Description (min 250 to max 800 words)*	The students of Sushant University celebrated the occasion of “National Mathematics Day” commemorating Sri. Srinivasa Ramanujan’s 133rd Birthday”.	
	5 teams of highly enthusiastic students each guided by a leader gave presentations on various topics related to mathematics day. The following are the topics which the teams displayed:	
	TEAM 1	PARTITION FUNCTION
	TEAM 2	DISCOVERY OF ZERO (0)
	TEAM 3	GOLDEN RATIO
	TEAM 4	1729
TEAM 5	INFINITE SERIES	
		<ul style="list-style-type: none"> In number theory, the partition function represents the number of possible partitions of a non-negative integer n. The number zero is a whole number (counting number). The number zero is not a positive number. The number zero is not a negative number, either. The number zero is a neutral number. The golden ratio is a mathematical term given when ratio of two lengths, is equal to the number phi (ϕ). 'Golden ratio' is called 'sectio aurea' in Latin. 1729 is known as the Hardy-Ramanujan number. It is sometimes expressed using the term "positive cubes". For an infinite series $a_1 + a_2 + a_3 + \dots$, a quantity $s_n = a_1 + a_2 + \dots + a_n$, which involves adding only the first n terms, is called a partial sum of the series.
After the presentations, there was a quiz which included puzzles. 3 rounds of short answer questions, True-False and MCQ type questions were done. The judges had to decide which teams were qualified according to their presentations and quiz round.		
After a nail-biting finale, the following were the results: 1 st position – Team 3 2 nd position – Team 2 3 rd position – Team 4		
The event successfully curtailed with a wonderful speech by Dr. Manimala on the importance of Mathematics in Real Life.

Description (min 250 to max 800 words)*	<p>Smart Cities Mission was launched by the Hon' Prime Minister on 25 June'2015 with a vision to promote cities that provide core infrastructure and give a decent quality of life to its citizens, a clean and sustainable urban environment and application of 'smart' solutions. Urban Planning is a cumbersome process but with the use of an enormous pool of data and information and correct use of technology can help cities enact the right changes at a quick and efficient pace.</p> <p>In-line with the mission of our great leaders & vision of our Management to produce more Smart City Builders, We at Sushant University, have launched a B. Tech Program in Civil Engineering with specialization in Smart Cities. The aim of the program is to provide the budding engineers and young minds the correct agglomeration of the technology with the conventional building practices. And with this background, we started a series of Webinars on this core topic.</p> <p>Smart City Series will touch in general, all the different aspects of a Smart Solutions for any city under consideration and it began with our first session on Urban Governance, by Dr Nitin Varma, that How AI, ML & Big Data can improve Urban Life!</p>

Description (min 250 to max 800 words)*

Center of Innovation Development & Incubation (CIDI) and School of Engineering Technology Sushant University, organised a University level webinar on the theme “**Metaverse in Educations**” with the objective to create awareness amongst teaching, non-teaching staff and students of Sushant University.

The resource person for the webinar was Mr. Harsha Kikkeri. He is the founder and CEO of HoloSuit. He has invented and patented HoloSuit – which is a disruptive wearable technology that acts as Universal Simulator, Universal Manipulator, and Universal Navigator. He is a pioneer in Robotics and Artificial General Intelligence whose talks have been featured on TedX. He had a rich experience at Microsoft Robotics on building Autonomous Robots, Motion Tracking, Drones, Navigation, Manipulation, and Computer Vision. . His robot was used in Kaun Banega Crorepati, TedX by Google CEO, President Obama, and Prime Minister Modi. He has 40+ patents in the field of Robotics, AI, Augmented Reality, Virtual Reality. He was awarded Gold Star by Microsoft, Bharat Petroleum Scholarship, and both his companies won the Govt. of Karnataka Elevate Start-up Challenge in 2018 and 2019.

The programme started with an opening remark delivered by Mr. Antim Dev Mishra, Assistant Professor, School of Engineering Technology Sushant University, followed by welcome address from Mr Abhishek Antil, IT Head Sushant University.

Mr. Kikkeri's highlighted in his presentation a few most innovative and emerging topics like Artificial Intelligence, Virtual reality, augmented reality, HoloSuit, Autonomous Robots, and various applications in the field of healthcare, agriculture, and education. The session ended with a round of discussion and vote of thanks by Mr. Antim Dev Mishra, Assistant Professor, School of Engineering Technology Sushant University.

The webinar was attended by around 87 participants through Blue Jeans platform. (list attached)

specialists in examining the eyes, diagnosing diseases, prescribing the latest and appropriate spectacles, Contact Lenses, Low Vision devices (magnifiers, telescopes) and eye exercises in the form vision therapies.

Along with these roles they also involve in public health care activities like School Vision Screening programmes and Cataract screening programmes for elderly population.

Our theme nationwide for World Optometry Day" was " General eye health", " myopia control, and " Role of Optometry" .All activities were based on the same theme for three days .

First day ,We had Ms Lakshmi Shinde. Executive Manager of Global Education IACLE as our chief guest for the event. She gave lecture about future of optometry in India and its progressive aspects towards career growth both in hospital and corporate sectors. Contact lens & IACLE (international Association of Contact Lens Educators) resources were discussed in detail and they are easily accessible to the students were was explained by her clearly. The guest had visited our clinic where the posters done by our optometry students were displayed and top three best posters were selected as winners . This event was very energising ,informative and all salient

features were highlighted well . The program was bound up with a vote of thanks by the Ms. Shenbagam- Programme Coordinator –Department of optometry.
