**Description
(min 250 to
max 800
words)***

The United Nations designated 5 June as World Environment Day to highlight that the protection and health of the environment is a major issue, which affects the well-being of peoples and economic development throughout the world. The celebration of this day provides us with an opportunity to broaden the basis for an enlightened opinion and responsible conduct by individuals, enterprises and communities in preserving and enhancing the environment. World Environment Day is a global platform for inspiring positive change. People from more than 150 countries participate in this United Nations international day, which celebrates environmental action and the power of governments, businesses and individuals to create a more sustainable world. World Environment Day puts a global spotlight on the pressing environmental challenges of our times. This UN international day has become the largest global platform for environmental outreach, with millions of people from across the world engaging to protect the planet.

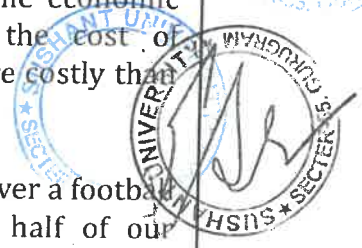

The focus was Ecosystem Restoration celebrated under the theme "Reimagine. Recreate. Restore", it cast a spotlight on how humanity has been exploiting the planet's ecosystems and called for a concerted global effort to repair the damage that has been done. Every three seconds, the world loses enough forest to cover a football pitch and, over the last century, half of all wetlands have been destroyed.

Ecosystem restoration means assisting in the recovery of ecosystems that have been degraded or destroyed, as well as conserving the ecosystems that are still intact. Healthier ecosystems, with richer biodiversity, yield greater benefits such as more fertile soils, bigger yields of timber and fish, and larger stores of greenhouse gases.

Restoration can happen in many ways – for example through actively planting or by removing pressures so that nature can recover on its own. It is not always possible – or desirable – to return an ecosystem to its original state. We still need farmland and infrastructure on land that was once forest, for instance, and ecosystems, like societies, need to adapt to a changing climate.

Between now and 2030, the restoration of 350 million hectares of degraded terrestrial and aquatic ecosystems could generate US\$9 trillion in ecosystem services. Restoration could also remove 13 to 26 gigatons of greenhouse gases from the atmosphere. The economic benefits of such interventions exceed nine times the cost of investment, whereas inaction is at least three times more costly than ecosystem restoration.

Every three seconds, the world loses enough forest to cover a football pitch and over the last century, we have destroyed half of our wetlands. As much as 50 per cent of our coral reefs have already

been lost and up to 90 per cent of coral reefs could be lost by 2050, even if global warming is limited to an increase of 1.5°C. COVID-19 emergence and spread has highlighted how shrinking the area of natural habitat for animals, can create ideal conditions for pathogens – including coronaviruses – to spread. Hence the theme of ecosystem restoration was chosen .

**WEBINAR ON PHARMACEUTICAL
CLINICAL DEVELOPMENT**

Description (min 250 to max 800 words)*

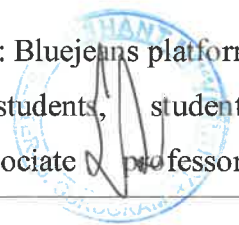

Department of Pharmacy, Sushant School of Health Sciences, Ansal University, Gurugram organised a webinar on 19TH June 2023.

Timings of the webinar: 2.30pm-4.30pm in the evening.

Topic of the webinar: PHARMACEUTICAL CLINICAL DEVELOPMENT REGULATORY AND KEY ASPECT

Mode of conducting webinar : Bluejeans platform

Registrations: Aspiring students, students, assistant professors, associate professors,

professors and industrialists from CRO'S registered.

Moderator: Ms. Richa Diwedi (Assistant Professor ,Psychology department)

Guest Speaker of the webinar: Mr. Sanjay Gupta, Co-ordinator, Cancer Research Network, University of oxford.

Ms. Bhawna Gupta, Director, Regulatory, Dr. Reddy's Laboratories

Mr. Vyas Dhamodaran, Therapy Manager, BrioBliss Lifescience Pvt. Ltd.

KEY POINTS OF THE WEBINAR

The speakers covered the following points in the webinar.

- Overview of drug discovery and clinical trial process.
- Preclinical development
- Clinical Research
- Clinical trial phases
- Evolution of GCP guidelines
- Vaccines
- Principles behind different vaccines

Description (min 250 to max 800 words)*	<p>On June 21, 2023, International Yoga Day was celebrated at Sushant University, Gurugram.</p> <p>All the Professors and students participated with great enthusiasm. The program started with a brief introduction on Yoga Day and warm up exercises were done. All the students participated and demonstrated different types of yoga asanas. Importance of these Asanas were also told by them. This celebration was carried out under the guidance and supervision of an invited yoga instructor. The yoga instructor also highlighted the importance of meditation and pranayam in everyday life to keep the mind and body healthy. The event was concluded with a vote of thanks by Mr. Amit Singh Assistant Professor of Law.</p> <p>Therefore, yoga is more than a physical activity. It is a matter of pride for all Indians that yoga, which is a part of our culture, is getting so much attention in the international arena and Sushant University celebrated International Yoga Day with full spirit.</p>

online HPLC Workshop

(Geotag) Photograph-2

online HPLC workshop

Description (min 250 to max 800 words)*

Workshop on hands on training on HPLC was organized by the Department of Pharmacy under in collaboration with Ram Swaroop Memorial University 29 July 2023. The session was carried out by technical experts Dr Basavaraj H C, Dr. Chandrashekar and Ms. Shreyas Burji from Auxochromofours solutions Pvt Ltd The workshop started with the brief introduction by Dr Chandrashekar wherein they introduced the students with the basics of HPLC and showed video's related to working of HPLC. The

workshop was attended by all the Health Sciences students.

After the basic introduction to HPLC students were divided in two where the 1st batch went for working in lab. The students learnt how to make standard solution and sample solution using deflazacort (i.e. crude and test sample). Then they prepared mobile phase using acronitrile: water in 80: 20. Then the students were taught how to inject sample near sample port and how to work with the LC solution software. Then analysis of the chromatogram after individual sample injection was carried out. The 2nd batch was in an auditorium where they understood about basics of analytical techniques (spectrophotometry, chromatography), introduction to chromatography and types of chromatography. Then the batches were interchanged and 2nd batch was given on hands training of the HPLC.

Natural Photography Contest

Description (min 250 to max 800 words)*

The Photography Contest took place on 25th August 2023 (Friday) at D-block, D501. The event was organized by Department of Pharmacy and aimed to provide a platform for students to showcase their skills and creativity. The theme of the contest was **“Explore Nature- Capture the beauty of Nature”** allowing participants to interpret and capture the theme in their own unique ways. The Photographs

were judged by Mr. Saurabh Saraswat along with event coordinator Ms. Nikita Savita with thorough review of various parameters. It must have been a tough competition with such talented participants. Such events provide a wonderful platform to showcase creative talents and bring the community together.

Around 25 students have actively participated in the event. The first position was secured by two students Vaibhav Anand and Anuj Jha. Second position goes to Manish Jaat and Third position goes to Ansh Sharma. Congratulations to the winners.

Key Points

- Photography contest
- Explore Nature
- Photoshoot

Description (min 250 to max 800 words)*

Like every year, this year also Sushant School of Business celebrated Teachers' Day on September 5 with fervour and zeal. The event was organised to acknowledge the dedication and hard work of the teachers. The event was organised by Tarang the Cultural Club of SOB. The event was named Suroor-e-inaayat which means "happiness in blessing truly accentuates the vigour with which our teachers educate us". The event was held in the school auditorium, beautifully decorated by our students. This event was dedicated to all educationists & philosopher Dr. Sarvepalli Radhakrishnan. The dean Sir Prof Vijay Anand Dubey gave a speech on Dr. Radhakrishnan and the role of teachers in shaping society. Professor J.S Mukul director International affairs congratulated the teachers and motivated the students to become good person and good teacher.

Students expressed their gratitude, regard, and respect towards their teachers on that day. They presented various cultural activities like speeches, poems, dances, and songs to express their feelings. Each of the faculties was given a gift as a token of gratitude to show the acknowledgement and recognition of the hard work put by the teachers towards their development, wishing them a Happy Teachers Day. The activities of the students were appreciated by all the teachers. The event was concluded with a formal vote of thanks.

<p>Description (min 250 to max 800 words)*</p>	<p>All major civilizations across the globe have time and again emphasized on the importance of cleanliness. Many health experts are of the view that "cleanliness is half our health", hence mustn't be a project but practice! In the hospitality industry, the housekeeping staff has always emerged as champions of cleanliness, order and synergy. With the intention to honor and cherish the work of such unsung heroes on our premises, HOUSEKEEPING WEEK was observed with much fanfare and fervor, at Vatel Hotel and Tourism Business School, Sushant University. After appreciating their robust role as 'keepers' of the organization, an educational session with the housekeeping staff threw light on different techniques of sanitation and disinfection, the latest innovations in the area and the global best practices.</p> <p>Key Points</p> <ul style="list-style-type: none"> • Housekeeping staff will be able to upgrade their skills. • Free of cost learning session. • Certificate will also be awarded.

<p>Description (min 250 to max 800 words)*</p>	<p>Vishvakarma is considered to be the divine architect of the universe and the personification of divine creativity in the Rigveda. He is credited with the construction of the city of Dvaraka for Krishna, the palace of Indraprastha for the Pandavas, and many fabulous weapons for the gods, such as the Sudarshana Chakra of Vishnu, the trishula of Shiva, and the lance of Kartikeya. He is also regarded to have authored the Sthapatya Veda, the science of mechanics and architecture. He is regarded to be the patron deity of all craftsmen, with implements of trade often venerated in his honour on the occasion of Vishvakarma Puja. The Civil Engineering Department celebrated Lord Vishwakarma Day on 18th September as Vishwakarma Puja who is regarded as the God of Architecture and Engineering. It was a resolved time for the students and teachers to dedicate themselves to the advancement of technology and get divine inspiration to create novel products. According to Hindu mythology, Lord Vishwakarma is the builder of the palaces of all the gods and the designer of all celestial vehicles and weapons. Vishwakarma ji is also considered the seventh son of Brahma ji. That is why we people who are associated with the creation and creation of any work with reverence, worship Lord Vishwakarma.</p>

Description
(min 250 to max 800 words) *

The Rangoli Event held on 18th October, 2023 from 10:00 am-12:00 am on 5th floor, D Block, was a vibrant and culturally rich celebration of creativity and tradition. Organized by the Department of Pharmacy. The event aimed to showcase the artistic talents of participants in the form of intricate and colorful Rangoli designs.

Event Highlights

Theme

The theme of the competition was "Honoring the happiness festival" for Rangoli Designs, providing participants with a creative direction to express their artistic interpretations. The theme added an extra layer of depth and meaning to the vibrant and diverse designs on display.

Participation

Participants from various classes enthusiastically took part in the event. The diversity of participants added a dynamic element to Rangoli Designs, with each artist bringing a unique perspective to the canvas.

Judging Criteria

The judging criteria focused on aspects such as creativity, use of colors, intricacy, and adherence to the theme. A panel of experienced judges (Dr. Jyoti Sinha and Dr. Ellina), carefully evaluated each Rangoli design, making the competition intense and exciting.

Rangoli Designs

The heart of the event was the stunning Rangoli designs created by the participants. Each design was a visual feast, with participants skillfully using colored powders, flowers, and other materials to craft intricate patterns.

Winners

After a thorough evaluation, the winners are announced in a ceremony that celebrates the exceptional talent displayed by the participants. The top design stood out for the creativity, attention to detail and effective use of colors.

1st Place: Bhavika, Granth, Daksh, Sashi, Pankaj

2nd Place: Radhika, Akshay, Badal, Akang

3rd Place: Surbhi, Saptrishi, Devashish, Anurag Jha, Sabil, Bhagyashali, Sneha, Sachin

Conclusion

The Rangoli event was a resounding success, providing a platform for artists to showcase their talents and fostering a sense of community and cultural pride. The event not only celebrated the ancient art of Rangoli but also served as a

	reminder of the importance of preserving and promoting cultural traditions.

<p>Description (min 250 to max 800 words)*</p>	<p>The School of Business at Sushant University successfully organized the club day celebration “Sanchalan” featuring <i>Quizpedia</i>, <i>Entrepreneur Gala</i> and <i>Felicitation</i> of Outstanding achievers at school. The event started with the <i>Quizpedia</i> by quiz masters Ojas and Shaheen (Students, SOB). Participants across schools in the university participated in <i>Quizpedia</i>. Prof. J.S. Mukul, Director International Relations, in his powerful words motivated the participants. Participants were shortlisted in preliminary round followed by the two rounds of quiz. Students from BBA final year (Mukul, Yudishthu, Rohan and Shubh) won the <i>Quizpedia</i>. <i>Quizpedia</i> was followed by the <i>Entrepreneur Gala</i> where students from different schools participated showcased their creations and co-creations. <i>Entrepreneur Gala</i> received very enthusiastic response from the visitors of various schools. Sanchalan was concluded with felicitation of outstanding contributors in the school and winners of various activities conducted in School. Master of Ceremony for <i>Felicitation</i> were Anubhav and Ananya. <i>Felicitation</i> ceremony started with the address of Prof. Vijay A. Dubey (Associated Dean, School of Business) who really induced the spirit of participation and importance of events among students. Members of Students Council were introduced in the ceremony. It was followed by the felicitation of various club activity winners, organisers and students who completed value added certifications in the school. Contributors in school operations like social media, de-facto, orientation and admissions were also given recognition in felicitation ceremony.</p> <p>The event was conceptualized and organized by Dr. Suman Dahiya along with the team members Dr. Swati, Dr. Deepti, Ms. Chakshu, Ms. Neha and Ms. Kirti. Many visible and invisible hands helped in making the event a great success including all Faculty members and student organisers Anubhav, Abeer, Ripun, Ojas, Prince, Teesha, Chirag, Shaheen, Suyasha, Harjot, Simran, Bipasha, Tanu, Sagar, Mayank, Lavisha, Saushtav and Moksh.</p>

Description (min 250 to max 800 words)*

. A potpourri of history, royalty, opulence and aroma, the Hyderabadi cuisine is well known for its exquisite recipes, assorted ingredients, rich palettes and the soulful experience that it offers!

In order to bring home the essence of 'Rivaayat-e-Hyderabad', the young cuisiniers of Vatel Hotel and Tourism Business School at Sushant University felicitously curated and served 'Rivaayat - Hyderabadi Theme Lunch'.

Amidst the colourful rangolis, glittering diyas and embellished attires, the ambiance at VHTBS offered a truly surreal experience!

Right from the traditional decoration of the venue to the tehzeeb-infused greeting of guests accompanied by a mesmerizing classical music, the afternoon undoubtedly took the guests back to the 'City of Nawabs'.

Such events offer an opportunity for hospitality enthusiasts to put to test not only their technical knowledge but also their practical learnings on standard serving etiquettes and skillful handling of variety of guests.

The superlative moment of the luncheon however was when the young aspiring chefs were showered with words of appreciation and encouragement! It was an unforgettable moment indeed!

<p>Description (min 250 to max 800 words)*</p>	<p>Overview: The One-Day Seminar for World Soil Day, held on 5th December 2023, aimed to raise awareness and promote understanding of the critical role that soil plays in sustaining life on Earth. Aligned with the global celebration of World Soil Day, the seminar brought together experts, researchers, environmentalists, and stakeholders to discuss key issues related to soil health, conservation, and sustainable land management.</p> <p>Key Highlights:</p> <p>Expert Speakers: Distinguished speakers from the fields of agriculture, environmental science, and soil research shared their expertise on various aspects of soil health, including soil fertility, conservation practices, and the impact of human activities on soil quality. Their presentations provided valuable insights into the challenges and opportunities associated with soil management.</p> <p>Thematic Sessions: The seminar featured thematic sessions addressing diverse topics such as soil erosion, biodiversity in soil, organic farming, and the role of technology in soil monitoring. Each session aimed to deepen participants' understanding of specific aspects of soil health and sustainability.</p> <p>Panel Discussions: Thought-provoking panel discussions brought together experts and practitioners to deliberate on current challenges and future strategies for soil conservation. Participants had the opportunity to engage in discussions, ask questions, and contribute to the collective knowledge on sustainable soil management.</p> <p>Networking Opportunities:</p>

	<p>Participants had the chance to network with professionals, researchers, and organizations working in the field of soil science and environmental conservation. Networking sessions provided a platform for collaboration and the exchange of ideas to promote sustainable soil management practices.</p> <p>Youth Engagement: Recognizing the importance of involving the younger generation, the seminar included activities and discussions specifically designed for students and youth interested in environmental sciences and agriculture. This fostered a sense of responsibility and awareness among future leaders about the significance of preserving soil health.</p> <p>The One-Day Seminar for World Soil Day on 5th December 2023 provided a platform for informed discussions, knowledge sharing, and collaborative initiatives aimed at promoting sustainable soil management practices. The event contributed to the global efforts to safeguard one of our planet's most vital resources—healthy and fertile soil.</p>

<p>Description (min 250 to max 800 words)*</p>	<p>World AIDS Day, designated on 1 December every year since 1988, is an international day dedicated to raising awareness of the AIDS pandemic caused by the spread of HIV infection and mourning those who have died of the disease. The acquired immunodeficiency syndrome (AIDS) is a life-threatening condition caused by the human immunodeficiency virus (HIV). The HIV virus attacks the immune system of the patient and reduces its resistance to other diseases. Government and health officials, non-governmental organizations, and individuals around the world observe the day, often with education on AIDS prevention and control. Designing a poster for World AIDS Day is a great way to raise awareness and convey important messages about HIV/AIDS prevention, treatment, and support. alleviate some of the stigma surrounding the disease and boost recognition of the problem as a family disease. SOL organized a poster competition on 1st December 2023. This was an opportunity to express solidarity and promote understanding about HIV/AIDS.</p>

Description (min 250 to max 800 words)*

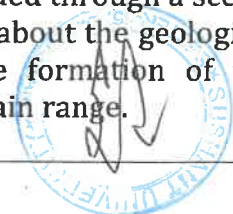

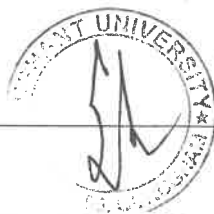

Overview:

In celebration of International Mountain Day, a River Walk Survey was organized, providing students with a unique opportunity to explore the origin of the Himalayas, understand the fascinating journey of Himalayan rivers, and delve into various aspects of river geomorphology, morphometry, and aquatic life.

Key Highlights:

Educational Experience:

The River Walk Survey aimed to transform learning into a hands-on and experiential activity. Students were guided through a scenic route, where they learned about the geological processes that led to the formation of the majestic Himalayan mountain range.

Origin of Himalayan Rivers:

Participants gained insights into the origin of Himalayan rivers, understanding how the intricate network of rivers originated from the melting snow and glaciers in the high-altitude regions. Discussions highlighted the significance of these rivers in shaping the landscape and supporting ecosystems downstream.

River Geomorphology and Morphometry:

The survey delved into the study of river geomorphology and morphometry, emphasizing the dynamic nature of rivers and their impact on the surrounding environment. Students were introduced to the processes of erosion, sedimentation, and the formation of river features.

Interactive Sessions:

Throughout the walk, interactive sessions were conducted to engage students in discussions about the challenges faced by Himalayan rivers, including issues related to pollution, habitat degradation, and the impact of climate change. Experts provided valuable insights into potential solutions and conservation measures.

Problem-Solving Activities:

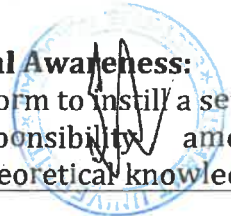

Interactive problem-solving activities were incorporated into the survey to encourage students to think critically about the issues facing Himalayan rivers. Participants brainstormed solutions and discussed the role of community involvement and responsible environmental practices in mitigating these challenges.

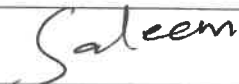

Multidisciplinary Approach:

The River Walk Survey adopted a multidisciplinary approach, integrating elements of geography, geology, environmental science, and biology. This approach provided students with a holistic understanding of the interconnected processes that shape the Himalayan landscape and its rivers.

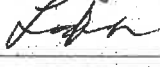

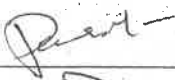

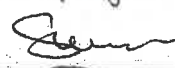

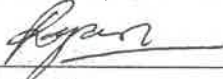

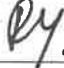

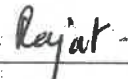

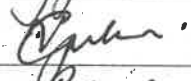

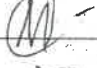

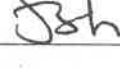

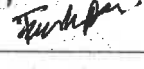

Promoting Environmental Awareness:

The event served as a platform to instill a sense of environmental responsibility among students. By connecting theoretical knowledge

	<p>with real-world observations, the River Walk Survey aimed to inspire a commitment to the conservation of mountainous ecosystems and their rivers.</p> <p>The River Walk Survey on International Mountain Day offered students a unique and enriching educational experience, fostering a deeper appreciation for the Himalayas, its rivers, and the importance of sustainable practices to preserve these vital ecosystems.</p>

<p>Description (min 250 to max 800 words)*</p>	<p>Vatel Hotel and Tourism business school organized cleanliness drive on January 19,2024 at D- block ground floor in Vatel school. A cleanliness drive is a concerted effort to promote and instil the values of cleanliness and hygiene within the students. This proactive initiative involved collective participation, with students coming together to clean and maintain their surroundings. The primary objective was to create a cleaner and healthier environment, reducing the risks of diseases, promoting well-being, and fostering a sense of civic responsibility.</p> <p>These drives typically targeted public spaces, such as reception, Offices,Labs and Corridors. Students engaged in activities like garbage collection, sweeping, and general upkeep to rid these areas of litter and waste. Additionally, awareness campaigns are often an integral part of cleanliness drives, educating students about the importance of maintaining cleanliness and the impact of individual actions on the community.</p> <p>Cleanliness drives not only transform the physical landscape but also contribute to community bonding and a shared sense of pride. By fostering a culture of cleanliness, these initiatives aim to create lasting habits that extend beyond the event itself. In essence, a cleanliness drive is a powerful mechanism to inspire positive change, promote a sense of collective responsibility, and enhance the quality of life for all.</p>

Description (min 250 to max 800 words)*

The Department of Pharmacy (School of Health Sciences) celebrated Republic Day on 24th Jan 2024. Students, staff and faculty members filled with a feeling of patriotism and freedom. The celebration started with speech of Dr. Elina Dewanji Sen (HOD, SHS). In her speech, she highlighted the importance of the Constitution and also motivated the students for their accomplishments and achievements.

The program started by hoisting the national flag and singing the national anthem. Then one by one various cultural programs were presented by the students. First, a group of girls presented a beautiful dance in which all of them wore identical outfits. About three more performances took place. Everyone was very excited to see the performance and everyone clapped several times during the performance. After the performance, our HOD came on stage and wished everyone a happy Republic Day and gave a long speech in which she described the entire incident of how the Constitution was written and implemented after independence. At the end, everyone sang the national anthem and the program ended happily by giving a box of sweets to everyone.

While remembering and paying homage to the heroes who fought to achieve our freedom, the students also spoke about the importance of this day and the birth of India as a Republic State. They shared interesting facts about the history and significance of the event celebrated with great fervour and enthusiasm all across the country. The beautiful presentation of the assembly inspired the

	students to be more responsible towards their country and abide by the constitution of their motherland.

<p>Brief Description (min 250 to max 800 words)*</p>	<p>In an attempt to start a conversation around mental health, the 1st year students from the Department of Psychology, School of Health Science created an eye opening Nukkad Natak that delved into the life of a depressed boy. The storyline resonated with many because it depicted the realities faced by today's youth. It highlighted the significance of expert intervention which is required to treat mental health issues, and addressing the stigma surrounding psychological illnesses. The narrative revolved round a younger guy grappling with depression, pressured by his parents, career and relationships. While initially his family's tries to discover an answer through conservative means by consulting a <i>baba</i>, they soon find that consulting a mental health profession is the best way to treat mental health problems. Throughout the performance, the audience was immersed into the protagonist's journey, witnessing the inner struggles and societal pressures that frequently accompany mental health problems. By portraying the protagonist's reluctance to seek professional help and then eventually finding relief through professional psychological therapy, the message that psychological problems are no longer a reason to feel shame was emphasized. To sum up, the Nukkad Natak helped to raise awareness of mental health, challenging preconceived notions,</p>
	<p>and promoting acceptance and support for people living with mental health conditions. Through the power of storytelling, the students connected with the audience, moved their minds, and encouraged them to take action to break the taboo around mental health.</p> <p>Key Points</p> <ul style="list-style-type: none"> • Awareness Through Art • Stigma and Societal Pressures • Importance of Seeking Professional Help • Community Engagement • Empathy and Understanding • Breaking the Stigma

<p>Outcome*</p>	<p>The street play was a way to raise awareness, about health issues specifically focusing on depression. With a storyline the audience was drawn into the life of a boy dealing with depression. The performance highlighted the challenges faced by the character including misunderstandings within his family struggles in relationships and unsuccessful attempts to seek help. By portraying the journey of this boy seeking assistance from sources such as a spiritual guru recommended by his aunt and eventually a psychologist, the street play emphasized the importance of professional intervention and reducing stigma around mental health treatment. Spectators were encouraged to reflect on the significance of recognizing and addressing health problems with sensitivity and understanding. Additionally the interactive nature of the performance allowed engagement with the audience sparking conversations and fostering a sense of community awareness. Viewers were prompted to contemplate how common mental health struggles are in society and recognize the need for compassion and support, for those facing challenges. Ultimately besides raising awareness this street play also advocated for empathy, understanding and seeking help when dealing with health difficulties.</p> <p>The event was a reminder of how crucial it's to reduce the stigma surrounding mental health issues and create a supportive environment, for individuals struggling with their mental well being.</p>
<p>Attendance Sheet*</p>	<p>Attached at the end of Report</p>

Description (min 250 to max 800 words)*

WELLNESS WEDNESDAY

Department of Cardiovascular technology from School of Health Sciences of Sushant University successfully organised an event as a part of Cardiovascular Disease Awareness Week. Shedding light on cardiovascular diseases is essential in today's generation of heart diseases being one of the global causes of death and awareness is the way forward to change. We conducted a workshop on the topic of 'Introduction to invasive and non invasive cardiology'. The workshop was conducted by alumni of department of cardiovascular technology, Hiba Naqvi. Session was also attended by Associate Dean Dr Jyoti Sinha. It was conducted from 2:30 to 4:30 pm. Miss Naqvi was felicitated warmly by Dr Jyoti Sinha, following which she began today's session.

All students from MRIT, Psychology, Optometry, Pharmacy and MLT were in attendance at the event and made it an interactive and evocative session. The session was extremely enlightening and enriching. It threw light on how to treat Cardiovascular diseases using invasive and non invasive techniques. She also shed a clear light on basics of minimally

	invasive surgeries and also cleared all the student's doubts in an interactive manner after the session. The event was successfully conducted and all students learnt a lot from the workshop.

<p>Description (min 250 to max 800 words)*</p>	<p>Vasant Panchami is celebrated every year on the fifth day of the bright half of the Hindu lunisolar calendar month of Magha, which typically falls in late January or February. Spring is known as the "King of all Seasons", so the festival commences forty days in advance. It is generally winter-like in northern India, and more spring-like in central and western parts of India on Vasant Panchami, which gives credence to the idea that spring is actually in full bloom 40 days after the Vasant Panchami day. In India, festivals are all about togetherness and harmony. With the onset of the spring season, it's time to celebrate the festival of Basant Panchami. It is said that Goddess Saraswati can bestow on her devotees lots of wisdom, learning and knowledge as the goddess is considered to be an epitome of wisdom. <i>Let us personify Vidya (knowledge) and dispel tamas (ignorance) as Basant Panchami is the day to dedicate your time for noble cause with Arpan 2024</i> join Students and Faculty members of VHTBS, as we join hands with the profound NGO, Teens Of God Sector 15 Gurugram to donate Books, Stationary Items, Clothing Pieces and other items that can contribute to lives of these young individuals for their educational, nutritional, and well-being requirements.</p>

**Description (min
250 to max 800
words)***

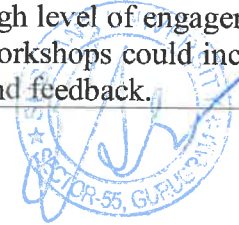

School of Business, Sushant University has successfully organized a guest lecture on "Choosing the Right Path for Higher Education" by subject expert, Dr. Mukul, on 20th February 2024.

The objective of the lecture was to educate students on the different higher education options available, to help students understand the criteria for selecting the right course and institution, to provide guidance on application procedures, scholarships, and entrance exams and to connect students with resources and mentors for personalized advice.

The workshop content included the overview of higher education paths (e.g., Master's, Ph.D., professional courses), types of institutions (e.g., universities, colleges, online education platforms). The key factors in choosing a course and institution (e.g., location, faculty, infrastructure, curriculum), importance of accreditation and rankings, balancing personal interests with market demand. The students were also guided on detailed steps for applying to institutions (e.g., application forms, deadlines), overview of common entrance exams (e.g., GRE, GMAT, GATE, CAT) and were also given certain tips for preparing for entrance exams and interviews.

The methodology used for the guest lecture was the instructional approach that is the combination of lectures, demonstrations, and hands-on practice sessions. Handouts on higher education options, detailed guides on application processes, lists of scholarships and financial aid resources, and entrance exam preparation materials. were provided to the participants. The purpose of the guest lecture was to help the participants to gain a clear understanding of how to select the right course and institution for higher education, improved preparedness, and personalized guidance.

The Higher Education Guidance lecture successfully provided students with the necessary information and tools to make informed decisions about their higher education paths. The positive feedback and high level of engagement indicate the effectiveness of the workshop. Future workshops could include more specialized sessions based on student interest and feedback.

Description (min 250 to max 800 words)*

World Glaucoma Day is celebrated, a collaborative project between World Glaucoma Association and World Glaucoma Patient Association. The aim of the project is to help eliminate blindness caused by this disease by raising awareness and alerting on the need of having regular eye check-ups in which the optic nerve is examined. Department of Optometry, SHS Sushant University, in collaboration with Dr. Shraddha Yadav, MBBS, DNB (Ophthal), Cornea & Refractive Surgeon at Ahooja Eye & Dental Institute, and Mr. Sunil Dixit, Optometry Incharge at AEDI.

Objective: To raise awareness about glaucoma, the 'Silent thief of Sight', in commemoration of World Glaucoma Day and to facilitate early detection and prevention.

Overview: On March 13th, 2024, the Sushant Vision Care Centre at Sushant University was abuzz with activity as the Department of Optometry, in collaboration with esteemed professionals, organized a "Glaucoma Eye Screening" event. The initiative aimed to shed light on the often overlooked but debilitating eye condition of glaucoma, while providing attendees with an opportunity to undergo comprehensive eye examinations. More specifically, it is a disease that affects the optic nerve initially causing a loss of peripheral vision (in the visual field) in patients. If it is not detected early on and properly treated, it may progress towards a more serious vision loss and affect central vision.

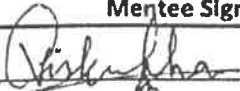

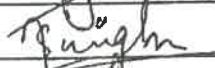

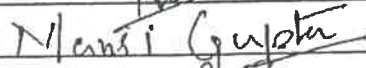

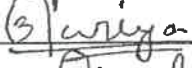

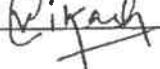

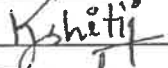

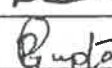

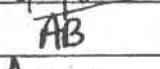

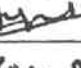

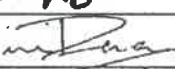

Many of the glaucomas have a genetic basis and actually in most of them there is an elevation of

	the intraocular pressure that, together with other factors, causes damage to the optic nerve and provokes an early death of the nerve cells that compose it.

<p>Description (min 250 to max 800 words)*</p>	<p>Department of Optometry, SHS Sushant University, in collaboration with HOYA organized a world optometry day 2024 with the theme “Advancing Optometry’s Commitment to Global Eye Care”. The Department of Optometry at the School of Health Sciences (SHS), Sushant University, in collaboration with HOYA, celebrated World Optometry Day 2024 with the theme "Advancing Optometry’s Commitment to Global Eye Care." The event aimed to highlight the pivotal role of optometry in global eye care and foster collaboration among professionals, students, and industry experts.</p> <p>World Optometry Day 2024 at the Department of Optometry, SHS Sushant University, was a grand success, thanks to the collaborative efforts of the department, HOYA, and all the participants. The event provided a valuable platform for learning, sharing knowledge, and fostering innovation in the field of optometry.</p> <p>Optometrists are the primary healthcare practitioners of the eye and visual system who provide comprehensive eye and vision care, which includes detection, diagnosis and management of disease in the eye, and the rehabilitation of conditions of the visual system as defined by the World Council of Optometry. An optometrist also provides specialized services like vision therapy, sports vision care, low vision care, contact lenses, pediatric and geriatric care. An optometrist being the first line of defense for vision protection manages and co-manages one’s eye.</p> <p>Uncorrected vision impairments effect millions of people worldwide—many are functionally blind due to lack of access to corrective lenses and eye exams. This is not limited to developing nations, and also has a significant impact in developed economies often resulting in lost education and employment opportunities. Providing corrective lenses and eye exams are at the core of the professional services optometrists offer.</p>
