, the teams moved on to the ideation phase. They brainstormed and sketched numerous design concepts, exploring innovative ways to blend Indian and Thai cultural elements into their craft products. The ideation sessions were highly interactive and collaborative, with students sharing ideas, giving feedback, and refining their designs. The presence of faculty mentors from both universities provided valuable guidance and ensured that the designs were culturally authentic and practically feasible.

One of the standout projects was a series of intricately designed silk scarves that combined traditional Thai silk weaving techniques with Indian block printing patterns. The students experimented with various color palettes and motifs, creating unique designs that resonated

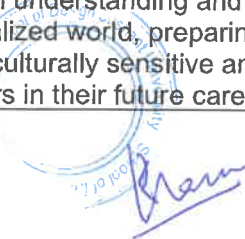

with the cultural aesthetics of both countries. Another notable project was the creation of decorative pottery items that incorporated Indian miniature painting styles with Thai ceramic craftsmanship, resulting in visually striking and culturally rich souvenirs.

Throughout the program, the students also engaged in skill-building workshops that enhanced their design capabilities. They learned about sustainable design practices, product development, and marketing strategies, equipping them with the knowledge and skills needed to bring their ideas to fruition. The workshops emphasized the importance of preserving cultural heritage while adapting traditional crafts to contemporary markets, promoting a balance between innovation and tradition.

The culmination of the cultural exchange program was a grand exhibition where the students showcased their final products. The exhibition was attended by faculty, students, artisans, and representatives from the tourism industry. The students presented their designs, explaining the cultural significance and creative process behind each product. The exhibition received an overwhelmingly positive response, with many attendees expressing interest in collaborating with the students to commercialize their designs.

This cultural exchange program was a transformative experience for the students from the School of Design and KMUTT. It not only broadened their cultural horizons but also enhanced their design skills and collaborative capabilities. The program demonstrated the power of cross-cultural collaboration in fostering creativity and innovation, highlighting the potential of cultural heritage as a source of inspiration for contemporary design.

In conclusion, the cultural exchange program between the School of Design at Sushant University and King Mongkut's University of Technology Thonburi was a resounding success. It provided students with an invaluable opportunity to explore the rich cultural tapestries of India and Thailand, collaborate on innovative design projects, and contribute to the promotion of cultural tourism. The experience underscored the importance of cultural understanding and collaboration in the globalized world, preparing the students to become culturally sensitive and creatively adept designers in their future careers.

Dear Pronyos and Karuna,

Good Morning and wishing you a Very Happy New Year.

Referring to our last discussion on the workshop schedule for 2024 year. Kindly confirm the date for workshop to be conducted -

- KMUTT Campus - 11 March - 15 March 2024
- Sushant University Campus - 1 April - 8 April 2024.

We need the confirmation from you side so that we can start planning the logistics. Also kindly share the arrangement or support extended by KMUTT.

10- 15 students from both the Universities would be participating in the exchange workshop.

Regards

Dr Koshalpreet Kaur

Dear Karuna,

Thank you for your reply and confirming the dates for the workshop.

The workshop details are as follows-

- There will be 10 -15 students from each institute participating in the workshop.
- 2 faculty members will be accompanying the students
- Travel, Hotel, food will be managed by the students attending the workshop

Kindly confirm the above details so that we can start planning on the financials for the workshop.

Description (min 250 to max 800 words)*

****Water Management and Consumption****

At the heart of our environmental initiatives is our commitment to effective water management and conservation. Our experts have developed and implemented a range of innovative methods to manage and conserve water within our campus. During this session, students were given a comprehensive overview of these practices, emphasizing the importance of water sustainability in maintaining an eco-friendly campus.

One of the key areas discussed was the implementation of rainwater harvesting systems. These systems are designed to capture and store rainwater, which is then used for irrigation and other non-potable purposes. This reduces our reliance on municipal water supplies and helps mitigate the impact of drought conditions. The students were shown the various components of the system, including collection surfaces, storage tanks, and distribution networks.

Additionally, the use of greywater recycling was highlighted. Greywater, which is wastewater generated from domestic activities such as laundry and bathing, is treated and reused for landscape irrigation and toilet flushing. This practice not only conserves freshwater but also

reduces the amount of wastewater that needs to be treated and disposed of, thereby lessening our environmental footprint.

Students were also briefed on how they can conduct a water audit for our campus to further enhance these practices. A water audit involves a detailed assessment of water use across the campus, identifying areas where water is wasted and proposing measures to improve efficiency. The students learned about the tools and techniques used in water audits, such as flow meters and leak detection systems, and were encouraged to participate in these efforts to contribute to our ongoing water conservation goals.

****Waste Management and Sustainable Farming Practices****

Our commitment to sustainability extends beyond water conservation to encompass comprehensive waste management and sustainable farming practices. During this session, students were introduced to the various waste management techniques employed on our campus. These techniques are designed to minimize waste generation, promote recycling, and ensure the proper disposal of waste materials.

One of the key components of our waste management strategy is the segregation of waste at the source. Students learned about the importance of separating biodegradable waste from non-biodegradable waste, and how this practice facilitates more efficient recycling and composting processes. Biodegradable waste, such as food scraps and garden clippings, is composted on-site to produce nutrient-rich compost that is used in our campus gardens and farms.

The session also covered our sustainable farming practices, which aim to ensure minimal waste and maximum productivity. Students were introduced to organic farming techniques, such as crop rotation, natural pest control, and the use of organic fertilizers. These practices not only enhance soil fertility and crop yields but also reduce the reliance on chemical inputs that can harm the environment.

Additionally, the concept of permaculture was discussed. Permaculture is a holistic approach to farming that integrates land, resources, people, and the environment through mutually beneficial

Bianu

synergies. Students were shown examples of permaculture designs on campus, such as food forests and polycultures, and were encouraged to think about how these principles could be applied in their own communities.

****Sustainable Design on Campus****

Sustainable design is a cornerstone of our campus infrastructure, and this session focused on the architectural and design elements that make our campus eco-friendly. The students were encouraged to observe and understand the sustainable designs around them, fostering a deeper appreciation for the integration of sustainability in everyday environments.

One of the key aspects discussed was the use of green building materials and construction techniques. Students learned about the benefits of using materials such as bamboo, recycled steel, and low-VOC (volatile organic compound) paints, which reduce the environmental impact of construction and create healthier indoor environments. They were also introduced to passive solar design principles, which optimize natural light and ventilation to reduce the need for artificial lighting and air conditioning.

The session also highlighted the role of green roofs and walls in enhancing the sustainability of our buildings. Green roofs, which are covered with vegetation, help to insulate buildings, reduce the urban heat island effect, and provide habitats for wildlife. Similarly, green walls, or vertical gardens, improve air quality, enhance aesthetic appeal, and contribute to the overall well-being of building occupants.

In addition to these elements, students were shown examples of sustainable landscaping on campus. This includes the use of native plants that require minimal water and maintenance, as well as the incorporation of rain gardens and bioswales to manage stormwater runoff. These features not only create beautiful and functional landscapes but also support local biodiversity and ecosystem health.

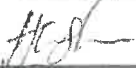

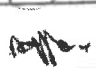

Throughout the session, students were encouraged to think critically about the design choices they observed and to consider how these principles could be applied in their own projects and communities. By fostering a deeper understanding of sustainable design, we aim to empower the next generation of designers and

	<p>architects to create more sustainable and resilient built environments.</p> <p>In conclusion, these sessions on water management, waste management, and sustainable design provided students with valuable insights into the innovative practices that underpin our commitment to sustainability. By engaging with these topics, students gained a deeper appreciation for the importance of environmental stewardship and were equipped with the knowledge and skills to contribute to a more sustainable future.</p>

<anjali@marwah@sushantuniversity.edu.in>, YuvrajPal Singh <yuvrajpal.singh@navjyoti.org.in>

Dear Dr Koshalpreet

Many thanks for sharing. This is really helpful. We have received following feedback from our experts and engineers:

1. To use terminology that can be understood by a common person such as replace softscape, hardscape with paved area etc as the drawing will be pasted on the informational board as well.
2. Area to be calculated and mentioned. This will help to calculate annual groundwater recharge potential.
3. Slope may be depicted. This will help us to justify the site for recharge well.
4. Pl add logo of Navjyoti India Foundation and Police department.
5. The drawing property will be that of Navjyoti India Foundation

By when we can expect the drawings of all 40 police stations.

Also request you to share the consultancy agreement so that it can be signed at the earliest.

Connecting my team member, Yuvraj with you for any coordination for drawings. He can be reached at 9785342277 and 8949181265. He will help in case any permissions are required for the visit of the team to the police stations. In case there is a schedule, pl do share as he can be present in few cases.

Thanks and Regards

Chandni

Dear Yuvraj,

I hope this message finds you well.

I am pleased to inform you that the School of Design Students has successfully completed the measuring drawing of 40 Police stations within the stipulated time frame. It has been an incredible journey working on this project with Navjyoti foundation, and I'm delighted to share that all the objectives have been met, and the final deliverables are uploaded over google drive.

I am confident that they meet the outlined requirements and standards set forth at the project's initiation.

Moreover, the School of Design likes to extend our sincere gratitude to the entire team for their unwavering commitment, hard work, and valuable contributions throughout the project lifecycle. Each team member played an indispensable role in achieving this successful outcome.

Yuvraj Ji, I request you to please provide the certificate to the students and process the remaining amount so that we can close this project.

Thank you once again for entrusting us with this project. It has been an honour to work with Navjyoti foundation.

Mobile stabile installation by B. Arch students

(Geotag) Photograph-2

Mobile Stabile by B FA students

Description (min 250 to max 800 words)

*

Mobile sculpture art is a fascinating and unique form of artistic expression. It combines elements of design, movement, and balance to create captivating works of art. In this section, we will delve into the definition and history of mobile sculpture art, as well as its importance and relevance in contemporary art.

	<p>Key Points:</p> <ul style="list-style-type: none">• "mobile" is synonymous with the term "kinetic art", describing sculptural works in which motion is a defining property• an art form where objects had to be connected by wire much like a balance scale.• By the sequential attachment of additional objects, the final creation would consist of many balanced parts joined by lengths of wire whose individual elements would be capable of moving independently or as a whole when prompted by air movement or direct contact.

Description (min 250 to max 800 words)*

The collaborative afforestation project undertaken by Sushant University and RVS Chennai College represents a commendable effort towards environmental conservation and sustainable development. With a shared commitment to

mitigating climate change and enhancing green cover, the two institutions have joined forces to plant 1200 trees, marking a significant contribution to biodiversity preservation and ecosystem restoration.

At the heart of this initiative lies a deep-seated recognition of the critical role that trees play in regulating the climate, purifying the air, conserving soil and water resources, and providing habitat for diverse flora and fauna. By planting a diverse array of tree species, including native and indigenous varieties, the project aims to create resilient and biodiverse ecosystems that can withstand environmental stressors and support thriving ecological communities.

The afforestation project is not merely about planting trees; it is also about nurturing and stewarding these saplings throughout their lifecycle. Through community engagement, capacity-building workshops, and volunteer-driven initiatives, Sushant University and RVS Chennai College empower students, faculty members, and local stakeholders to become custodians of the newly planted trees, fostering a sense of ownership and responsibility towards the environment.

Moreover, the afforestation project serves as a living laboratory for experiential learning and interdisciplinary collaboration. Students from diverse academic disciplines, including environmental science, forestry, landscape architecture, and sustainability studies, actively participate in tree planting activities, scientific monitoring, and research projects aimed at understanding the ecological dynamics of newly established forest ecosystems.

Beyond the immediate environmental benefits, the afforestation project also holds immense potential for catalyzing positive social change and community empowerment. By forging partnerships with local governments, non-profit organizations, and grassroots initiatives, Sushant University and RVS Chennai College leverage the transformative power of collective action to address broader socio-economic challenges, promote environmental literacy, and foster a culture of environmental stewardship among future generations.

	<p>In essence, the afforestation project spearheaded by Sushant University and RVS Chennai College exemplifies the transformative potential of collaborative action in addressing complex environmental issues and advancing the global sustainability agenda. Through their shared vision, commitment, and collective efforts, these institutions inspire hope and set a compelling example for others to emulate, demonstrating that small acts of planting trees can yield profound and lasting benefits for the planet and its inhabitants.</p>

Dear Neetu

PFA the comments to be incorporated in the poster

1. We have nsu logo also somewhere (Attached herewith)
2. Squarish formats are best for social media.
3. We can put one group pics and the SAA building. Group picture can be bigger and building smaller. (attached herewith)
4. We can give the complete text in the captions and use highlights for the text.
5. The group pictures are too small to be visible in a single go.

Regards

Dear Professor Saleem,
Greetings from North South University, Bangladesh! I am writing this email to check the possibility of our Vice-Chancellor's visit to Sushant University on Thursday, March 23, 2023, morning preferred.
Also If you could kindly cross check with the appropriate authority at your end if we can sign the MOU on that day.

We will send our official confirmation email once you check the ground and let us know.

Look forward to hearing from you.

Regards,
Dr. Hasanuzzaman

2/23/24, 10:35 AM

Sushant University Mail - Hello from North South University, Dhaka

Hope this mail finds you well. The shared information regarding the visit of NSU Vice Chancellor has been forwarded to the concerned authorities. Will respond as soon the information from their side is made available to me.

In the meantime I would like to request you to kindly go through the MoU which has been shared with Katherine earlier and let me know if any changes/modifications are required. So that we can utilize the time and smooth process of signing the MoU can take place.

Looking forward for the successful collaboration and exchange of ideas which will benefit both the universities.

Thanks and regards

Dear Dr. Hasanuzzaman

Greetings from SAA

Hope this mail finds you well. I am happy to inform you that your vice chancellor visit on 23rd March 2023 in forenoon is confirmed from our end, kindly share the schedule for the day so that we can make proper arrangements and all the needful can be done. Our Vice chancellor and Registrar both will be available to greet NSU Vice Chancellor along with our School Dean, cluster director and other coordinators including myself.

As per your response, the shared MoU will be kept unchanged and regarding changing the signing authority, I would like to inform you that usually all the MoU in our university are signed by our Registrar sir but your request for changing the signatory to Vice chancellor has been kept in front of the authorities and there response is awaited.

Will get back to you as soon as possible on this matter.

Regards

Dear Professor Saleem,

Thank you for the confirmation of the visit and facilitating the MOU signing event on Thursday, 23rd March 2023. The Vice-Chancellor will be staying at the ITC Maurya Hotel, so I guess it may take around 1 hour to get to your campus. Should we target to reach there by 11:30AM? The list of the tentative delegates is as follows:

1. Professor Atiqui Islam, Vice-Chancellor
2. Dr. Asad Karim Khan Priyo, Chair, Dept. of Economics
3. Dr. Hasanuzzaman, Asst. Director, External Affairs

Please note my whatsapp (+8801711166167) and local number +918961803471 for ground communication.

Look forward to meeting you soon.

Dear Dr. Hasanuzzaman

Greetings from SAA

Firstly I would apologize for the late response due to ongoing academic and administrative schedules. The time proposed by you regarding visiting Sushant University on 23rd March 2023 at 11.30a.m is confirmed from our side after discussion with V.C sir and other coordinators.

Also I would like to inform you that the signatory authority will be registrar sir only and cannot be changed as per our university norms.

Looking forward for the successful collaboration and learning.

Hope to meet you soon and you may reach out to me on +91-8447378770 for any further assistance if needed.

Thanks and Regards

For the post she might need a small write up:

Signing of MOU On 23rd March 2023 between Department of Civil and Environmental Engineering, North South University, Bangladesh and School of Art & Architecture, Sushant University to collaborate and work on different perspectives, where the SAARC nations come together as an initiative to collaborate leading to knowledge exchange and sustenance of future growth.

In the presence of Hon'ble Vice chancellor Rakesh Ranjan signed by Dr. Sanjeev Sharma, Registrar, Sushant University, Gurugram, Haryana and Prof Atiqul Islam, Vice chancellor of North South University, Dhaka, Bangladesh on 23rd March 2023 in the office of Vice Chancellor.s

Let me know if we need to add all the names and who all are going to be on hash tag #

Regards,

Nidhi Dandona
 Architect, Urbanist & Educator

Dear Speakers,

We would like to welcome the Dean of AA Professor Colonel Malik in the panel of our speaker. Thank you sir for gracing our kick off event. It will hopefully be heavily attended by our student body and hopefully be the same from Shushant. Sir I would like for you to grace us with a short introductory address then the young Professor can take over. At this point I would like to acknowledge the tiring efforts of young Associate Professor Sehba to get the ball rolling for the MOU and this engagement. She made the effort to renew the link with me to initiate the MOU and the collaboration with our two institutions. She even made a trip to Bangladesh to engage with the faculty of AA in NSU and push the MOU along.. She deserves a big hand from us all. Once again the link is below. Also the update poster is attached.

Kind reminder of the Delhi to Dhaka Dialogue: Green Building Design and Delivery April 15, 2023. 11.00 A.M. – 1.00 P.M. Dhaka Time and 10.30 A.M. – 12.30 P.M. Delhi Time Online seminar Link: <https://meet.google.com/izf-onas-hyg> Code: izf-onas-hyg Lets keep the presentation within 15 minutes. We would like to finish within the slot of two hours. I will ask Prof. Sebha to start off and then alternate between NSU and Shushant. Prof Shila will go next then Prof Anees to go third, followed by Prof. Zaman, the young engineer Indronith, and lastly Professor Ahsan to present last and also to give the thanks. Would like to initiate a joint workshop in person in Bangladesh in this meeting as well. I would like to take the opportunity to introduce you all to each other in the hope of sharing experiences and future shared projects. Look forward to hosting all our friends from Delhi to Bangladesh. Love to visit Sushant as well. I hope other faculties and students will support the online seminar and my students in GB class will definitely gain from this. Practical examples will be well received I am sure. This exposure will be great for the students. Attaching the updated leaflet of the seminar. . Pls feel free to circulate. Kind Regards, Nadim Khandaker

Sachin Datt <sachindatt@sushantuniversity.edu.in>, Anjali Marwah <anjali@marwah@sushantuniversity.edu.in>, Bhavya Arora <bhavyaarora@sushantuniversity.edu.in>

Dear Ms Kritika,

Greetings from Team School of Design, Sushant University!

SoD is hosting a delegation of students and faculty from KMUTT, Thailand as part of the yearly student exchange program. During this program, we are planning to host a workshop on traditional Indian art/crafts, which will facilitate the exchange of cultures.

Therefore, it is our pleasure to invite you as a Resource person to conduct a workshop on "Phad Painting" which will take place from 5th to 6th April 2023. We are confident that the participating students will benefit from your vivid experience, insights and vision. The results of the workshop will be exhibited on 7th April at JKC Gallery of Art & Architecture, Sushant University.

The remuneration offered for this workshop is Rs. 15,000 (honorarium + conveyance + material cost).

No. of students: 20**Workshop dates:** 5th to 6th April 2023**Exhibition date:** 7th April 2023**Venue:** A Block, School of Design, Sushant University**Timings:**

Day 1: 11.30 - 13.00, 14.00 - 17.00

Day 2: 10.00 - 13.00, 14.00 - 17.00

Request you to confirm your availability for the same. Please feel free to contact me if you have any questions or need further assistance as you prepare for your visit. We look forward to your affiliation and contribution to our school during this exchange program.

Regards,

Sachin Datt <sachindatt@sushantuniversity.edu.in>, Anjali Marwah <anjali@marwah@sushantuniversity.edu.in>, Bhavya Arora <bhavyaarora@sushantuniversity.edu.in>

Dear Mrs. Mareena Thomas,

Thank you for your email. It would be my pleasure to present my art at Sushant University. As you have mentioned in the previous email that remuneration will be 15,000 including honorarium, travel and materials, which will be a little difficult for me to adjust everything in that cost. But I am taking it as a opportunity, So please confirm my availability for the same.

But I have a few requests, which are -

1. Material cost will be Rs. 300 for each student, so if you can provide the advance just for the material that would be great. Rest you can do later.
2. As I mentioned earlier, remuneration is not upto my expectations, I would be doing this workshop for the half day on the 5th April, that will be in the 2nd half after lunch time. And I can go full day on the 6th April.

Also let me know if you want me to bring some of my work for the exhibition on 7th. In case any student or faculty wants to buy.

Thank You,
Warm Regards,

Kritika Joshi

Dear Kritika,

Thank you for accepting our invitation for conducting the workshop with our Delegation from KMUTT, Thailand on 5th - 6th April 2023.

Kindly share the detailed schedule for the workshop and the final expected output. We are planning to put up an exhibition of the students' work they have developed during the workshop on 7 April 2023.

Would also appreciate it if you can share some of your previous works.

Looking forward to the creative workshop and some amazing work.

Namaste, Dr. Koshalpreet Kaur Ji,

Once again thank you for inviting me for the workshop.

Schedule -

on 5th April - Post Lunch

- Introduction about the Phad Painting, its history, origin, and process.
- A short film on the Phad.
- Will show some of my work photos, about my implementation of art into products or decor.
- Will start sketching basic figures, trees, architecture, animals of the Phad.
- Will distribute final printed sheets to students, in which they will do all 7 colors (which is used in the Phad) with final outline.

on 6th April- Full Day

- Full day students will be doing coloring, outlining and final touching to the painting with border.

Phad Painting has 7 colors. which is done one by one followed by orange, yellow, green, brown, red, blue and black. This process will take full day for students to complete a small size painting with two or three figures and elements.

Please find the attachment for the idea.

Please note that compositions can be different from the attachment. This is just for your reference.

Also, kindly let me know about the advance I asked for.

Warm Regards,

Kritika Joshi

Dear Kritika,

Thanks for accepting our invitation. We're looking forward!

The cost for the material (Rs. 6,050) should be transferred to your account by EOD tomorrow, i.e. 1st April. Please let us know once you receive the payment.

Also, request you to provide the bills for all items. You can share the bills with us when you arrive on campus. For your reference, I'm attaching the list of items as per your discussion with Ms Bhavya.

Let me know if you have any questions.

Best,

Description (min 250 to max 800 words)*

The School of Design at Sushant University organized an enriching cultural exchange program for its students in collaboration with King Mongkut's University of Technology Thonburi (KMUTT) in Thailand. This unique program provided a platform for students to immerse themselves in the rich cultural heritage of both India and Thailand, with a specific focus on designing craft products aimed at the tourism market. Spanning over several weeks, this exchange program was a blend of cultural exploration, collaborative research, and creative ideation, providing students with a holistic learning experience that transcended traditional classroom boundaries.

The program began with an official welcome ceremony at Sushant University, where the students from both universities were introduced to each other and briefed about the objectives and structure of the exchange. The initial days were dedicated to cultural immersion activities designed to familiarize the students with the diverse traditions, customs, and artistic expressions of Delhi NCR, India. This included visits to historical landmarks, museums, and cultural centers, as well as participation in traditional Thai art and craft workshops. The students had the opportunity to witness firsthand the intricate craftsmanship involved in creating traditional Indian handicrafts, such as silk weaving, pottery, and wood carving.

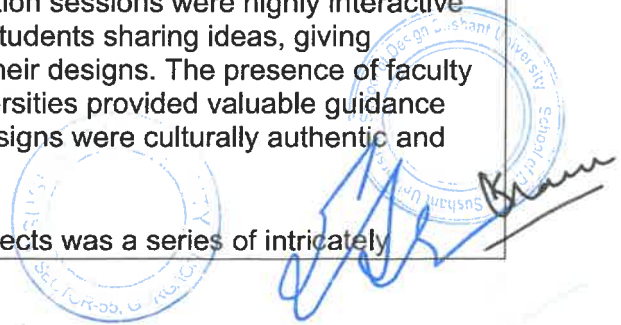

In parallel, the students shared aspects of Indian culture with their Thai counterparts. They organized presentations and workshops showcasing various Indian art forms, such as block printing, miniature painting, and traditional embroidery. This reciprocal exchange of cultural knowledge laid the groundwork for a deeper understanding and appreciation of each other's cultural heritage, setting the stage for the collaborative design projects that followed.

To facilitate effective collaboration, the students were divided into several interdisciplinary teams, each comprising a mix of Indian and Thai students. These teams were tasked with researching and ideating craft souvenirs that could appeal to the tourism market, drawing inspiration from the cultural elements of both countries. The objective was to create innovative and marketable products that embodied the essence of Indian and Thai cultures, thereby enhancing the cultural tourism experience for visitors.

The research phase involved extensive fieldwork and interactions with local artisans, craftsmen, and cultural experts. The students visited various craft villages and artisan workshops to gather insights into traditional techniques, materials, and design motifs. They conducted interviews and surveys to understand the preferences and expectations of tourists regarding cultural souvenirs. This hands-on approach allowed them to gain a deeper understanding of the local craft ecosystem and the challenges faced by artisans in preserving and promoting their heritage.

With a wealth of research data at their disposal, the teams moved on to the ideation phase. They brainstormed and sketched numerous design concepts, exploring innovative ways to blend Indian and Thai cultural elements into their craft products. The ideation sessions were highly interactive and collaborative, with students sharing ideas, giving feedback, and refining their designs. The presence of faculty mentors from both universities provided valuable guidance and ensured that the designs were culturally authentic and practically feasible.

One of the standout projects was a series of intricately

designed silk scarves that combined traditional Thai silk weaving techniques with Indian block printing patterns. The students experimented with various color palettes and motifs, creating unique designs that resonated with the cultural aesthetics of both countries. Another notable project was the creation of decorative pottery items that incorporated Indian miniature painting styles with Thai ceramic craftsmanship, resulting in visually striking and culturally rich souvenirs.

Throughout the program, the students also engaged in skill-building workshops that enhanced their design capabilities. They learned about sustainable design practices, product development, and marketing strategies, equipping them with the knowledge and skills needed to bring their ideas to fruition. The workshops emphasized the importance of preserving cultural heritage while adapting traditional crafts to contemporary markets, promoting a balance between innovation and tradition.

The culmination of the cultural exchange program was a grand exhibition where the students showcased their final products. The exhibition was attended by faculty, students, artisans, and representatives from the tourism industry. The students presented their designs, explaining the cultural significance and creative process behind each product. The exhibition received an overwhelmingly positive response, with many attendees expressing interest in collaborating with the students to commercialize their designs.

This cultural exchange program was a transformative experience for the students from the School of Design and KMUTT. It not only broadened their cultural horizons but also enhanced their design skills and collaborative capabilities. The program demonstrated the power of cross-cultural collaboration in fostering creativity and innovation, highlighting the potential of cultural heritage as a source of inspiration for contemporary design.

In conclusion, the cultural exchange program between the School of Design at Sushant University and King Mongkut's University of Technology Thonburi was a resounding success. It provided students with an invaluable opportunity to explore the rich cultural tapestries of India and Thailand, collaborate on innovative design projects, and contribute to the promotion of cultural tourism. The experience underscored the importance of cultural understanding and collaboration in the globalized world, preparing the students to become culturally sensitive and creatively adept designers in their future careers.

MOU Guest Lecture

Workshop on student training programme

School of Law, Sushant University in collaboration with Eduvoice

April
9th 2023

11:00 A.M.

Follow us on

Dear Dr. Akash
Director, Eduvoice

Subject: Thank You for Your Talk on Student Training Programme

I wanted to take a moment to sincerely thank you for your insightful and engaging I Talk on Student Training Programme on 9th April 2023. Your expertise and thoughtful perspectives truly enriched the experience for our students, and we appreciate the time and effort you put into preparing such a compelling presentation.

Your contribution not only enhanced the students' understanding of the subject but also sparked important discussions and inspired many to think more deeply about the topic. We are grateful for your generosity in sharing your knowledge with us.

Thank you again for your support and for making such a positive impact on our learning community. We hope to have the pleasure of welcoming you back in the future!

Thanks and Regards,

Dr. Deepak Miglani
Associate Professor,
School of Law,
Sushant University

To,

Dr. Akash
Director, Eduvoice

Subject: Invitation to Speak in " Student Training Programme"

Dear Sir,

I hope this message finds you well. As per our telephonic conversation, we are delighted to extend an invitation to you to be a guest speaker at our upcoming workshop on "environment awareness" for our students at Sushant University, Gurgaon. The details of the event are as follows:

Date: 9th April, 2023

Time: 11am-12pm

We believe that your expertise and insights in this field will greatly benefit our students as they prepare for their future endeavors. Your presence and guidance will be invaluable to their academic and career growth.

We kindly request you to accept this invitation, and we look forward to your positive response. Your contribution will undoubtedly make a significant impact on our students' educational journey.

Thank you for considering our invitation.

Thanks and Regards,

Dr. Deepak Miglani
Associate Professor,
School of Law,
Sushant University

SOL/MOU/GL/04/2023

Date: 2nd April, 2023

NOTICE

Subject: Workshop on student training program under Collaboration with Edu Voice

Dear Students,

We are pleased to inform you that the School of Law, Sushant University, is organizing a Guest Lecture as part of our ongoing collaboration with Edu Voice. This lecture will provide an excellent opportunity to gain insights from distinguished professionals in the legal field and enhance your knowledge.

Details of the Lecture:

- Topic: Workshop on student training programe
- Speaker: Dr. Akash Kumar
- Date: 9th April, 2023
- Time: 11 A.M. to 12 P.M.
- Venue: D-421

We strongly encourage all students to attend this session, as it will be highly beneficial for your academic and professional growth. Attendance is mandatory for all the students of School of Law.

For any queries or further information, please contact the undersigned.

Looking forward to your participation.

Best regards,

Dr. Deepak Miglani

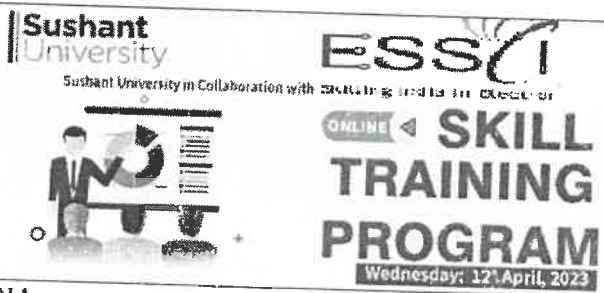

Assistant Professor
School of Law
Sushant University

Subject: Invitation to Collaborate on Skill Training Program

Dear Neerja,

I hope this email finds you well.

I am writing to invite ESSCI to collaborate with Sushant University on an upcoming Skill Training Program scheduled for 12th April 2023 from 11:00 AM to 1:00 PM. The event will be conducted online and aims to provide students with essential skills and industry knowledge relevant to their future careers.

We would appreciate it if ESSCI could provide an expert speaker to lead this training. We believe this collaboration will offer significant value to the participants.

Please confirm your availability and provide the name of the expert at your earliest convenience.

Warm regards,

Prof Bindu

Dear Sir

Greetings of the day!

It is our pleasure to inform you that the **School of Engineering & Technology (SET) department of "Sushant University, Gurgaon"** is planning to organize a one day online "Skill Training Program" in March fourth week. There will be two sessions of one hour each as follows:

- **Session 1 " Effective Interview Skills "**
- **Session 2 "Group Discussions- Tips and Techniques" .**

We would be happy to associate with your esteemed organization to conduct the above Program. The Resource Persons will be provided from the **Centre for Soft Skills** at Sushant University.

You are requested to arrange/invite students to attend this useful and engaging session to enhance their employability skills.

We look forward to your valuable inputs regarding the above collaborative activity.

Regards,
Meenakshi Gupta
Asst. Professor
Sushant University

The Registrar,

Mangalayatan University,

Beswan Aligarh-U.P. - 202146

Sir,

Dean
School Of Engg. & Technology
Sushant University
Sector 55, Gurugram

A one day online Skill Training Program between Sushant University & Mangalayatan University has been successfully conducted on 12th April, 2023. During this collaborative event, the expert speaker Dr. Sagarika Goswami (Center for Soft Skills, Sushant University) delivered the insightful contents regarding Interview & Group Discussion Skills. Students of both the Universities attended the program and this will benefit them in their preparations for upcoming placement interviews. This collaborative event was conducted under a Memorandum of Understanding signed between us. We are thankful to Mangalayatan University for providing the following Faculty members as resource persons for the above said program.

- 1) Prof. Love Mittal, Mai
- 2) Dr. Soni Singh, Mangalayatan University, Aligarh (Co-coordinator)

We appreciate the sincere efforts and perseverance put by them to make this event a success. We look forward to conduct more such activities in collaboration in the near future.

-- Associate Dean - SET

Figure 2 Expert with the participants

Description (min 250 to max 800 words)*

Introduction

As the global focus intensifies on combating climate change, the built environment—comprising buildings, infrastructure, and urban spaces—emerges as a critical area for reducing carbon emissions. The Centre for Science and Environment (CSE) has been actively promoting clean-build pathways to decarbonize the built environment, emphasizing the need for sustainable practices, innovative technologies, and systemic changes. This brief outlines CSE's approach to achieving a low-carbon built environment and the strategies involved.

Understanding Decarbonization in the Built Environment

Decarbonization refers to reducing carbon dioxide (CO₂) emissions associated with various activities. In the context of the built environment, it involves lowering the carbon footprint of buildings and infrastructure throughout their lifecycle—from construction and operation to renovation and demolition. The goal is to minimize greenhouse gas emissions, improve energy efficiency, and foster sustainable development.

Key Strategies for Decarbonizing the Built Environment

Energy Efficiency and Conservation:

Enhancing energy efficiency is foundational for reducing carbon emissions in buildings. CSE advocates for the implementation of energy-efficient design principles, such as improved insulation, high-performance windows, and energy-efficient lighting and HVAC systems. Additionally, adopting building codes and standards that promote energy conservation is crucial. Retrofitting existing buildings to meet modern energy efficiency standards can also yield significant reductions in energy consumption and emissions.

Renewable Energy Integration:

Transitioning to renewable energy sources is essential for decarbonizing the built environment. CSE supports the integration of solar panels, wind turbines, and other renewable technologies into building designs. This not only reduces reliance on fossil fuels but also supports the generation of clean energy. Implementing on-site renewable energy systems and exploring district energy solutions are effective ways to achieve low-carbon energy use in buildings.

	<p>Sustainable Building Materials:</p> <p>The choice of building materials significantly impacts a building's carbon footprint. CSE promotes the use of sustainable, low-carbon materials such as recycled content, bamboo, and engineered timber. Avoiding materials with high embodied carbon—those that generate substantial emissions during production and transportation—is critical. Additionally, the use of low-carbon concrete alternatives and green-certified products contributes to reducing the overall emissions associated with construction.</p> <p>Green Building Certifications:</p> <p>Achieving green building certifications, such as LEED (Leadership in Energy and Environmental Design) or BREEAM (Building Research Establishment Environmental Assessment Method), provides a structured framework for implementing sustainable practices. These certifications require adherence to stringent criteria for energy performance, water efficiency, indoor air quality, and resource use. CSE encourages adopting these standards to drive systemic changes in building practices and ensure environmental sustainability.</p> <p>Urban Planning and Design:</p> <p>Effective urban planning and design play a crucial role in decarbonization. CSE advocates for mixed-use developments, transit-oriented design, and the creation of walkable neighborhoods to reduce the need for private vehicle use. Integrating green spaces and promoting sustainable land use practices contribute to a lower-carbon urban environment. Additionally, designing cities to accommodate future climate impacts and integrating climate resilience measures are essential for sustainable urban development.</p> <p>Lifecycle Assessment and Circular Economy:</p> <p>Assessing the carbon footprint of buildings over their entire lifecycle—from construction and operation to renovation and demolition—is vital for effective decarbonization. CSE emphasizes the importance of lifecycle assessments (LCAs) to identify opportunities for reducing emissions at each stage. Adopting circular economy principles, such as reusing and recycling building materials, reduces waste and minimizes environmental impacts.</p> <p>Policy and Regulatory Frameworks:</p>
--	--

	<p>Strong policy and regulatory frameworks are necessary to drive decarbonization efforts. CSE advocates for policies that incentivize low-carbon building practices, support renewable energy integration, and enforce stringent building codes. Collaboration between governments, industry stakeholders, and communities is crucial for creating and implementing effective decarbonization policies.</p> <p>Conclusion</p> <p>Decarbonizing the built environment is essential for achieving global climate goals and fostering sustainable development. The clean-build pathways advocated by CSE—focusing on energy efficiency, renewable energy, sustainable materials, green certifications, urban planning, lifecycle assessment, and supportive policies—provide a comprehensive approach to reducing carbon emissions. By adopting these strategies, we can create a low-carbon built environment that contributes to climate mitigation, enhances resilience, and supports a sustainable future for all.</p>

Basic Life Support Event

Description (min 250 to max 800 words)*

On 28th April 2023, School of Health Sciences and Rotary Club Gurgaon Cosmopolitan in association with Fortis Memorial Research institute organized Basic first aid training for SHS students. Practical demonstrations were held by the experts and students who were also told about value of First aid and how it should be given in different situations. At the end of the training period, each participant felt better equipped to help people suffering accidents or sudden illness. To,
The HR Head,
Yuva Health Care,
Gurugram.

Subject: Request to organize a workshop/training session on Basic First Aid

Dear Sir/Madam,

I hope this message finds you well. I am writing to request the organization of a workshop on Basic First Aid for our team at SU Campus. As we strive to ensure the safety and well-being of our staff and community, equipping everyone with essential first aid skills is crucial.

The proposed training session would ideally cover the following topics:

- Recognizing and responding to common medical emergencies
- Performing CPR and using an AED
- Managing wounds, burns, and other injuries
- Handling choking and other critical situations

I believe this training would greatly benefit our team, enhancing our ability to respond effectively in emergencies. I suggest scheduling the workshop for last week of April, if possible.

Please let me know your thoughts on this proposal, as well as any requirements or suggestions you may have. I look forward to the opportunity to collaborate on this important initiative.

Thank you for considering this request.

Best regards,

Rahul Sami

Dear Mr. Rahul,

Thank you for your request to organize a workshop on Basic First Aid for your team. I appreciate your commitment to enhancing safety and preparedness within your organization.

I am pleased to confirm our willingness to conduct the training session. The topics you suggested align perfectly with what we aim to cover. I would propose we hold the workshop on 28/04/2023, but I am open to discussing alternative dates that work better for you.

Please let me know if you have any specific requirements or additional topics you would like us to include. I look forward to collaborating with you to make this workshop a success.

Best regards,

Dear Sir,

I wanted to extend my heartfelt thanks for organizing the recent workshop on Basic First Aid.

The session was incredibly informative and practical, providing participants with essential skills that will undoubtedly be beneficial in emergency situations. The instructor's expertise and the interactive format made the training engaging and effective.

I truly appreciate your efforts in coordinating this important initiative and ensuring everything ran smoothly. The feedback from attendees has been overwhelmingly positive, highlighting the knowledge and confidence they gained from the experience.

Thank you once again for your dedication to improving our community's preparedness. I look forward to future collaborations!

Warm regards,

Rahul Saini

Dear Koshalpreet mam,

I hope this email finds you well.

In partnership with NSS, Istituto Marangoni Firenze, to support and foster its young talents, has launched a Scholarship contest dedicated to its Three-year, Intensive and Master Courses.

Thanks to this Scholarship contest, students can apply for a deduction on the tuition fee up to **€ 5.000** (enrollment fee is still due) for the chosen **courses at the Firenze Fashion, Art, Fragrances & Cosmetics School, starting next September 2023.**

What opportunities does digital technology offer to the new generation of creatives? How would you use Artificial Intelligence to express your point of view and explore new possibilities in fashion and art?

Creativity has no boundaries in the digital world. Tell your vision through a video of up to 60 seconds or a mood board of 9 evocative images, accompanied by a 400-word text explaining your project.

SEND IN YOUR CREATIVE PROPOSAL AND APPLY FOR A SCHOLARSHIP

Deadline: September 03 2023

Warmest regards,
Parvee Chandran

Dear koshalpreet mam,

Maitri Global Education, in exclusive partnership with Domus Academy, is excited to announce the Train Your Imagination Muscles Competition for Scholarships. This competition, in collaboration with FashionUnited FRAME, aims to challenge candidates' imaginative and envisioning skills in the fields of fashion, design, art, and technology. By participating in this competition, you have the chance to win scholarships for the 2-Year Master of Arts in Fashion: Design, Art & Technology and the 2-Year Master of Arts in Design Innovation programs, starting in October 2023.

Competition Phases:

Application Phase: To apply for the competition, candidates must submit their application form, portfolio of projects, and curriculum vitae. Please send your application materials to **info@maitriglobaleducation.com**, our exclusive partner for this competition.

Practical Exercise Phase: Selected candidates will be given a cross-disciplinary practical exercise to complete within 48 hours.

Eligibility:

Open to candidates with a first-level degree (undergraduate) or strong background in fashion, design, architecture, visual arts, and communication. Junior professionals and candidates from related disciplines are welcome to apply.

Prizes:

Up to 30 scholarships are available, covering **50%** of the first-year tuition fee and **25%** of the second-year tuition fee for the selected Master's programs.

Deadline:

Submit your works to Maitri Global Education by **June 23rd**. Results will be announced via email by June 29th.

Enrollment Process:

Maitri Global Education will assist winners with the admission process for the Master's programs.

Don't miss the chance.

Best regards
Parvee

Cc: George syriac <george@maitriglobaleducation.com>, Abraham Choorickapra <abraham@maitriglobaleducation.com>

Dear Koshalpreet maam,

Unleash your creativity and join us for an inspiring session with **Rahul Ramith on August 19th, hosted by Maitri Global Education**. An enthusiastic and visionary designer, Rahul's six-year journey in the world of design culminated in a Master's degree in Industrial/Product Design from Domus Academy, Milan, Italy, where he graduated in December 2019.

Rahul's design voyage spans diverse disciplines, empowering him to seamlessly adapt to various projects and clients. His expertise extends beyond conceptual design, encompassing the engineering of products tailored to today's market needs.

A staunch advocate of multidisciplinary design, Rahul embraces the philosophy that life's beauty lies in exploration. His visionary mindset thrives on an open and creative approach, allowing him to transcend conventional boundaries and work across industries like Transportation Design, Consumer Goods, Home Appliances, Packaging, and Furniture.

For Rahul, design is a holistic process that weaves together disparate elements, ensuring the product's integrity. His designs evoke tactile emotions and culminate in the sheer joy and pride of witnessing them come to life.

Rahul's influence extends beyond his design acumen – he's the Co-Founder of Warli Design Lab and the driving force behind Vishigu Design.

Get ready to immerse yourself in Rahul Ramith's world of design marvels. Join us on August 19th to gain insights into his multidisciplinary approach, witness his visionary prowess, and learn how he transforms ideas into reality. This session is your chance to be part of an extraordinary journey with a designer who is always ready to conquer challenges and breathe life into innovation.

Don't miss out – reserve your spot today!

Warmest regards,
Parvee Chandran

Description (min 250 to max 800 words)

*

Mr. Joel recently delivered an exclusive and inspiring scholarship talk for the students of Sushant University, focusing on the myriad opportunities available for academic excellence and the pursuit of higher education. This event was a part of the university's ongoing efforts to provide students with the necessary resources and guidance to excel academically and professionally. Mr. Joel's dynamic blend of insight and motivation left a lasting impact on the attendees, encouraging them to pursue their educational aspirations with renewed vigor and confidence.

The talk began with Mr. Joel introducing the concept of scholarships and their importance in making higher education accessible to a broader range of students. He emphasized that scholarships are not merely financial aid but a recognition of a student's hard work, dedication, and potential. By alleviating the financial burden associated with higher education, scholarships enable students to focus more on their studies and extracurricular activities, thereby maximizing their potential.

One of the key themes of Mr. Joel's presentation was the diversity of scholarship opportunities available to students. He explained that scholarships come in various forms, including merit-based, need-based, and talent-based awards. Merit-based scholarships are awarded to students who have demonstrated outstanding academic performance, while need-based scholarships are designed to support students who face financial

challenges. Talent-based scholarships recognize students with exceptional abilities in areas such as sports, arts, and leadership. Mr. Joel encouraged students to explore all these avenues and identify scholarships that align with their strengths and circumstances.

Mr. Joel provided a comprehensive overview of the steps involved in applying for scholarships. He emphasized the importance of research, advising students to start by identifying the scholarships they are eligible for and gathering detailed information about each one. He highlighted several key resources, such as scholarship databases, university websites, and counseling centers, which can help students find relevant opportunities. He also stressed the importance of meeting application deadlines and meticulously following the application guidelines to avoid disqualification.

In addition to the practical aspects of scholarship applications, Mr. Joel shared valuable insights on how to craft compelling scholarship essays and personal statements. He advised students to tell their unique stories, highlighting their achievements, challenges, and aspirations. A well-written essay, according to Mr. Joel, should reflect the student's passion, commitment, and vision for the future. He encouraged students to be authentic and to clearly articulate how the scholarship would help them achieve their educational and career goals.

Mr. Joel also addressed the importance of letters of recommendation in the scholarship application process. He explained that these letters provide an external perspective on the student's abilities and character, offering additional credibility to their application. He advised students to seek recommendations from individuals who know them well, such as teachers, mentors, or employers, and to provide these recommenders with sufficient information about the scholarship and their own achievements and goals.

One of the highlights of Mr. Joel's talk was his discussion on maximizing potential in higher education. He emphasized that securing a scholarship is just the beginning of the journey. To truly benefit from the opportunity, students must continue to excel academically and take full

advantage of the resources and experiences available to them in university. He encouraged students to engage in extracurricular activities, seek out internships, and build strong relationships with their professors and peers. By doing so, students can enhance their learning, develop valuable skills, and build a network that will support them throughout their careers.

Throughout the talk, Mr. Joel interspersed his presentation with motivational anecdotes and success stories of students who had overcome significant obstacles to achieve academic excellence and secure prestigious scholarships. These stories served as powerful reminders of the transformative impact that scholarships can have on a student's life and reinforced the message that determination and perseverance can lead to success, regardless of one's background or circumstances.

The interactive nature of the session allowed students to ask questions and seek personalized advice from Mr. Joel. He addressed a wide range of queries, from specific application tips to strategies for balancing scholarship applications with academic responsibilities. This open dialogue provided students with practical insights and boosted their confidence in navigating the scholarship application process.

In conclusion, Mr. Joel's exclusive scholarship talk at Sushant University was a resounding success. By providing a dynamic blend of insight and motivation, he inspired students to pursue their educational aspirations with determination and confidence. The valuable information and practical advice he shared empowered students to explore scholarship opportunities, access financial aid, and maximize their potential in higher education. This talk not only highlighted the importance of scholarships in making education accessible but also underscored the broader message of striving for excellence and making the most of the opportunities available.

The Memorandum of Understanding (MoU) between UPGRAD and Sushant University School of Business aimed to facilitate collaboration in the realms of education, research, and professional development. The primary goal was to capitalize on the strengths of both institutions, thereby improving the overall learning experience and fostering the exchange of knowledge.

A notable event conducted under this MoU was a series of collaborative classes by UPGRAD and Sushant University. These sessions were strategically designed to augment skill sets, offer valuable industry insights, and equip students with the necessary preparation for upcoming

career opportunities.

The partnership between UPGRAD and Sushant University School of Business, as established by the MoU, has proven to be a successful endeavor, evident in the positive outcomes derived from the jointly conducted classes. We anticipate further success in sustaining this productive collaboration and are enthusiastic about exploring new avenues for mutual cooperation in the future.

The Memorandum of Understanding (MoU) between Guru Ghashidas University and Sushant University School of Business aimed to facilitate collaboration in the realms of education, research, and professional development. The primary goal was to capitalize on the strengths of both institutions, thereby improving the overall learning experience and fostering the exchange of knowledge.

A notable event conducted under this MoU was a Knowledge transfer Seminar by Guru Ghashidas University and Sushant University. These sessions were strategically designed to augment skill sets, offer valuable industry insights, and equip students with the necessary preparation for upcoming career opportunities.

The partnership between Guru Ghashidas University and Sushant University School of Business, as established by the MoU, has proven to be a successful endeavor, evident in the positive outcomes derived from the jointly conducted classes. We anticipate further success in sustaining this productive collaboration and are enthusiastic about exploring new avenues for mutual cooperation in the future.
