SUSHANT UNIVERSITY

DESCRIPTION :

The Department of Pharmacology at the School of Health Sciences, Sushant University, is proud to host a thought-provoking and timely **webinar on "Gender Stereotypes"** on **April 27, 2019**. This initiative comes at a crucial time when societal norms and biases are being challenged globally, with a renewed focus on equality, representation, and mental health. The event promises to delve deeply into the underlying issues that gender stereotypes present in various spheres of life, including personal relationships, professional spaces, and societal roles.

Event Overview:

The webinar aims to **explore the pervasive impact of gender stereotypes**, which are often deeply ingrained in culture and media and affect how individuals perceive themselves and others. These stereotypes, though sometimes subtle, can limit personal growth, perpetuate inequality, and create mental health challenges for those subjected to rigid gender norms. Participants will have a chance to hear from **esteemed experts in pharmacology and gender studies**, who will lead engaging discussions and provide a multi-disciplinary perspective on the topic. The event will address several key themes:

1. **The Origins of Gender Stereotypes:**
    - A detailed analysis of how gender stereotypes are formed, starting from early childhood influences to cultural reinforcements in society. Participants will learn how these stereotypes are subtly (and not-so-subtly) introduced through family, education, and peer groups.
2. **Perpetuation of Stereotypes in Media and Culture:**
    - The webinar will highlight how the portrayal of gender roles in mass media, literature, advertisements, and entertainment contributes to the reinforcement of outdated and harmful stereotypes. Special attention will be given to the representation of women and men in different cultural contexts, including the intersection of gender with other identities such as race, class, and sexuality.
3. **Impact on Mental Health and Well-being:**
    - One of the most pressing issues to be addressed is the negative impact gender stereotypes have on mental health. Participants will explore how gender expectations lead to stress, anxiety, and depression, especially when individuals feel they do not conform to societal norms. This session will also examine how such stereotypes affect decision-making, body image, and self-worth.

Interactive Sessions and Expert Insights:

The event will not just be a lecture, but a platform for **interactive sessions** that encourage participants to reflect on their own experiences with gender stereotypes. Engaging in open dialogues, participants will have the opportunity to ask questions, share thoughts, and discuss strategies to actively challenge these norms in their own lives and communities.

With the guidance of the expert speakers, attendees will gain **practical insights** into **dismantling harmful stereotypes**. They will learn how to identify and challenge these stereotypes in everyday interactions, and the role of education and awareness in fostering gender equality.

It is not possible for most 21st century citizens to spend a day without their smartphones today. This has enabled opportunities and threats like never before and in ways unimaginable. With no bar on age and geography, each netizen faces this urgent need to be aware and resilient to make the full use of technology while staying safe. To tackle issues, having security features and laws in place is of no use as long as citizens are unaware of how these are to be used to create a peaceful and safe environment online.

It has been found that cyber crimes and threats to women online are rising by the day, so much so that they are the prime targets of some sensitive crimes like revenge pornography and sextortion. Reasons causing this are not only economical, but also social and cultural, that prevent women from using the internet and issues like trolling that pop up when one uses it too often. With the development of a more advanced and digital age , it is of paramount importance to break this gender divide and create awareness among internet users, to help curb the threats and problems associated with the internet and its usage, and also pave a path to reap the benefits of these great technological advancements.

In this endeavour, Cyber Peace Foundation has partnered with the National Commission for Women (NCW) and Facebook to empower Indian women and make them digitally literate through the Digital Shakti Programme. It was launched on 18th June, 2018 at Panjab University in Chandigarh. The event was graced by Prof Kaptan Singh Solanki, Hon'ble Governor of Haryana.

The Program will be a three hour long interactive activity with girls and women, focusing on the following among various other aspects of cyberspace and related issues:

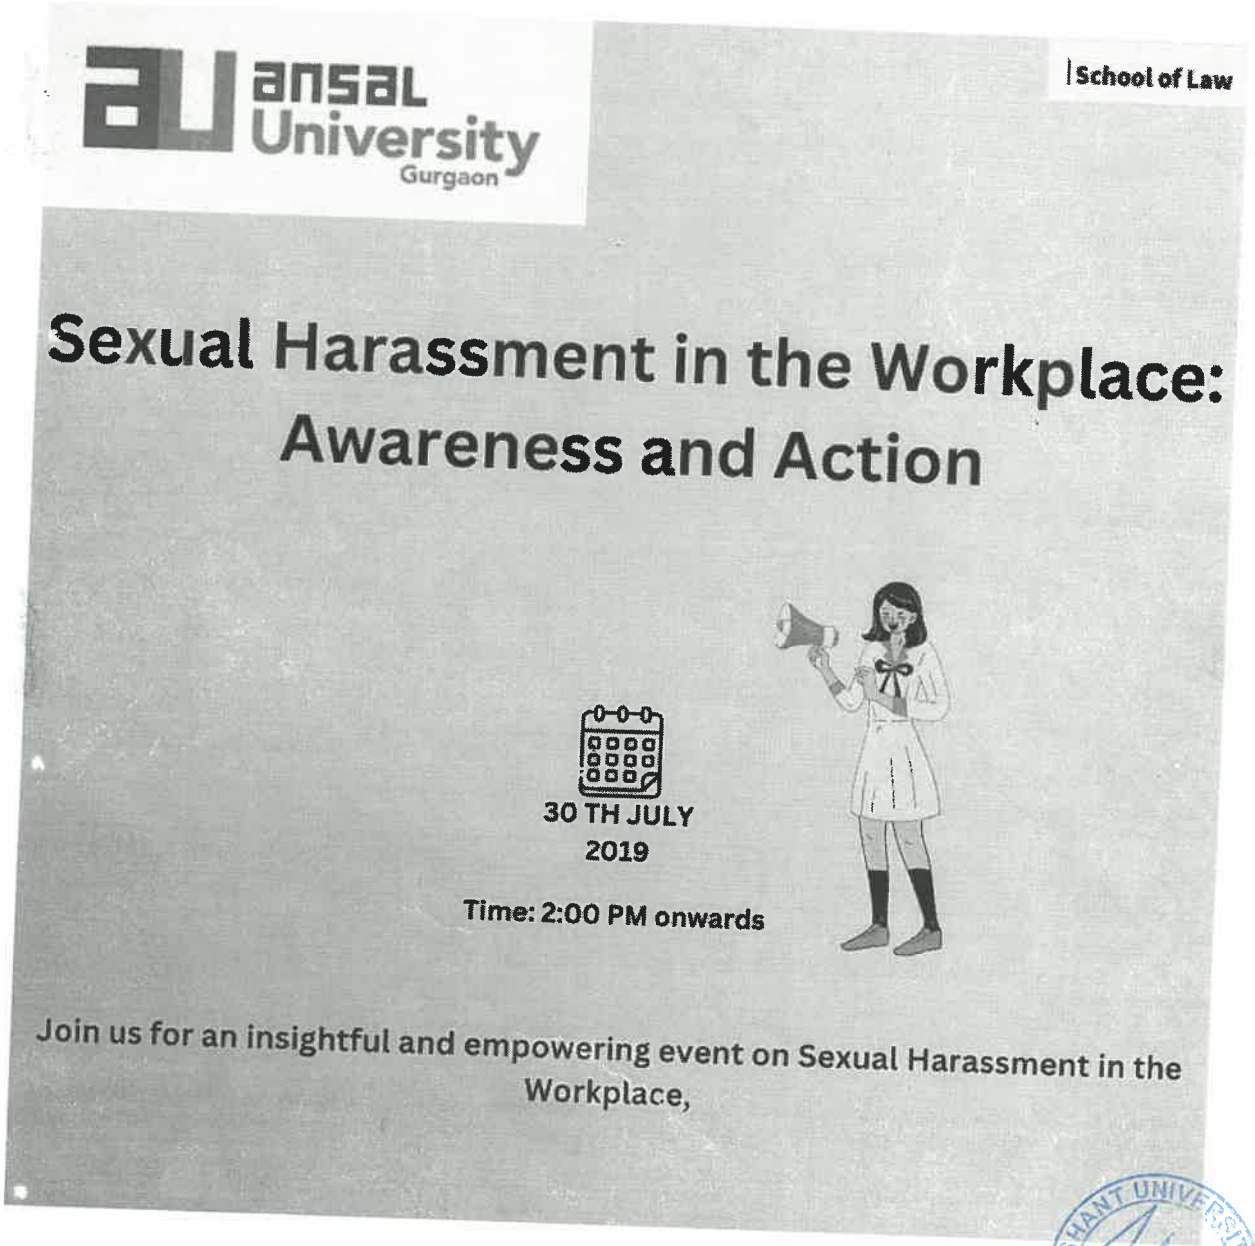
Title of the Event-Sexual Harassment on Workplace

Date-30th July 2019

Time- 2:00 pm onwards



SUSHANT UNIVERSITY
SECTOR-55

Description :

Ansal university invited Advocate Sapna malik from ABC legal firm to conduct a session on Sexual harassment at workplace for the students and faculty of Ansal university on 30th July 2019.

Can I hug my colleague at work **without asking**, *or is this sexual harassment? Is it OK to comment on a woman's body?*

When, in fact, does harassment start? It is helpful to note, from the start, that any form of harassment is usually humiliating and degrading and threatens the physical and mental integrity of a person. The Istanbul Convention of the Council of Europe defines sexual harassment as:

"any form of unwanted verbal, non-verbal or physical conduct of a sexual nature with the purpose or effect of violating the dignity of a person, in particular when creating an intimidating, hostile, degrading, humiliating or offensive environment."

Harassment and sexual harassment are also defined in EU Directive 2002/73/EC16.

Harassment is said to occur *"where an unwanted conduct related to the sex of a person occurs with the purpose or effect of violating the dignity of a person, and of creating an intimidating, hostile, degrading, humiliating or offensive environment"*.

Advocate Sapna enlightened the students and faculty about the laws of POSH and how to file a complaint against harassment and also made them aware about the importance of awareness about the same.

Description	Inclusive leadership for women's rights involves promoting and supporting women's participation in leadership roles within religious, social, political, and economic spheres. It recognizes the importance of diverse perspectives and experiences in decision-making processes. This approach actively works to break down barriers that prevent women from accessing leadership positions and advocates for equal opportunities for women to contribute their skills and talents to society. Inclusive leadership for women's rights also involves creating supportive environments where women feel empowered to assert their voices, challenge gender stereotypes, and advocate for their rights. By promoting inclusive leadership, societies can harness the full potential of all individuals, regardless of gender, leading to more equitable and thriving communities.

School of Law, Sushant University organized 'Constitution Day' byunifying the various activities and events for the students on November 26, 2021. Constitution Day, also known as '**Samvidhan Divas**' is celebrated in our country on November 26 every year to commemorate the adoption of the Constitution of India on November 26 1949.

The event, **Ka'law'kriti** was organized by Dr. Sulakshana Banerjee Mukherjee, Associate Professor of Law at the Art Club at the University. The prompt was to paint on themes related to the Constitution (for example, fundamental rights). Students, faculty, and staff colorfully expressed their perceptions, aspirations, and imaginations of what the Constitution means to each one of them. The participants in the event reflected on various themes of the constitution, such as democracy, freedom of speech, and various other rights that our constitution strives to provide.

This event helped us appreciate the use of artistic ways to understand, feel, and express constitutional values. The event saw good participation from the students and faculty across different courses. It provided an interactive space outside the classroom to form a wider sense of community that law schools aim to build.

Cybersecurity Workshop

Cybersecurity is the practice of protecting systems, networks, and programs from digital attacks. These cyberattacks are usually aimed at accessing, changing, or destroying sensitive information; extorting money from users via ransomware; or interrupting normal business processes.

Implementing effective cybersecurity measures is particularly challenging today because there are more devices than people, and attackers are becoming more innovative.

Department of Computer Science and Engineering, in association with industry partner Euinac organized a Workshop on "Cyber Security" for First-year B.Tech students on 9th December 2021. Mr. Anshul Pandey, an Expert from Euinac gave hands-on training and basic knowledge on Cyber Security. Students were excited to learn that these technologies, processes, and controls will help them to protect systems, networks, programs, devices, and data from cyber-attacks.

गुड़गांव, 9 जुलाई। जिला के ग्रामीण क्षेत्रों में शिक्षा, विशेषकर कन्याओं की शिक्षा को बढ़ावा देने के प्रति जागरूकता लाने के लिए और बच्चों को शिक्षा की ओर ले जाने के उद्देश्य से जिला विधिक सेवा प्राधिकरण ने एक वेबीनार का आयोजन अंसल यूनिवर्सिटी स्कूल ऑफ लॉ के सहयोग से किया। इसमें लगभग 100 से 150 बालिकाओं ने भाग लिया और अपने शिक्षा से जुड़े संशय दूर किए।

कार्यक्रम में बतौर प्रवक्ता जिला विधिक सेवाए प्राधिकरण के सचिव एवं मुख्य न्यायिक दंडाधिकारी प्रदीप चौधरी ने बालिकाओं को शिक्षा के प्रति जानकारी देते हुए कहा कि सभी बच्चों का स्कूल में जाना अनिवार्य है और एक गुणवत्तापूर्ण शिक्षा को ग्रहण करना आवश्यक है।

Description (min 250 to max 800 words)*	Scriptural perspectives on women's rights involve interpreting religious texts in ways that promote gender equality, dignity, and empowerment. This approach acknowledges that many religious traditions contain teachings that can be interpreted to support women's rights. It involves highlighting passages that emphasize the equality of all individuals, challenging patriarchal interpretations, and promoting the inclusion of women in religious leadership roles. By emphasizing scriptural teachings that promote justice, compassion, and respect for all, this approach seeks to inspire religious communities to support women's rights and challenge harmful cultural practices that oppress women. Ultimately, it aims to reconcile religious beliefs with the principles of gender equality and create more inclusive and supportive religious communities.

The workshop aimed to raise awareness about the importance of gender equality, female education, and the empowerment of girls in society. The event commenced with an introductory session highlighting the significance of the Beti Bachao, Beti Padhao initiative in addressing gender disparities and promoting girls' education. The workshop comprised four key sessions: 1. Gender Equality and Social Change: This session explored the societal norms and cultural beliefs that perpetuate gender inequality and discrimination against girls. Participants engaged in discussions on the importance of challenging gender stereotypes and fostering a culture of equality and respect. 2. Importance of Girls' Education: The second session focused on the benefits of girls' education for individual empowerment, economic development, and social progress. Attendees learned about the transformative impact of education in improving girls' health, reducing child marriage, and enhancing opportunities for future success.

3. Challenges and Solutions:

In this session, participants discussed the various challenges faced by girls in accessing education, including poverty, lack of infrastructure, and cultural barriers. Strategies for overcoming these challenges were explored, including advocacy efforts, community engagement, and government interventions.

4. Empowering Girls Through Education:

The final session highlighted success stories and best practices in empowering girls through education. Participants learned about initiatives promoting girls' education and leadership development, with a focus on fostering self-confidence, resilience, and academic achievement.

The workshop concluded with a call to action, urging participants to advocate for girls' education and gender equality in their communities. Feedback collected indicated a strong commitment to promoting the Beti Bachao, Beti Padhao initiative and empowering girls through education. Overall, the workshop served as a catalyst for meaningful dialogue and action towards achieving gender parity and ensuring equal opportunities for all.

Deepdive into the world of Cyber Security

Cybersecurity refers to any technology, measure, or practice for preventing cyberattacks or mitigating their impact. Cybersecurity aims to protect individuals' and organizations' systems, applications, computing devices, sensitive data and financial assets against computer viruses, sophisticated and costly ransomware attacks, and more. Cyberattacks have the power to disrupt, damage or destroy businesses, and the cost to victims keeps rising. As per the recent study:

- The average cost of a data breach in 2022 was USD 4.45 million, up 15% over the last three years;
- The average cost of a ransomware-related data breach in 2022 was even higher, at USD 5.13 million. This number does not include the cost of the ransom payment, which averaged an extra USD 1,542,333, up 89% from the previous year.

The school organized a seminar for all the batches on introduction to the world of Cyber Security. The session was taken by Mr. Mayank Rathour, Digital Forensic Specialist, Forensic Guru. It was a insightful session for students and made them aware about the amazing field and career opportunities in the world of Cyber Security.

Description (min 250 to max 800 words)*	Stopping sexual harassment in schools and colleges is essential to creating a safe and supportive educational environment. This requires a comprehensive approach involving policy implementation, education, and a strong support system. Sushant university organized a guest lecture to create awareness on how to stop harassment and bullying in

	schools and colleges on 23rd January 2023. Schools and colleges must establish clear policies that define sexual harassment, outline procedures for reporting incidents, and ensure prompt and thorough investigations. Educational programs are crucial in raising awareness about the issue, teaching students and staff about consent, respect, and appropriate behavior. Additionally, institutions should provide accessible resources and support for victims, including counseling services and protection from retaliation. Encouraging a culture of respect and zero tolerance towards harassment, along with active bystander intervention, can significantly reduce incidents. By fostering open communication and empowering students and staff to speak up, educational institutions can create a safe and inclusive atmosphere conducive to learning and personal growth.

Description (min 250 to max 800 words)*	. The NSS unit with School of health science of Sushant University organized a comprehensive workshop on Basic Life Support (BLS) techniques On March 20, 2024, aiming to equip students, faculty, and staff with essential life-saving skills. The event took place in the university's main auditorium, drawing participants from various departments eager to learn how to respond to medical emergencies such as cardiac arrest, choking, and respiratory failure. The workshop was conducted by a team of certified healthcare professionals and BLS trainers from a renowned hospital. It began with an introduction to the concept of BLS, focusing on the importance of immediate intervention in emergencies. The trainers explained that the primary goal of BLS is to maintain the victim's airway, support breathing, and ensure circulation

	through proper chest compressions until professional help arrives. A key feature of the workshop was the hands-on training session, where participants were actively involved in practicing CPR (Cardiopulmonary Resuscitation) techniques. Using mannequins, attendees were guided on how to perform chest compressions effectively at the right depth and pace as well as how to deliver rescue breaths in sync with the compressions. The training emphasized the significance of high-quality CPR in improving a victim's chances of survival during cardiac arrest. In addition to CPR, participants were also taught how to use an Automated External Defibrillator (AED). The instructors demonstrated the correct way to apply the AED pads to a victim's chest and administer a shock when necessary, as directed by the device. This aspect of the workshop was especially valuable, as AEDs are becoming increasingly common in public spaces, and knowing how to operate them can be crucial in emergency situations. Another important segment of the workshop covered the management of choking victims, where participants learned how to perform the Heimlich maneuver to remove airway obstructions. The instructors highlighted the different techniques required for adults, children, and infants, ensuring that the participants could apply the appropriate method for each situation. Throughout the session, the trainers engaged the audience with real-life scenarios, allowing them to ask questions and clarify doubts. The workshop concluded with a certification ceremony, where participants were awarded certificates recognizing their completion of the BLS training. The event was a major success, reflecting the NSS unit's commitment to fostering a culture of social responsibility and preparedness at Sushant University. There were 59 Students and five Staff & Faculty members to attend the event. Attendees left with a greater understanding of how to act swiftly and confidently in life-threatening

	emergencies, reinforcing the importance of such knowledge in daily life.

(Geotag) Photograph-2	Description (min 250 to max 800 words)*	The National Service Scheme (NSS) unit of Sushant University, in collaboration with the Rotary Club of Delhi Regalia, organized a successful Blood Donation Camp on August 29, 2024. The event aimed to raise awareness about the importance of blood donation and contribute to saving lives by encouraging students, faculty, and staff to donate blood voluntarily. The camp, held in the university's central hall, began at 10 AM and continued throughout the day. It was organized under the guidance of medical professionals and experts from local hospitals, ensuring that all health and safety protocols were strictly adhered to. Prior to the event, the NSS and Rotary teams had conducted an extensive awareness campaign across the campus, spreading the message of the life-saving potential of blood donation. The response to the camp was overwhelming, with over 78 volunteers and 16 faculty & staff members stepping forward to donate blood. Participants included students from various departments, faculty members, and university staff. The organizers ensured that all donors underwent a health screening before donating, checking vital parameters like blood pressure, hemoglobin levels, and overall fitness. Medical teams from the Rotary Club and affiliated hospitals worked together to manage the blood collection process efficiently. DR. RK Yadav and Mr. MS Alam, the coordinator of NSS at Sushant University, emphasized the significance of blood donation in emergencies and medical treatments during her address. She appreciated the collaborative efforts of the NSS team and the Rotary Club of Delhi Regalia in organizing the event, which helped create a positive impact on the community. President of the Rotary Club, also spoke at the event, thanking the volunteers and highlighting the Rotary's commitment to social causes like blood donation drives. By the end of the day, the camp had collected 94 units of blood, which will be distributed to local hospitals and blood banks. Each donor was provided with refreshments and a certificate of appreciation as a token of gratitude for their contribution. The blood donation camp was a testament to the spirit of community service at Sushant University, reflecting the core values of empathy and responsibility that the NSS and Rotary Club stand for. It was a day of collective action, showcasing the university's commitment to social welfare and humanitarian efforts.
