At the School of Business, Sushant University, we strongly believe that inherent kindness and generosity reside within every individual. To foster a sense of social responsibility and provide opportunities to contribute positively to society, we introduced the concept of a "Social Internship." This program empowers our students to actively participate in community service, making a tangible difference. In this spirit, our students embarked on a visit to the Gurukool Kids NGO, where they gained invaluable insights into the persistent educational challenges faced by disadvantaged sections of society. This report provides a glimpse of our students' contributions and the impact of their visit.

The Social Internship Experience

Venue: Gurukool Kids NGO

Objective: The primary goal of the Social Internship was to create awareness among our students about the ongoing struggles faced by underprivileged individuals, especially in their pursuit of education. The experience aimed to cultivate empathy, compassion, and a strong sense of social responsibility in our students.

Activities and Contributions:

During their visit to Gurukool Kids NGO, our students engaged in a range of activities and made significant contributions to support the organization's mission:

1. Educational Support: Our students actively participated in providing educational support to the children at Gurukool Kids. This included helping with homework, conducting interactive learning sessions, and organizing educational games to make learning fun and engaging.

2. School Infrastructure Development: Recognizing the need for improved infrastructure, our students took the initiative to repaint classrooms and enhance the learning environment. This transformation aimed to create a more conducive space for learning and growth.

3. Creative Workshops: Our students conducted creative workshops, including art and craft sessions, which allowed children to develop their creative skills and showcase their talents. These workshops served as an avenue for self-expression and skill development.

4. Mentorship: Our students assumed the role of mentors, offering guidance and counseling to the children. This mentorship aimed to inspire and motivate the kids to pursue their dreams and ambitions, instilling in them a sense of hope and self-belief.

5. Donation Drive: Understanding the importance of resources, our students organized a donation drive within the School of Business community. They collected essential supplies, books, stationery, and clothing to provide support and meet the basic needs of the children at Gurukool Kids.

Learning Outcomes:

The Social Internship experience resulted in several meaningful learning outcomes for our students:

Empathy: Our students developed a deep sense of empathy towards the challenges faced by

	<p>underprivileged children, particularly in their struggle for education.</p> <p><b>Social Responsibility:</b> They recognized the significance of giving back to society and contributing to the welfare of those less fortunate.</p> <p><b>Teamwork and Leadership:</b> Through their collective efforts, students honed their teamwork and leadership skills, fostering a sense of collaboration and responsibility.</p> <p><b>Cultural Sensitivity:</b> The internship exposed students to diverse cultural backgrounds, broadening their horizons and promoting cultural sensitivity.</p> <p><b>Personal Growth:</b> The experience facilitated personal growth, nurturing feelings of fulfillment, gratitude, and a commitment to sustained social engagement.</p> <p><b>Conclusion</b></p> <p>The Social Internship at the School of Business, Sushant University, is not merely an event but a transformative journey that deepens our students' understanding of the world and their role in it. The contributions made by our students during their visit to Gurukool Kids NGO exemplify the positive impact that individuals can have on society when driven by compassion and the desire to effect change.</p> <p>This program represents a foundational step in fostering a culture of kindness, generosity, and social responsibility within our academic community. The Social Internship serves as a testament to the potential for positive change that resides within each of us. As we continue to move forward, we remain committed to cultivating a more inclusive, compassionate, and socially aware generation that strives to make a difference in the world.</p>

Description (min 250 to max 800 words)\*

On June 12, 2022, the School of Design at Sushant University organized an impactful awareness initiative titled "Impact of Water Pollution Hazards for Marine Life" in the coastal villages of Vizag. This initiative aimed to raise awareness about the devastating effects of water pollution on marine ecosystems and the livelihoods of coastal communities that depend on the sea. The program was a collaborative effort involving environmentalists, marine biologists, design students, and local villagers, fostering an interdisciplinary approach to addressing the critical issue of marine pollution. Through a series of educational workshops, presentations, and interactive sessions, the event highlighted the various pollutants harming marine life, including plastic waste, chemical run-offs, oil spills, and untreated sewage. Experts explained how these pollutants affect the marine food chain, disrupt breeding patterns, and lead to the endangerment and extinction of various species, which in turn threatens the biodiversity of the region. The initiative emphasized that water pollution not only harms marine life but also directly impacts human populations, as many coastal communities rely on fishing and other marine-related industries for their livelihoods. Participants were introduced to the concepts of sustainable fishing practices and waste management, which could help reduce pollution and protect marine habitats. Design students and faculty from Sushant University worked closely with local villagers to create innovative solutions for waste disposal, focusing on minimizing the use of plastic and adopting eco-friendly alternatives. Demonstrations were held to showcase practical, low-cost methods for waste segregation and composting, helping communities implement sustainable practices at the grassroots level. One of the most engaging segments of the initiative was an art and design exhibition featuring student-created installations and artwork made from recycled materials collected from local beaches. These installations served as powerful visual reminders of the pollution crisis, sparking conversations among villagers and visitors about the urgent need to address water pollution. The event also included beach clean-up drives, where students, villagers, and volunteers worked together to collect plastic waste and debris along the shoreline, symbolizing the community's collective effort to safeguard their marine environment. In addition to raising awareness, the program also focused on educating the younger generation, with specific sessions dedicated to children in coastal villages, where they were taught about the importance of conserving marine life and keeping the oceans clean. The long-term goal of the initiative was to create a self-sustaining model of environmental stewardship within the coastal villages of Vizag, encouraging local communities to take active roles in protecting their marine ecosystems. Feedback from the villagers was overwhelmingly positive, with many expressing gratitude for the knowledge and tools provided to them to tackle pollution issues in their daily lives. They felt empowered to be part of the solution and were eager to implement the sustainable practices discussed during the workshops. This initiative not only raised critical awareness about the hazards of water pollution but also forged lasting relationships between the university, environmental organizations, and coastal communities. By promoting sustainable practices and fostering community engagement,

the School of Design at Sushant University demonstrated its commitment to addressing pressing environmental challenges, ensuring a safer and healthier future for both marine life and coastal populations in Vizag. The event concluded with a pledge by all participants to continue their efforts in reducing water pollution and protecting the marine environment, reaffirming the shared responsibility of all stakeholders in preserving the delicate balance of life in our oceans.

On 21 June 2022, Sushant University hosted a successful Yoga Day event, held from 9:00 AM to 10:30 AM on the picturesque university grounds. The initiative aimed to promote holistic well-being among the university community by encouraging the practice of yoga. This event underscored the importance of physical fitness, mental clarity, and emotional balance, aligning with the university's commitment to fostering a healthy and balanced lifestyle for its students, faculty, and staff.

The Yoga Day event was meticulously planned by the university's wellness committee, which coordinated with experienced yoga instructors to ensure a comprehensive and engaging session. The preparation involved setting up a spacious outdoor area on the university grounds, equipped with yoga mats, sound systems for instructions and soothing music, and hydration stations. The event was widely publicized through the university's communication channels, including emails, social media, and campus posters, to encourage maximum participation.

The yoga session started with simple warm-up exercises to prepare the body for more intensive postures. The instructors guided the participants through a series of asanas (yoga poses), including foundational poses like Tadasana (Mountain Pose), Vrikshasana (Tree Pose), and more advanced poses like Ardha Chandrasana (Half Moon Pose) and Bhujangasana (Cobra Pose). Each pose was demonstrated and explained in detail, ensuring that participants of all skill levels could follow along.

Breathing exercises, or pranayama, were integrated into the session to help participants focus on their breath and enhance their mental clarity. Techniques such as Anulom Vilom (Alternate Nostril Breathing) and Kapalbhata (Skull Shining Breath) were practiced, promoting relaxation and mindfulness. The session culminated in a guided meditation and relaxation phase. Participants were led through a series of meditative techniques aimed at calming the mind and releasing tension from the body. The final relaxation pose, Savasana (Corpse), allowed everyone to lie down and absorb

	<p>the benefits of the session in a state of deep rest.</p> <p>After the session, participants were invited to share their experiences and feedback. Many expressed a profound sense of relaxation and rejuvenation, appreciating the opportunity to disconnect from their daily routines and focus on their well-being. The event also sparked interest in regular yoga practice, with several attendees inquiring about ongoing yoga classes and resources available on campus.</p>

Visit at old age home

**(Geotag) Photograph-2**

**Description (min 250 to max 800 words)\***

The Rotaract Club of Sushant University participated in the event “Care for Senior Citizens” organised by our parent club Rotary Club of Gurgaon. In the event all the Retractors and Club officials visited an old age home and donated food and other household supplies.

The event took place on 3<sup>rd</sup> July, 2022 at Tau Devi Lal Old Age Home. We were greeted by the Rotary Team led by V.K. Chopra sir. There we served breakfast to the elders there. Then a short seminar on “How to keep care of Elderly people” was conducted by the Rotary Club. The event was followed by breakfast where we shared stories and discussed future plans. the aim of educating the community on the responsibilities of family members, caregivers, and society in ensuring the well-being of the elderly. Legal experts and social activists also led the program, covering topics such as the Maintenance and Welfare of Parents and Senior Citizens Act, 2007, which mandates the legal duty of children and heirs to provide for their elderly parents. Information on government schemes, old-age pensions, and legal recourse for elderly abuse or neglect was also shared with the participants.

	<p>The program included interactive sessions where senior citizens and their families could voice concerns about issues such as financial security, healthcare, and protection from exploitation. The experts also provided practical advice on how to access legal aid, file complaints regarding elder abuse, and secure guardianship in cases of incapacity. Educational pamphlets and brochures were distributed to enhance public understanding of senior citizen care laws. The program succeeded in raising awareness about the legal frameworks in place to protect and care for senior citizens, encouraging stronger family and community support for the elderly, and promoting a culture of respect and responsibility towards them.</p>

**Description (min 250 to max 800 words)\***

On 11<sup>TH</sup> August 2022 students of School of Business organized a special event to express gratitude and appreciation to all in the University who play a crucial role in maintaining the cleanliness and functionality of the university premises. The event aimed to acknowledge the hard work and dedication of these often unsung heroes and create a positive and inclusive atmosphere within the university community.

**Objectives of the Thank You Event:**

To recognize and appreciate the contributions of

Down  
School Of Business  
Sushant University  
Sec-55, Gurugram Haryana

4th class employees to the university community.

To foster a sense of community and unity among students and university staff.

To create awareness about the importance of acknowledging and valuing every member of the university community.

**Event Highlights:**

**Welcoming Ceremony:** The event began with a warm welcome extended to the employees by student organizers. A brief introduction to the purpose of the event was provided to set a positive tone.

**Expressing Gratitude:** Students took turns expressing their gratitude and appreciation for the hard work and dedication demonstrated by the University Staff. Personalized thank-you notes, cards, and tokens of appreciation were handed over to each employee.

**Certificate of Appreciation:** Each Staff member was presented with a Certificate of Appreciation recognizing their hard work, dedication, and valuable contributions to the university community.

**Photo Session:** A group photo session was organized to capture the moments of appreciation, creating lasting memories

**Follow-Up:** To sustain the spirit of gratitude, the student organizers plan to initiate regular appreciation initiatives, such as employee recognition programs and themed events, to continue fostering a positive and inclusive campus culture.

**Conclusion:** The Thank You Event was a heart warming and successful endeavor to recognize the often-overlooked contributions of these dedicated individuals. It not only created a positive atmosphere on campus but also highlighted the importance of acknowledging and appreciating every member of the university community.

Dean  
School of Business  
Sushant University  
Sec-55, Gurugram Haryana

**Student Involvement:** The event witnessed enthusiastic participation from students across various disciplines. Their active involvement in both the plantation drive and the awareness session reflected a strong commitment to environmental conservation.

**Community Building:** The tree plantation drive not only contributed to the ecological well-being of the campus but also served as a platform for fostering a sense of community among the participants. The shared experience of planting trees created lasting memories and a sense of pride in contributing to a larger cause.

**Conclusion:** The "Green India Clean India: A Tree Plantation Drive" organized by the School of Business at Sushant University was a resounding success. The event not only contributed to the university's green initiatives but also played a crucial role in educating and inspiring the community about the importance of environmental sustainability. The participants left with a heightened awareness of their responsibility towards the environment and a renewed commitment to make a positive impact. The event serves as a testament to the university's dedication to holistic education and its role in nurturing responsible citizens for a greener and cleaner India.

**Description (min 250 to max 800 words)\***

To raise awareness about cleanliness and hygiene in rural areas. To celebrate and empower the importance of housekeeping, the students of VHTBS visited the Bhondsi village and spread awareness about the importance of cleanliness, hygiene, and sanitation by performing and conveying the message through Nukkad Natak. The students

	<p>conveyed a very strong message regarding the importance of hygiene in our day-to-day lives and how inculcating this habit can create a better atmosphere in the village. The students not only performed the natak but also cleaned the village along with the villagers.</p> <p>Cleanliness is everyone's responsibility. Proper waste disposal and sanitation practices. Handwashing and hygiene habits. Community involvement and collective action.</p> <p>This nukkad natak raised awareness among 200+ villagers. Inspired behavioral change in rural communities. Encouraged community-led cleanliness initiatives. Fostered collaboration between students and villagers.</p> <p>Student mentioned</p> <p>This Nukkad Natak taught me the value of community service."</p> <p>"I saw the positive impact of our performance on villagers."</p> <p>"Cleanliness is a collective responsibility."</p> <p>Villagers thanked students for the act and mentioned that students' energy and message inspired us to maintain cleanliness."</p> <p>"We pledge to keep our village clean."</p> <p>"Thank you for bringing this important issue to our attention."</p> <p>This Nukkad Natak successfully conveyed the importance of cleanliness and hygiene in rural areas, inspiring positive change and community engagement.</p>

**(Geotag) Photograph-1\***

**Fig 1: Site & Surrounding**

**(Geotag) Photograph-2**

**Fig 2: Ecology & Environment study**

**Description (min 250 to max 800 words)\***

Asola Bhatti Wildlife Sanctuary, nestled on the outskirts of Delhi, offers an insightful example of how urban ecology operates in a rapidly urbanizing landscape. During a recent site visit, we explored the sanctuary's rich biodiversity and its role in sustaining wildlife amidst growing urban pressures. The study focused on the interaction between urbanization and natural ecosystems, echoing the principles of urban ecology and its efforts to balance human development with environmental conservation.

### **Urban Ecology in Asola Bhatti Sanctuary**

Urban Ecology, as an interdisciplinary field, investigates how human activities affect ecosystems, particularly in cities and suburban landscapes. The sanctuary, surrounded by the sprawling urban areas of Delhi and Gurugram, faces the challenges of shrinking natural habitats. Yet, it serves as a critical green refuge, highlighting how natural ecosystems can coexist alongside urban development.

Asola Bhatti is part of the larger Aravalli range, and its conservation efforts reflect the principles of urban ecology by maintaining vital corridors for wildlife movement. Similar to the Leopard Trail in Gurugram, the sanctuary helps species like leopards, peacocks, and various bird species navigate between fragmented habitats. These corridors are essential in maintaining biodiversity, as they allow wildlife to adapt to changing landscapes.

### **A Critical Wildlife Corridor**

The presence of large predators like leopards in Asola Bhatti is particularly striking. Leopards have adapted to the fragmented, patchy environments created by urbanization, finding shelter and hunting grounds within the sanctuary's dense scrub forests. This highlights the resilience of wildlife in urban landscapes, a core concept in urban ecology.

The sanctuary functions as a key corridor, connecting the Aravalli hills with other natural habitats, ensuring that wildlife can move freely despite the rapid development around it. Without such corridors, the urban sprawl would isolate populations, leading to a loss of genetic diversity and higher chances of human-wildlife conflict.

### **Conservation and Community Involvement**

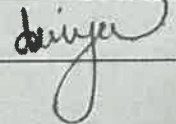

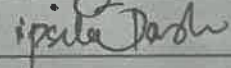

Urban ecology emphasizes sustainable coexistence, and the efforts made by local authorities, environmental groups, and the community are instrumental in protecting the sanctuary. Conservation measures, such as the installation of camera traps and regular monitoring of wildlife, have helped track species like leopards, providing valuable data for managing their populations.

Public education plays a significant role as well. Awareness campaigns, workshops, and guided tours help residents understand the importance of conserving these green spaces. Asola Bhatti's proximity to urban areas makes it an excellent platform for raising environmental awareness among city dwellers, showcasing how urban development can integrate natural habitats.

### **Benefits to Urban Residents**

	<p>In addition to its ecological value, Asola Bhatti offers numerous benefits to local communities. The sanctuary improves air quality, helps regulate temperatures, and provides a space for recreation. Urban ecology also points to the mental health benefits of green spaces, offering an escape from the pressures of urban life.</p> <p>Sustainable urban planning, a key theme of urban ecology, can draw lessons from the sanctuary's management. By incorporating green roofs, urban forests, and wildlife corridors into urban design, cities like Delhi can become more resilient to environmental challenges, such as heatwaves and flooding.</p> <p><b>Conclusion</b></p> <p>The study of Asola Bhatti Wildlife Sanctuary underscores the importance of urban ecology in today's world. As cities continue to expand, maintaining biodiversity through natural corridors and green spaces is crucial for both wildlife and human well-being. The sanctuary serves as a living example of how urban areas can accommodate nature, promoting a more sustainable and balanced coexistence between human society and natural ecosystems. Through continued conservation and community involvement, Asola Bhatti will remain a vital urban oasis in the heart of a rapidly growing city.</p>

**Description (min 250 to max 800 words)\***

Vatel Hotel & Tourism Business School, Sushant University, on the occasion of World Tourism Day, carried out a plantation drive in Palra village, In a bid to restore ecological balance and promote sustainable development, our organization launched a plantation drive in a rural village. This initiative aimed to mobilize community members, schools, and local authorities to join forces and create a greener, healthier environment. The objective of conducting this plantation drive was:

1. Combat climate change through carbon sequestration

*Sushant*  
Vatel Hotel & Tourism Business School  
Sushant University  
Sector-55, Gurugram

	<p>2. Enhance biodiversity and wildlife habitats          3. Improve air and water quality</p> <p>The village planting drive demonstrated the power of collective action in mitigating environmental challenges. By fostering community engagement, promoting eco-friendly practices, and nurturing a culture of sustainability, we can ensure a healthier, more resilient future for generations to come. This plantation drive serves as a model for rural environmental stewardship, inspiring a movement towards a greener, more sustainable tomorrow.</p>

**World Heart Day Events Highlighting Cardio Activities**

**Description (min 250 to max 800 words)\***

**Department of Cardiovascular technology from School of Health Sciences of Sushant University successfully organised a two day event on “World Heart Day” by Miss.Kanika Bhardwaj. She is currently an assistant professor in Sushant University.**

The event was celebrated in two days, which were 29<sup>th</sup> and 30<sup>th</sup> September.

On the 29<sup>th</sup> of September there were a poster making competition between all the departments of Health sciences and was successful as the total of 10 groups were participated and enjoyed the event. The judges for that competition were Mr.Usman Khan, and Ms.Kanika Bhardwaj.

On the 30<sup>th</sup> of September the event was

DEAN  
School of Health Sciences  
Sushant University  
Sector- 55  
gurugram Haryana

started from sharp 9 O'clock and was continued till 3pm.

This day the event was divided into two parts – 'The Zumba' whose participants were all the faculties of Health sciences and 'The main event' which was celebrated in the Auditorium.

The guests of the event were Vice Chancellor, Registrar, Dean SHS and Principal of Pharmacy.

The main event was started with 'Lamp Lightening' followed by Saraswati Vandana, informative skit, dances, singing and many more.

There were a lots of competitions on that day like push-up challenges, dance competition and many more, several students from all the schools were participated for the same.

The judges for those competitions were Dr. Shaily and Miss Shweta.

#### Key Points

The event was ended by the prize distribution to those participants who won the audiences and judges' heart.

The moderation of the event and vote of thanks done by Miss Kanika Bhardwaj.

**Legal Training Camp**

**Description (min 250 to max 800 words)\***

Sushant University Legal Aid Clinic organized a training camp on October 11, 2022 in Nuh District with one of the prominent organizations of India 'Sehgal Foundation. Sehgal foundation is a leading NGO working together with rural communities to create sustainable programs for managing water resources, increasing agricultural productivity, and strengthening rural governance. The AULAC committee members visited Citizen Information And Support Center (CISC) which gives information to villagers on various government programs and policies. The students also visited 'The Village Leadership School' in which representatives of Sehgal Foundation provides training to 25 villagers twice a month about government programs. the programme focused on equipping participants with practical legal skills to assist marginalized communities in

accessing justice. Topics such as the right to legal aid, procedures for filing complaints, and the role of legal aid clinics were discussed in detail. Expert lawyers and legal professionals conducted interactive workshops on providing effective legal assistance, particularly in cases of domestic violence, labor disputes, land rights, and other pressing issues faced by the local population. The training also emphasized the importance of creating legal awareness among the rural communities of Nuh, where access to legal services remains limited. Participants were taught how to bridge the gap between the legal system and underserved groups, empowering them to become effective community legal advisors. Informative resources were distributed to help volunteers spread awareness about available government schemes, legal rights, and the process of seeking free legal counsel. The Programme was well-received and is expected to significantly contribute to strengthening legal aid services in the region, improving access to justice for the poor and marginalized sections of society.

*Students participating in cross cultural awareness program*

**Description (min 250 to max 800 words)\***

On October 12, 2022, the School of Design at Sushant University, in collaboration with Apeejay University, hosted an insightful awareness program titled "Cross-Cultural Influences in Contemporary Design," aimed at exploring the profound impact of global cultural exchanges on modern design practices. This event brought together design students, faculty members, and industry professionals to delve into how contemporary design is shaped by diverse cultural influences, emphasizing the growing importance of cross-cultural understanding in the creative industries. Through a series of lectures, panel discussions, and interactive workshops, participants were introduced to various design traditions and practices from different parts of the world, including Asia, Europe, Africa, and Latin America. The program highlighted how these traditions have contributed to the evolution of design, merging with modern techniques to create innovative and globally resonant works. Renowned designers and cultural experts led engaging sessions that demonstrated the influence of cultural elements such as motifs, color palettes, patterns, and materials in shaping contemporary design aesthetics. A key focus was on how globalization has opened up new opportunities for designers to draw inspiration from different cultures, leading to unique and hybrid design solutions that cater to a multicultural audience. The event emphasized the ethical considerations involved in using cultural symbols and practices, stressing the importance of cultural sensitivity and respect for heritage. In one of the most engaging sessions, a panel of experts discussed the role of sustainability in cross-cultural design, examining how traditional crafts and materials

from various cultures offer sustainable alternatives to mass-produced goods. This was followed by a hands-on workshop where participants explored these materials and techniques, gaining insights into how traditional methods can be adapted for modern design challenges. The event also showcased student-led projects that demonstrated cross-cultural influences in their designs, with students explaining how they incorporated elements from different cultures to create innovative products and solutions. These projects underscored the theme of the program by illustrating how cultural diversity enriches design thinking and creativity. The discussions also touched upon the commercial aspects of cross-cultural design, with industry experts providing insights on how designers can successfully navigate global markets while maintaining the authenticity and integrity of the cultural elements they incorporate. Additionally, the program explored the role of technology in facilitating cross-cultural design collaborations, highlighting the ways in which digital platforms allow for the seamless exchange of ideas and the integration of diverse cultural perspectives in design projects. One of the most significant takeaways from the event was the importance of fostering a global mindset among designers, encouraging them to embrace cultural diversity not only as a source of inspiration but also as a tool for innovation in solving complex design problems. The collaboration between Sushant University and Apeejay University added an enriching layer to the program, as it brought together diverse academic perspectives and facilitated cross-institutional dialogue on the role of culture in design. The program successfully emphasized the need for future designers to cultivate an understanding of and appreciation for cultural diversity in order to create meaningful, relevant, and globally resonant designs. The feedback from participants was overwhelmingly positive, with students, faculty, and professionals praising the event for its insightful discussions and practical learning opportunities. Many participants expressed a newfound appreciation for the role of cultural influences in shaping contemporary design and highlighted the value of integrating this knowledge into their own design practices. The event concluded with a call to action for designers to continue exploring cross-cultural influences as a means of fostering

creativity, sustainability, and innovation in their work. By hosting this awareness program, the School of Design at Sushant University reaffirmed its commitment to providing students with a global perspective on design, equipping them with the knowledge and skills necessary to thrive in an increasingly interconnected world. The collaboration with Apeejay University further underscored the importance of academic partnerships in expanding the scope of design education, ensuring that students are well-prepared to engage with the diverse cultural contexts that shape contemporary design practices.

**Description (min 250 to max 800 words)\***

On 14th October 2022, fifteen students from the School of Engineering and Technology (SET), Sushant University, participated in the "Skill India, Empowering Rural India: Literacy and Education Drive for All," in collaboration with The Society for Education and Environmental Training (SEET), an NGO based in Sushant Lok Phase 2, Gurgaon. This initiative aimed to empower rural communities by promoting literacy and providing education, with a focus on improving essential skills for both children and adults.

The drive was organized in a nearby rural area where students from SET engaged with local residents, facilitating educational sessions that focused on basic literacy, digital literacy, and vocational skills. The students also provided hands-on demonstrations on using computers, basic technology, and even simple vocational skills such as sewing and craft-making, helping participants to gain practical skills that could enhance their employability. The interaction between SET students and community members was meaningful, with both groups benefiting from the shared experience. For the local participants, this drive offered new opportunities to learn and grow, helping them realize the value of

	<p>education and skill development in transforming their lives. For the SET students, it was an eye-opening experience that strengthened their sense of social responsibility and allowed them to directly contribute to rural empowerment. By the end of the day, participants had gained not just skills but a renewed sense of hope for a brighter future. The collaboration between Sushant University and SEET underscored the impact of education and skill-building in fostering community development. The success of the drive encouraged both parties to continue working together in future initiatives for rural upliftment and literacy.</p> <p>This initiative highlighted the potential of small steps in creating lasting change.</p>

<p><b>Description (min 250 to max 800 words)*</b></p> 	<p>The <b>School of Engineering &amp; Technology (SET)</b> at <b>Sushant University</b> successfully organized an impactful event titled "<b>Skill India, Rural India: Vocational Training and Employment Opportunities</b>" as part of its ongoing commitment to community outreach and skill development. On this occasion, a team of <b>16 students and 2 faculty members</b> visited the <b>NGO SEET (Society for Education and Environmental Training)</b> located in <b>Sushant Lok 2, Gurgaon</b>. The primary focus of the visit was to provide vocational training and skill enhancement sessions to local youth, empowering them with practical skills that could lead to sustainable livelihoods.</p> <p>The event was designed to align with the national <b>Skill India</b> initiative, which seeks to equip the younger generation with essential</p>  <p>Dean School of Engg. &amp; Tech Sushant University Sector 55, Gurugram</p>

skills to enhance employability and self-reliance. During the visit, SET students and faculty conducted workshops in critical areas such as **computer literacy, tailoring, and basic entrepreneurship skills**. These sessions were tailored to the needs of the local community, ensuring that participants received hands-on, practical training that they could immediately apply in their lives. The computer literacy segment aimed to familiarize the youth with basic digital skills, an essential tool in today's job market. Meanwhile, the tailoring workshops taught participants valuable craftsmanship, opening up potential avenues for income generation through small businesses. In addition to the vocational training, the team facilitated **discussions on employment opportunities**, helping the participants explore various career paths and potential job placements. The workshops emphasized the importance of linking skills to real-world opportunities, aiming to connect the trainees with local businesses, industries, and employment networks. The overarching goal of the event was to empower the participants with both the skills and the knowledge necessary to pursue sustainable employment opportunities or entrepreneurial ventures, ultimately contributing to the reduction of unemployment in rural communities. This event was part of a broader effort by the **School of Engineering & Technology** to foster **self-reliance** and **economic empowerment** within underprivileged and rural communities. By providing the youth with vocational training and facilitating their entry into the workforce, the initiative directly supported the development of a skilled labor force and the creation of sustainable livelihoods. The participants not only gained valuable knowledge and skills but also felt a renewed sense of confidence in their ability to contribute to their communities and build better futures for themselves.

<p><b>Description (min 250 to max 800 words)*</b></p>	<p>Sushant University Legal Aid Clinic along with panel advocate Ms..Kheema Sharma and PLV Vineeth PR and VimmyGarg started the campaign "<b>Connected to serve</b>" an initiative by DLSA on 9<sup>th</sup> Nov 2022. We visited residential and commercial areas of village Wazirabad for spreading awareness among the people regarding their legal rights. More than 50 people benefited from the same and pamphlets were also distributed among them. he event focused on educating the community about their legal rights and responsibilities, with a special emphasis on building connections between legal aid providers and underserved populations. The programme aimed to promote the idea that legal services are a vital tool for societal welfare, and that individuals should be empowered to seek justice and legal recourse when needed.</p> <p>The event covered a range of legal topics including women’s rights, consumer protection, senior citizen care, and access to government welfare schemes. Legal experts and advocates led the sessions, highlighting the importance of staying connected with legal support networks, such as legal aid clinics, helplines, and community-based legal service providers. Participants were encouraged to engage in discussions, share their legal challenges, and seek guidance on various issues they face. Informative brochures and pamphlets outlining key legal</p>

	<p>rights and steps to access legal aid were distributed.</p> <p>The programme's "Connected to Serve" theme underscored the role of community collaboration in bridging the gap between individuals and the legal system. By strengthening connections with legal service providers, the event sought to foster a more inclusive and supportive environment where every individual has access to justice. The interactive sessions also helped attendees understand how legal knowledge can serve as a powerful tool for personal and community empowerment. The event was a success, with many participants expressing gratitude for the valuable insights and resources provided to help them navigate legal challenges.</p>

On 17th November 2022, the School of Engineering and Technology (SET) at Sushant University, in collaboration with the "Empowering Voices: Voter Awareness Drive for Informed Citizenship," organized an impactful event aimed at raising awareness about the significance of voting. The drive was held to educate citizens, especially students, about their democratic rights and the importance of making informed choices in elections. It encouraged young voters to understand the power of their vote and the

	<p>role it plays in shaping the future of their country.</p> <p>The event took place on the university campus and featured a series of activities designed to engage students and the local community. Volunteers from SET, along with representatives from the voter awareness campaign, set up informational booths where participants could learn about the voter registration process, the importance of voter IDs, and the role of an informed electorate in a democracy. The drive also emphasized the significance of researching candidates and understanding political platforms before casting a vote. Students actively participated in the drive, asking questions, engaging in discussions, and sharing their experiences about voting for the first time. The event also featured interactive sessions, including quizzes on voter rights, and role-playing exercises where students simulated voting scenarios. These activities were aimed at making the learning process both fun and impactful, driving home the message of responsible citizenship. The collaboration between SET and the voter awareness campaign proved to be successful in fostering a deeper understanding of civic responsibility among students. Many expressed a renewed commitment to participate actively in future elections and to encourage others to do the same. The drive concluded with a pledge by participants to uphold the democratic values of the nation by voting responsibly.</p> <p>This initiative highlighted the power of collective efforts in strengthening democracy through informed and active participation.</p>

**November 2022.** This initiative aimed to bring creativity, joy, and learning to the grassroots level, promoting the values of education and social responsibility among students and the community alike. The event was focused on transforming the environment of the **South Delhi Municipal Corporation School**, where student volunteers from SET brought their artistic talents to life. The walls and classrooms of the school, which were once plain and unadorned, were soon covered with vibrant, colorful wall paintings. The volunteers spent hours carefully creating murals that not only beautified the space but also inspired the young students of the school. The murals featured educational themes, playful characters, and motivational messages, all designed to enhance the learning atmosphere and encourage creativity among the children. Beyond the physical transformation, this initiative was also about making a meaningful impact on the lives of the children attending the school. Through the donation drive, essential items such as school supplies, books, and educational materials were distributed to the students, ensuring they had the necessary resources to support their education. The painting and donation drive served as a powerful reminder of how small acts of kindness can lead to significant improvements in both the physical environment and the educational experience of students in underprivileged communities.

The **School of Engineering and Technology** has continuously emphasized the importance of student involvement in community outreach activities. This event not only allowed SET students to showcase their creativity but also provided them with an opportunity to give back to society and make a positive impact on the lives of others. The students felt a deep sense of fulfillment, knowing their efforts helped create a brighter, more welcoming space for the children of the **South Delhi Municipal Corporation School**.

**Description (min 250 to max 800 words)\***

On 11 December, 2022, Navjyoti India Foundation invited Dr. Komal Sandhu for addressing the gathering of women in village Haryana near Sohna on the topic of Sexual Harassment and other related issues. The initiative aimed to educate villagers, especially women and youth, about their legal rights and the measures available to combat sexual harassment. The event saw active participation from community members, local leaders, and representatives from various organizations working towards women's empowerment and rights. Dr. Komal represented Sushant University Legal Aid Clinic and shared the experiences and instances gathered through various legal aid camps organized by Sushant University Legal Aid Clinic. It was a very interactive session where women also came up with the problems faced by them in day-to-day life. Interactive sessions allowed attendees to engage in open discussions about their concerns and experiences related to sexual harassment. The participants were encouraged to share their views on how to create safer environments for women and the role of community support in addressing harassment. Informative pamphlets outlining legal rights, support services, and local resources were distributed to ensure participants left with practical knowledge they could apply. The programme concluded with a commitment to

	<p>fostering a culture of respect and safety within the community. Participants expressed their gratitude for the valuable insights gained and emphasized the need for continued awareness and education on this critical issue. The event not only empowered individuals with knowledge of their rights but also strengthened community ties in the fight against sexual harassment.</p> <p>Dr. Komal motivated the village women to stand by their girl child and to educate them about the issues related to Sexual Harassment. During the session many other issues were also discussed like sanitation, education, domestic violence etc</p>

Description (min 250 to max 800 words)\*

The Laadli Yojana, initiated by the Government of Haryana, is a significant welfare scheme aimed at promoting the well-being and empowerment of girls in the state. Launched in 2005, the program is a response to the prevailing gender imbalance and societal issues related to the status of girls in Haryana. By providing financial incentives to families, the scheme encourages them to prioritize the education and welfare of their daughters, thereby fostering a more equitable society.

**Objectives of Laadli Yojana:** The primary objective of the Laadli Yojana is to improve the socio-economic status of girls by ensuring their education and health care. The scheme aims to change societal perceptions about the value of girls and to reduce the gender disparity in education. By encouraging families to invest in their daughters, the program seeks to create a supportive environment for girls to thrive and excel.

- **Financial Incentives:** Under the Laadli Yojana, families receive financial support at different stages of a girl's life. Initially, a monetary benefit is provided at the time of the girl's birth, followed by additional amounts at the time of enrollment in school and during the transition to higher education. This financial support acts as a direct incentive for families to ensure their daughters' education.
- **Scholarships:** The scheme includes provisions for scholarships for girls who continue their education beyond the school level. This ensures that financial constraints do not become a barrier to higher education, allowing girls to pursue their dreams and aspirations.
- **Awareness Campaigns:** The Laadli Yojana is not just about financial assistance; it also emphasizes the importance of raising awareness about gender equality and the rights of girls. The government conducts various campaigns to educate families about the significance of investing in their daughters' education and health.

	<ul style="list-style-type: none"> <li>• <b>Eligibility Criteria:</b> To benefit from the Laadli Yojana, families must meet specific criteria, including income limits and documentation proving the girl's birth and education. This ensures that the aid reaches those who need it the most, particularly economically disadvantaged families.</li> <li>• <b>Community Participation:</b> The success of the Laadli Yojana is also attributed to the involvement of local communities and organizations. By working with grassroots groups, the government can effectively implement the scheme and reach a broader audience.</li> </ul> <p><b>Impact of Laadli Yojana:</b> Since its inception, the Laadli Yojana has positively impacted the lives of many girls in Haryana. The scheme has contributed to an increase in the enrollment rates of girls in schools, particularly in rural areas where traditional norms often hinder girls' education. The financial assistance provided has alleviated some of the economic pressures families face, enabling them to prioritize their daughters' education.</p> <p>Moreover, the scheme has played a crucial role in changing societal attitudes towards girls. As families begin to see the tangible benefits of investing in their daughters, there is a gradual shift in perceptions regarding the value of girls in society. This cultural transformation is vital for achieving long-term gender equality.</p> <p><b>Challenges and Future Directions:</b> Despite its successes, the Laadli Yojana faces challenges such as ensuring the effective implementation of the scheme and reaching out to remote areas. Continuous monitoring and evaluation are essential to address these issues and improve the program.</p> <p>In conclusion, the Laadli Yojana in Haryana stands as a beacon of hope for the empowerment of girls. By providing financial support and promoting education, the scheme is not only improving the lives of individual girls but also contributing to the broader goal of gender equality in society. Continued commitment from the government, communities, and families is crucial to sustain and enhance the positive impacts of this initiative.</p>

Arpan 2022

Earth Savior foundation

16/12/22

**Description (min 250 to max 800 words)\***

VHTBS organized a donation drive in the Earth Saviour Foundation, Faridabad, for some 100+ elderly citizens to whom food, shelter, and clothing are given absolutely free of charge. These people, of all ages who have either been abandoned by their families or have been found on the roads in an injured and battered state, have been safely brought to the foundation, to whom all first-aid and medical facilities are provided, and they are housed in the camp till such time that anybody of their family comes to claim them. He had expressed deep appreciation of the services provided to the NGO by his staff and has called them as the "heart and soul of the organization." Generous quantities of kitchen provisions, including various flours, rice, lentils, pulses, sugar, biscuits, and cookies, were collected by the Vatel School and presented to the NGO on behalf of Sushant University. The team members also enrolled themselves as members of the Foundation and expressed their readiness to come to help in whatever way possible. "This was a very eye-opening and yet very satisfying experience," said one of the team members. "We must do this at least once during the academic semester."

***Cow shelter Visit by SET Students***

(Geotag) Photograph-2

***Cow shelter Visit by SET Students***

**Description (min 250 to max 800 words)\***

Students from the **School of Engineering & Technology (SET)** at **Sushant University** had the unique opportunity to visit a **cow shelter in Baliyawas, Gurugram**, and it turned out to be an unforgettable and enriching experience. The visit was not only an educational trip but also a chance for the students to engage with nature and understand the importance of animal care and husbandry, particularly in relation to cows. The **owner of the shelter** was truly remarkable, sharing extensive knowledge about **animal husbandry** and the vital role that cows play in our ecosystem and society. The students were captivated by the insights into how cows, often seen as simple creatures, actually possess a **sophisticated palate** and require a clean, healthy environment to thrive. The importance of a **balanced diet** for the well-being of cows was highlighted, along with the need for proper care to ensure their health and productivity. These animals, often referred to as the **unsung heroes of society**, provide us with not only milk but also manure, which is essential for agriculture, making them an integral part of rural life and farming. The **highlight of the visit** for the students was the

Dean  
School of Engineering & Technology  
Sushant University  
Sector-55, Gurugram

	<p>hands-on experience of <b>feeding the cows</b>. This simple yet profound act of caring for these gentle creatures allowed the students to connect more deeply with the animals and appreciate their contribution to human life. The joy of feeding and interacting with the cows left a lasting impression on the students, reinforcing the need for kindness, compassion, and respect for all living beings.</p> <p>Beyond the educational aspects, the visit to the cow shelter was a way for the students to <b>give back to the community</b>. It emphasized the connection between humans, animals, and nature, reminding the students of the interdependence that sustains life. They walked away with a greater understanding of the significance of cows in our daily lives and how essential it is to maintain a healthy environment for them to flourish. Overall, the visit to the cow shelter provided the students with valuable lessons in <b>animal care, sustainability, and community service</b>. It was not just a learning experience but also a reminder of the importance of connecting with nature and contributing positively to the environment.</p>

***Cleanliness Drive by SET Students***

**Description (min 250 to max 800 words)\***

On 17th January 2023, ten enthusiastic students from the School of Engineering and Technology (SET), Sushant University, took part in the “Clean Gurgaon, Green Future” cleanliness drive, held in collaboration with the NGO IAMGurgaon. This initiative aimed at raising awareness about the importance of environmental sustainability while encouraging the community to take action towards maintaining cleaner public spaces.

The drive focused on rejuvenating a local park in Gurgaon. Armed with brooms, garbage bags, and gloves, the students and NGO volunteers spent the day clearing litter, collecting debris, and beautifying the area. This hands-on experience underscored the importance of grassroots efforts in environmental conservation and showcased how community-driven actions can lead to significant improvements in public spaces. The students not only contributed to the cleanup but also engaged with the local community, inspiring others to adopt eco-friendly practices. Throughout the activity, the students gained a deeper understanding of environmental responsibility.

	<p>and its connection to public health and well-being. By working together, they developed a sense of camaraderie and teamwork, all while contributing to the broader goal of creating a sustainable, cleaner Gurgaon. At the end of the drive, students participated in a reflection session, sharing their thoughts on the experience. Many expressed a renewed commitment to environmental causes and a desire to participate in future drives. The collaboration between Sushant University and IAmGurgaon was a resounding success, highlighting the transformative power of small efforts toward a greener future.</p> <p>This initiative reinforced that every individual can play a vital role in contributing to a cleaner, healthier environment.</p>

**Description (min 250 to max 800 words)\***

On 19<sup>th</sup> Jan. 2023, we hosted an interactive session aimed at educating workers about the implementation of guidelines for environmental pollution control. The session aimed to enhance awareness and compliance with environmental regulations while fostering a culture of sustainability within the organization.

The session was well-attended, with over fifty workers participating, reflecting a strong interest in environmental issues.

Engaging presentations combined with real-life examples effectively conveyed the importance of the guidelines.

Workers actively participated in discussions, sharing personal experiences and suggesting practical improvements.

The Q&A segment revealed a high level of curiosity and commitment among participants to adhere to environmental standards.

Participants expressed appreciation for the interactive format, which allowed them to voice

Students taking project briefing

**(Geotag) Photograph-2**

**Description (min 250 to max 800 words)\***

Sushant University, in collaboration with Navjyoti Foundation, successfully implemented a comprehensive waste management initiative aimed at improving waste disposal practices and promoting environmental sustainability. This report outlines the key aspects of the initiative, including its objectives, implementation strategy, outcomes, and recommendations for future actions.

**Initiative Details**

- **Duration:** 3 months (January 1 - March 31, 2023)
- **Location:** Bawana resettlement colony, Delhi
- **Beneficiaries:** Approximately 5,000 households
- **Partners:** Sushant University, Navjyoti Foundation, Local Municipal Corporation

**Objectives**

1. Raise awareness about proper waste management practices
2. Implement a community-based segregation and recycling system
3. Reduce the amount of waste sent to landfills
4. Create employment opportunities in waste management
5. Develop a sustainable model for waste management in urban settlements

**Implementation Strategy**

**1. Awareness Campaign**

- Conducted door-to-door visits to educate residents about waste

segregation

- Organized street plays and workshops on the importance of proper waste disposal
- Distributed informational pamphlets in local languages

## 2. Infrastructure Development

- Installed color-coded bins for waste segregation (green for organic, blue for recyclable, red for hazardous)
- Established a community composting center for organic waste
- Set up a Material Recovery Facility (MRF) for sorting and processing recyclables

## 3. Training and Capacity Building

- Trained local youth as "Waste Warriors" to oversee the initiative
- Conducted workshops for households on composting techniques
- Organized skill development programs for rag pickers to integrate them into the formal waste management system

## 4. Recycling and Upcycling Programs

- Initiated a plastic bottle collection drive in partnership with a recycling company
- Started an upcycling workshop to create products from waste materials
- Established a monthly "Waste to Art" competition to encourage creative recycling

## 5. Technology Integration

- Developed a mobile app for residents to schedule waste pickup and report issues
- Implemented QR code-based tracking system for waste collection and disposal

## Key Outcomes

1. **Waste Segregation:** Achieved 75% compliance in household waste segregation
2. **Landfill Diversion:** Reduced waste sent to landfills by 40%
3. **Composting:** Produced 5 tons of compost from organic waste
4. **Recycling:** Collected and recycled 15 tons of plastic, paper, and metal
5. **Employment:** Created 50 new jobs in waste management and recycling
6. **Community Engagement:** Involved

2,000 residents in various waste management activities

7. **Revenue Generation:** Generated ₹2,00,000 through the sale of recyclables and upcycled products

#### **Challenges Faced**

1. Initial resistance from some residents to adopt new waste segregation practices
2. Lack of space for setting up waste processing facilities
3. Coordination issues with local municipal authorities
4. Limited funding for scaling up the initiative

#### **Recommendations**

1. **Expand Education Programs:** Continue and expand awareness campaigns to ensure long-term behavior change
2. **Enhance Infrastructure:** Invest in more efficient waste processing technologies
3. **Policy Advocacy:** Work with local government to implement supportive policies for waste management
4. **Collaborative Partnerships:** Forge partnerships with more NGOs and corporate entities for funding and technical support
5. **Incentive Systems:** Develop a reward system for households and communities that excel in waste management
6. **Research and Innovation:** Collaborate with Sushant University's research departments to develop innovative waste management solutions
7. **Scaling Up:** Replicate the model in other urban settlements, with necessary modifications based on local contexts

#### **Conclusion**

The waste management initiative by Sushant University and Navjyoti Foundation has demonstrated significant success in improving waste management practices in the Bawana resettlement colony. The project has not only reduced the environmental impact of waste but also created economic opportunities and fostered community

engagement.

The high compliance rate in waste segregation and the substantial reduction in waste sent to landfills indicate a positive shift in community behavior and awareness. The initiative's success in creating employment and generating revenue through recycling and upcycling activities showcases the potential for sustainable waste management practices to contribute to local economies. Moving forward, the focus should be on sustaining the achieved results and scaling up the initiative to cover more areas. By addressing the challenges faced and implementing the recommendations, this model has the potential to transform waste management practices in urban settlements across India.

The collaboration between Sushant University and Navjyoti Foundation serves as an excellent example of how academic institutions can partner with grassroots organizations to address pressing environmental and social issues. This initiative provides a replicable model for other universities and NGOs looking to make a tangible impact in waste management and community development.

**CVD Awareness Activities**

**Description (min 250 to max 800 words)\***

Department of CVT from the Sushant School of Health Sciences organized a week-long awareness drive/ campaign titled 'HEART TO HEART'. The main motto was to raise awareness of cardiovascular diseases through the means of interactive, fun, and joyful activities. Many fun activities, both to enhance physical and mental well-being, were organized during the entire week to promote better heart health. Every day of the

School Of Health Sciences  
Sushant University  
Sector-55  
gurugram Haryana

week was assigned a title and a task. All the students, not just from SHS but from the entire university wholeheartedly participated and enjoyed all the events.

**Key Points**

- The very first day of the campaign was witnessed as "MINDFUL MONDAY". All the faculty members from School of Health Sciences were asked to share tips and their SECRET MANTRAS to maintain good heart health. These were then put on display on the finale day for the students.
- The second day of the campaign was a cardio event, Tasty Tuesday was a lip-smacking treat day, where students participated in competitions like skipping, push-ups challenge, arm wrestling, and many more fun engaging activities. The winners were offered healthy juices and coconut water, this was done in order to encourage healthy food habits, to ditch soft drinks, and choose other healthy alternatives along with that it also promoted outdoor activities and made students jump out of their sedentary lifestyle in a super fun way.
- Wellness Wednesday, the third day of the campaign, was a Zumba session in the university premises, two sessions were organized, taking COVID protocols in consideration, all safety measures were taken. One session was for faculty members and the other one, for the students. It was very enjoyable and refreshing for both the body and soul.
- THANKSGIVING THURSDAY was an online campaign, where a post was shared with a few hashtags, and people were asked to feel grateful for what they have, this helped in releasing stress and promoting a sense of happiness among the targeted audience.
- On the last day aka the finale Friday, the department of CVT organized a webinar with super fun activities like TREASURE HUNT. Students participated in both of these with great enthusiasm. The speakers of the webinar were well-renowned cardiologists from prestigious hospitals. The session was extremely informative and helped in busting myths around heart

health.

Description (min 250 to max 800 words)\*

The CVT and MLT department recently organized a health talk on Friday 3rd February 2023, on the topic of blood disorders. The speaker for the event was Dr. Rahul Bhargava, a renowned medical professional with extensive knowledge and experience in the field of hematology. During the event, Dr. Bhargava provided valuable insights on various types of blood disorders, including anemia, thalassemia, and leukemia. He emphasized the importance of early diagnosis and treatment of these conditions and also spoke about the latest advancements in medical technology and their potential to improve patient outcomes.

Dr. Bhargava also stressed the significance of lifestyle changes and regular medical check-ups to maintain good health and reduce the risk of developing blood disorders. He also engaged with the audience and answered their queries on the topic, providing them with practical tips and recommendations on how to maintain good health and prevent blood disorders. The talk was well-received by the attendees and provided them with a better understanding of the subject matter. Overall, the health talk organized by the CVT and MLT department was a successful event and provided a platform for the attendees to learn and gain knowledge on an important topic.

**Description (min 250 to max 800 words)\***

*Date: February 8, 2023 Location: Medicity Islampur*

**Introduction:** On February 8, 2023, the School of Business at Sushant University organized a commendable Food Donation Drive at Medicity Islampur. The initiative aimed to address food insecurity and support the local community by collecting and distributing essential food items.

**Objectives:**

To collect non-perishable food items for donation.

To contribute towards reducing food insecurity in the local community.

To promote social responsibility and community engagement among students.

**Planning and Coordination:** The event was meticulously planned and coordinated by a dedicated team of faculty members, students, and administrative staff from the School of Business. The team collaborated with local authorities, NGOs, and volunteers to ensure the smooth execution of the food donation drive.

**Promotion and Awareness:** To generate awareness and encourage participation, the School of Business utilized various channels, including social media platforms, posters around the university campus, and announcements during classes. The promotion emphasized the importance of community service and the positive impact of collective efforts.

**Collection Points:** Collection points were

Down  
School of Business  
Sushant University  
Sec-35, Gurugram, Haryana

strategically placed within the university premises to facilitate the donation process. Students and faculty members were encouraged to contribute non-perishable food items such as rice, pulses, canned goods, and other essentials.

**Collaboration with Medicity Islampur:** The School of Business collaborated with Medicity Islampur to identify families and individuals in need. This partnership ensured that the donated items reached the intended beneficiaries efficiently. Medicity Islampur provided valuable insights into the local community's requirements and assisted in the distribution process.

**Event Execution:** On the designated day, volunteers from the School of Business, along with students and faculty, actively participated in collecting, sorting, and packaging the donated items. The collaborative effort resulted in a substantial collection of food items.

**Distribution:** The distribution process was carried out with sensitivity and consideration for the recipients. A designated team from the School of Business, in coordination with Medicity Islampur, ensured that the donated items reached the deserving families and individuals in a fair and organized manner.

**Outcome and Impact:** The Food Donation Drive by the School of Business at Sushant University was a resounding success. The event not only addressed the immediate needs of the local community but also fostered a sense of social

Dean  
School of Business  
Sushant University  
Sec-55, Gurugram Haryana

responsibility among the participating students. The impact of the initiative extended beyond the provision of food, contributing to a stronger bond between the university and the local community.

**Conclusion:** The Food Donation Drive conducted by the School of Business, Sushant University, on February 8, 2023, exemplifies the positive impact that collaborative community initiatives can have. The event successfully fulfilled its objectives, showcasing the commitment of the university towards social responsibility and community welfare. Such endeavors play a vital role in instilling a sense of empathy and compassion among students while making a meaningful contribution to the well-being of society.

**Event Report: "Green India Clean India: A Tree Plantation Drive"**

**Date:** February 8<sup>th</sup> , 2023

**Organized by:** School of Business, Sushant University

**Venue:** Sushant University Campus

**Introduction:** The School of Business at Sushant University organized a commendable event, "Green India Clean India: A Tree Plantation Drive," on 8<sup>th</sup> February, 2023. The initiative aimed to contribute towards environmental sustainability and create awareness about the importance of afforestation.

**Objective:** The primary objective of the event

Dean  
School of Business  
Sushant University  
Sec-55, Gurugram Haryana

was to encourage the university community, including students, faculty, and staff, to actively participate in the tree plantation drive. The initiative aligned with the national mission of making India greener and cleaner.

**Event Highlights:**

**Inauguration Ceremony:** The event commenced with an inaugural ceremony where distinguished guests, faculty members, and students gathered to emphasize the significance of tree plantation in combating climate change and preserving the environment. Dean of the School of Business, delivered an inspiring speech, setting the tone for the day.

**Tree Plantation Activity:** Following the inauguration, participants were divided into groups and allocated specific areas within the university campus for tree plantation. The participants, equipped with saplings and gardening tools, actively engaged in the planting process, fostering a sense of community and shared responsibility.

**Awareness Session:** Concurrently, an awareness session was conducted, addressing the environmental challenges facing the world today. Experts in the field shared valuable insights on the role of trees in mitigating climate change, conserving biodiversity, and enhancing overall ecological balance.

**Student Involvement:** The event witnessed enthusiastic participation from students across various disciplines. Their active involvement in both the plantation drive and the awareness session reflected a strong commitment to environmental conservation.

**Community Building:** The tree plantation drive not only contributed to the ecological well-being of the campus but also served as a

Dean  
School of Business  
Sushant University  
Sec-57, Gurugram Haryana

platform for fostering a sense of community among the participants. The shared experience of planting trees created lasting memories and a sense of pride in contributing to a larger cause.

**Conclusion:** The "Green India Clean India: A Tree Plantation Drive" organized by the School of Business at Sushant University was a resounding success. The event not only contributed to the university's green initiatives but also played a crucial role in educating and inspiring the community about the importance of environmental sustainability. The participants left with a heightened awareness of their responsibility towards the environment and a renewed commitment to make a positive impact. The event serves as a testament to the university's dedication to holistic education and its role in nurturing responsible citizens for a greener and cleaner India.

**Description (min 250 to max 800 words)\***

Sushant University successfully conducted a two-day Design Thinking Awareness Workshop for employees of Thales Group on February 9th and 15th, 2023. The workshop aimed to introduce and apply design thinking principles to enhance innovation and problem-solving capabilities within the organization. This report outlines the workshop's structure, key activities, outcomes, and participant feedback.

**Workshop Details**

- **Dates:** February 9th and 15th, 2023
- **Venue:** Sushant University Campus, Design Innovation Center
- **Participants:** 30 employees from various departments of Thales Group
- **Facilitators:** Dr. Anita Sharma and Prof. Rahul Mehta, Design School, Sushant University

**Objectives**

1. Introduce the concept and principles of design thinking
2. Demonstrate the application of design thinking in real-world scenarios
3. Enhance problem-solving and innovation skills of Thales Group employees
4. Foster a culture of user-centric approach within the organization
5. Provide hands-on experience with design thinking tools and methodologies

**Workshop Structure**

**Day 1 (February 9th, 2023)**

1. **Introduction to Design Thinking** (9:00 AM - 10:30 AM)
  - Overview of design thinking process
  - Case studies of successful design thinking applications
2. **Empathy and User Research** (10:45 AM - 12:30 PM)

- Techniques for understanding user needs
- Empathy mapping exercise
- 3. **Problem Definition** (1:30 PM - 3:00 PM)
  - Framing and reframing problems
  - Creating "How Might We" statements
- 4. **Ideation Techniques** (3:15 PM - 5:00 PM)
  - Brainstorming methods
  - SCAMPER technique introduction

#### Day 2 (February 15th, 2023)

1. **Prototyping Basics** (9:00 AM - 10:30 AM)
  - Types of prototypes
  - Rapid prototyping techniques
2. **Testing and Iteration** (10:45 AM - 12:30 PM)
  - User testing methodologies
  - Gathering and incorporating feedback
3. **Design Thinking in Action** (1:30 PM - 4:00 PM)
  - Group project: Applying design thinking to a Thales Group challenge
  - Presentations and peer feedback
4. **Reflection and Next Steps** (4:15 PM - 5:00 PM)
  - Discussion on implementing design thinking in daily work
  - Action planning for participants

#### Key Activities and Outcomes

1. **Empathy Mapping Exercise** Participants created empathy maps for users of a Thales Group product, gaining insights into user needs and pain points.
2. **Problem Reframing Challenge** Teams reframed a given problem statement related to aerospace technology, resulting in innovative perspectives on existing challenges.
3. **Rapid Prototyping Session** Participants developed quick prototypes for a new user interface design, learning the value of early and frequent iteration.
4. **Design Thinking Application Project** Groups applied the complete design thinking process to address a real challenge faced by Thales Group, presenting their solutions on Day 2.

#### Participant Feedback

- 92% of participants rated the workshop as "Excellent" or "Very Good"
- 88% reported increased confidence in applying design thinking principles
- 95% found the hands-on activities valuable for learning
- 85% expressed interest in further design thinking training

#### Key Takeaways for Thales Group

1. **Enhanced Problem-Solving:** Participants learned to approach problems from multiple perspectives, leading to more innovative solutions.
2. **User-Centric Approach:** The workshop emphasized the importance of understanding user needs before developing solutions.
3. **Cross-Functional Collaboration:** Employees from different departments worked together,

fostering interdisciplinary cooperation.

4. **Rapid Prototyping Culture:** Participants understood the value of quick prototyping and iteration in the development process.
5. **Applicability to Various Domains:** Design thinking principles were shown to be relevant across different areas of Thales Group's operations.

**Recommendations**

1. **Follow-up Workshops:** Conduct advanced design thinking sessions to deepen understanding and application.
2. **Integration into Projects:** Encourage the use of design thinking methods in ongoing and future Thales Group projects.
3. **Design Thinking Champions:** Identify and support employees to become design thinking advocates within their departments.
4. **Resource Allocation:** Provide time and resources for employees to apply design thinking in their daily work.
5. **Measurement of Impact:** Develop metrics to assess the long-term impact of design thinking on innovation and problem-solving within Thales Group.

**Conclusion**

The Design Thinking Awareness Workshop successfully introduced Thales Group employees to the principles and practices of design thinking. Participants gained valuable skills in user-centric problem-solving and innovation. The positive feedback and engagement suggest that design thinking has the potential to significantly enhance Thales Group's approach to challenges and product development.

Moving forward, it is recommended that Thales Group continues to invest in design thinking education and integration to foster a culture of innovation and user-centered design across the organization.

Report on " Teach to Spread Happiness : Education drive: Spread Education Initiative" *Dates: February 8th and 9th, 2023*

*Location: Rose wood city*

Dean  
School Of Business  
Sushant University  
Sec-55, Gurugram, Haryana

**Introduction:** On February 8th and 9th, 2023, the School of Business at Sushant University organized a commendable

education-centric initiative titled " Teach to Spread Happiness : Education drive: Spread Education Initiative" at Rose wood city. The event aimed to promote education, literacy, and holistic development in the community, reflecting the commitment of the university towards social upliftment.

**Objectives:**

To provide educational resources and support to underprivileged students.

To conduct interactive sessions and workshops to enhance learning.

To foster a love for education and encourage a positive attitude towards learning.

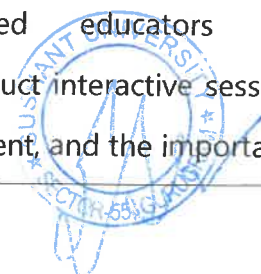

**Planning and Coordination:** The initiative was meticulously planned and coordinated by a dedicated team comprising faculty members, students, and administrative staff from the School of Business. The team collaborated with Neo City Foundation, local educators, and volunteers to ensure the seamless execution of the educational program.

**Program Highlights:**

**Educational Workshops:** Engaging and interactive workshops were conducted to enhance learning outcomes. Subjects covered included mathematics, science, language skills, and general knowledge.

**Distribution of Educational Materials:** The School of Business facilitated the distribution of educational materials, including textbooks, notebooks, stationery, and other learning aids, to the participating students.

**Interactive Sessions:** Renowned educators and professionals were invited to conduct interactive sessions on career guidance, skill development, and the importance

of education in personal growth and societal progress.

**Cultural and Recreational Activities:** To create a holistic learning environment, cultural and recreational activities were organized, fostering creativity, teamwork, and personal expression.

**Collaboration with Dream Girl Foundation:** The School of Business collaborated closely with Dream Girl Foundation to identify students and families in need of educational support. This partnership ensured that the initiative reached its intended beneficiaries effectively, addressing specific educational challenges within the community.

**Student and Faculty Participation:** Students and faculty members actively participated in organizing and facilitating various aspects of the initiative. Their enthusiasm, dedication, and commitment played a pivotal role in the success of the program.

**Outcome and Impact:** The "Padega India to Badega India: Spread Education Initiative" witnessed enthusiastic participation from both students and educators. The initiative not only addressed immediate educational needs but also inspired a positive change in the mindset towards learning. The impact of the program is expected to extend beyond the event, contributing to the long-term educational development of the community.

**Conclusion:** The education initiative conducted by the School of Business at Sushant University at Dream girl Foundation on February 8th and 9th, 2023, exemplifies the transformative power of education in shaping lives.

Through collaborative efforts and a commitment to social responsibility, the initiative aimed to create a lasting impact on the educational landscape of the community,

Dean  
School Of Business  
Sushant University  
Sec-55, Gurugram

embodying the spirit of "Padega India to Badega India."  
The success of this endeavor underscores the importance of education as a catalyst for positive societal change.

**Description (min 250 to max 800 words)\***

The *School of Art and Architecture* at *Sushant University* organized a one-day event titled '*Jal Shakti - Awareness Programme on Rain Water Harvesting*' as part of their ongoing commitment to fostering environmental consciousness among students and the wider community. This live classroom project was conceived as a platform for both students and faculty to collaboratively engage with the pressing issue of water scarcity and advocate for rainwater harvesting as a viable solution to India's water crisis.

The program aimed to spread awareness about the importance of conserving rainwater, while also equipping attendees with practical knowledge on how to implement rainwater harvesting systems in residential, commercial, and institutional spaces. With the theme of 'Save Water, Secure Future,' the event was designed to inspire action and encourage sustainable water management practices within the local community.

**Activities and Engagement**

The event saw the participation of one faculty member and ten students from the *School of Art and Architecture*, who took the lead in organizing and executing various activities throughout the day. A street rally marked the beginning of the event, where students, holding placards with slogans like '*Every Drop Counts*' and '*Harvest the Rain, Save the Earth*,' marched through nearby residential areas, raising awareness about the benefits of rainwater harvesting. The rally garnered significant attention from the community, initiating conversations about water conservation and its importance in combating the effects of water shortages.

Following the rally, the students conducted a live demonstration on campus, showcasing simple yet effective rainwater harvesting techniques. This hands-on session gave participants a clear understanding of how these systems work, using models and real-time examples. The demonstration emphasized the ease of setting up rainwater harvesting systems and the long-term benefits they provide, such as reducing dependency on groundwater and ensuring a sustainable water supply during dry spells.

In addition to the live demonstration, the event featured a public talk by the faculty coordinator,

	<p>who explained the technical aspects of rainwater harvesting and its relevance to contemporary architectural design. The talk highlighted how architects and urban planners can integrate water conservation measures into their projects, making rainwater harvesting an integral part of sustainable building design. Emphasis was also placed on the need for local and regional governments to incentivize the adoption of these systems in both urban and rural areas.</p> <p><b>Community Engagement</b> The event concluded with an interactive session where local residents and students discussed their views on rainwater harvesting and shared ideas for promoting its adoption. To make the concept more accessible, the students distributed pamphlets detailing step-by-step guides for setting up rainwater harvesting systems in homes and communities. A pledge was also taken by all attendees, committing to make small but impactful changes in their daily lives to conserve water and spread awareness about rainwater harvesting. Through the <i>Jal Shakti</i> initiative, the <i>School of Art and Architecture</i> demonstrated the power of education in driving social change. The program not only provided students with a unique learning experience but also brought the community together in a collective effort to address the crucial issue of water conservation.</p>

Pamphlets Distribution

**Description (min 250 to max 800 words)\***

Sushant Legal Aid Clinic along with para legal volunteers organized a distribution activity in Suraj Kund on 10<sup>th</sup> February 2023 under the guidance and supervision of Prof. Ayesha. The event aimed to educate the public about their rights as consumers, especially in the context of the vibrant marketplace offered by the Mela, where various handicrafts and products are showcased by artisans from across the country. The program featured

interactive sessions led by legal experts and consumer rights activists who explained essential consumer rights under the Consumer Protection Act, 2019. Topics covered included the right to be informed, the right to choose, the right to seek redressal, and the right to safety. Participants were informed about how to recognize unfair trade practices, fraudulent advertising, and defective products. The speakers also highlighted the importance of maintaining consumer awareness and the role of the Consumer Disputes Redressal Forum in addressing grievances. The program included practical demonstrations on how to file complaints and claim redressal for defective goods or services. Informative brochures and pamphlets outlining consumer rights, complaint procedures, and contact details for local consumer protection offices were distributed to empower individuals with the necessary information.

The vibrant setting of the Surajkund Craft Mela provided a unique platform to reach a diverse audience, enhancing awareness of consumer rights in a culturally rich environment. Participants expressed appreciation for the insights gained, emphasizing the need for ongoing education on consumer protection.

Pamphlets relating to legal awareness were distributed and students spoke to the visitors regarding the free legal aid services provided by Sushant Legal Aid Clinic. Students also visited the stall set up by District Legal Services Authority and interacted with the staff. Posters and pamphlets relating to several legal issues were taken by the students from the DLSA stall to be distributed further in other legal aid activities.

**Awareness for Child Vaccination to Parents**

**Description (min 250 to max 800 words)\***

On [insert date], an awareness campaign on child vaccination was held at Samudayik Kendra, Gurugram. The event aimed to educate parents about the importance of immunizations, dispel myths, and promote a healthy future for children in the community with the objectives as follows:

- To raise awareness about the significance of child vaccinations.
- To provide accurate information regarding vaccination schedules and safety.
- To foster community engagement and support for immunization initiatives.

Brochures and pamphlets were distributed, covering topics such as vaccine safety, side effects, and the importance of timely immunizations. Visual aids were displayed throughout the venue, reinforcing key messages.

	<p>Participants provided positive feedback, with many appreciating the informative sessions and the opportunity to engage directly with healthcare professionals. Suggestions for future events included more interactive sessions and follow-up workshops.</p> <p>The awareness campaign at Samudayik Kendra successfully raised awareness about child vaccination and fostered community engagement. By continuing these efforts, we can contribute to a healthier future for children in Gurugram.</p>

**Description (min 250 to max 800 words)\***

"Visiting the local NGO was an eye-opening experience that shed light on the tireless efforts of its dedicated team. As we walked through their humble offices, we witnessed firsthand the passion and commitment to empowering marginalized communities. Interacting with the staff and beneficiaries, we gained valuable insights into the organization's grassroots initiatives and the tangible impact they've made. From education and healthcare programs to advocacy and community development projects, the NGO's selfless work inspired me to make a difference.

The volunteers, as in students of the Vatel community, responded with overwhelming generosity, donating:

School supplies (books, uniforms, backpacks)

	<p>Clothing, shoes, and personal hygiene items</p> <p>Toiletries, diapers, and baby essentials</p> <p>- Educational toys, games, and recreational materials. This visit not only broadened our understanding of social issues but also ignited a sense of responsibility to contribute to positive change." As the children's faces lit up with delight, it was clear that this event was more than just a donation drive– it was a testament to the power of community and a reminder that every child deserves access to opportunity, love, and a bright future." This donation drive demonstrated the power of collective compassion, inspiring a ripple effect of kindness that will continue to benefit these young lives for years to come.</p> <p>The NGO expressed heartfelt gratitude to donors, volunteers, and students for their support.</p> <p>"Your kindness has brought smiles to the faces of our children. Your generosity has ignited hope for a brighter future." – NGO Director</p>

words)\*

*Community and Spreading Joy through a Food Distribution Initiative.*” The event focused on alleviating hunger and providing support to underprivileged families and elderly individuals in the local community, demonstrating a collective effort to make a positive difference in their lives.

The initiative commenced at 10:00 AM with an opening ceremony held at the distribution site, which was located near the community center of Sushant University. Dean of the School of Business, inaugurated the event with a speech that underscored the importance of community-driven efforts to combat food insecurity. He expressed the School’s ongoing commitment to uplifting marginalized groups and emphasized the power of collective action in bringing about meaningful change.

Jestha NGO, known for its work in supporting the elderly and other vulnerable populations, played a pivotal role in identifying families and individuals in need of assistance. Representatives from the NGO, spoke about the increasing challenges faced by these groups, particularly in the wake of recent economic hardships. They also shared inspiring stories of how small acts of kindness, like providing food, can restore dignity and hope to those struggling with daily survival.

Over 500 food packages, containing essential staples such as rice, flour, lentils, oil, and spices, were distributed during the drive. Each package was designed to sustain a family for at least two weeks. The food distribution was meticulously planned to ensure that all recipients, particularly the elderly and families with young children, received the supplies they needed. Volunteers from the School of Business and Jestha NGO worked together to distribute the food efficiently, maintaining a respectful and organized environment.

In addition to the food distribution, the event featured a brief health awareness session conducted by medical volunteers from Jestha NGO. They provided valuable information on maintaining basic hygiene, the importance of nutritious diets, and precautionary measures to protect against common illnesses. This session added an educational component to the initiative, empowering the community not only with food but also with knowledge on health and wellness.

By the end of the day, the *“Feeding Hope”* initiative had successfully reached hundreds of families and individuals, providing them with immediate relief and spreading joy in the process. The collaboration between the School of Business and Jestha NGO highlighted the power of partnerships in addressing pressing social issues. The event was a resounding success, reflecting both institutions’ dedication to community empowerment and their shared mission to spread hope and happiness through meaningful action.

*Meeting with local craft people in gurugram*

**(Geotag) Photograph-2**

**Description (min 250 to max 800 words)\***

On March 7, 2023, the School of Design at Sushant University organized a significant event titled "Craft Community Support for Local Craft Community in Gurugram," aimed at bolstering and promoting traditional craftsmanship within the region. This initiative was a collaborative effort to bridge the gap between local artisans and the broader design industry, offering artisans an opportunity to showcase their work, receive mentorship, and connect with contemporary design practices. The event brought together a diverse group of participants, including local craftspersons, design students, faculty members, and industry experts, fostering an environment of learning, collaboration, and innovation. At its core, the program aimed to preserve and revitalize indigenous crafts while providing sustainable livelihood opportunities for artisans in Gurugram. Various sessions were conducted to address the challenges faced by local artisans, such as market accessibility, product diversification, and adapting traditional skills to modern consumer demands. Experienced craft entrepreneurs and designers facilitated these discussions, offering insights into branding, design thinking, and digital marketing, which can help artisans expand their reach and visibility in today's competitive market. A key highlight of the event was the showcase of local crafts, ranging from handwoven textiles and pottery to intricate woodwork and metal crafts, which reflected the rich cultural heritage of the region. Design students worked alongside artisans to explore innovative ways to modernize these crafts without compromising their authenticity, resulting in several collaborative projects that blended traditional techniques with contemporary aesthetics. Workshops on sustainable materials and eco-friendly practices also underscored the importance of ethical production processes, encouraging both artisans and students to adopt environmentally conscious

methods in their craft-making endeavors. The event not only provided practical knowledge but also served as an important platform for dialogue between the younger generation of designers and traditional artisans, ensuring the continuity of craft knowledge through intergenerational exchange. Moreover, it highlighted the critical role that design institutions like Sushant University can play in fostering the growth of local economies by supporting community-led craft initiatives. The artisans expressed immense gratitude for the support and recognition they received, noting that such initiatives help them feel valued and empowered in an evolving marketplace. The event concluded with a discussion on the potential of establishing long-term partnerships between the university and local craft communities, laying the groundwork for future projects aimed at skill development, innovation, and market expansion for these artisans. The feedback from attendees reflected the event's success, as both artisans and students appreciated the opportunity to collaborate, learn, and create a shared vision for the future of crafts in Gurugram. By hosting this event, the School of Design reaffirmed its commitment to supporting local craftsmanship, nurturing creative talent, and contributing to the preservation of cultural heritage, while also fostering economic resilience within the craft communities of Gurugram.

**Description (min 250 to max 800 words)\***

On 16th March 2023, the School of Business at took a significant step towards environmental conservation by organizing "A Step Towards a Cleaner Tomorrow: The Cleanliness Movement" near the Aravali Hills. The initiative aimed to raise awareness about the importance of maintaining

cleanliness in natural surroundings and to actively engage the university's students and faculty in contributing to a cleaner environment. The drive was part of the School of Business's commitment to promoting sustainability and fostering a culture of environmental responsibility.

The event began at 11:00 AM with a gathering of students, faculty members, and volunteers from local environmental organizations. The Dean of the School of Business, addressed the participants, emphasizing the critical role that every individual plays in preserving natural habitats. In his speech, he highlighted the pressing environmental issues faced by the Aravali Hills, such as waste pollution, deforestation, and loss of biodiversity. Dean, SOB urged the attendees to recognize that small efforts, when collectively undertaken, can make a huge difference in safeguarding natural ecosystems for future generations.

After the opening remarks, the participants were divided into groups and provided with gloves, garbage bags, and cleaning tools. The cleanliness movement focused on removing plastic waste, discarded bottles, food wrappers, and other non-biodegradable materials that had accumulated in and around the Aravali Hills area. The team of volunteers worked tirelessly, collecting significant amounts of waste while educating local visitors about the harmful effects of littering on both the environment and wildlife.

The participants not only cleaned the area but also planted saplings as part of a broader effort to restore the green cover around the hills. This additional activity was conducted in collaboration with, which provided guidance on native plant species that would thrive in the region's climate. Volunteers were also briefed on the importance of reforestation and how it contributes to maintaining the ecological balance of the area.

By the end of the event, the School of Business had successfully removed over 500 kilograms of waste from the area, leaving the surroundings cleaner and more inviting for both locals and tourists. The cleanliness drive near the Aravali Hills was not only a practical initiative but also a strong message on the importance of environmental stewardship. The event concluded with a sense of fulfillment and a commitment from the participants to continue engaging in similar initiatives.

The "*A Step Towards a Cleaner Tomorrow*" movement was a resounding success, reflecting the School of Business's dedication to environmental sustainability and its role in inspiring students to take active steps towards a greener, cleaner future.

**Food Distribution drive  
Banjara market sector 56  
20/3/23**

**Description (min 250 to max 800 words)\***

In a world where access to basic necessities like food remains a luxury for many, the food distribution drive emerged as a beacon of hope. Organized by VHTBS, Sushant University, this altruistic initiative aimed to combat hunger and malnutrition in vulnerable communities.

*Saurav*  
Hotel & Tourism Business School  
Sushant University  
Sector-55, Gurugram

The food distribution event at the local community center was a heartwarming display of compassion and generosity. VHTBS meticulously organized and packaged essential groceries, including fresh produce, whole grains, and protein-rich food, in Banjara market sector 56. As recipients began to arrive, the atmosphere filled with gratitude and relief. Through meticulous planning and research, the students of VHTBS identified low-income households, homeless shelters, and orphanages as primary beneficiaries in Banjara market sector 56. Volunteers worked tirelessly to collect, sort, and package non-perishable items, fresh produce, and protein-rich foods.

Elderly individuals, single parents, and families in need received nourishing food packages, ensuring sustenance for the days ahead. The event not only alleviated hunger but also fostered a sense of community, as strangers became acquaintances and support networks formed. With each distributed package, a tangible difference was made, reaffirming the power of collective action in combating food insecurity and nurturing a healthier, more compassionate society."

The food distribution drive served as a powerful reminder of our shared humanity. As we strive to build a more equitable

*Signature*

<p><b>Brief Description (min 250 to max 800 words)*</b></p>	<p>The students of Department of Psychology from School of Health Sciences of Sushant University were invited to attend Symposium on Community Mental Health organized by Sambandh Foundation on 25<sup>th</sup> March, 2023. Sambandh Health Foundation offers recovery programs for people living with severe mental illness and their family and caregivers. It is in collaboration with the Haryana Government and is free of cost. Sambandh focuses on the recovery model of coping with mental disorders and highlights the importance of choice in running their foundation. The symposium focused on the importance of community mental health and a Sambandh Haat was organized where the members of the foundation displayed their artistic skills by making lamps, mirrors and also putting up food stalls.</p>
<p><b>Outcome*</b></p>	<p>The students and faculty members of the Psychology department had an insightful session and learning on community services and mental health. The symposium provided students a platform to interact and connect with various eminent personalities working in the field of community mental health. The students also gained an insight on the difference between interns and volunteers.</p>

Description (min 250 to max 800 words)\*

The "Aapki Beti Hamari Beti" initiative, launched by the Haryana government, represents a significant step toward empowering women and promoting gender equality in a region historically challenged by patriarchal norms. This program aims to address the deep-rooted biases against daughters and create an environment where girls are valued equally to boys.

Haryana, with its alarming sex ratio and cultural practices that often favor sons, has witnessed extensive efforts to change public perceptions about daughters. The "Aapki Beti Hamari Beti" campaign focuses on multiple facets, including education, health, and social empowerment, to uplift the status of girls in society.

One of the core objectives of the initiative is to encourage families to educate their daughters. The government has implemented various schemes, such as financial incentives for families that send their daughters to school, thereby reducing dropout rates and increasing enrollment in higher education. The campaign emphasizes that educating girls is not just a moral responsibility but also an economic necessity, as educated women contribute significantly to the workforce and society.

In addition to education, the program addresses health issues that disproportionately affect girls. The initiative promotes health awareness campaigns that focus on nutrition, reproductive health, and immunization. By ensuring that girls receive adequate healthcare, the campaign aims to improve their overall well-being and foster a sense of self-worth.

Social empowerment is another crucial aspect of the "Aapki Beti Hamari Beti" initiative. The government organizes workshops and seminars to encourage discussions on gender equality and women's rights, helping to change the mindset of communities. The involvement of local leaders and influencers plays a pivotal role in reaching out to families and instilling a sense of pride in raising daughters.

	<p>To further bolster its impact, the initiative collaborates with NGOs and civil society organizations to create awareness and mobilize communities. Various events, such as rallies and community gatherings, are organized to celebrate daughters, thus shifting societal attitudes toward them. The program also utilizes media campaigns to spread its message widely, showcasing successful women from Haryana to serve as role models for girls.</p> <p>The "Aapki Beti Hamari Beti" initiative has made significant strides in promoting the welfare of girls in Haryana. The program's success can be attributed to its holistic approach, addressing education, health, and social attitudes simultaneously. It encourages families to view daughters as valuable members of society who can contribute meaningfully to their communities.</p> <p>In conclusion, the "Aapki Beti Hamari Beti" initiative is more than just a government program; it is a movement toward changing the narrative surrounding daughters in Haryana. By empowering girls through education, health, and social support, the initiative aims to create a future where daughters are celebrated and cherished. As the campaign continues to gain momentum, it holds the promise of transforming societal attitudes and fostering a generation of empowered women who can drive change in their communities and beyond.</p>

**Event Report:** "Empower & Share: A Beneficence Bazaar"

**Date:** April 6, 2023

**Organized by:** School of Business, Sushant University

**Venue:** Sushant University Campus

**Introduction:** On the 6th of April, 2023, the School of Business at Sushant University orchestrated a remarkable event, "Empower & Share: A Beneficence

Dean  
School of Business  
Sushant University  
Sec-55, Gurugram Haryana

Bazaar." This unique initiative blended entrepreneurship with philanthropy, encouraging participants to sell self-made products and contribute the day's earnings to nearby underprivileged communities.

**Objective:** The primary objective of the event was to empower students with an entrepreneurial spirit while fostering a sense of social responsibility. Participants were encouraged to showcase their creativity by selling self-made products and, in turn, use the proceeds to make a positive impact on the lives of those less fortunate.

**Event Highlights:**

**Inauguration and Opening Ceremony:** The event kicked off with an inaugural ceremony, graced by the presence of faculty members, students, and esteemed, the Dean of the School of Business, delivered a motivating speech, emphasizing the dual purpose of the event – entrepreneurial growth and social contribution.

**Entrepreneurial Marketplace:** Participants set up stalls showcasing an array of self-made products, including handmade crafts, artworks, baked goods, and more. The entrepreneurial marketplace buzzed with energy as students enthusiastically engaged with visitors, sharing the stories behind their creations.

**Earnings Collection:** A dedicated booth was established to collect the earnings from the participants. The meticulous record-keeping ensured transparency in the collection process. The

Dean,  
School Of Business  
Sushant University

enthusiasm and commitment displayed by the participants reflected their dedication to making a meaningful difference in the community.

**Community Engagement:** Concurrently, an awareness campaign about the event and its charitable cause was conducted, drawing the attention of the larger university community. The event aimed to foster a sense of empathy and social awareness, encouraging participants and attendees to reflect on the power of small contributions to effect positive change.

**Donation Ceremony:** The day culminated with a donation ceremony where the total earnings from the event were handed over to representatives from nearby underprivileged communities. The heartfelt gratitude expressed by the recipients and the visible impact of the contributions further reinforced the significance of the event's dual mission.

**Conclusion:** "Empower & Share: A Beneficence Bazaar" was not just an entrepreneurial event; it was a celebration of compassion, creativity, and community. The School of Business at Sushant University successfully orchestrated an occasion that demonstrated the potential of commerce to bring about positive social change. The event left a lasting impression on participants, showcasing the profound impact that collective efforts, no matter how small, can have on the lives of those in need. As the campus buzzed with a spirit of generosity, the event stands as a testament to the School of Business's commitment to holistic education and community building.

<p><b>Description (min 250 to max 800 words)*</b></p>	<p>On April 13, 2023, Sushant University hosted a Green Horizons Initiative from 12:45 pm to 1:25 pm, aiming to enhance campus greenery and promote environmental awareness. The event featured enthusiastic participation from students, faculty, and staff, who planted a variety of native saplings such as curry plant, turmeric and banyan.</p>

	<p>Inaugurated by the Vice-Chancellor with a speech on the importance of trees, the drive also included an awareness campaign on the benefits of trees and environmental conservation, highlighting the university's commitment to sustainability.</p> <p>During the drive, participants planted a variety of native saplings, including neem, peepal, and banyan, chosen for their ecological benefits and suitability to the local climate. The Vice-Chancellor Dr. Rakesh Ranjan inaugurated the event with an inspiring speech, emphasizing the importance of trees and environmental conservation. The drive not only focused on planting trees but also included an awareness campaign where volunteers educated participants on the benefits of trees and simple actions to support environmental sustainability. The initiative underscored Sushant University's commitment to fostering an eco-friendly campus and cultivating a culture of environmental responsibility among its members.</p> <p>The Green Horizons Initiative successfully created a more verdant campus environment while instilling a sense of environmental stewardship in the university community. By choosing a diverse array of saplings such as curry plant, turmeric, neem, peepal, and banyan, the initiative ensured that the planted trees would thrive and contribute to local biodiversity. The event not only beautified the campus but also served as a practical demonstration of the university's dedication to environmental issues, reinforcing the importance of sustainable practices in everyday life. Through speeches, educational materials, and hands-on participation, the plantation drive fostered a deeper understanding of ecological responsibility and encouraged ongoing efforts towards environmental sustainability.</p>

**Description (min 250 to max 800 words)\***

On 28/04/2023, an awareness session on Basic Life Support (BLS) techniques was conducted at [Insert Location]. The session aimed to equip participants with essential skills and knowledge to respond effectively in emergency situations, potentially saving lives.

The session was attended by over fifty participants, demonstrating strong community interest in emergency preparedness.

Participants engaged enthusiastically during hands-on practice, enhancing their confidence in performing BLS techniques.

The facilitator's clear explanations and demonstrations contributed to a better understanding of critical life-saving measures.

Participants provided positive feedback regarding the session's informative content and practical approach. Many expressed a desire for additional training sessions to further develop their skills.

The Basic Life Support Techniques Awareness

Session was a significant success, empowering participants with essential life-saving skills. By increasing awareness and preparedness, we contribute to a safer community. Ongoing training and awareness efforts will be essential to ensure that more individuals are equipped to handle emergencies effectively.

Description (min 250 to max 800 words)\*

Gurgaon, now officially known as Gurugram, has transformed from a quiet town into a bustling metropolis over the last few decades. This rapid urbanization has attracted multinational companies, affluent residents, and a vibrant workforce, leading to an exponential increase in the number of vehicles on the roads. Unfortunately, with this growth comes a significant drawback: severe traffic congestion. The traffic jams in Gurgaon have become notorious, creating challenges that affect daily commuters, businesses, and the overall quality of life in the city.

One of the primary causes of Gurgaon's traffic jams is its infrastructure, which has struggled to keep pace with the swift influx of vehicles. The city's road network was not designed to accommodate the current volume of traffic. Key roads, such as the National Highway 48 and the Golf Course Road, often witness gridlock during peak hours, as they are crucial arteries connecting various sectors and neighboring regions. The lack of adequate flyovers and underpasses exacerbates the problem, leading to bottlenecks that trap vehicles for extended periods.

Another contributing factor is the unplanned urban development that has characterized Gurgaon's growth. Many residential complexes, offices, and shopping centers have sprung up without a corresponding increase in public transportation options. This imbalance forces many residents to rely on personal vehicles, resulting in overcrowded roads. The absence of a comprehensive public transport system further compounds the issue; while initiatives like the Rapid Metro have been introduced, they are insufficient to meet the needs of the growing population.

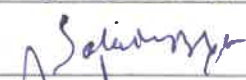

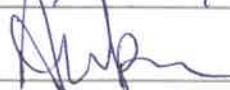

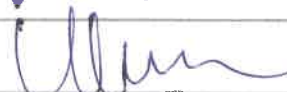

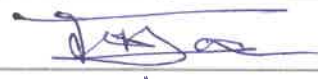

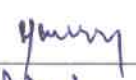

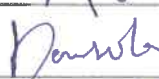

The behavior of drivers also plays a significant role in the traffic situation. A culture of indiscipline on the roads, characterized by reckless driving, frequent lane changes, and disregard for traffic signals, contributes to congestion. Moreover, the phenomenon of 'bottle-necking,' where vehicles merge or change lanes chaotically, creates further delays. The lack of enforcement of traffic rules only perpetuates this behavior, leaving law-abiding citizens frustrated.

	<p>The consequences of these traffic jams extend beyond mere inconvenience. Commuters often experience significant delays, leading to wasted time and increased stress levels. A study has shown that the average person spends several hours each week stuck in traffic, which can negatively impact productivity, work-life balance, and overall mental health. For businesses, delayed deliveries and late employee arrivals can lead to financial losses and diminished efficiency.</p> <p>Furthermore, the environmental impact of traffic congestion cannot be overlooked. Idle vehicles contribute to increased air pollution, exacerbating health issues among residents. Gurgaon frequently grapples with poor air quality, and the emissions from countless vehicles stuck in traffic contribute significantly to this problem. The noise pollution from honking and revving engines adds another layer of discomfort for residents living near congested roads.</p> <p>Efforts to address Gurgaon's traffic woes are ongoing but face numerous challenges. Proposed solutions include expanding the road network, improving public transport options, and implementing stricter traffic management measures. Initiatives like carpooling and promoting the use of bicycles can also play a role in reducing the number of vehicles on the road. However, achieving a lasting solution requires a multi-faceted approach that includes urban planning, public awareness campaigns, and community involvement.</p> <p>In conclusion, the traffic jams in Gurgaon are a complex issue resulting from rapid urbanization, inadequate infrastructure, and driver behavior. The consequences of these jams extend far beyond mere inconvenience, affecting the environment and quality of life. As Gurgaon continues to grow, addressing the traffic crisis must be a priority for city planners, policymakers, and residents alike. With concerted efforts and innovative solutions, there is hope for a more efficient and sustainable transportation system in this vibrant city.</p>

*Students listening to expert faculty from School of Design Sushant university*

**Description (min 250 to max 800 words)\***

On May 18, 2023, the School of Design at Sushant University organized an enriching "Startup Awareness Camp & Vocational Training on Print Making on Textiles" for school students, aimed at nurturing creative talent and fostering entrepreneurial thinking at a young age. This event combined practical skills in textile design with insights into the startup ecosystem, offering students a holistic understanding of how creative industries can lead to viable business ventures. The camp was designed to introduce participants to the fundamentals of textile printing, including various techniques such as block printing, screen printing, and digital methods, while also providing them with hands-on experience. The vocational training component focused on enabling students to express their creativity through fabric design, guided by expert designers and artisans who shared their knowledge of traditional and contemporary printing methods. Students engaged in practical workshops where they explored pattern creation, color theory, and the application of eco-friendly dyes, learning how to bring their design ideas to life on textiles. In parallel with the technical training, the startup awareness sessions were geared towards igniting an entrepreneurial mindset in the students. Industry professionals, startup founders, and business mentors led discussions on the basics of starting a creative business, the challenges faced by young entrepreneurs, and how to turn innovative ideas into sustainable ventures. The camp also emphasized the growing demand for eco-

friendly and sustainable products in today's market, encouraging students to consider the environmental impact of their designs and how incorporating sustainability can enhance their business prospects. To deepen their understanding, participants were introduced to case studies of successful startups in the textile and fashion industry, illustrating how small-scale ventures can grow into thriving businesses. Students also learned about branding, marketing, and building a customer base, with a focus on digital platforms, which have become crucial in promoting and selling creative products in the modern world. The interactive sessions allowed students to ask questions, discuss their ideas, and receive guidance from professionals, empowering them with the knowledge needed to think critically about the relationship between design and business. In addition to the entrepreneurial lessons, the camp provided a platform for creativity and collaboration, with students working in teams to develop their own textile products. These products were displayed in an exhibition at the end of the camp, allowing students to showcase their work to peers, mentors, and parents, receiving valuable feedback on their designs. The vocational aspect of the camp was highly appreciated, as it gave students a tangible skill set in textile printing, which they could further develop in future educational or vocational pursuits. Furthermore, the startup awareness sessions helped demystify the world of entrepreneurship, inspiring many students to consider creative careers and business opportunities in the design field. Feedback from both students and parents was overwhelmingly positive, with many expressing that the camp not only sparked interest in textile design but also provided an eye-opening introduction to the entrepreneurial possibilities within the creative industries. The event concluded with a motivational address by the Dean of the School of Design, who emphasized the importance of combining creativity with business acumen in today's competitive market. By organizing this camp, Sushant University reaffirmed its commitment to holistic education, providing students with the tools and knowledge needed

to excel in both creative and business pursuits. The event also highlighted the university's role in fostering innovation and entrepreneurship among young students, equipping them with the skills necessary to navigate and succeed in the dynamic world of design and textiles. The success of the Startup Awareness Camp & Vocational Training on Print Making on Textiles was a testament to the power of combining practical, hands-on learning with entrepreneurial insight, setting a strong foundation for future initiatives that will continue to inspire and empower the next generation of creative entrepreneurs.
