<p>Description</p>	<p>The event organized by Centre for Soft Skills, Sushant University began with the welcome address by the Hon'ble Vice Chancellor, Dr DNS Kumar, who welcomed Swami Durgeshanand Saraswati ji from Chinmaya Mission as the knowledge enlightener for the event. Swamiji in his speech spoke about the relevance of Bhagavad Gita in every aspect of life. The thought-provoking concepts of 'Atma-Parmatma', 'existentialism' and 'dharma-adharma' were explained in simple words for the listeners to understand the highly intellectual aspects of life. Encouraging the students to be an integral part of the event, Centre for Soft Skills organized Rangoli competition. Students took part with enthusiasm and displayed their creativity in the form of exclusive artwork. The handmade bookmarks, with the theme 'Bhagavad Gita', crafted by the students, was one of the highlights of the event. The cultural programme, with a play and a classical dance performance by students added another colourful feather to the event. The drama on the theme 'Aaj ke kalyug mein kal ke Krishna' was conceptualized, scripted, directed and enacted by the students of the University. The amalgamation of life lessons from the scripture with the contemporary world showcased another dimension of students' intellectuality. While offering the vote of thanks, the Registrar, Dr Sanjeev Sharma drew the essence of Bhagavad Gita and its role in carving the life journey of an individual.</p>

Literary Club celebrates Thanks Giving Ceremony !
Greetings from the School of Business, Sushant University, Gurgaon!
The Literary Club "Kaatib", School of Business is organizing a Poster Making Competition to celebrate Thanksgiving Day. The ceremony is to thank the University support staff, student coordinators, counselors and many others. Let us acknowledge their generous efforts.
The Participants have to present their poster and speak for a minute about the person to whom they would like to pay their gratitude. The poster will be finally given to that person. Participants will have to bring a fully designed poster from home.
The ceremony will be concluded with a "Gratitude Rally" in which 'Thank You' Cards will be handed over to the non-academic staff of the

	college as a mark of their industrious contribution to the University.

The anchors took on the stage and dedicated a song to our Universe to provide every resource we have. They showed us how many unsung heroes like the IT Staff, security guard, mess in-charge, the canteen chefs, and other non-academic staff members don't get the appreciation they deserve. Our Hon'ble Dean reminded us how they might not look that significant, but they are a cog in a big wheel. Students presented the posters they had made for the staff and gave them a note of thanks. After that, a friendly balloon-blowing competition was conducted. A final note was given by the Dean which was followed by a <i>gratitude rally</i> via which the thank you cards, and posters were distributed among the staff members.</p> <p>Special Thanks to Dr. Priyanka Pradhan, Assistant Professor, School of Business, for organizing this event.</p>

Description	<p>The 5-day FDP on Ethics and The Future of Work aimed to further develop the participants' ability to recognize and to promote ethical decisions and to train the participants to identify ethical and unethical actions and behaviours.</p> <p>Being a professional actually means acting ethically, thereby not only demonstrating integrity but also treating everyone with dignity and respect. The small habit of owning mistakes, which is considered to be a very courageous gesture, needs to be softly drilled into people's minds. It is a truth universally acknowledged that ethics training for employees usually has a significant and a positive impact on their behaviour.</p> <p>Our decisions have long-lasting effects. Accepting gifts from a vendor or dating an employee who reports to you may, at the face of it, seem to be innocent, but ethically these actions represent conflicts of interest. This very unique FDP provided an opportunity for the distinguished experts to engage with the participants and to learn from their experiences and perspectives regarding ethics which provided the participants valuable guidelines for managing the ethical behaviour, promoting professionalism and creating a code of conduct within the organization.</p>

Description (min 250 to max 800 words)*

The Design Literacy Workshop, held for students of various design disciplines, focused on enhancing essential skills that foster critical thinking and creativity in design practices. The workshop aimed to equip students with foundational knowledge, enabling them to effectively communicate design concepts, analyze visual elements, and understand the principles of design across different media.

Participants engaged in interactive sessions covering topics like design theory, typography, colour psychology, visual hierarchy, and user-centered design. The sessions were facilitated by experienced professionals who provided hands-on exercises, real-world examples, and collaborative activities to encourage peer learning and idea exchange.

Students were encouraged to participate in critiques, discussions, and presentations, promoting an inclusive environment that nurtures diverse perspectives. This approach not only enhanced their design literacy but also built confidence in articulating design decisions.

The workshop concluded with a showcase of student work, where participants presented their projects and received constructive feedback from facilitators and peers. To recognize their efforts and commitment, certificates of completion were awarded to all participants, adding value to their professional portfolios. Overall, the workshop successfully fostered a deeper understanding of design principles and their practical application, preparing students for future challenges in the design industry.

<p>Description (min 250 to max 800 words)*</p>	<p>On Wednesday, February 22, 2023, Mr. Nikhil Sharma, Regional Director, Eurasia, Wyndham Hotels visited the Vatel Hotel & Tourism Business School, Sushant University, to address our students and to give them insights into the latest trends of the service industry with regard to career progression both as a hotel professional and as an entrepreneur.</p> <p>“I had a deep rooted passion for this exciting industry and I joined hotels at but a very junior, entry level position. It has indeed been a journey full</p>

of ups and downs and now, at a position of a regional director when I look back, I can see that the hotels and my personal experience have given me tremendous opportunities to learn and to advance in my career.” advised he emphatically to the students.

Wyndham was formed 42 years ago in Dallas, Texas, USA whose founder was Trammel Crow. The organisation runs 22 brands out of which the most popular are – Registry, Dolce, Esplendor, dazzler Hotels, La Quinta, Ramada etc. Mr. Sharma gave a brief about the various openings and employee- friendly schemes that the organisation believes in for keeping the employees happy and motivated. This was the first ever interaction that the college had with the Wyndham Hotels.

“Your students are bright and whatever organisation they happen to be a part of, they will, over a certain period of time, make progress and achieve as this trade offers several opportunities both within and outside the domain of hotels, but hard work and persistence always pays off in the long run – so do not get deterred by external factors and just concentrate on your goals” he advised.
