<p>Description (min 250 to max 800 words)*</p>	<p>The Department of Cardiovascular Technology at SHS Sushant University organized a comprehensive five-day Faculty Development Programme (FDP) focused on the theme "Research: The Essential Key to an Evolved Future." The aim of this programme was to equip faculty members with the latest knowledge and skills necessary to keep pace with advancements in the field and contribute to the evolution of research.</p> <p>Objectives: The Faculty Development Programme was designed with the following key objectives in mind:</p>

- a. Update faculty members on the recent developments in medical practices.
- b. Enhance teaching methodologies and pedagogical approaches for improved student engagement and learning outcomes.
- c. Foster research and innovation through interactive sessions and workshops.
- d. Encourage interdisciplinary collaborations among faculty members to address complex challenges in healthcare.
- e. Promote a deeper understanding of the role of research in shaping the future of cardiovascular care.

The five-day FDP featured a diverse range of activities and sessions that addressed the objectives effectively

Expert Lectures:

Renowned experts and practitioners in the field of all health sciences delivered insightful lectures on emerging trends, recent research, and technological advancements. They shared their experiences and best practices to inspire the faculty.

Lecture series:

Lecture series were conducted to provide faculty members with direct experience and exposure to research practices from basic to advance. These lectures encouraged an interactive learning environment.

Panel Discussions & Research Paper Presentations:

Engaging panel discussions were held to encourage thought-provoking debates on the ethical, social, and economic aspects of evolving research. Faculty members actively participated and shared their perspectives.

Faculty members were given the opportunity to present their research papers related to all health sciences As well from different schools. This segment provided a platform for constructive feedback and fruitful discussions.

Representatives from different schools were invited to share their insights into the current research landscape and collaborate with the faculty for potential research partnerships.

Conclusion:

The five-day Faculty Development Programme on “Research: The Essential Key to an Evolved Future” organized by the Department of Cardiovascular Technology at SHS Sushant University was a resounding success. It empowered faculty members with the knowledge

	<p>research. The event played a crucial role in fostering an environment of continuous learning and innovation within the department as well as whole school of health sciences.</p> <p>The Department of Cardiovascular Technology expresses its heartfelt gratitude to all the participants, guest speakers, representatives, and the university management for their wholehearted support in making this FDP a grand success. The department is committed to organizing more such programmes in the future to nurture a skilled and knowledgeable faculty community.</p> <p>Acknowledgments: The Department of Cardiovascular Technology would like to extend its thanks to the university administration, faculty members, and all participants for their active involvement and valuable contributions to the Faculty Development Programme.</p> <p>Organising committee Ms. Kanika Bhardwaj Ms. Shalu Chaudhary</p>

<p>Brief Description (min 250 to max 800 words)*</p>	<p>The experiential learning trip proved to be an invaluable educational experience for our psychology students, offering them a unique opportunity to observe and interact with children facing various developmental challenges, including Autism Spectrum Disorder, Down's syndrome, and Intellectual Disabilities. Through carefully coordinated activities and engaging interactions, students not only witnessed the diverse behavioral and emotional responses of these children but also applied their theoretical knowledge of psychology in a real-world context.</p>

	<p>They observed the recreational room used for physical therapy and another room for hobbies. The students then helped serve food at lunchtime to all the people. It was an enlightening response which helped them to observe the individual differences and similarities in these people.</p> <p>This hands-on experience enhanced their observational skills, deepened their understanding of child psychology, and fostered a profound sense of empathy and cultural sensitivity. The visit exemplified our commitment to holistic education and community engagement while contributing to the personal growth and professional development of our students. Moreover, our students generously gave donations to support the children's needs, demonstrating their commitment to social responsibility. In conclusion, the visit exemplified our dedication to holistic education and community engagement while contributing to the personal growth and professional development of our students. It also underscored the importance of empathy and compassion in the field of psychology and left a lasting impact on all those involved in this meaningful endeavor.</p> <p>Key Points</p> <ul style="list-style-type: none"> ● Educational Experience ● Hands-On Learning ● Observations ● Skill Enhancement ● Community Engagement ● Importance of Empathy
<p>Outcome*</p>	<p>The experiential learning trip proved highly educational for psychology students, enabling them to interact with children facing developmental challenges such as Autism Spectrum Disorder, Down's syndrome, and Intellectual Disabilities. Engaging in real-world activities, they observed diverse behaviors, emotional responses, and individual differences, thereby deepening their understanding of child psychology. This hands-on experience also enhanced their observational skills and fostered empathy and cultural sensitivity. In addition to their personal growth, students demonstrated their commitment to social responsibility by generously donating to support the children's needs. The trip exemplified the institution's dedication to holistic education, community</p>

	engagement, and the importance of empathy in the field of psychology.

<p>Description (min 250 to max 800 words)*</p>	<p>Vishvakarma is considered to be the divine architect of the universe and the personification of divine creativity in the Rigveda. He is credited with the construction of the city of Dvaraka for Krishna, the palace of Indraprastha for the Pandavas, and many fabulous weapons for the gods, such as the Sudarshana Chakra of Vishnu, the trishula of Shiva, and the lance of Kartikeya. He is also regarded to have authored the Sthapatya Veda, the science of mechanics and architecture. He is regarded to be the patron deity of all craftsmen, with implements of trade often venerated in his honour on the occasion of Vishvakarma Puja. The Civil Engineering Department celebrated Lord Vishwakarma Day on 18th September as Vishwakarma Puja who is regarded as the God of Architecture and Engineering. It was a resolved time for the students and teachers to dedicate themselves to the advancement of technology and get divine inspiration to create novel products. According to Hindu mythology, Lord Vishwakarma is the builder of the palaces of all the gods and the designer of all celestial vehicles and weapons. Vishwakarma ji is also considered the seventh son of Brahma ji. That is why we people who are associated with the creation and creation of any work with reverence, worship Lord Vishwakarma.</p>

Description (min 250 to max 800 words)*

Department of Cardiovascular technology from School of Health Sciences of Sushant University successfully organised an event on “World Heart Day”. The theme of this world heart day was ‘USE HEART TO KNOW HEART.

It consisted of a Zumba Session conducted to improve heart health from 9:30 to 10:30. It was a fun session conducted by Miss Shagun Saini. The session was done by both faculty and also some students. It was enjoyable and got everyone’s blood pumping and made everyone feel energetic.

This day the event was divided into two parts –‘The Zumba’ and ‘The main event’ which was celebrated in the Auditorium. The guests of the event were Pro VC sir and HOD Maam.

The main event was started with ‘Lamp Lightening’ done by our respected Pro VC sir and Hod Maam along with our faulties of health Sciences. This was followed by a graceful Saraswati Vandana performed by the students to invoke the Goddess of Education before our event.

After this auspicious beginning to the activities our main event began with an informative slogan presentation by the first years of CVT. This was very enriching and thoughtful.

This was followed by demonstration on the procedures of ECG and CPR by 5th Semester students. It was engaging and extremely knowledgable. The students also followed it with a pledge on this occasion of World Heart Day. This was very thoughtful.

The demonstration was followed by a humorous skit on the various damaging symptoms of heart disease. This was presented in a very funny and engaging format by students of 3rd Semester and 1st Semester.

After this there was various informative videos presented by CVT followed by fun dances and competetions like quiz presented by CVT.

The moderation of the event and vote of thanks ended this event. It was an extremely wonderful event conducted by CVT with lots of memorable moments.

Description (min 250 to max 800 words)*

On 03rd November 2023, Department of Pharmacy, School of Health Sciences, Sushant University organised one day National Pharma Conclave-2023 on 'Holistic Pharmacy Practices: Analyse the Potential, Apprise the Essential' in which various delegates and students from Pharma fraternity put their views on holistic pharmacy practices the Conclave- 2023 started with lamp lightning and felicitation of resource persons and welcome address by Dr. Jyoti Sinha Principal (Pharmacy). In first session Dr. Krishnendu KB, Chief Consultant and Therapy Specialist, Kairali Ayurvedic Group, New Delhi shared her expertise on herbal remedies and ayurvedic treatments towards holistic approach. Dr. Kuldeep Kumar, Head, Research Operations and AGM, Clinical Research, Fortis Healthcare Limited, Gurugram shared his views on implementation of clinical research and advancement in various domains of Pharmacy which contribute to the holistic pharmacy approach. Dr. Sumit, Head, Research and Development, Bukalo India Private Limited, Gurugram further explained the improvement and advancements in R&D related to Pharma industries. Mr Dheeraj Kumar, Pharmacologist, Medical Affairs, Medanta- The Medicity, Gurugram corelates the pharmacological aspects of different medicines towards the holistic development and progress of pharmacy practices. This session was moderated by Dr Jyoti Sinha, Principal (Pharmacy). Students participated in the session enthusiastically and got their queries

	resolved by speakers. The second session started post-lunch in which the student panelists discuss about the holistic approach and practices. The Conclave-2023 ended with the great success delivering the insights of Holistic Pharmacy Practices. Dr. Elina, HOD, SHS expressed vote of thanks to the speakers, delegates and volunteers. Approx 150 participants from outside and 200 participants from Sushant University took the opportunity to update their knowledge about Holistic Pharmacy Practices by participating actively in the Conclave-2023.

words)***

The workshop on "Threat Detection, Data Protection, and Ethical Hacking" was organized by School of Business, Sushant University on 20 January 2024 with the aim of enhancing participants' knowledge and skills in the field of cybersecurity. The event focused on practical and theoretical aspects of threat detection, data protection strategies, and ethical hacking practices. The objectives of the event were to provide participants with advanced knowledge of threat detection techniques, to educate on best practices for data protection and privacy, to demonstrate ethical hacking methods for identifying and mitigating security vulnerabilities and also to foster hands-on experience through practical exercises and demonstrations. The workshop was attended by 18 participants, including IT professionals, cybersecurity enthusiasts, students from IT-related disciplines, and industry experts.

The workshop helped participants to gain practical knowledge of threat detection tools and techniques, including anomaly detection and IDS. Attendees learned about effective data protection methods, including encryption and regulatory compliance. The workshop provided hands-on experience with ethical hacking techniques, including penetration testing and vulnerability assessment. Through live demonstrations and hands-on labs, participants applied the concepts learned to real-world scenarios.

The workshop on "Threat Detection, Data Protection, and Ethical Hacking" was a successful event, providing participants with essential skills and knowledge in cybersecurity. The interactive and practical nature of the

sessions helped attendees to better understand and apply the concepts discussed.

Description (min 250 to max 800 words)*

The Department of Pharmacy (School of Health Sciences) celebrated Republic Day on 24th Jan 2024. Students, staff and faculty members filled with a feeling of patriotism and freedom. The celebration started with speech of Dr. Elina Dewanji Sen (HOD, SHS). In her speech, she highlighted the importance of the Constitution and also motivated the students for their accomplishments and achievements.

The program started by hoisting the national flag and singing the national anthem. Then one by one various cultural programs were presented by the students. First, a group of girls presented a beautiful dance in which all of them wore identical outfits. About three more performances took place. Everyone was very excited to see the performance and everyone clapped several times during the performance. After the performance, our HOD came on stage and wished everyone a happy Republic Day and gave a long speech in which she described the entire incident of how the Constitution was written and implemented after independence. At the end, everyone sang the national anthem and the program ended happily by giving a box of sweets to everyone.

While remembering and paying homage to the heroes who fought to achieve our freedom, the students also spoke about the importance of this day and the birth of India as a Republic State. They shared interesting facts about the history and significance of the event celebrated with great fervour and enthusiasm all across the country. The beautiful presentation of the assembly inspired the

	students to be more responsible towards their country and abide by the constitution of their motherland.

(Geotag) Photograph-2

<p>Brief Description (min 250 to max 800 words)*</p>	<p>In an attempt to start a conversation around mental health, the 1st year students from the Department of Psychology, School of Health Science created an eye opening Nukkad Natak that delved into the life of a depressed boy. The storyline resonated with many because it depicted the realities faced by today's youth. It highlighted the significance of expert intervention which is required to treat mental health issues, and addressing the stigma surrounding psychological illnesses. The narrative revolved round a younger guy grappling with depression, pressured by his parents, career and relationships. While initially his family's tries to discover an answer through conservative means by consulting a <i>baba</i>, they soon find that consulting a mental health profession is the best way to treat mental health problems. Throughout the performance, the audience was immersed into the protagonist's journey, witnessing the inner struggles and societal pressures that frequently accompany mental health problems. By portraying the protagonist's reluctance to seek professional help and then eventually finding relief through professional psychological therapy, the message that psychological problems are no longer a reason to feel shame was emphasized. To sum up, the Nukkad Natak helped to raise awareness of mental health, challenging preconceived notions,</p>
	<p>and promoting acceptance and support for people living with mental health conditions. Through the power of storytelling, the students connected with the audience, moved their minds, and encouraged them to take action to break the taboo around mental health.</p> <p>Key Points</p> <ul style="list-style-type: none"> • Awareness Through Art • Stigma and Societal Pressures • Importance of Seeking Professional Help • Community Engagement • Empathy and Understanding • Breaking the Stigma

<p>Outcome*</p>	<p>The street play was a way to raise awareness, about health issues specifically focusing on depression. With a storyline the audience was drawn into the life of a boy dealing with depression. The performance highlighted the challenges faced by the character including misunderstandings within his family struggles in relationships and unsuccessful attempts to seek help. By portraying the journey of this boy seeking assistance from sources such as a spiritual guru recommended by his aunt and eventually a psychologist, the street play emphasized the importance of professional intervention and reducing stigma around mental health treatment. Spectators were encouraged to reflect on the significance of recognizing and addressing health problems with sensitivity and understanding. Additionally the interactive nature of the performance allowed engagement with the audience sparking conversations and fostering a sense of community awareness. Viewers were prompted to contemplate how common mental health struggles are in society and recognize the need for compassion and support, for those facing challenges. Ultimately besides raising awareness this street play also advocated for empathy, understanding and seeking help when dealing with health difficulties.</p> <p>The event was a reminder of how crucial it's to reduce the stigma surrounding mental health issues and create a supportive environment, for individuals struggling with their mental well being.</p>

<p>Description (min 250 to max 800 words)*</p>	<p>The Department of Cardiovascular Technology of School of Health Sciences is celebrating Cardiac awareness week from 12th February to 16th February. Day 1 of #Wonderful Monday saw a remarkable display of support from faculty members and deans across various departments. The event aimed to raise awareness about cardiovascular health and promote healthy lifestyle choices among students, staff,</p>

	<p>and the wider community. A special highlight of the event was the contribution of faculty members and deans who shared insightful quotes emphasizing the importance of maintaining a healthy heart.</p> <p>Their contributions added depth and resonance to the event's message. Their thoughtful quotes served as powerful reminders of the importance of prioritizing cardiovascular health in our daily lives. By coming together as a community to promote awareness and healthy lifestyle choices, we take significant strides towards nurturing not just our hearts but also our overall well-being.</p>

Description (min 250 to max 800 words)*

Department of Cardiovascular technology from School of Health Sciences of Sushant University successfully organised an event on “cardiovascular disease awareness week”. The theme of this cardiovascular disease awareness week was “Heart Transplant “

The Cardiovascular Disease Awareness Week event witnessed a significant milestone on February 16, 2024, with an engaging online session focused on the intricacies of heart transplantation. Hosted by the CVT Department, the session aimed to shed light on this life-saving procedure and raise awareness about cardiovascular health.

Dr. Alok, a distinguished Senior Perfusionist from Delhi AIIMS, graced the event as the guest speaker. With his extensive expertise and experience in the field of cardiac surgery and transplantation, Dr. Alok delivered a comprehensive overview of heart transplantation, touching upon various aspects ranging from patient selection to post-operative care.

Dr. Alok emphasized the importance of meticulous patient selection,

considering factors such as age, overall health status, and compatibility for transplantation.

Surgical Procedure:

He elucidated the intricate surgical procedure involved in heart transplantation, detailing the stages from donor organ procurement to recipient implantation.

- Immunosuppression and Follow-up:

The discussion encompassed the critical role of immunosuppressive therapy in preventing rejection post-transplantation and the necessity of long-term follow-up care to monitor graft function and overall patient well-being.

- Challenges and Advances:

Dr. Alok also highlighted the challenges encountered in heart transplantation, including donor shortage and organ rejection, while elucidating the latest advancements in the field aimed at overcoming these hurdles.

The online session on heart transplantation, featuring Dr. Alok as the esteemed guest speaker, proved to be an enriching experience for all participants. By disseminating valuable insights and fostering dialogue, the event contributed significantly to raising awareness about cardiovascular diseases and the life-saving potential of heart transplantation.

<p>Description (min 250 to max 800 words)*</p>	<p>On February 23, 2024, Dr. Deepti organised MLS "Management Games: Lead, Inspire & Conquer ." It was all about developing managerial abilities while having fun.</p> <p>It began with card games that imitated real-world managerial difficulties. It was a approach to learn about dealing with difficult circumstances in the</p>

professional world.

Following the card games, everyone played escape room. In this participants solved riddlesto discover a way out. This portion of the programme emphasised cooperation, communication, and problem-solving, all of which are essential qualities for managers.

Event showed that learning about management doesn't have to be boring.

<p>Brief Description (min 250 to max 800 words)*</p>	<p>B.Sc.MLT Students had the opportunity to gain practical experience at a Modern Diagnostic and Research Centre, where they engaged in various hands-on activities covering histological techniques, molecular techniques, biochemistry,</p>

	<p>microbiology, and sample collection. Throughout the visit, students actively participated in diverse tasks, including histological specimen preparation and examination, molecular analysis such as PCR and DNA sequencing, biochemical assays, microbiological culture techniques, and proper methods for sample collection. This immersive learning experience provided valuable insights into the practical applications of these laboratory methods, enhancing their understanding of diagnostic procedures and laboratory protocols in biomedical sciences.</p>
<p>Outcome*</p>	<p>The visit included demonstrations of common laboratory tests such as complete blood count (CBC), urinalysis, blood glucose, lipid profile, and microbial culture. Students had the chance to observe sample processing, preparation, analysis, and interpretation of results under the guidance of experienced laboratory staff. The session was highly interactive, allowing students to pose questions and seek clarifications on various aspects. The Students were very happy on such an enlightening experience.</p>

<p>Description (min 250 to max 800 words)*</p>	<p>The Management Lecture Series-VI, hosted by the School of Business at Sushant University, delved into the "Critical Role of Research in Business" on March 1st, 2024. The session, held from 3:00 to 4:00 PM in Venue D-508, was led by Dr. Priyanka Pradhan, a distinguished Assistant Professor within the School of Business.</p> <p>Dr. Pradhan's expertise illuminated the crucial role research plays in shaping business strategies, fostering innovation, and driving growth. The lecture explored how research can inform decision-making, identify emerging market trends, and unlock competitive advantages. Participants gained valuable insights into the methodologies and practices that underpin effective business research, enabling them to apply these learnings to their own endeavors.</p> <p>The session fostered a stimulating environment for dialogue and knowledge exchange among the faculty members. Participants engaged in lively discussions, sharing their perspectives on the importance of research in the context of their respective fields. Dr. Pradhan adeptly fielded questions, offering insightful responses and further enriching the learning experience.</p> <p>The Management Lecture Series-VI served as a valuable platform for faculty members to expand their understanding of the critical role research plays in the business landscape. The session equipped attendees with a deeper appreciation for the power of research to drive innovation, inform strategic decisions, and ultimately contribute to organizational success.</p>

Description (min 250 to max 800 words)*

Department of Optometry, SHS Sushant University, in collaboration with HOYA organized a world optometry day 2024 with the theme "Advancing Optometry's Commitment to Global Eye Care". The Department of Optometry at the School of Health Sciences (SHS), Sushant University, in collaboration with HOYA, celebrated World Optometry Day 2024 with the theme "Advancing Optometry's Commitment to Global Eye Care." The event aimed to highlight the pivotal role of optometry in global eye care and foster collaboration among professionals, students, and industry experts.

World Optometry Day 2024 at the Department of Optometry, SHS Sushant University, was a grand success, thanks to the collaborative efforts of the department, HOYA, and all the participants. The event provided a valuable platform for learning, sharing knowledge, and fostering innovation in the field of optometry.

Optometrists are the primary healthcare practitioners of the eye and visual system who provide comprehensive eye and vision care, which includes detection, diagnosis and management of disease in the eye, and the rehabilitation of conditions of the visual system as defined by the World Council of Optometry. An optometrist also provides specialized services like vision therapy, sports vision care, low vision care, contact lenses, pediatric and geriatric care. An optometrist being the first line of defense for

	<p>vision protection manages and co-manages one's eye. Uncorrected vision impairments effect millions of people worldwide—many are functionally blind due to lack of access to corrective lenses and eye exams. This is not limited to developing nations, and also has a significant impact in developed economies often resulting in lost education and employment opportunities. Providing corrective lenses and eye exams are at the core of the professional services optometrists offer.</p>

Brief Description (min 250 to max 800 words)*

Techvista

Date: [10 April 2024]

Introduction:

TechVista: Bridging Disciplines for a Sustainable Future held on 10th April 2024 was a vibrant gathering of students, educators and professionals from various academic backgrounds convened with the aim of fostering interdisciplinary collaboration and innovation. The event served as a platform to explore and discuss a diverse array of themes crucial for building a sustainable future.

Opening Ceremony:

The technical exhibition was inaugurated by our Honourable Vice Chancellor Sir Dr. Rajeev Ranjan and Pro Vice Chancellor Sir Dr. Sanjeev Sharma. Dignitaries shared their insights on the importance of interdisciplinary collaboration in addressing contemporary global challenges emphasizing the role of youth in shaping a sustainable future.

Skit on Sustainable future:

Following the opening ceremony, a provoking skit was performed by students exploring the theme of sustainability through creative

storytelling. The skit depicted various scenarios illustrating the interconnectedness of environmental, social and economic factors and highlighted the importance of adopting innovative solutions for a sustainable future.

Exhibition Showcase:

Participants meticulously arranged their models, prototypes, visual aids and interactive elements to convey their concepts and insights effectively. Attendees were invited to explore the exhibition and engage with the displays, and interact with the presenters to gain deeper insights into the showcased projects.

Recognition of Excellence:

Expert judges assessed the exhibits under two categories i.e., Junior and Senior Category based on criteria such as future application, technology, presentation quality and alignment with sustainability goals. Winners and outstanding contributors were recognized during the result declaration ceremony, acknowledging their exemplary efforts in leveraging the exhibition platform to advance interdisciplinary collaboration and promote a sustainable future.

Result Declaration Ceremony:

The event concluded with a captivating result declaration ceremony, where winners and participants were announced and awarded by Pro Vice Chancellor sir Dr. Sanjeev Sharma and Principal mam Dr. Jyoti Sinha. Dignitaries awarded the winners with trophies, attractive cash prizes and certificates under Junior and Senior category.

Closing Remarks:

In closing, the Pro Vice Chancellor sir Dr. Sanjeev Sharma and Principal mam Dr. Jyoti Sinha extended their gratitude to all participants, volunteers and supporters who contributed to the success of TechVista.

Acknowledgments:

The success of the Sushant University Techvista: Bridging disciplines for sustainable future would not have been possible without the dedicated efforts of the organizing committee, volunteers, participants and the support of university administration.

<p>Outcome*</p>	<p>The event Techvista: Bridging Disciplines for sustainable future celebrated at Sushant University was having following outcomes:</p> <ul style="list-style-type: none"> • Showcasing innovations and Start-ups. • Inspiration & motivation to adopt more sustainable practices in science & technology. • Encouraging multi-disciplinary approach in technology. • Networking opportunities for further advancement in sustainable technologies. • Raise awareness about environmental issues.

[Circular official stamp of Sushant University]

Department of Pharmacy, School of health sciences organized Plantation Drive titled "Nurturing Nature's Remedies: The emergence of Herbal Medicinal Gardens" on 19th April 2024 on the occasion of World Earth Day. This event is aimed to enhance the educational value of plants and raise awareness about the role of herbal plants in maintaining ecological equilibrium within the campus populace. This event was initiated in the presence of Honorable VC sir, Dr. Rakesh Ranjan, Pro VC sir, Dr. Sanjeev Sharma, and Associate Dean ma'am Dr. Prof. Jyoti Sinha. All faculties and students enthusiastically

	<p>participated in the plantation drive. We planted 22 new herbal plants in campus, along with a commitment to upkeep the plants and a maintenance strategy was implemented to guarantee the enduring viability of the herbal garden and invest in our planet's calling for businesses to shift towards sustainable practices”.</p> <p><u>OBJECTIVES OF THE EVENT:</u></p> <ul style="list-style-type: none"> • To create awareness and spread the message of celebration of Earth Day 2024 • To make students sensitize towards mother earth and its full bounty and bliss. • To motivate the students to act, innovate and implement sustainable solutions against exploitation of earth and protection of climate. • To make students understand their role and responsibility in the movement
