Feedback Analysis Report (2019-20)

The university follows a sound system for curriculum and syllabi updation. The office of Dean Academic Affairs of the University asks for feedback to be received from all stakeholders namely: students, teachers, alumni and employers/industry experts. The same is analysed and is shared with the respective members of the teaching faculty in order to incorporate or update the syllabi according to suggestions by the stakeholders.

The questionnaire consisted of questions wherein the stakeholders had to put a tick mark based on satisfaction with the programme curriculum. A common questionnaire was used for teachers, industry experts/employers and alumni while a separate one was used for students.

As per feedback received by various stakeholders the new syllabus formulated was appreciated by all. As per feedback taken in the months of August and September 2020, most of the stakeholders thought the syllabus should be continued and assessed gradually. The most important issue at hand is the internship and the OCIs that involved students to get out to different cities and was recommended to be proposed by many. Another major suggestion was the credits and hours to be streamlined as per the latest COA guidelines.

Specific feedback from each stakeholder group was as follows:

- Students mentioned their appreciation for the new syllabus especially the progression in elective courses from 2nd year to 5th year. Their main concern was about the internship, which they suggested to be postponed due to uncertain circumstances of COVID. Junior batches felt that the OCIS study should be taken after the lockdowns in next semester or later.
- Faculty/Teachers suggested that the mismatched credits that were noted should be revised. COA guidelines should be used to implement this as credits equal to hours. Activities and learning modules that involve going to different cities and locations like OCIS should be changed due to COVID. Internships are not being offered currently and could be a very big concern so therefore it should be postponed to a later time and thesis carried out earlier.
- Alumni and employers seemed to be appreciative of the new syllabus with no major concerns.

Summary Feedback/ Suggestions

In the year 2020-21, the syllabus of M Arch in Urban Design

Self-Work is removed from Design Studio reducing the hours from 16 to 14 in first, second and third semester.
Digital tools I & II subject is placed under the track of Skills which will include more digital skills needed in the profession.
More subjects that are common across masters are proposed as common subjects like research paper & skills.
The Internship is now reduced from 8 weeks to 6 weeks so that if student has to attend to a summer school he / she can attend to that too.
Teaching and Research Assistantship is under Skills III in semester 3.
Self-Work is increased from 4 hours to 6 hours in Thesis Studio and Tutorial is removed.
Teaching and Research Assistantship is under Skills IV which will have entrepreneurship skills & project planning too.
Overall Credits for the Programme is now 120 (Standard Across all M Arch Programmes)

Summary Feedback/ Suggestions

The M Arch IA syllabus was well accepted by at stakeholders. The academicians suggested having common courses for all masters for enhanced interdisciplinary learning and conserving resources. The addition of Skills was appreciated by both faculty & alumni. The industry experts suggested an introduction to entrepreneurship would enhance the employability. Managing projects and practice as an additional course would further give an edge to the students pursuing this programme. The hands on activities and special guest lectures were appreciated and more site visits were asked to add. The students requested to increase the hours of the courses which feed the studios.

M Arch LA Summary Feedback/ Suggestions

In the year 2020-21, the syllabus and curriculum of M Arch in Landscape Architecture was whetted and liked by most of the industry experts, teachers and alumni. Most of them strongly agreed that the course outcomes are mapped with the programme outcomes. As the syllabus does give options to include many software learnings, a considerable portion of the stakeholders disagreed when asked if more softwares related skills to be added. The alumni felt that the programme gives a good base for conducting research and critical thinking too.

All the students strongly agreed that there are sufficient guest lectures, site visits, study tours, workshops and events to strengthen one's learning capabilities both mentally as well as physically. They felt hand-on activities are very productive in the process of learning. They asked that the work load is reduced, for which we are reducing contact hours. Alumni wanted us to explore some software training which we are doing through our electives and a GIS course ddded.

Summary Feedback/ Suggestions

In the year 2020-21, the syllabus of M Arch in Built Heritage was appreciated by most of the industry experts, teachers and alumni. Most of them strongly agreed that the course outcomes are mapped with the programme outcomes.

The students agreed that there are sufficient guest lectures, site visits, study tours, workshops and events conducted virtually though physical events could not be conducted due to COVID 19 restrictions.

Teachers expressed that project management and entrepreneurship can be incorporated as a part of the curriculum. According to industry experts, the curriculum is well aligned with the industry. One may think of introducing entrepreneurship and leadership to encourage them to set up their own practices. As per the alumni, the cultural theory class can be reduced to 2 hours. A student expressed the need for continuity of materials and physical conservation in other semesters. Students also expressed that skills can be focused on entrepreneurship in fourth semester.

2	Mr. Sunil Kumar	Member	Program Director,VHTBS
3	Mr. Saurav Chhabra	Member	Assistant Professor,VHTBS

Agenda of the meeting

Discussion – Internship During Covid 19 - As per the present scenario of Covid 19 conduct of Internship, Marco polo program needs to be reorganised in the best possible way. As per the vatel audit there is a need to change our school's name which can highlight the collaboration with vatel and also it was highlighted in the audit that there is a strong need to align the present BHM curriculum with Vatel curriculum.

Discussion on need of New Programs - Our alumni stakeholder has given feedback that there is a need to initiate a post graduate program in the school in hospitality discipline which can be a real opportunity for the students who will be seeking higher education.

Proposed discussions

- There is a strong requirement to change the school's name from SHM to Vatel Hotel and Tourism business school as we have an academic collaboration with Vatel Institut, France. This change is required to increase the brand value of the school and also the intake of admissions. The usage of the Vatel Name will give an opportunity to the student to use the Brand name in their resume, thus leading to strengthening of our collaboration and students to become more global.

- As suggested by the alumni of the school, there is a demand of initiating a post graduate program preferably MBA in hospitality which be of 2 years including internship. The

program structure should include business management, Hospitality and research-based subjects.

- In vatel audit it was highlighted that there is requirement to add French t in each semester of BHM program, as this will help student to acquaint with a foreign language.

- As suggested by the stakeholders there is a need to add few courses like food styling, culinary French and F& B management in VIII semester of BHM program as these subjects will help enhance their skills.

- Due to the ongoing Covid 19 the "specialised internship" of BHM should be shifted to VII semester. Industrial Training – I" should be moved from (2nd year From III & IV semester) to 3rd Year V/VI Semester.

- It was observed and highlighted by the current students that marco polo program in second year is quiet early in the program, it was observed that there is a need to move marco polo from 2nd to 3rd year of the program as the student going in 3rd year will be more mature and would have finished his one of the trainings in industry.

- As suggested in vatel audit one-month Internship course by the name "Industrial Exposure Internship needs to be replaced with some industry-oriented subject as this training is quite early for any student to get exposed in the industry.

FEEDBACK ANALYSIS REPORT (B.DES)

Year 2020-21

As per the feedback received from Students, Alumni, Parents and industry professionals, suggestions provided were discussed in BoS meeting for the year 2020-2021.

Brief Report of feedback received from all the stakeholders received:

- Inter-disciplinary courses to be a part of curriculum for value addition.
- Material related subjects should be more focussed.
- Electives could be more diverse.
- Weekly Timetable to be followed instead of Modular one, rather a mix of both can be given a thought upon.
- Similar and inter-connected subjects to merged except studios specially for programmes like IA,ID,PD,FT,VC
- More emphasis to be given on software subjects.

FEEDBACK ANALYSIS REPORT (M.DES)

Year 2020-21

As per the feedback received from Students, Alumni, Parents and industry professionals, suggestions provided were discussed in BoS meeting for the year 2020-2021.

Brief Report of feedback received from all the stakeholders received:

- Inter-disciplinary courses to be a part of curriculum for value addition.
- Material related subjects should be more focussed.
- Electives could be more diverse.
- Weekly Timetable to be followed instead of Modular one, rather a mix of both can be given a thought upon.
- More emphasis to be given on software subjects.

Please provide Constructive Suggestions if any for the improvement:

- More case study and hands on experience teaching pedagogy can be added to increase the effectiveness of paper.
- The curriculum should be more scope of practical and hands on learning for better understanding of students.
- Focus can be put on entrepreneurship shills.
- Students need to have more experiential learning so as to understand and absorb the content in the effective manner.

ANALYSIS OF STAKEHOLDERS FEEDBACK ON MBA SYLLABUS

ACADEMIC YEAR 2020-21

Introduction:

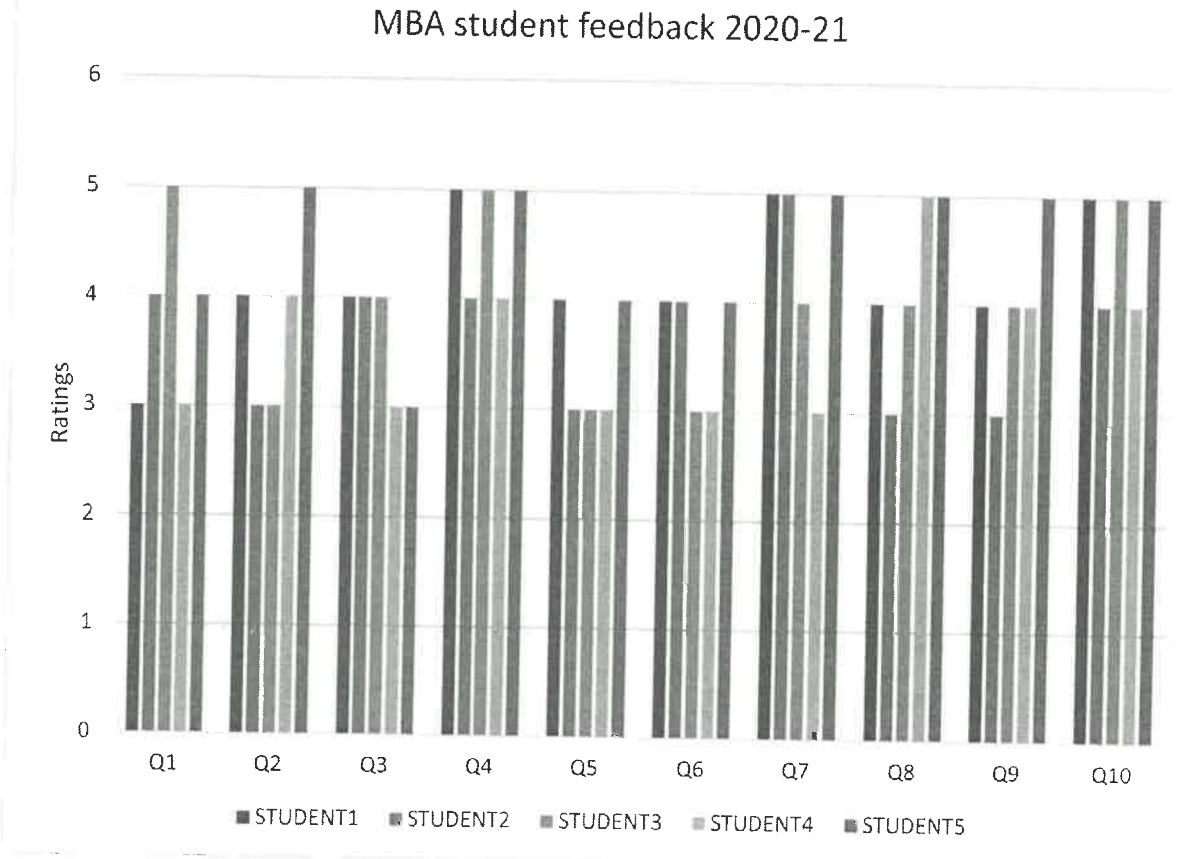
The stakeholders from MBA provided feedback on the syllabus using Google forms. The data was evaluated to offer important insight into the course's perception among stakeholders. The parameters were as follows:

- Depth of the course content, including project, if any
- Extent of coverage of the course.
- Applicability or relevance to the real-life situations and Learning values in terms of knowledge, concepts, manual skills and analytical abilities.
- Clarity and relevance of textual reading material.
- The difficulty level of the course and syllabus coverage, library materials and facilities of the course.
- Placement programmes and internal assessment
- Provision for add-on courses
- Provision for internship

OBJECTIVE:

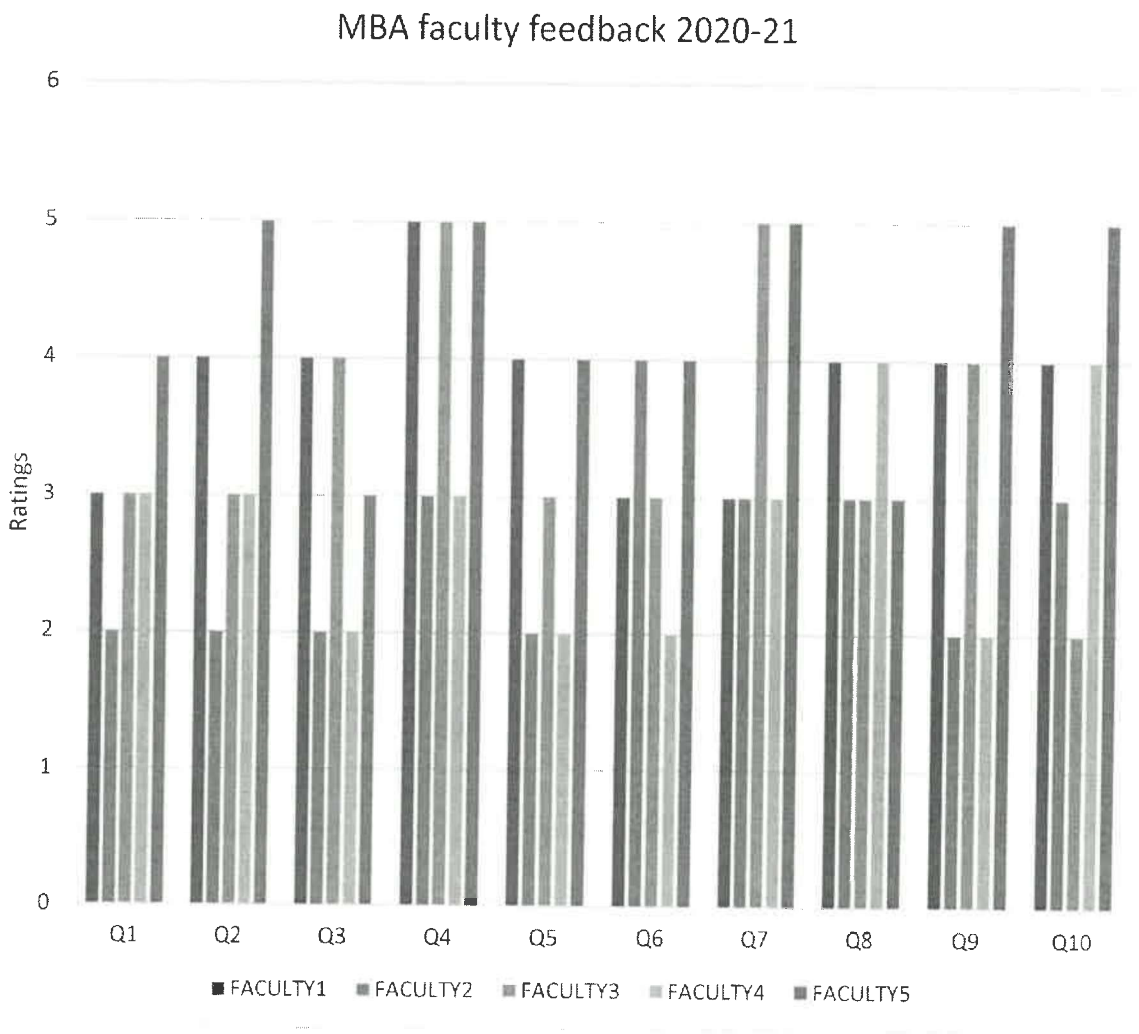
To quantitatively and qualitatively evaluate the feedback on the syllabus given by the stakeholders for academic year 2020-21.

Dean
School Of Business
Sushant University
Sec-55, Gurugram Haryana



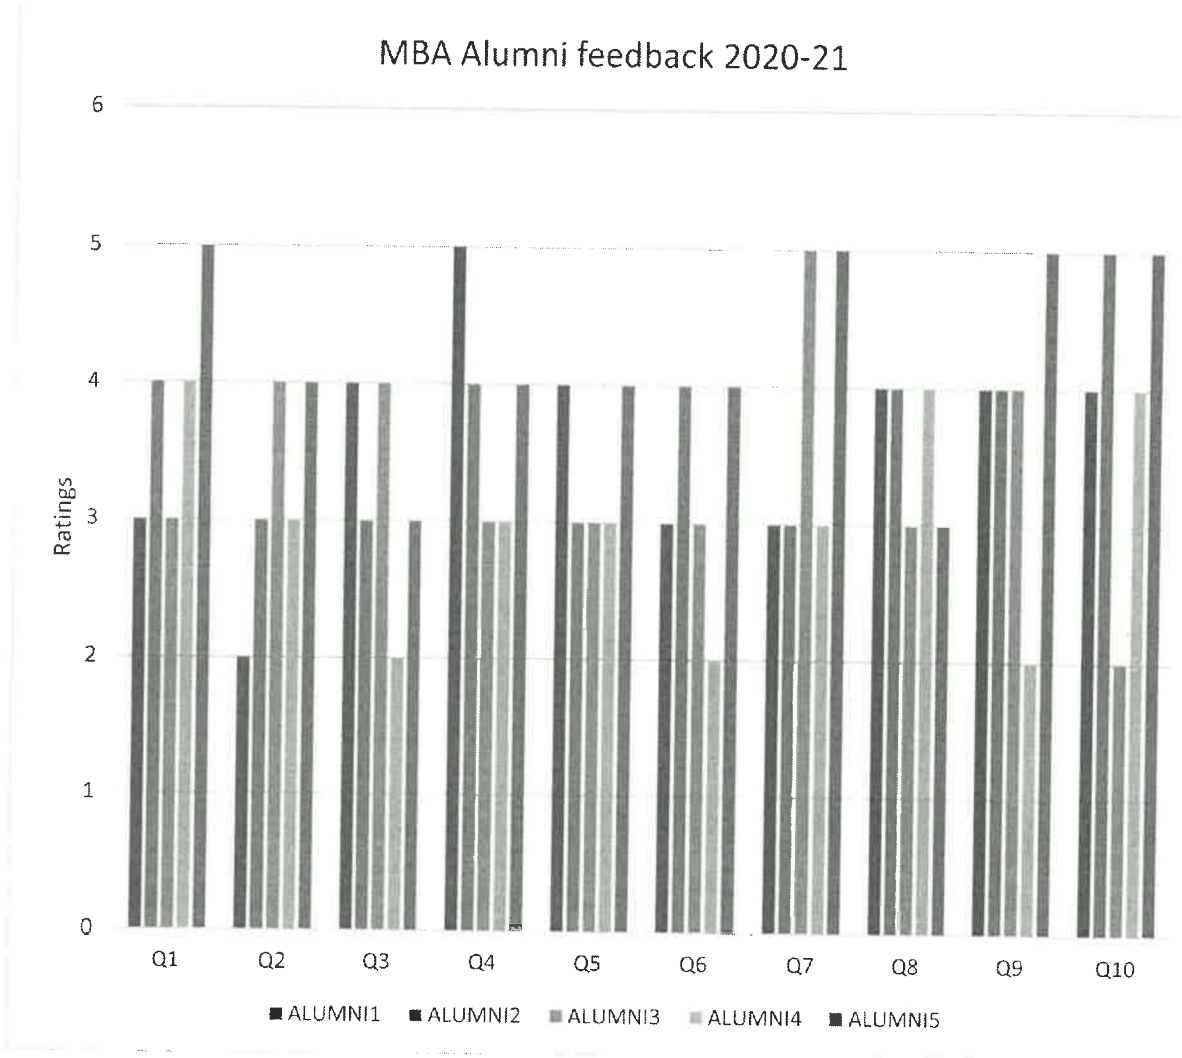
Summary: Overall, student opinion on the course was favourable in terms of depth, coverage, learning values, and application. The majority of students believed the course was suitable and moderate in terms of difficulty. The majority of the course was covered in class, and the library resources, as well as the placement activities, were acceptable. Most students felt the professors were usually helpful and that the internal evaluation was fair. And the student-teacher interaction is positive, and the administrative staff is supportive. Overall, most students believed their college experience was intellectually engaging.

Dean
School Of Business
Sushant University
Sec-55, Gurugram Haryana



Summary: Curriculum response from faculty was mainly favourable in all respects. However, only few of them believed that the curriculum could be tweaked for fulfilling the industrial requirements and that practical exposure should be improved. There is also a requirement for a frequent modification in the syllabus to give possibilities for reading materials and learning new topics. There is a need for more advanced curriculum delivery technologies, as well as software upgrades.

Dean
School Of Business
Sushant University
Sec-55, Gurugram Haryana

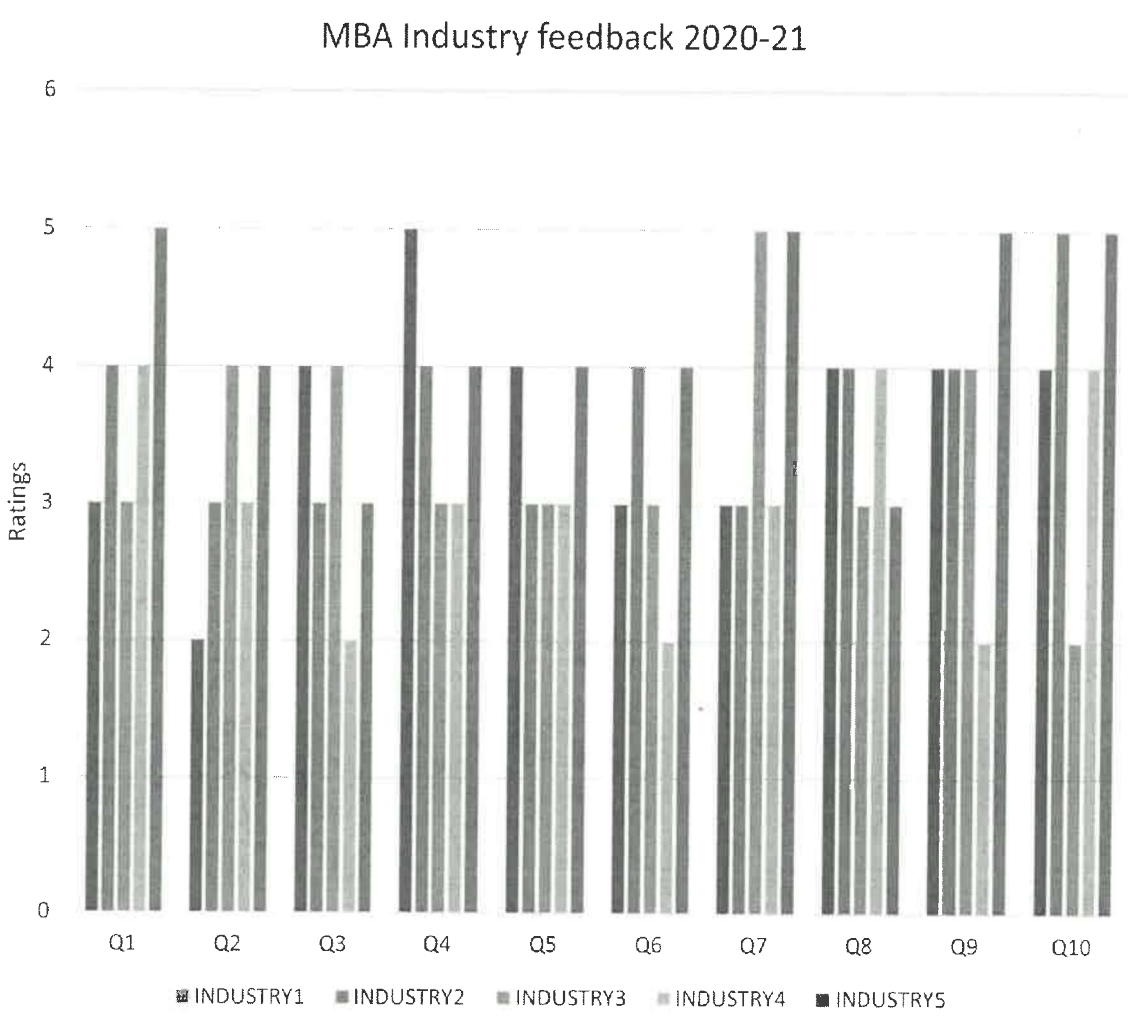


Summary: Looking at the comments, it is clear that the responses are favourable in terms of pride in being a student at the school, overall growth, infrastructure and amenities, grievances resolved, and skills given. However, more alumni may be encouraged to give back to the university, and updates can be more inclusive and consistent.

Placement and training services should also be improved.

Since last year, there has been a greater emphasis on enhancing placement cells.

Dean
School Of Business
Sushant University
Sec-55, Gurugram Haryana



Summary: The majority of companies believe that the curriculum is relevant to industrial demands and that the curriculum and institution provide sufficient soft competencies.

Some of them have advised that more curriculum-related activities be included.

ANALYSIS OF STAKEHOLDERS FEEDBACK ON BBA SYLLABUS

ACADEMIC YEAR 2020-21

Introduction:

The most important stakeholders in every higher education institution are students, faculty, alumni, and employers. As a result, in order to prosper in the future, a company must collect feedback from its stakeholders.

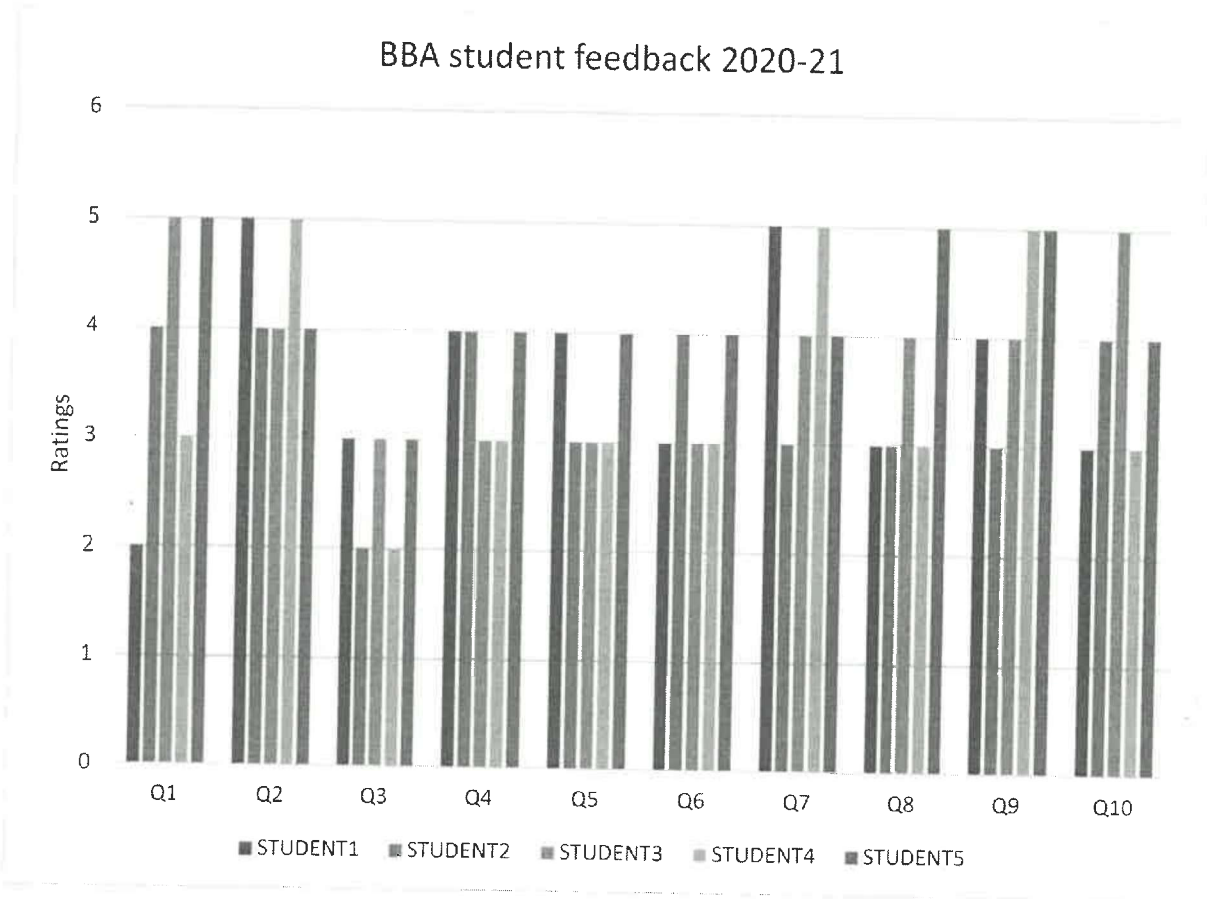
All stakeholders have been provided a platform to express their views and ideas on the curriculum, the teaching-learning process, and areas for improvement. IQAC received feedback on various aspects of curriculum, teaching, and learning for the 2020-21 academic year, which was examined and necessary steps were made.

The examination of stakeholder feedback was performed. This information enables us to assess our strengths and identify areas for development. The report on actions performed is provided below.

OBJECTIVE:

To quantitatively and qualitatively evaluate the feedback on the syllabus given by the stakeholders for academic year 2020-21

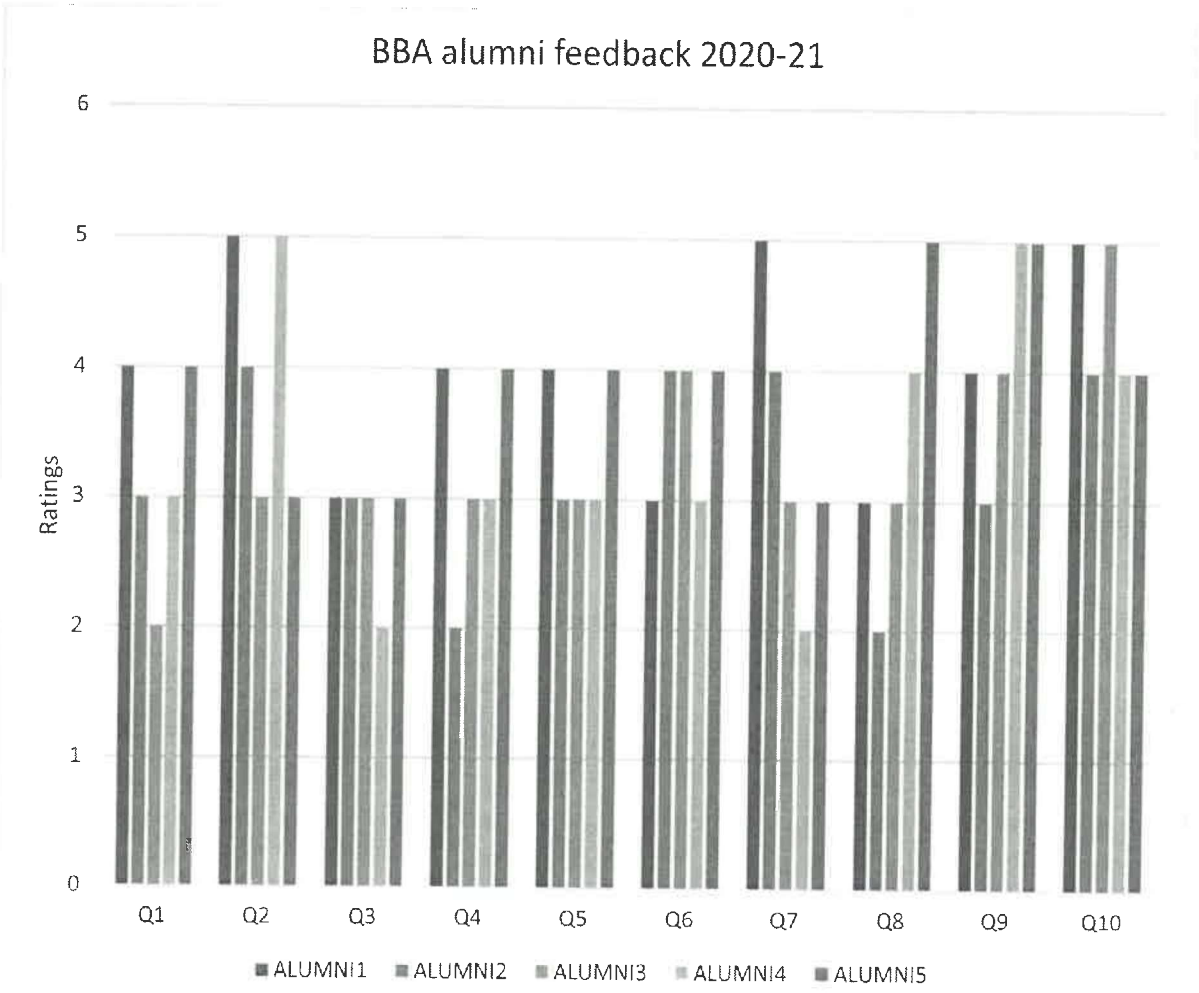
Dean
School Of Business
Sushant University
Sec-55, Gurugram Haryana



Summary:

Based on student feedback about their Programme curriculum, it was discovered that 89-96% of the students were clear with the Objectives of the Programme and Course, Outcomes of the Programmes and Course, and were also satisfied with the provided course contents material, lectures taken by teachers, and Student Centric approaches to enhance competencies, employability, and entrepreneurship.

Dean
School Of Business
Sushant University
Sec-55, Gurugram



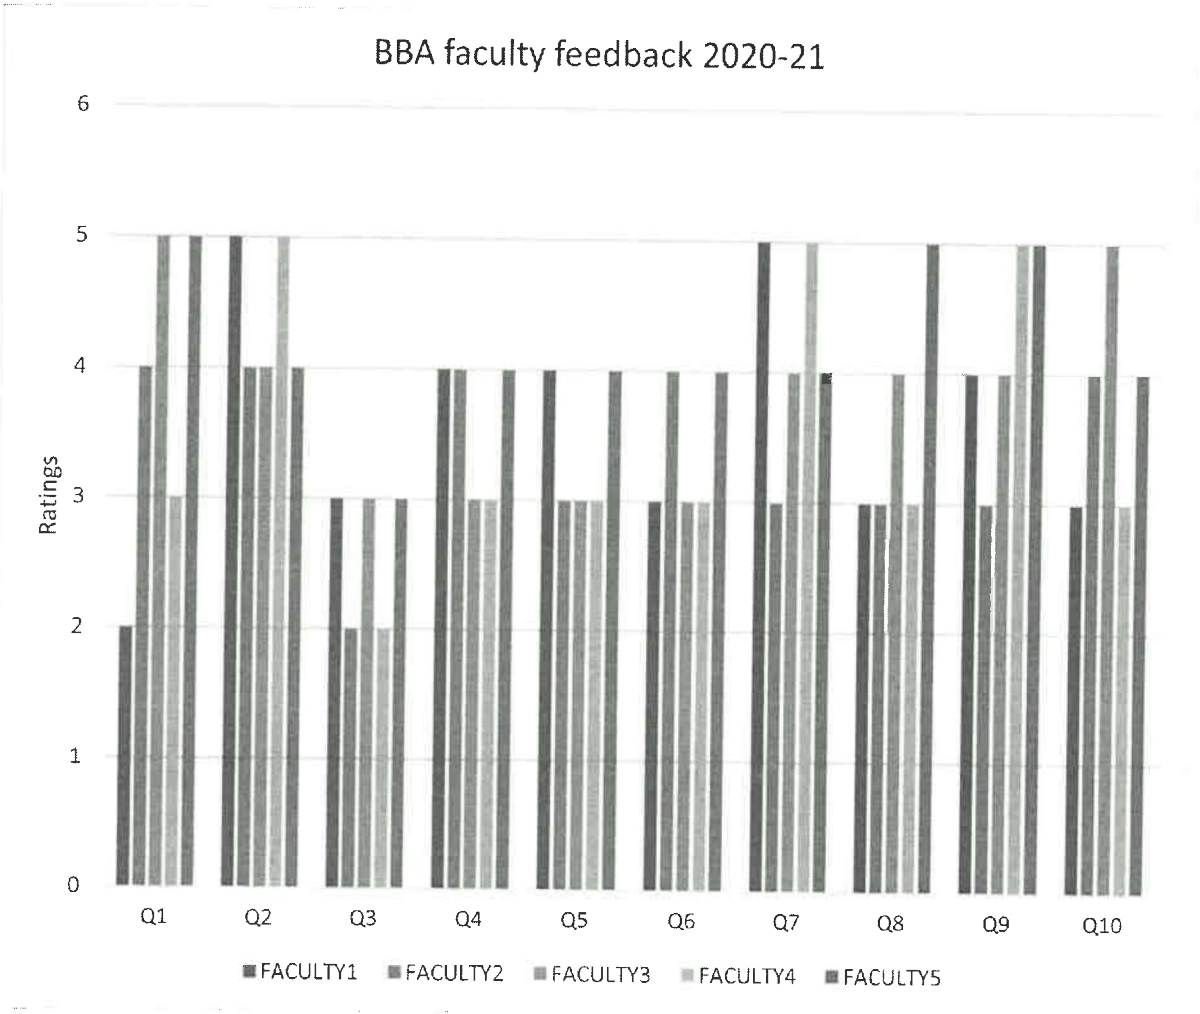
Summary:

84-93% of students are happy with the career-oriented curriculum and stated that it was very useful in finding job post graduation.

91% of graduates are pleased with the Programme curriculum.

Overall, alumni evaluations demonstrated that the University encourages higher learning and that the curriculum given in their specific colleges develops the necessary Competency, Employability, and Entrepreneurial abilities.

Dean
School Of Business
Sushant University
Sec-55, Gurugram



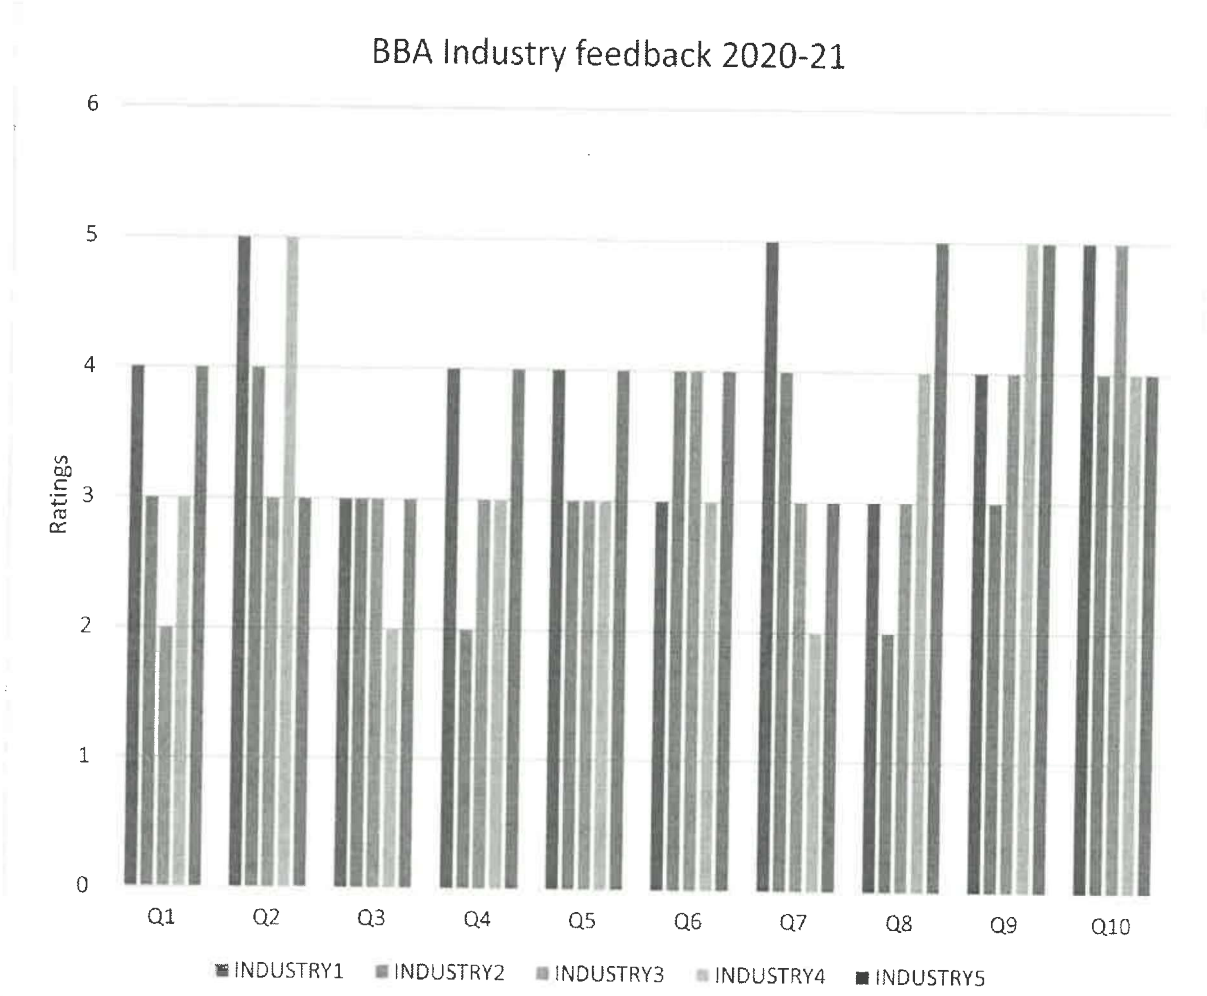
Summary:

Faculty are the most significant resource in curriculum design, implementation, and growth, and faculty opinion on curricular components is critical. The following information has been gathered from an analysis of faculty comments for the 2020-21 academic year:

91-95% of Faculty Members are happy with the Curriculum Structure, course content, strategies for achieving Programme and Course goals, the curriculum design process, and the career orientated component of the Programmes.

7-10% of Faculty Members have suggested improving the library databases appropriate to the courses and improving the testing procedure.

Dean
School Of Business
Sushant University
Sec-55, Gurugram



Summary:

The capacity to contribute to achieving the stated goals, manage relationships with co-workers, and dedication to complete the assignment on time has been very good, according to the overall analysis of comments from the employer. Students will benefit from additional career and placement counselling.
