**About North South University, Dhaka, Bangladesh –**

North South University (NSU), the first private university in Bangladesh, was established in 1992 by the then Foundation for Promotion of Education and Research (FPER), a charitable, non-profit, non-commercial and non-political organization. The FPER later was renamed as the NSU Foundation and is presently called The North South Foundation for Education and Research. The Foundation is comprised of a group of eminent industrialists, prominent patrons of education, notable philanthropists, widely experienced academics and senior civil servants of the country. In the early 1990s, they had a dream to set up a world-class university as a center of excellence in higher education in the private sector. Their dedication, tireless efforts, and hard work paved the way for the approval of the establishment of NSU.

Since, at that time, there was no relevant law in the country to set up and operate a university in the private sector, they took the entire burden on themselves and extended their best efforts in assisting the then government in formulating the relevant law and enacting it. Subsequently, the government, pursuant to the newly enacted law the Private University Act (PUA)-1992 (now repealed by PUA-2010), approved the establishment of NSU. The University was formally inaugurated on 10 February 1993 and started its journey in a very modest way. Later, in 2012, the NSU Foundation, in the light of the PUA 2010 and as instructed by the Ministry of Education and the University Grants Commission, formed the NSU Trust with the same group of people as the Foundation and vested the entire management and administration of NSU in its Board of Trustees (BOT). The Honourable President of the People's Republic of Bangladesh is the Chancellor of NSU.

In general, NSU is modeled on US universities and follows their academic features such as semester systems, credit hours, letter grades, etc. When first introduced, its curricula of undergraduate programs such as Economics, Business, and Computer Science were largely modeled on the curricula of the University of Illinois at Urbana-Champaign and were duly approved by the University Grants Commission (UGC) of Bangladesh, the highest accrediting authority of higher education of the country. NSU has an International Advisory Board, comprised of scholars from all over the world, to counsel and to suggest improvements on academic matters of the university. The university is delivering a substantial general education curriculum, has a strategic plan, and has initiated and implemented student instructional learning assessment for degree programs and courses and is in the process of developing the infrastructure for evaluation of institutional effectiveness for its institutional accreditation.

## Renewal of MOU with KMUTT

Sushant University's MOU with King Mongkut's University of Technology Thonburi (KMUTT), Thailand is due for renewal. The first MOU was signed in February 2018 for a period of 5 years. KMUTT has proposed a draft text similar to that of the earlier MOU. The new MOU is to be concluded during the forthcoming visit of SU/SOD Faculty and students to KMUTT starting 24 February 2023.

'x' | Article 1 of the proposed MOU (in line with the earlier MOU) speaks of one or two Semester exchanges of students, which in our case now requires approval of UGC. Accordingly, it is proposed to add the following sentence to the draft MOU: "**The activities are to be carried out by mutual consent between the two institutions or their academic units concerned thereof and as per the statutory guidelines of the both Universities**". This is to cover any exigencies arising in future, as discussed with Pro VC/Registrar Sir.

The draft is submitted herewith for kind consideration and approval.

Dear Mrs. Mareena Thomas,

Thank you for your email. It would be my pleasure to present my art at Sushant University. As you have mentioned in the previous email that remuneration will be 15,000 including honorarium, travel and materials, which will be a little difficult for me to adjust everything in that cost. But I am taking it as a opportunity, So please confirm my availability for the same.

But I have a few requests, which are -

1. Material cost will be Rs. 300 for each student, so if you can provide the advance just for the material that would be great. Rest you can do later.
2. As I mentioned earlier, remuneration is not upto my expectations, I would be doing this workshop for the half day on the 5th April, that will be in the 2nd half after lunch time. And I can go full day on the 6th April.

Also let me know if you want me to bring some of my work for the exhibition on 7th. In case any student or faculty wants to buy.

Thank You,  
Warm Regards,

## License and Cooperation Agreement

This License and Cooperation Agreement ("Agreement") is entered into and effective as of May 10, 2021 (the "Effective Date"), by and between International Finance Corporation ("IFC"), an international organization established by Articles of Agreement among its member countries, including the Republic of India, and a member of The World Bank Group ("WBG"), and Sushant University ("Licensee"); a private university located in Gurgaon, Haryana, India. In this Agreement, the term "Parties" is used to refer to IFC and Licensee collectively, and the term "Party" is used to refer to either one of them individually.

WHEREAS, IFC's mission is to promote sustainable private sector investment in developing countries, helping to reduce poverty and improve people's lives, and one of IFC's core strategic priorities is to promote private investment in climate solutions, including green building growth;

WHEREAS, to promote green building growth and increase awareness of and experience with green building design, IFC launched the Green Building Market Transformation Program (such program, including any successor thereto, "GBMTP"), a component of which is Excellence in Design for Greater Efficiencies (including any successor thereto, "EDGE"), an online platform, green building standard and certification system designed to reduce the resource-intensity of building materials;

WHEREAS, as part of the GBMTP, and to promote awareness and understanding of green building among university students, the leaders of tomorrow, IFC has developed (i) a green building course of approximately 20 hours duration, aimed at university students of architecture and engineering and professionals in fields related to sustainable construction (each, a "Target Group"); consisting of a range of digital materials in the form of power point slides, case studies, assignments, and teacher's notes (such course materials, the "Core Content"); and (ii) the EDGE online software application and associated materials available at [www.edgebuildings.com](http://www.edgebuildings.com) or any successor domain (the "EDGE Application");

WHEREAS, Licensee delivers university-level courses in architecture in India and wishes to offer green building design for greater efficiency courses in India (the "Territory") to one or more Target Groups; and

WHEREAS, IFC and Licensee wish to cooperate to (i) train faculty of Licensee to use the Core Content and EDGE Application to deliver university-level green building courses that are based on such materials ("Courses") and (ii) permit Licensee to deliver Courses in the Territory to one or more Target Groups, all on the terms and conditions set forth herein (collectively, the "Project").

NOW, THEREFORE, in consideration of the mutual covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties hereby agree as follows:

- 1. Term.** The term of this Agreement ("Term") shall begin on the Effective Date and shall expire on the one year anniversary of the Effective Date, unless earlier terminated in accordance with Section 9.1.

## 2. Scope of Activities.

### 2.1. IFC Activities.

- a. IFC will provide at least one training session to the Instructor Group (as defined in Section 2.2 below): This training is intended to teach the Instructor Group how to deliver Courses to the relevant Target Groups. IFC will determine the frequency, format, duration, substance, and other specifics of this training in its sole discretion.
- b. Upon Licensee's reasonable request, IFC will use reasonable efforts to provide guidance to the Instructor Group on how to create Local Content (as defined below) for the Core Content.
- c. Subject to the terms and conditions of this Agreement and such other terms and conditions as may apply under any applicable terms of use or similar requirements, IFC will provide Licensee with access to the Core Content and the EDGE Application in the manner reasonably determined by IFC (e.g., via the EDGE website, by electronic copy, or by hardcopy).
- d. IFC will establish a framework for the Instructor Group and those individuals who enroll or otherwise participate in Courses ("Participants") to give feedback, submit evaluations, and/or take surveys (collectively, "Evaluations") on Courses. Licensee agrees that IFC will have the right to determine the framework for and substance of Evaluations, in IFC's sole discretion, and will have the right to use Evaluations for any lawful purpose, whether during or after the Term. If Licensee collects Evaluations from the Instructor Group or Participants, it will obtain all consents necessary for such use of the Evaluations by IFC. IFC agrees to use reasonable efforts to share with Licensee the information gathered by IFC from Evaluations, provided such sharing is permitted by Applicable Law (defined below) and the applicable consents.
- e. IFC will provide Licensee with a template certificate of completion, which Licensee is permitted to use only for the purpose of generating certificates of completion for Participants who successfully complete all Course requirements.
- f. IFC will, and Licensee hereby authorizes IFC to, publicize Licensee's participation in the Project through appropriate channels, as determined by IFC in its sole discretion. Licensee hereby grants to IFC a worldwide, royalty-free basis, sublicensable (through multiple tiers) license to use Licensee's name, trademarks, and logos, as provided by Licensee, for the foregoing purposes. Any goodwill arising from such use of Licensee's name, trademarks and logos shall accrue solely to Licensee.

- c. Licensee is permitted to develop Local Content for use in connection with Courses. "Local Content" means locally-specific content (e.g., case studies or information on local regulations) developed by Licensee for use in connection with Courses, that is not a Modification of any Core Content, the EDGE Application, or other IFC Materials (as that term is defined in Section 4.1 below), and that is not based on, and does not otherwise incorporate or derive from, any Core Content, the EDGE Application, or other IFC Materials. Licensee will develop all Local Content in accordance with IFC's reasonable instructions, and all Local Content must be reviewed and approved by IFC prior to use in any Course. As between the Parties, Licensee will own all Local Content. Licensee hereby grants to IFC a non-exclusive, perpetual, irrevocable, worldwide, royalty-free, fully-paid, sublicensable (through multiple tiers), transferable license to use, reproduce, distribute, display, perform, prepare derivative works of, and otherwise exploit any and all Local Content for any purpose in connection with IFC's business, including EDGE and GBMTP.
- d. Licensee will designate a team of Licensee personnel, which shall include the members of the Instructor Group, to be responsible for Licensee's implementation of the Project and to serve as IFC's primary point of contact for the Project. This team will attend the training provided by IFC pursuant to Section 2.1(a) and will be responsible for overseeing the development of Local Content, if any.
- e. Prior to initiation of any Course, Licensee will submit to IFC a full and complete copy of all materials to be used in connection with that Course, including all Local Content, as well as any other information reasonably requested by IFC related to the Course; and will modify such materials and other aspects of the Course as reasonably requested by IFC.

and, unless otherwise directed by IFC, will deliver a copy of all such Evaluations to IFC promptly after completion: (i) prior to the beginning of the Course, (ii) within seven (7) days after completion of the Course, (iii) six months after Course completion, and (iv) as otherwise reasonably requested by IFC.

- i. Promptly after conclusion of a Course, Licensee will provide to IFC a list of those Participants who successfully completed all Course requirements, and Licensee will create and provide certificates of completion to all such Participants, using the template provided by IFC.
- j. Upon IFC's request, and following the conclusion of each Course, Licensee will promptly provide to IFC a copy of any presentations and other work product generated by the Instructor Group or any Participants (collectively "Course Work"). - k. Licensee will ensure that all Courses are offered in a manner that is compliant with applicable laws, is consistent with the high standards and quality expected of IFC's programs and services, and does not reflect unfavorably upon the reputation or work of IFC or could subject IFC to public disrepute.

### 2.3. Revenue Share.

- c. During the Term and for two (2) years thereafter, (i) Licensee shall retain and maintain complete and accurate books and records of the transactions underlying, and the calculation of, the Revenue Share payments payable under this Agreement, and (ii) IFC shall have the right, with at least five (5) days' prior written notice to Licensee, to audit, inspect and make copies of such books and records, which audits shall be during Licensee's normal business hours and no more than once per calendar year unless for cause. In the event any such audit reveals a discrepancy in the amounts owed to IFC from what was actually paid, Licensee shall promptly pay such discrepancy to IFC.
- d. Licensee acknowledges and agrees that IFC, under its Articles of Agreement, specifically Article VI, Section 9, *Immunities from Taxation*, is immune from all tax liability, including withholding obligations.

  - b. Licensee shall not modify, alter, or create derivatives (including translations) ("Modifications") of the Core Content without IFC's prior written approval. Licensee acknowledges and agrees that all Modifications of the Core Content, regardless of the Party generating such Modifications, shall be deemed "Core Content" under this Agreement and shall be solely and exclusively owned by IFC. If IFC approves Licensee to make translations of the Core Content, then: (i) Licensee shall use certified translators reasonably acceptable to IFC and will translate directly from the English version; and (ii) the translation shall be made faithfully and accurately, and no additions, abbreviations or other material alterations shall be made without IFC's prior written consent. ANNEX A  
ANTI-CORRUPTION GUIDELINES  
FOR  
IFC TRANSACTIONS

The purpose of these Guidelines is to clarify the meaning of the terms "Corrupt Practices", "Fraudulent Practices", "Coercive Practices," "Collusive Practices" and "Obstructive Practices" in the context of IFC operations.

1. CORRUPT PRACTICES.

A "Corrupt Practice" is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party.

INTERPRETATION.

A. Corrupt practices are understood as kickbacks and bribery. The conduct in question must involve the use of improper means (such as bribery) to violate or derogate a duty owed by the recipient in order for the payor to obtain an undue advantage or to avoid an obligation. Antitrust, securities and other violations of law that are not of this nature are excluded from the definition of corrupt practices.

B. It is acknowledged that foreign investment agreements, concessions and other types of contracts commonly require investors to make contributions for bona fide social development purposes or to provide funding for infrastructure unrelated to the project. Similarly, investors are often required or expected to make contributions to bona fide local charities. These practices are not viewed as Corrupt Practices for purposes of these definitions, so long as they are permitted under local law and fully disclosed in the payor's books and records. Similarly, an investor will not be held liable for corrupt or fraudulent practices committed by entities that administer bona fide social development funds or charitable contributions.

C. In the context of conduct between private parties, the offering, giving, receiving or soliciting of corporate hospitality and gifts that are customary by internationally-accepted industry standards shall not constitute corrupt practices unless the action violates applicable law.

D. Payment by private sector persons of the reasonable travel and entertainment expenses of public officials that are consistent with existing practice under relevant law and international conventions will not be viewed as Corrupt Practices.

E. The World Bank Group does not condone facilitation payments. For the purposes of implementation, the interpretation of "Corrupt Practices" relating to facilitation payments will take into account relevant law and international conventions pertaining to corruption.

2. FRAUDULENT PRACTICES.

A "Fraudulent Practice" is any action or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation.

INTERPRETATION.

A. An action, omission, or misrepresentation will be regarded as made recklessly if it is made with reckless indifference as to whether it is true or false. Mere inaccuracy in such information, committed through simple negligence, is not enough to constitute a "Fraudulent Practice" for purposes of World Bank Group sanctions.

B. Fraudulent Practices are intended to cover actions or omissions that are directed to or against a World Bank Group entity. It also covers Fraudulent Practices directed to or against a World Bank Group member country in connection with the award or implementation of a government contract or concession in a project financed by the World Bank Group. Frauds on other third parties are not condoned but are not specifically sanctioned in IFC, MIGA, or PRG operations. Similarly, other illegal behavior is not condoned, but will not be sanctioned as a Fraudulent Practice under the World Bank sanctions program as applicable to IFC, MIGA and PRG operations.

### 3. COERCIVE PRACTICES.

A "Coercive Practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party.

#### INTERPRETATION.

A. Coercive Practices are actions undertaken for the purpose of bid rigging or in connection with public procurement or government contracting or in furtherance of a Corrupt Practice or a Fraudulent Practice.

B. Coercive Practices are threatened or actual illegal actions such as personal injury or abduction, damage to property, or injury to legally recognizable interests, in order to obtain an undue advantage or to avoid an obligation. It is not intended to cover hard bargaining, the exercise of legal or contractual remedies or litigation.

### 4. COLLUSIVE PRACTICES.

A "Collusive Practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party.

#### INTERPRETATION.

Collusive Practices are actions undertaken for the purpose of bid rigging or in connection with public procurement or government contracting or in furtherance of a Corrupt Practice or a Fraudulent Practice.

### 5. OBSTRUCTIVE PRACTICES.

An "Obstructive Practice" is (i) deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making of false statements to investigators, in order to materially impede a World Bank Group investigation into allegations of a corrupt, fraudulent, coercive or collusive practice, and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or (ii) acts intended to materially impede the exercise of IFC's access to contractually required information in connection with a World Bank Group investigation into allegations of a corrupt, fraudulent, coercive or collusive practice.

#### INTERPRETATION.

Any action legally or otherwise properly taken by a party to maintain or preserve its regulatory, legal or constitutional rights such as the attorney-client privilege, regardless of whether such action had the effect of impeding an investigation, does not constitute an Obstructive Practice.

#### GENERAL INTERPRETATION.

A person should not be liable for actions taken by unrelated third parties unless the first party participated in the prohibited act in question.
